STAFF ANALYSIS  
PROPOSED ADDITION OF  
RULE 1668  
SCRATCHED HORSES IN CLAIMING RACES

Regular Board Meeting  
February 21, 2003

## BACKGROUND

Business and Professions (B&P) Code Section 19420 states jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board. B&P Code Section 19440 provides that the responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering.

Upon recommendation from the official veterinarian the stewards can scratch a horse entered to race as late as the post parade or at the starting gate. A horse scratched from a claiming race may be entered back in a non-claiming race, or a claiming race with a higher value as soon as it is deemed fit to run. This could be advantageous to those who may wish to prevent their horse from being claimed. With no restrictions on the races in which a scratched horse is able to run back, allegations of collusion to avoid a claim occasionally surface when a horse that may be claimed is scratched for being unsound.

The proposed addition of Rule 1668, Scratched Horses In Claiming Races, was initially discussed at the September 25, 2002 Regular Board Meeting. Industry consensus indicated the rule was overly broad in its scope and would have negative consequences for owners and trainers of horses scratched for legitimate reasons. The rule was tabled and staff was instructed to contact the industry for additional comments.

## ANALYSIS

The proposed Rule 1668 would prohibit a horse that has been scratched from a claiming race after the designated scratch time from being entered in a subsequent claiming race for a period of 60 days from the date of the scratch unless it is entered at the same, or lower price.

Comments regarding the proposed regulation were received from the Del Mar Thoroughbred Club (DMTC), California Thoroughbred Trainers (CTT) and Churchill Downs California Operating Company at Hollywood Park (CDCOHP). Each organization voiced their opposition to the proposed rule, stating the proposal as presented was overly broad and would have a negative impact on Thoroughbred racing in California.

DMTC stated the rule appeared to apply to any horse scratched from a claiming race, and would have negative consequences for horses scratched for legitimate reasons. DMTC

suggested the proposed rule be withdrawn, and the Board investigate individual cases where circumstances raised suspicion, instead of establishing a blanket approach to a narrow problem.

The CTT expressed concerns similar to DMTC's. It stated the proposed rule inhibited the ability to properly place a horse whose sickness or injury occurred or was discovered after entry in a race. The CTT urged the Board to not adopt the proposed rule.

In response to industry concerns regarding the September 25, 2002 text of the proposed rule, the current version of Rule 1668 has been modified. The modified text applies the prohibition on running back a scratched horse only to veterinary scratches, or horses scratched after the designated scratch time.

CDCOCHP commented that the proposed rule would unfairly penalize non-abusers. However, acknowledging that abuses may on occasion take place, they suggested the Board consider extending the time a horse must spend on the veterinarian's list if it is scratched from a claiming race after the designated scratch time. Horses are currently placed on the vet's list for a minimum of five days. An experimental program was conducted at the CDCOCHP 2002 fall meeting wherein any horse scratched after scratch time was placed on the veterinarian's list for not less than ten days. The program resulted in a decline in the number of such scratches.

The Board may wish to hear from representatives from CDCOCHP regarding the effectiveness of the 10-day veterinarian's list experimental program.

**STAFF ANALYSIS**  
**REQUEST FOR AN ADJUSTMENT IN THE STABLING AND**  
**AND VANNING TAKEOUT FOR NORTHERN CALIFORNIA**

**REGULAR BOARD MEETING**  
**FEBRUARY 21, 2003**

**Background:**

The Board may recall that on November 1, 2002, the stabling and vanning takeout percentage was adjusted to .87% for Northern California (approved by the Board at its September 2002 meeting). The change was made because of new legislation that allowed funds from this source to be used to offset the cost of a workers compensation plan being put together by the California racing associations. These percentages are always estimates and subject to change when necessary. However, the Horse Racing Law clearly mandates that the Board shall approve all changes to the stabling and vanning takeout percentage.

The Northern California Off-Track Wagering Inc. (NOTWINC), the organization that administers the northern stabling and vanning fund, is requesting that the Board approve an adjustment to the takeout percentage for the northern thoroughbred circuit. Industry meetings prior to the February CHRB meeting will determine the exact percentage increase that will be formally requested, staff has no further information about the extent or purpose for the increase at this time.

**Recommendation:**

Staff recommends that the Board hear from interested parties regarding this matter.

**STAFF ANALYSIS  
OAK TREE REQUEST FOR AN ADDITIONAL  
RACE DAY FOR THE 2003 RACE MEET**

**REGULAR BOARD MEETING  
FEBRUARY 21, 2003**

**Background:**

At the January Board meeting, a discussion took place regarding the interest that the Oak Tree Racing Association had in adding days to its 2003 race meet. It was noted that Section 19531(a) of the Horse Racing Law mandates that there shall be a maximum of 42 weeks of thoroughbred racing in the Central Zone. Section 19414.5(b) of the Horse Racing Law allows for fractional weeks of racing (less than four days of racing per week). However, it also mandates that during periods of overlap between thoroughbred meetings and fairs, the total number of weeks authorized by the Board will not exceed the maximum annual allocation of race weeks per Section 19531. Currently, there are 42 weeks of thoroughbred racing allocated to the Central Zone. Thus, without legislative amendments to the Horse Racing Law, Oak Tree's request would exceed the parameters of the law; Oak Tree agreed with this conclusion.

Oak Tree Racing has returned this month to ask the Board for a "straw poll" on the matter of adding one day (September 28, 2003) to their race days which would overlap the Los Angeles County Fair. They indicate that the Los Angeles County Fair has agreed to this one-time maneuver in order to assist the 2003 Breeders' Cup and their plans for the 2003 running of the Breeders' Cup at Oak Tree. Sherwood Chillingworth of Oak Tree, who hopes to obtain the legislative amendment that would allow this one day addition, indicates that he wishes to get the Board's feeling on this matter so that the planning for the Breeders' Cup can proceed with some assurance regarding the additional day.

**Recommendation:**

Staff recommends that the Board hear from interested parties with regard to this matter.

**STAFF ANALYSIS**  
**REQUEST OF POMONA FOR FULL RESTORATION**  
**OF THEIR STABLING AND VANNING FUNDS**

**REGULAR BOARD MEETING**  
**FEBRUARY 21, 2003**

**Background:**

Business and Professions Code Sections 19607 and 19607.1 mandate the creation of a fund to offset the costs of off-site stabling and vanning expenses incurred by Southern California thoroughbred racing. Since its inception in 1987, the operation and accounting for the fund has been the responsibility of the Off-Site Stabling Committee (the Committee), a subcommittee of the simulcast organization, Southern California Off-Track Wagering, Inc. (SCOTWINC). The Committee is made up of the Southern California thoroughbred associations and the Los Angeles County Fair which represent 50% of the committee votes and the Thoroughbred Owners of California (TOC) which represents the other 50%. Under the direction of the Committee, SCOTWINC manages the daily operation of the stabling and vanning fund in addition to managing the southern simulcast network. The law provides for a takeout percent on off-track wagers of up to 1.25% to fund the program. The current takeout for southern stabling and vanning is .74%. By law, any adjustment to the takeout requires Board approval. Please note that last November the takeout was increased to .94% but the additional .2% was to generate funds for the workers compensation program as authorized by new legislation. It is estimated that for the 2003 racing year this deduction will total \$8.2 million (\$6.5 million for stabling and vanning and \$1.7 million for workers compensation).

**Analysis:**

From the very start of the program there have been periodic discussions about the appropriate allocation of the off-site stabling funds. Santa Anita and Hollywood Park provide reciprocal off-site stabling during their respective meets and receive reimbursements from the fund. For the twelve months ended September 30, 2002 (SCOTWINC's fiscal year-end), Santa Anita received \$1.1 million and Hollywood Park \$1.8 million. The other two recipients of the off-site stabling funds, Pomona and San Luis Rey Downs (SLRD), received \$1.8 million and \$1.2 million respectively during the same time period (attached is a schedule showing the amounts paid for stabling and vanning since 1994). However, the numbers for Pomona and SLRD are in transition because as noted in the attached letter, in March 2002, the Committee adjusted the funding level and the disbursement method for Pomona and SLRD. Beginning in March/April of 2002, the two locations began receiving a flat fee; equal shares of the \$3 million allocated to them for offsite stabling. In 2001 Pomona had received approximately \$2.2 million based on a per diem method of payment (\$7000 per day for 320 days) from the fund so they will be receiving about \$700,000 less per year in the future. It is this reduction in funding for Pomona that has caused the latest request from Pomona for the CHRB to review the allocation of offsite stabling funds. The reduced funding in 2002 caused Pomona to close their stabling area during the month of April. Pomona has indicated that continued reductions in funding will cause them to close their stabling area for three or four months per year thus disrupting the training and

stabling operations of the horsemen who have been using the facility.

Pomona does not wish to become less than a full time off-site stabling facility and is asking the Board to assist it in its effort to get a full restoration of the stabling and vanning funds.

**Recommendation:**

Staff recommends that the Board hear from interested parties on this matter.

Dear Mr. Landsburg:

The SCOTWINC Off-Site Stabling Committee met this morning to discuss how to fund Pomona and San Luis Rey Downs for the next year. It was agreed to allocate three million dollars from the fund and to split that money 50/50 between the two sites.

This \$1.5 million increase in funding will be used toward a reduction in stabling rates at the San Luis Rey Downs Training Center. Because of this increase the Starter Fee program will be discontinued as of April 30, 2002. We have notified the San Luis Rey Downs Horsemen Association of this change.

Very truly yours.

**Background:**

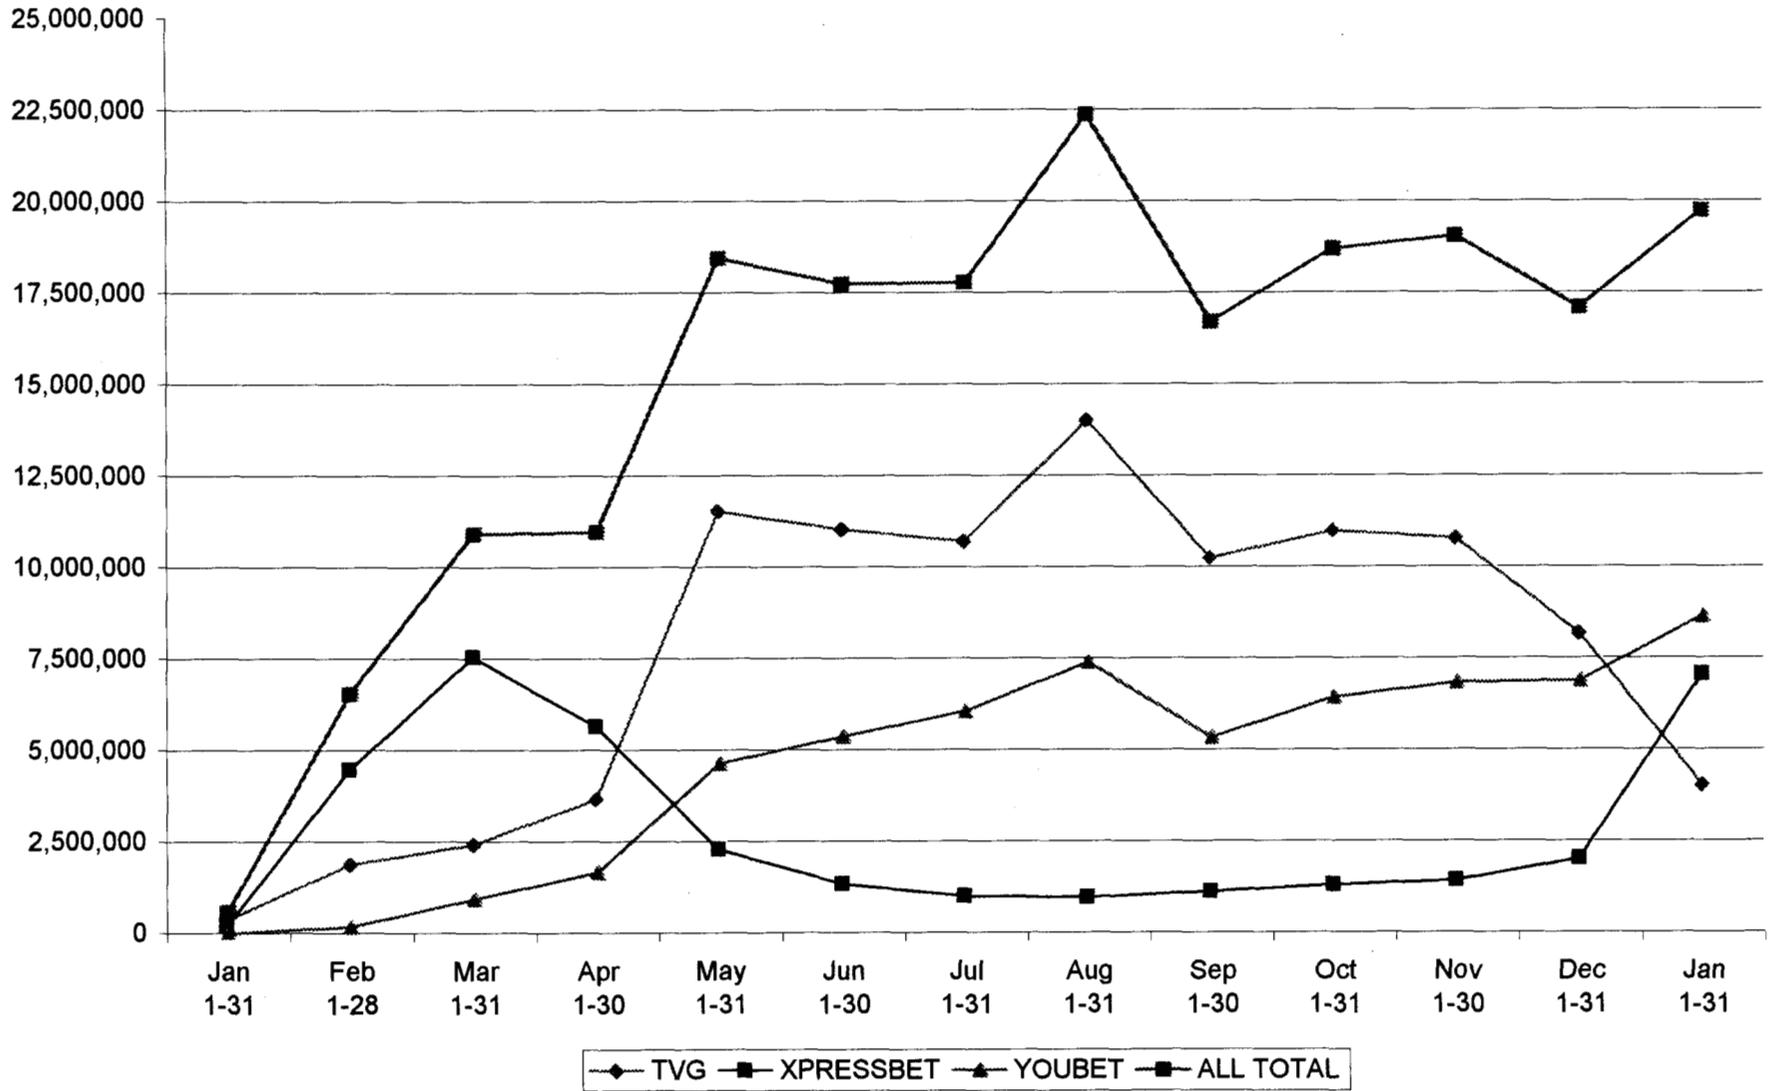

The total Advance Deposit Wagering (ADW) handle from January 25, 2002 through January 31, 2003 is \$197.2 million. The ADW handle as a percentage of total California handle is now approximately 7.7% of the \$2.56 Billion combined California ontrack, offtrack, and ADW handle accumulated since January 25, 2002. A chart showing the handle for each of the three hubs is included in this package. For those interested in such facts, the total ADW handle for the *exact* first year, January 25, 2002 through January 24, 2003 was \$192,804,036.
