APPROVAL OF THE MINUTES OF APRIL 11, 2013

Chairman Israel asked for approval of the minutes of the Regular Meeting of April 11, 2013. Vice-Chairman Winner stated a correction was required on page 17; 'Vice Chairman Israel seconded' should be changed to 'Vice Chairman Winner seconded'. Vice Chairman Winner **motioned** to approve the minutes as amended. Commissioner Rosenberg **seconded** the motion, which was **unanimously carried**.

PUBLIC COMMENT

There were no public comments.

DISCUSSION AND ACTION BY THE BOARD ON THE APPROVAL OF SERVICE, STEWARD AND OFFICIAL VETERINARIAN CONTRACTS FOR FISCAL YEAR 2013-2014.

Kirk Breed, CHRB Executive Director, stated getting approval of the steward and official veterinarian contracts was done every May in preparation for all of the contracts for the coming fiscal year. The contracts were provided in the Board package. Commissioner Beneto **motioned**

to approve the service, steward, and official veterinarian contracts for fiscal year 2013-2014. Commissioner Choper **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE REQUEST FROM NORTHERN CALIFORNIA OFF-TRACK WAGERING, INC. (NCOTWINC) TO CONTINUE THE MODIFICATION OF THE DISTRIBUTION OF MARKET ACCESS FEES FROM ADVANCE DEPOSIT WAGERING (ADW) AS PERMITTED UNDER BUSINESS AND PROFESSIONS CODE SECTION 19604(F)(5)(E) FOR WAGERING CONDUCTED BY THOROUGHBRED ASSOCIATIONS IN THE NORTHERN ZONE.

Bryan Wayte, representing Northern California Off-Track Wagering Inc. (NCOTWINC), stated the agreement was for July 1, 2013 through December 31, 2013 and would reduce the additional deduction on Market Access fees derived from advanced deposit wagers (ADW) placed on all live and imported races hosted by the Pacific Racing Association at Golden Gate Fields (GGF) from 2.9 percent to 2.15 percent of total handle in the northern zone. It would also allow the rate deducted from brick and mortar simulcast wagering in the northern zone to revert from the modified 2.9 percent down to the minimum 2.5 percent. Chairman Israel asked what would happen on December 31, 2013. Mr. Wayte said NCOTWINC would reassess the expense fund and if a new agreement was needed it would be negotiated with GGF and the Thoroughbred Owners of California. Commissioner Rosenberg stated it was rare to see reductions in expenses. He asked how this was accomplished. Mr. Wayte stated the savings occurred on the labor side, mainly in the health and welfare costs. Commissioner Rosenberg **motioned** to approve to continue the modification of the distribution of market access fees from ADW as revised. Vice Chairman Winner **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE REQUEST FROM GOLDEN GATE FIELDS TO ALLOW A JOCKEY TO WEAR PIVOHEAD GLASSES DURING ONE DESIGNATED TURF RACE AT GOLDEN GATE FIELDS.

Joe Morris, representing Golden Gate Fields (GGF), stated a Pulitzer Prize winning writer at the New York Times had written an article on Russel Baze and they were preparing an accompanying video for NewYorkTimes.com. They had already shot video of Mr. Baze racing and wanted to include some first person point of view footage. Mr. Morris stated this was a great promotional opportunity. He said the Pivothead Glasses were safe and Paul Nicolo, CHRB Safety Steward at GGF, agreed. Chairman Israel stated the Pivothead glasses seemed to solve all of the previous safety issues the Board had with previous jockey mounted camera systems. Commissioner Derek encouraged the Board to approve the request. She said the video footage she has seen from the perspective of the jockey really demonstrated the excitement and power of the horses. Commissioner Derek **motioned** to approve to request from GGF to allow a jockey to wear Pivothead Glasses during one designated turf race at GGF. Chairman Israel **seconded** the motion, which was **unanimously carried**.

REPORT FROM THE MEDICATION AND TRACK SAFETY COMMITTEE.

Commissioner Derek stated the committee discussed moving toward a national uniformity in medication. California was ahead of most jurisdictions with authorized levels for permitted medications; however, it did not have established withdrawal times. Withdrawal times would state very clearly how long before a race to stop a specific medication, resulting in fewer positive blood tests. There was discussion to prohibit a horse from starting in a race if it has received an intra-articular injection of cortisone within seven days. Dr. Rick Arthur had referred to a study that showed such injections to be most effective seven to ten days before a race. Pennsylvania

Proceedings of the Regular Meeting of May 23, 2013

4

and New York already had similar regulations in place and Commissioner Derek hoped California would have its own prohibition in place within approximately one year. Commissioner Derek said the committee began discussions on improving backside security. CHRB held meetings on this issue in 2003 and 2004, implementing many of the recommendations from these meetings; however, the major issues of detention barns and camera surveillance were not resolved. Kirk Breed, CHRB Executive Director, and Bill Westerman, CHRB Chief Investigator, were going to take a look at backside security and come up with more recommendations. At the 2003-2004 meetings there was consensus that cameras were the best solution. The preferred solution now may be an increase in security personnel with extensive horseracing experience, such as safety stewards Luis Juaregui and Paul Nicolo. Commissioner Derek stated the committee continued discussions on jockey and exercise rider injuries. In these discussions Dr. Pita Hitchens reported on a study of jockey and exercise rider accidents from 2007 to 2011. During this period there were 351 workers' compensation claims totaling \$17 million, more accidents in quarter horse racing than thoroughbred racing, and jockey injuries in 60 percent of falls from catastrophic horse injuries. The study also discovered the injury rate for exercise riders was surprisingly high. A great number of these accidents occur in the stable area where the roads were packed down hard. CHRB safety stewards would be meeting regularly with California Thoroughbred Trainers to discuss stable area safety as well as track safety. Commissioner Derek stated the committee discussed the possibility of assessing the qualifications of exercise riders and improving the licensing procedures to make certain the exercise riders were qualified to do their work. She said this issue was being turned over to the Jockey Welfare Committee, chaired by Vice Chairman Winner. Vice Chairman Winner stated the issue was not only important because of the jockey and horse injuries but also because of the

expense to the industry. Some of the \$17 million spent on workman's compensation claims could be reduced, but only with industry cooperation. Vice Chairman Winner said he, Commissioner Derek, and Commissioner Krikorian took the opportunity to tour the Maddy Equine Laboratory at Davis. He said the lab not only served California but the industry worldwide as well. Because of the economic issues the committee was looking into ways to enhance the budget for the lab. Commissioner Derek stated the committee heard a presentation from Dr. Sue Stover who has studied the preexisting injuries found in 85 percent of catastrophic breakdowns and would soon have recommendations for prevention.

REPORT FROM THE EXCHANGE WAGERING AD HOC COMMITTEE.

Chairman Israel consolidated discussion of items seven, and eight.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED ADDITION OF THE FOLLOWING EXCHANGE WAGERING RULES AND THE PROPOSED REVISIONS TO THESE RULES MADE IN RESPONSE TO THE OFFICE OF ADMINISTRATIVE LAW'S (OAL) MARCH 20, 2013 DECISION OF DISAPPROVAL OF REGULATORY ACTION.

PROPOSED CHRB RULES:

2086, DEFINITIONS

2086.5, APPLICATION FOR LICENSE TO OPERATE EXCHANGE WAGERING

2086.6, OPERATING PLAN REQUIRED

2086, 7, EXCHANGE WAGERING DATA

2086.9, FINANCIAL AND SECURITY INTEGRITY AUDITS REQUIRED

2087.6, CANCELLATION OF MATCHED WAGERS

2089, ERROR IN PAYMENTS OF EXCHANGE WAGERS

2089.5, REQUIREMENTS TO ESTABLISHING EXCHANGE WAGERING ACCOUNT

Chairman Israel stated the committee was successful in finding resolutions to all but one of the Office of Administrative Law's (OAL) issues with the exchange wagering regulations. He said Jacqueline Wagner, CHRB staff, subsequently chaired a meeting with the potential stakeholders to solve the one remaining issue. Ms. Wagner stated she met with representatives from Global Betting Exchange, Twinspires, and Betfair to discuss proposed Rule 2086.5, which addressed the fee, and how the fee was to be collected. She said the total fee for a license to provide exchange wagering was \$500,000 per year, equally apportioned among the approved applicants, paid on a monthly basis, and expiring on June 30, end of the fiscal year. Ms. Wagner stated the Board would provide notification of any adjustments to the monthly assessment fees within seven days of an increase or decrease in the number of approved exchange wagering applicants. Vice Chairman Winner asked if one exchange wagering applicant started service on December 26, 2013 would they have to pay \$500,000 and then pay \$500,000 five days later. Ms. Wagner stated if there was one approved applicant they would be assessed \$41,667 for the first month. Vice Chairman asked what the assessment would be for a provider licensed in May. Ms. Wagner said they would be assessed the monthly amount for May then again for June, the last two months of the fiscal year, and then required to renew on July 1. Chairman Israel suggested a

scenario where one applicant was approved in July and then a second applicant approved in October. He asked if the first applicant would pay three months at \$40,000 and then \$20,000 starting in October, splitting the full assessment with the second applicant. Ms. Wagner said that was correct. Chairman Israel stated some of the costs, like the initial software purchase, were spread over the whole year so the first company approved could potentially be overcharged. He asked would there be a credit for such an overcharge. Ms. Wagner stated there would be no such credits. Commissioner Choper asked if the startup costs were amortized over a given period or if they were all in the first month. Ms. Wagner stated there was not a specific amortization schedule; instead the estimated yearly assessment was equally divided into 12 months. Vice Chairman Winner said the first one in would pay the most. Chairman Rosenberg stated the first one paying the most was fair. Chairman Winner asked if Global Betting Exchange, Twinspires, and Betfair all agreed to this. Ms. Wagner stated that they had. Commissioner Choper said these companies knew what they were doing and there was an advantage to being the first one to provide exchange wagering. Chairman Israel said in the computer industry there has always been more of an advantage to being second. Commissioner Rosenberg stated worrying about fairness was not the Board's problem. If the parties involved already agreed to this arrangement, the Board's goal should focus on keeping the budget sound. Chairman Israel and Vice Chairman Winner agreed. Vice Chairman Winner asked if the language 'the application must be filed not later than 90 days' referred to working days or calendar days. Harold Coburn, CHRB Staff, stated it was calendar days. Chairman Israel asked if this was to give enough time for a full and thorough investigation. Ms. Wagner stated it was. Vice Chairman Winner asked if the Board could reduce the 90 days. Chairman Israel stated the Board alone could reduce the 90 days. Commissioner Choper asked about Global Betting Exchange, Betfair, and Twinspires applying

for a license to provide exchange wagering when the statute required the applicant to be a natural person. Ms. Wagner stated the exchange wager account holder, not the provider, had to be a natural person. Commissioner Choper asked why that was. Ms. Wagner said it was language included at the request of the Office of Administrative Law (OAL). Commissioner Choper said OAL wanted the language included because it was in the statute, but the language would cause problems. He said exchange wagering account holders were going to include entities that were not natural persons, such as a partnership or corporation, using a natural person as a front. Chairman Israel stated if corporations use a natural person as a front this language would mean they were breaking the law. Commissioner Choper said the corporations would argue that by having a natural person place their bets they were following the law. Commissioner Rosenberg **motioned** to initiate a fifteen day comment period for the proposed exchange wagering rules with proposed revisions made in response to OAL's March 20, 2013 decision of disapproval of regulatory action. Chairman Israel **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACING MEETING OF THE DEL MAR THOROUGHBRED CLUB (T) AT DEL MAR, COMMENCING JULY 17, 2013 THROUGH SEPTEMBER 4, 2013, INCLUSIVE.

Craig Dato, representing Del Mar Thoroughbred Club (Del Mar), stated they expected another very successful meet with attendance to remain in the 18,000 per day range. He said they would be offering a daily average of \$645,000 in purses, which would be the highest in California racing history. It was the third year of the Ship and Win program, which in 2012 brought in 137 out-of-state horses; because of the 25 to 33 percent increase in purse bonuses more out-of-state horses were expected for 2013. Chairman Israel asked if Del Mar's signal was shared with

HRTV and TVG. Josh Rubenstein, representing Del Mar, stated the signal was exclusively shared with TVG through 2016, but there had been discussions with TVG, HRTV and the Thoroughbred Owners of California to expand the distribution. Commissioner Derek asked if there was a planned horse auction associated with the race meeting. Mr. Rubenstein stated the paddock sale at Del Mar would take place on the opening Sunday of the meet. Chairman Rosenberg asked if there was any movement on the idea of putting a train station near the Del Mar Fairgrounds. Joe Harper, representing Del Mar Thoroughbred Club, stated the problem with that idea was the limited parking in the area around the fairgrounds. The train station once located in Del Mar years ago was moved to Solano Beach, but there was an effective bus shuttle system set up which efficiently moved people between the station and the fairgrounds. Commissioner Rosenberg stated he had heard the Del Mar Fairgrounds might be governed by a group of local entities. Mr. Harper stated the idea was for a joint Powers Authority (JPA) with the County of San Diego to manage the operations of the fairgrounds. He said there was already one in place which allowed for the financing for the grandstand and other renovations. Commissioner Rosenberg asked if Del Mar had a five year lease. Mr. Harper said yes, five years with re-openers. Vice Chairman Winner **motioned** to approve the application to conduct a horse racing meeting of the Del Mar Thoroughbred Club at Del Mar, commencing July 17, 2013 through September 4, 2013. Commissioner Beneto **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACING MEETING OF THE SONOMA COUNTY FAIR (F) AT SANTA ROSA, COMMENCING JULY 24, 2013 THROUGH AUGUST 11, 2013, INCLUSIVE.

Chairman Israel asked what was happening between the Sonoma County Fair (Sonoma) and the California Authority of Racing Fairs (CARF). Tawny Toscani, representing Sonoma, stated historically as the revenue had gone down the expenses had gone up. In 2012 Sonoma requested information from CARF that would show where their expenses were going. From this information, which included salary rate increases for CARF employees, Sonoma determined CARF should reduce their expenses for all fairs by fifteen percent; a request for the reduction was sent to CARF in December 2012. She said Sonoma was concerned with being singled out to cover its overpayments for its 2012 Wednesday race meets. Ms. Toscani stated that after threatening to withdraw Sonoma's membership the CARF Board said they would consider reductions after the 2013 meet, but Sonoma's Board stuck to their demand for consideration before the 2013 meet. Chairman Israel stated he was concerned how this would impact the rest of the horse racing industry. He asked if Sonoma acquired a paymaster of purses, starting gates, tote boards, or anything else CARF had previously supplied. Ms. Toscani said Sonoma reached out to the contractors that worked with CARF and reached agreements for everything required but the paymaster of purses. Chairman Israel asked if the TOC members would have to wait a year for either overpayments or underpayments to be compensated. Richard Lewis, representing Sonoma, stated the books would be balanced sooner than they had been done in the past. Ms. Toscani stated they were attempting to negotiate with CARF for the use of their paymaster of purses, Vicky Lane. There was agreement among the other fairs that using the same paymaster of purses was important, so that was being pursued. Commissioner Choper asked if CARF disagreed with any of the statements from Sonoma. Ann Grattveit, CARF legal counsel, stated

she disagreed with the timeline; Sonoma's separation with CARF was not raised until January, 2013. She also disagreed with Sonoma's version of the overpayment issue. Ms. Grattveit said there was a great deal of discussion in the spring of 2012 about concerns related to the Wednesday race dates, including how overpayments would be dealt with. Commissioner Choper asked what the chances were the budget negotiations planned for late 2013 would resolve the issues which caused Sonoma to leave CARF. Ms. Toscani stated leaving CARF was not an easy decision because of the impact on the other fairs; however, without consideration of the financial issues Sonoma could not rejoin CARF. Ms. Grattveit said CARF was looking into reducing their budget by ten percent for all of the fairs. Commissioner Beneto asked for an estimate on the savings Sonoma hoped for in leaving CARF. Ms. Toscani stated it was estimated to be \$70,000 but that did not include the paymaster of purses. Commissioner Rosenberg asked what impact Sonoma leaving CARF would have on the other fairs. Chris Korby, representing CARF, stated it was better when the fairs worked together to present a consistent comprehensive program, which CARF strove to facilitate. He said the fundamental disagreement between Sonoma and the rest of the Northern California fairs was running either five or four race dates a week. The rest of the fairs felt four race day weeks were more appropriate and that five days would produce significant overpayments. Mr. Korby said in the case of Sonoma's 2012 meet that turned out to be correct. Commissioner Beneto asked what the projected cost increases to the other fairs were. Mr. Korby stated there would need to be adjustments which included the savings from not providing services to Sonoma, but it would probably cost the other fairs more. Chairman Israel asked if the horsemen approved of Sonoma's application. Joe Morris representing the Thoroughbred Owners of California (TOC), stated the TOC had signed an agreement with Sonoma; however, the possibility they may not be able to contract the universal paymaster was a disappointment.

Owners not based in the Santa Rosa area would be inconvenienced in dealing with their accounts. Rick Pickering, representing CARF, stated the increased costs were traditionally absorbed by CARF when CARF was receiving money from horse racing license fees, and then money from the general fund, both of which were no longer available. Now CARF would have to pay for track safety and maintenance with money from its members. Commissioner Krikorian asked if CARF supported the concept of minisatellite wagering facilities within 20 miles of the existing CARF locations. Mr. Korby stated each satellite had the right under statute to determine that themselves. Commissioner Krikorian asked CARF for a list showing which satellites supported it, which did not; and if they did not, why. Commissioner Rosenberg asked if CARF opposed the recent legislation which attempted to reduce the 20 mile radius down to 15 miles. Mr. Korby stated yes. Commissioner Rosenberg asked if they would still oppose it. Mr. Korby said he would have to ask the CARF Board as the legislation was several years ago and the subject has not come up again. Mr. Korby stated several satellites had given consent to minisatellites within their 20 mile boundaries. Commissioner Choper asked if any of those did not have a split on fees. Mr. Korby stated he did not know the specific terms of all of them. Commissioner Rosenberg stated the Board has expressed before that minisatellites were the wave of the future, and having a list of satellites and their position on the 20 mile radius would be very helpful. Chairman Israel suggested it be an agenda item for the Pari-Mutuel Operations Committee. Commissioner Rosenberg stated the item was already on the agenda with SCOTWINC and NCOTWINC attending. Commissioner Derek stated Sonoma's first aid protocols refer to the ambulance and crew being responsible for "initiating basic life support". Now that Sonoma has paramedics instead of basic EMTs she assumed it should read advanced life support. Ms. Toscani said yes it should be advanced life support. Commissioner Derek said

under the security section it states the security staff should report to the scene of an accident and take direction from the EMT. Ms. Toscani stated it should read paramedic. Commissioner Rosenberg **motioned** to approve the application to conduct a horse racing meeting of the Sonoma County Fair at Santa Rosa, commencing July 24, 2013 through August 11, 2013. Commissioner Krikorian **seconded** the motion, which was **carried**, with Commissioner Benito voting **no**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE ALLOCATION OF 2014/2015 RACE DATES AND RELATED ISSUES FOR 2014/2015.

Joe Morris, representing Golden Gate Fields, stated the northern tracks were very close to working out a calendar. He requested the Board give them one more month, allowing them to work around the southern tracks finalized schedule. Chris Korby, representing CARF, agreed. Jacqueline Wagner, CHRB staff, stated there was an error in the Board package on page 11-5. Del Mar Thoroughbred Club's (Del Mar) 2015 summer race meet request should read July 15 to September 7, 2015; not July 15 to October 18, 2015. Chairman Israel stated for Southern California tracks they should begin the discussion with the stabling and vanning issue. Mr. Morris said the only solution the stabling and vanning fund could afford was temporary, solving the stabling issue only for the next two years. It involves splitting the horses from Hollywood Park between Santa Anita Park (Santa Anita), with room to stable 1,900; San Luis Rey Downs, with room for 500; and Los Alamitos Race Course, with room for 500. Mr. Morris said these 2,900 stalls would be enough considering some of the horses now stabled were not race ready and should go back to farms. Chairman Israel asked how many horses were race ready. Mr. Morris said about 2,650. Chairman Israel asked if the plan was to move two to three hundred

horses back to farms. Mr. Morris stated if they can; it was probably where they belonged. Chairman Israel asked if Mr. Morris could briefly share any ideas for a more permanent solution. Mr. Morris stated a new fund should be created, owned by Santa Anita, Del Mar Thoroughbred Club, and the Thoroughbred Owners of California (TOC). This fund should be large enough to accumulate three million in two or three years. He said this fund could buy or create a training facility which could stable the 500 to 1000 horses needed to conduct racing into the next five or ten years. Scott Daruty, representing Santa Anita, stated San Luis Rey Downs (SLRD) was an adequate and safe training facility as is; however, to be a major training center there would need to be major improvements which Santa Anita, or the Stronach Group, has committed to provide. He said these improvements would cost in the range of \$5 million; take 6 months to complete; and include renovation of the barn areas, reworking the dirt training surface, installation of a 7/8ths turf course on the interior of the dirt surface, and installation of a turf-gallop. Commissioner Krikorian asked if the future plan was indeed to generate more money for stabling and vanning would Fairplex be considered again as an option as opposed to looking for or creating a new facility. Mr. Daruty stated the high cost of stabling at Fairplex made it an unlikely option regardless of there eventually being more funds available. Commissioner Krikorian asked if Santa Anita was going to ask to be reimbursed for their costs associated with improving San Luis Rey Downs. Mr. Daruty said no, but Santa Anita did not want to be charged twice either. He said Santa Anita was asked to invest in SLRD and believed this investment should serve as a credit to any requested contributions to an industry fund. Commissioner Choper stated this was a fair point; there should be a formula to determine what the additional revenue would be and the related affect on their payment to the industry fund. Commissioner Rosenberg stated by the way Mr. Morris was talking it seemed there was already an agreed upon

deal. He asked if any of it was in writing. Mr. Morris said there was no deal in writing; however, there had been three weeks of negotiations so it would not have to be worked out in front of the Board. Commissioner Choper asked if everyone was included in these negotiations. Mr. Morris stated the negotiations on the fund mostly involved the TOC, the Stronach group, and Del Mar. Commissioner Choper asked if Fairplex was involved. Mr. Morris said the first meeting was at Fairplex and they were invited a week later to a meeting with the California Thoroughbred Breeders Association. Vice Chairman Winner asked how it was known the improvement project at SLRD would get through the regulatory process fast enough to allow the improvements to be completed in time. Mr. Daruty stated the improvements on the facility were all within the current entitlements so there was no further regulatory approval required. Vice Chairman Winner asked if there were any planned safety related improvements for the backstretch at Santa Anita. Mr. Daruty stated Santa Anita did inspect the backstretch, making sure it meets all health and safety codes or other similar requirements. He said the challenge involved with a backside renovation was the \$5 to \$10 million cost of the storm water runoff requirements. Santa Anita was negotiating with the regional Water Quality Control Board to help create a plan for upgrading the barns that would also comply with the requirements. Vice Chairman Winner asked if the plans involved reducing the number of barns. Mr. Daruty stated it could go either way. Vice Chairman Winner asked if Santa Anita could work with the Board to help improve the safety issues associated with backstretch ingress and egress. Mr. Daruty said absolutely. Alan Balch, representing California Thoroughbred Trainers (CTT), stated the training issue must be resolved before assigning race dates. He said the CTT was invited to two informal meetings; however, there had not been a meeting with all of the tracks represented. Mr. Balch stated there was money to pay for Fairplex. While Santa Anita was running during the

2013 calendar Hollywood Park received almost \$18,000 a day from the Stabling and Vanning Fund. Santa Anita received approximately the same amount on Hollywood park race days. When Del Mar was open alternately Santa Anita or Hollywood Park received the same amount. Chairman Israel stated the CTT may not have been a part of the negotiations, but because of previous negotiations five positions on the TOC Board were held by trainers. Mr. Balch stated the trainers on the TOC Board were licensed owners as well and did not represent the CTT. Commissioner Beneto asked if the higher cost of vanning to SLRD over Fairplex was added to the cost comparison. Jim Cassidy, representing CTT, stated the cost for vanning between Del Mar and Santa Anita was between \$150 and \$200 where the vanning from Fairplex to Santa Anita was \$50. Mr. Balch stated this was the kind of data CTT wanted to see in detail. He said the greater the distance between stabling and the operating track the more difficult it becomes for the trainers. Chairman Israel stated change was always hard, but with the downsizing of the industry change may be unavoidable. Commissioner Choper asked how many non-owner trainers CTT hoped to have in these discussions. Mr. Balch stated CTT sent letters to the TOC stating the negotiations should involve all of the stakeholders and that the CTT would be satisfied sending two representatives. Commissioner Beneto asked what the negative point was to stabling at Fairplex. Mr. Morris stated the Stabling and Vanning Fund could not afford it; even under the most affordable scenario the way vanning was accomplished would have to change. Chairman Israel asked how it would have to change. Mr. Morris stated the horses would need to be vanned on a schedule preventing trucks from leaving at less than capacity. Chairman Israel stated it was a disgrace this wasn't already happening. Mr. Morris stated Fairplex also would need to install a new storm water drain system, costing up in the seven figure range, before it could commit to year round training. Vice Chairman Winner asked if

trainers would be deterred from California racing if they could not stable at Fairplex. Mr. Cassidy stated it was speculation, but some trainers said they would leave horseracing or take their horses to another state. Commissioner Derek asked why Fairplex was so much more expensive. Jim Henwood, representing Fairplex, stated the costs were considered normal for a non-auxiliary training center. Vice Chairman Winner asked if Fairplex was chosen for stabling was there any guarantee it would be available for a certain amount of time. Mr. Henwood stated yes, but they would need extra race days as part of the deal, to help pay for the drain water project and other associated costs. Vice Chairman Winner asked if Fairplex had recently submitted proposals with Shea Development which included dismantling its racing program. Mr. Henwood stated Fairplex would not move forward with that plan if it meant no horse racing. Chairman Israel asked if the drain water issue involved other parts of the park other than parts associated with horseracing. Mr. Henwood said it was an issue with only the horse racing enclosure. Commissioner Beneto asked what it would cost to immediately stable 1,000 horses at Fairplex for training. Mike Sedder, representing Fairplex, stated it would cost \$16,000 a day. Mr. Balch said at Golden Gate Fields (GGF) it costs around \$16,000 for 1,100 horses but because they know they need the training GGF puts in \$5,000 a day bringing the cost to the fund down to \$11,000 a day. Mr. Morris stated GGF uses the Alameda County Fair in Pleasanton (Pleasanton) as an auxiliary for 600 horses, costing \$6,500 a day. Commissioner Rosenberg said when the \$6,100 was for 500 horses and the \$16,000 was for 1200 horses the cost's should not be compared directly. Chairman Israel stated the \$16,000 did not include the cost of improving the storm water drainage. Commissioner Rosenberg said Fairplex wants race days to compensate for the water project and it should not affect the cost of stabling. He said Santa Anita was adding a whole calendar and that the financial benefits should be part of this

discussion. Chairman Israel said Santa Anita was getting approximately 11 more weeks of racing but that item would be discussed later. Mr. Daruty stated Santa Anita was losing \$1.7 million it once received from the stabling and vanning fund. Commissioner Rosenberg asked if Santa Anita received funds while Del Mar was open. Mr. Daruty said Del Mar's summer meet was the time of year Santa Anita closed its stabling for maintenance. Vice Chairman Winner asked what would happen if Del Mar had a fall meet. Mr. Daruty said if that happened Santa Anita would get stabling funds for 55 days. Commissioner Beneto asked how many horses were at Santa Anita while Del Mar was open. Mr. Daruty said well over 1,000. Commissioner Krikorian asked if there were specific numbers on the costs for the storm water containment at Fairplex. Mr. Henwood stated the best guess was an initial two million dollars for containment but eventually Southern California wants no untreated water to flow downstream of a racetrack. He said this was not just a problem for Fairplex but for all the tracks, including Santa Anita. Commissioner Krikorian stated the choice was between Fairplex at \$16,000 a day, possibly lower with additional allocated race days, for up to 1,200 horses; or the combination of SLRD and Los Alamitos at 9,100 a day for 1,000 horses (\$6,100 for 500 at SLRD and \$3,000 for 500 at Los Alamitos). Mr. Morris stated there were probably not 1,200 horses that would need stabling, more like 600. Commissioner Krikorian stated if there were only 600 horses, Fairplex would reduce its fee to \$1,300. Commissioner Choper asked if all the trainers could get together and find a way to allocate the costs for the transitional period of two years to keep the smaller trainers solvent. Mr. Balch stated the CTT agreed they would need to do that if Fairplex was the chosen option. Mr. Sedder stated the TOC was elected to evaluate this issue and it was evaluated. He said the CTT was not left out of the discussion; it was a budget decision. Mr. Sedder stated it was the TOC that held the legislative power to represent the horsemen.

Commissioner Beneto stated if the SLRD/Los Alamitos option was chosen there was a possibility that stables might be split 3 ways. He said the Fairplex option was the best choice especially during the transition period. Mr. Balch stated the tracks that received the Hollywood Park race days would be getting a windfall and should feel obligated to invest some of it into training. Chairman Israel said no one was denying that Santa Anita was going to make out nicely in this, but like Del Mar they had shown they were committed to horse racing where as Fairplex's principal business was operating a county fair. Commissioner Beneto asked how much Pleasanton lost in stabling 700 horses for \$6,500 a day. Mr. Morris said they did not have a loss. Commissioner Beneto asked Rick Pickering if he agreed. Rick Pickering, representing California Exposition and State Fair, previously with Pleasanton, stated that \$6,500 a day did not cover the wear and tear of their equipment. He said Pleasanton originally asked for \$10,000 a day which was negotiated to \$8,000 and then fell to \$6,500. Commissioner Beneto asked if Pleasanton ran its training at a loss. Mr. Pickering stated Pleasanton was training to help the industry. Commissioner Derek asked if the stabling negotiations could be delayed until a later date. Chairman Israel stated the Board did not have statutory power to vote on stabling, only race dates. Commissioner Krikorian stated the horse racing dates were the Board's leverage in negotiations on stabling and any other unresolved issue such as safety improvements at Santa Anita's back stretch, or minisatellites within the 20 mile radius. The days should not be allocated until commitments were made that resolved some of these issues. Mr. Daruty stated he did not have a problem with receiving race dates conditionally on commitments to improving SLRD. Commissioner Krikorian asked if Santa Anita and Del Mar had resolved the Breeders' Cup negotiations. Chairman Israel stated he was OK with conditionally granting race days for commitments to improve conditions, but the conditions needed to be decided immediately.

There was only six months before Hollywood Park closed and if the Board chose to go with SLRD, they needed that time to make the improvements. Commissioner Choper suggested the Board wait one more month to decide, giving the industry more time to negotiate. Commissioner Rosenberg stated if the Board could not decide on the conditions then it could not conditionally allocate dates. Commissioner Choper said Santa Anita would not be worried if the Board used the race days as leverage when there was no other track for the days to go to. Vice Chairman Winner asked if waiting 30 days would make a difference in the SLRD improvement project. Mr. Daruty stated if the improvements were started immediately it would still be a challenge to have them completed by January 1, 2014. Vice Chairman Winner asked what they would need from the Board to start immediately. Mr. Daruty said Santa Anita was prepared to go ahead with the improvements if it received the 2014 race days. Commissioner Choper stated it was clear to everybody that SLRD was the only feasible option and that Santa Anita should get what it needed to start the improvements. Josh Rubenstein, representing Del Mar, stated they did not own the land and did not want a delay in getting the race days, the 22nd District Agricultural Association (22nd AG) controls the facility that houses Del Mar and needed to start booking events on the days around Del Mar's race schedule as soon as possible. Commissioner Beneto asked if the Board could give Del Mar its race dates. Chairman Israel stated the race dates were independently allocated. He said the future of thoroughbred racing in California was held by Santa Anita and Del Mar, and Fairplex, with its 5/8 mile track, was not the same caliber. Commissioner Rosenberg said for this discussion Fairplex was being considered as a training facility not as a race track. Commissioner Derek said this discussion was futile if the Board did not have the authority to mandate the industry on what training facility to use. Chairman Israel stated it was up to SCOTWINC. Mr. Morris said if Santa Anita, Del Mar, and the TOC voted

together they would constitute a majority on the SCOTWINC Board. Mr. Balch stated the SCOTWINC operating agreement required a unanimous decision on stabling and vaning decisions, if it was not unanimous the Board could be asked to resolve it. Robert Miller, CHRB Staff Counsel, said that he did not have the SCOTWINC operating agreement with him but he could confirm the Board had the authority to resolve SCOTWINC disputes. Chairman Israel asked if CTT was a member of SCOTWINC. Mr. Balch said it was not, but that racing law gave the authority to the CTT to negotiate agreements related to track safety and backstretch conditions, which he thanked the Board for having been given an opportunity to do so. Mr. Rubenstein stated Del Mar was requesting for 2014 their traditional seven week summer meet from July 16 to September 3. In 2015 they were requesting an eight week summer meet from July 15 to September 7, and a five week fall meet from October 28 to November 29. The fall dates revolve around the Breeders' Cup which they were proposing host status could alternate every other year between Santa Anita and Del Mar. Commissioner Rosenberg asked if the 22nd AG received a higher rent from Del Mar or from its other scheduled events. Mr. Rubenstein stated Del Mar paid considerably more. Commissioner Rosenberg asked if the Board did not allocate dates for another month would the 22nd AG hold off on scheduling events. Mr. Rubenstein said he could not guarantee it would not. Mr. Harper stated the rent Del Mar pays to the 22nd AG goes into a capital improvement fund which gets used on racetrack improvements. If 22nd AG rents out the space to a gun show on the day of the Breeders' Cup they get to keep that rent for themselves. Commissioner Choper asked if there was still no agreement between Santa Anita and Del Mar. Mr. Rubenstein stated the only disagreement was over the Breeders' Cup. Hollywood Park alternated the host status with Santa Anita and now Del Mar wanted to take Hollywood Park's place. Commissioner Krikorian asked if Del Mar considered a spring

meet. Mr. Harper stated they had considered all possibilities for expansion and spring in 2014 would not allow enough time for the turf to mature. Commissioner Krikorian asked if it was possible for 2015. Mr. Rubenstein stated Del Mar agreed to not ask for spring days with the goal that Santa Anita would agree to share the Breeders' Cup. Commissioner Choper asked if Santa Anita could keep the turf course going for the term requested. George Haines, representing Santa Anita, stated the turf course was two season, perennial rye and bermuda grass. By running a little more cautious, cutting back a little during the race meet, and reducing turf workouts it would not be a problem. Commissioner Krikorian asked why Santa Anita was not requesting to run up through July 13 for an additional week of racing. Mr. Daruty stated some believed a small break was healthy. Commissioner Beneto asked if Del Mar was converting from synthetic back to a dirt track. Mr. Harper said there was no formal discussion to make the change back. The change to synthetic was for safety and so that Del Mar, Hollywood Park, and Santa Anita ran the same surface. Now that Hollywood Park was closing and Santa Anita was dirt it made less sense to continue using synthetic. He said if there was a need to change the surface immediately, or as a condition for getting the Breeders' Cup, it would be difficult to find the funding. Vice Chairman Winner asked if Santa Anita was going to reduce the turf course racing during its meets. Mr. Haines stated there would be reductions in January and February. Mr. Cassidy said Santa Anita has the best turf course in California but by April it was fairly torn up; he was unsure how it could handle three more months of racing. Mr. Haines stated they would be changing to a perennial rye grass and by April the Bermuda grass began to grow in as well. Chairman Israel asked Mr. Cassidy if the CTT was concerned to have fewer training days on the grass. Mr. Cassidy stated it was not concerned. Commissioner Krikorian asked if Santa Anita would be hiring a turf conditioner full time if it got more race dates. Mr. Haines stated it could

be considered. Tom Robbins, from Del Mar, asked if Santa Anita was going to cut down the rye grass after July 6, 2014. Mr. Haines stated the grass would be cut down after July 6 to give the bermuda grass a chance to rebound. Commissioner Choper asked if that was a good idea. Mr. Haines said no, ideally the rye should be cut earlier as bermuda grows best in spring. Commissioner Rosenberg asked if after the race dates were tentatively signed would the TOC meet with the CTT in a manner they described to hear their opinion on the stabling issue. Mike Pegram, representing the TOC stated CTT could make a presentation to the TOC. Mr. Daruty stated Santa Anita was in agreement with the dates Del Mar presented. He said the plan to alternate host status with Del Mar on the Breeders' Cup was also agreeable with one caveat; if the Breeders' Cup was held at either Santa Anita or Del Mar the venue that holds the event should be awarded the dates. Mr. Harper agreed that was reasonable; Del Mar would be pitching to host the Breeders' Cup in 2015 but would not stand in the way if Santa Anita was chosen. He said if Santa Anita was chosen Del Mar would meet with them and the TOC and work something out so that Del Mar still has a successful fall meet from a purse standpoint. Chairman Israel asked what Del Mar's purses would be. Mr. Rubenstein stated around \$500,000 a day, compared to \$380,000 from 2013. Commissioner Rosenberg asked why the budget for marketing was \$2 million. Mr. Rubenstein said Del Mar has had a successful marketing program in the past and planned to do as well with the fall meet. Chairman Israel asked for confirmation that if Santa Anita ends up getting the Breeders' Cup for five consecutive years Del Mar would need a subsidy to maintain purse levels at a high enough rate for the November meet. Mr. Rubenstein stated that was correct, but that it was just for purses not track commissions. Mr. Daruty stated here was the small difference in what Santa Anita and Del Mar were proposing. Santa Anita did not like the idea of a subsidy, was not requesting one if Del Mar was the 2015 host for the

Breeders' Cup, and did not want to pay one if Santa Anita was the host. He proposed the Board grant the noncontroversial 2014 schedule, and the 2015 schedule with the exception of the Breeders' Cup weekend, granting it later to Santa Anita if it was the host, or to Del Mar if it was the host or neither one was the host. Mr. Rubenstein stated that it was in all of the tracks best interest for Del Mar and Santa Anita to have a successful fall meet; for Del Mar that meant maintaining the amount of its purses. Mr. Morris said there had been many conversations to work this out. He said the TOC would also like to run the first week of December and if it gets worked out Del Mar would run that portion. Chairman Israel stated that it was important to run that week because that was when the two year old stakes races ran. Mr. Morris stated the TOC believed the industry fund needed to happen for the future of California horse racing. Lastly, he said, the advance deposit wagering television distribution was scheduled to end at the end of the Hollywood Park meet, July 14, 2013. He said it had been extremely successful but with Hollywood Park gone a new agreement would need to be negotiated for it to keep going. Mr. Daruty stated all of the stakeholders were at the table and it appeared they were open to finding a solution. Mr. Rubenstein stated TVG seemed open to releasing Del Mar from its exclusive commitment as long as it worked out for all parties. Chairman Israel asked how much the sharing increased purses. Mr. Sedder said Northern California purses increased \$5,000 a day and Southern California purses increased \$15,000 a day. Commissioner Rosenberg asked if Del Mar's theoretical new dates would be covered by the exclusivity contract with TVG. Mr. Rubenstein said no, only the summer meet. Vice Chairman Winner asked what the points of disagreement were. Mr. Daruty stated there were well established economics in the account wagering business and Santa Anita proposes those same economics would just continue if there was an exchange of content. The past deal was a trade in both directions, TVG had Santa Anita

and HRTV had Hollywood Park. Commissioner Rosenberg asked if this was good for all parties why would they not want to participate. Mr. Daruty stated Santa Anita believed that TVG's business model was not sustainable for the long term and what the industry needed was a relationship with television that was long term. Chairman Israel stated the sustainable option was to have only one channel, but not sharing could drive them both out of business. Commissioner Choper stated this was one of the conditions. Chairman Israel agreed. Mr. Morris stated the last point of contention was on the Breeders' Cup week if Santa Anita was host. He said the TOC would like Santa Anita to help keep Del Mar's purse levels stay around the \$440,000 to \$500,000 range. Chairman Israel stated this year could establish the baseline for the purses that future years could compare to. Mr. Daruty said Santa Anita didn't understand why it should have to pay Del Mar to keep up purses that were more than Santa Anita's fall meet purses. Chairman Israel stated Santa Anita would not be paying Del Mar it would be paying the owners, the trainers, and the jockeys who make all of the success the industry shares. He said with the established baseline from this year the range would be very narrow. Mr. Balch compared guaranteeing purse levels to guaranteeing the right training in that both were good for the industry. Mr. Daruty stated he was not advocating purse guarantees; however, his arm was being twisted. Brad McKenzie, from Los Alamitos, stated Los Alamitos had the 500 stables available whether they were desired or not; they were not choosing sides in the training disagreement. He said it was Los Alamitos's intention to apply for any empty weeks in December for thoroughbred racing. Mr. McKenzie stated Santa Anita and Del Mar were the engines that drove the industry and getting them more race dates was the priority; however, the market in Orange County was ready for a taste of thoroughbred racing. On Kentucky Derby day 2012, as a satellite, Los Alamitos handled \$1.9 million; that was \$200,000 more than Santa

Anita, \$1,000,000 more than Surfside at Del Mar, and \$1.3 million more than Pamona. He said making more thoroughbred fans in Orange County means more fans for Santa Anita and Del Mar. Los Alamitos only wanted to apply for dates that no one else already claimed. John Barr, representing Oak Tree Racing Association (Oak Tree), stated strong support for a Los Alamitos thoroughbred racing meet. He said Oak Tree would like to negotiate working with Los Alamitos to continue its charitable effort. Sherwood Chillingworth, also representing Oak Tree, stated a market study showed that a thoroughbred meet at Los Alamitos would be successful with estimated the purses of \$400,000 a day. He said the long term plan included adding a one mile race track. Vice Chairman Winner asked if the marketing study was done based on having the one mile track. Mr. Chillingworth stated it was. Chairman Israel **motioned** to conditionally, and tentatively, allocate the 2014 race dates (listed below), where the actual days of racing would be determined at the time the application was presented to the Board, pending a meeting between all of the concerned parties where all of the options for training were discussed, the establishment of an industry fund, and a deal for a shared television signal:

RE: 2013 California Authority of Racing Fairs Interstate Simulcast Approvals

Dear Larry,

This letter shall serve as TOC's authorization for the California Authority of Racing Fairs ("CARF") to transmit the audiovisual signal of CARF Thoroughbred races to, and accept wagers on those races placed through, the out-of-state betting systems ("Guests") in accordance with the conditions of, and at Host Fee rates no lower than those specified in the rate sheet provided to TOC by Monarch Content Management LLC ("Monarch") on behalf of CARF, during the CARF racing season commencing June 19, 2013, continuing through October 15, 2013.

As a condition of TOC's authorization of the acceptance of wagers on CARF races by Guests which engage in phone and/or Internet wagering, herein called "ADW," CARF shall take all reasonable steps to distinguish between ADW and other wagering handled through such Guests, including requiring tote vendors of both CARF and Guests to facilitate the separation of ADW and non-ADW data in reports used by CARF and/or CHRIMS to account for and settle balances between CARF and Guests.

TOC's authorization shall not serve, nor should it be construed as, a precedent to future requests for permission to simulcast to the Guests specified on the list provided by Monarch or to any other Guest. TOC reserves the right to cancel or withdraw its authorization for any Guest, at any time, upon 48 hours written notice.

Pursuant to AB-701, raising the takeout to fund Workers' Compensation costs, CARF shall collect the incremental increase in takeout as an addition to the money room adjustment, for the transmittal to the Fund in accord with such legislation. Should any Guest herein authorized fail to enter into a contractual obligation with CARF to allocate this additional takeout in this manner, TOC authorization for that site is hereby immediately rescinded.

Please feel free to contact me, should you have any questions.

RE: Pacific Racing Association II, 2013 Interstate Simulcast Approvals

Dear Mr. Morris,

This letter shall serve as TOC's authorization for Pacific Racing Association II ("PRA II") to transmit the audiovisual signal of PRA II Thoroughbred races to, and accept wagers on those races placed through, the out-of-state betting systems ("Guests") in accordance with the conditions of, and at Host Fee rates no lower than those specified in the rate sheet provided to TOC by Monarch Content Management LLC ("Monarch") on behalf of PRA II, during the PRA II racing season commencing August 14, 2013, continuing through September 17, 2013.

As a condition of TOC's authorization of the acceptance of wagers on PRA II races by Guests which engage in phone and/or Internet wagering, herein called "ADW," PRA II shall take all reasonable steps to distinguish between ADW and other wagering handled through such Guests, including requiring tote vendors of both PRA II and Guest to facilitate the separation of ADW and non-ADW data in reports used by PRA II and/or CHRIMS to account for and settle balances between PRA II and Guests.

TOC's authorization shall not serve, nor should it be construed as, a precedent to future requests for permission to simulcast to the Guests specified herein or to any other Guest. TOC reserves the right to cancel or withdraw its authorization for any Guest, at any time, upon 48 hours written notice.

Pursuant to AB-701, raising the takeout to fund Workers' Compensation costs, PRA II shall collect the incremental increase in takeout as an addition to the money room adjustment, for the transmittal to the Fund in accord with such legislation. Should any Guest herein authorized fail to enter into a contractual obligation with PRA II to allocate this additional takeout in this manner, TOC authorization for that site is hereby immediately rescinded.

Please feel free to contact me, should you have any questions.

Sincerely,

Richard C. Scheidt
 Northern California
 Director of Operations

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST
FROM THE
CALIFORNIA EXPOSITION AND STATE FAIR,
AND
WATCH AND WAGER LLC,
TO ALLOCATE THREE ADDITIONAL RACING DAYS TO ITS
OCTOBER 25, 2013 THROUGH DECEMBER 21, 2013 RACE MEETING

Regular Board Meeting
June 20, 2013

BACKGROUND

Business and Professions Code section 19440(a) states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include allocation of racing dates to qualified associations in accordance with law. Business and Professions Code section 19530 provides that the Board shall have the authority to allocate racing weeks to an applicant or applicants pursuant to the provisions of this article and article 6.5 and to specify such racing days, dates and hours for horse racing as will be in the public interest and will subserve the purposes of this chapter. The decision of the Board as to such racing days, dates and hours shall be subject to change, limitation or restriction only by the Board. Business and Professions Code section 19531 states the Board shall make allocation of racing weeks, including simultaneous racing between zones, as it deems appropriate. The maximum number of racing weeks that may be allocated for harness racing is 25 weeks per year in the northern zone. Business and Professions Code section 19549.6 states that notwithstanding subdivision (b) of section 19531 and sections 19540, 19546, and 19549, the Board may allocate additional weeks of harness racing to the California Exposition and State Fair in Sacramento or its lessee, to be raced at the California Exposition and State Fair in Sacramento.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

In August 2012 the Board allocated harness racing dates at California Exposition and State Fair (Cal-Expo) from October 25, 2013 through December 21, 2013, to be operated by Watch and Wager LLC.

On May 3, 2013, Cal-Expo submitted a request on behalf of itself and Watch and Wager LLC for the allocation of four additional harness racing days. The dates requested were October 5, 12, 19 and 26. On June 3, 2012, Watch and Wager LLC submitted a letter in which it stated it was aware of Cal-Expo's request, was not aware of any opposition to the plan, and that it would ask

the Board to favorably consider Cal-Expo's request for allocation of October 2013 harness racing dates.

ANALYSIS

Cal-Expo has requested the allocation of Saturday race dates in October 2013 so Watch and Wager LLC may run Saturday nights. The dates requested are October 5, 12, 19 and 25. If the Board grants the request, it would only have to allocate 5, 12 and 19, as the date of October 25 is already allocated.

Watch and Wager LLC stated the proposal was unanimously approved by the California Harness Horsemen's Association board. Watch and Wager LLC contends the proposed race dates would provide racing opportunities and entry box preference to horsemen who stay in California over the break. It also contends that single night racing in October could jump start handle for the November harness meeting.

RECOMMENDATION

This item is presented for Board discussion and action.

Re: Request for additional allocation of 2013 Harness Dates

Dear Jackie,

During discussions in March with the California Harness Horseman's Association, Watch and Wager proposed an experimental plan to race on Saturday nights during the month of October. No harness racing had been previously planned for October 2013. The one night per week October racing plan would give entry box preference, along with much needed additional racing opportunity to horseman that stayed in California over the break. It was thought that the single nights in October could also possibly jumpstart the handle for the regular November schedule. The proposal was unanimously approved by the CHHA board.

We have contacted Cal Expo, and the facility is available for October racing. We are aware that Cal Expo has submitted a request for harness dates in October. We are not aware of any opposition to the plan. We ask the board consider Cal Expo's request for allocation of October 2013 harness racing dates favorably.

Sincerely,

Christopher J. Schick

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD
REGARDING THE PROPOSED AMENDMENT TO CHRB RULE 2066,
APPLICATION FOR LICENSE TO OPERATE A MINISATELLITE WAGERING
FACILITY, TO CHANGE THE TERM OF A MINISATELLITE WAGERING
FACILITY LICENSE FROM TWO YEARS TO FIVE YEARS IN ACCORDANCE
WITH BUSINESS AND PROFESSIONS CODE SECTION 19605.25 (A).

Regular Board Meeting
June 20, 2013

BACKGROUND

Business and Professions Code section 19420 provides that the Board shall have jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of Chapter 4, Business and Professions Code. Responsibilities of the Board shall include, but not be limited to, adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19590 provides that the Board shall adopt rules governing, permitting, and regulating pari-mutuel wagering on horse races under the system known as the pari-mutuel method of wagering. Business and Professions Code section 19605.25 authorizes the Board to license up to 15 minisatellite wagering facilities in both the northern zone and the southern zone.

Senate Bill 305, Chapter 334, Statutes of 2011, amended Business and Professions Code section 19605.25, subsection (a), to change the term of license for minisatellite wagering facilities from two years to up to five years.

In accordance with the change to the enabling statute the Board has been approving five-year minisatellite licenses. Santa Clarita Lanes, OC Tavern, Commerce Casino, Twisted Kilt, Sammy's of Lake Forrest and Silky Sullivan's applications for license to operate a minisatellite facility were all approved for five years.

ANALYSIS

Pursuant to Business and Professions Code section 19605.25, the proposed amendment to Rule 2066 would increase the term for a minisatellite wagering facility license from two to five years. This amendment is required for Rule 2066 to reflect the change in statute, as well as current Board practice of approving minisatellite applications for license for a period of five years.

RECOMMENDATION

Staff recommends the Board direct staff to initiate a 45-day public comment period.

Regular Board Meeting
June 20, 2013

BACKGROUND

Business and Professions Code section 19420 provides that the Board has jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board include adjudication of controversies arising from the enforcement of those laws and regulations dealing with horse racing and pari-mutuel wagering. Business and Professions Code section 19562 provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in California. In February 2013 the Board adopted an amendment to Rule 1658, Vesting of Title to Claimed Horse, which states that title to a horse which is claimed shall be vested in the successful claimant from the time the field has been dispatched from the starting gate and the horse becomes a starter. The successful claimant becomes the owner of the horse unless the claim is voided by the stewards. The stewards shall void the claim and return the horse to the original owner if the horse suffers a fatality during the running of the race, or the racing or official veterinarian determines the horse will be placed on the Veterinarian's List as unsound or lame before the horse is released to the successful claimant. When the Board adopted the amendment to Rule 1658 it stated the regulation was not perfect, but it was the best approach presented. The Board also recognized that the regulation might need further modification; however, it could take some time for the rule to have its desired impact on those who might use claiming to discard damaged horses.

ANALYSIS

The Office of Administrative Law approved the amendment to Rule 1658 on May 2, 2013. The effective date of the regulation was also May 2, 2013. The Board did not implement the regulation until May 16, 2013. The delay was to allow time for the stewards, veterinarians and others involved in the process to fully understand the change, and to notify the industry and the public. Since its implementation, Rule 1658 has generated some controversy. In response to the various reactions to the amended Rule 1658, the item has been placed on the agenda for the

purposes of a discussion of all relevant issues and a presentation by the Equine Medical Director of the recent history of the enactment of Rule 1658 and all examples of claims voided.

RECOMMENDATION

This item is presented for Board discussion and action. The Equine Medical Director, Dr. Rick Arthur, is prepared to make a presentation to the Board.

Report on implementation of CHRB Rule 1658 Vesting of Title to Claimed Horse

Rick M. Arthur DVM Equine Medical Director

The Office of Administrative Law notified the CHRB that May 9 would be the effective date of the new amendments to 1658 requiring the BOS to void claims when the horse is determined to be unsound or lame by the official (CHRB) or association (track) veterinarian prior to the horse being released from their care. The Executive Director set May 16, 2013, as the start date to begin implementing the rule. A conference call of official veterinarians and stewards reviewed the procedures and protocols presented to the Board last September when the amendment was first approved for notice. Those procedures are attached (see Appendix A & B) and available at http://www.chrb.ca.gov/Board/board_packages/Sep-2012.pdf pages 5-5 to 5-6.

Based on preliminary information available as of June 11, 2013, between May 16 and June 9 there were 162 successful claims at Los Alamitos, Hollywood Park and Golden Gate Fields. During that time period, 19 claims were voided when the horses were declared unsound or lame by the official veterinarian. There were 66 successful claims and 6 voided claims at Hollywood Park; there were 53 successful claims and 7 voided claims at Los Alamitos; and there were 43 successful claims and 6 voided claims at Golden Gate Fields.

Claim data from July 1, 2009, through June 30, 2012, showed that historically about 2.5% (128/5212) of all claims ended up on the Veterinarian's List as unsound or lame. In the first four weeks of the new claiming rule, about 10% (19/181) of the horses for which claims were dropped have been placed on the Veterinarian's List as unsound or lame, roughly four times the historical rate. The reason for this is unclear at this time. However, the new procedures now require the official (CHRB) or association (track) veterinarian to specifically examine claimed horses for unsoundness or lameness prior to their being released to the claimant.

Certain historical metrics are available and can be used as a comparison to evaluate the new procedures. Between July 1, 2009, through June 30, 2012, 60% of Thoroughbreds and 75% of Quarter Horses that were claimed and placed on the Veterinarians List as unsound or lame never raced again. Of those horses that did race again, the average time to their next race averaged 126 days for Thoroughbreds (27-603 days) and 206 days for Quarter Horses (28-420 days). For comparison, the average Thoroughbred races back 43 days after being claimed (see Appendix C).

Horses placed on the Veterinarian's List as unsound or lame must work satisfactorily for the official or association veterinarian and pass a post-work blood test prior to being removed from the list and allowed to start.

Appendix A:**Procedures for Voiding Claims:**

- All claimed horses capable to do so are to be sent to the Receiving Barn for post-race testing and post-race evaluation by the official veterinarian.
- The horse will be examined in or near the Receiving Barn by the official veterinarian in a manner similar to how other horses are evaluated post-race for possible unsoundness or lameness.
- Unless otherwise designated for post-race testing, only blood samples (official and split samples) will be drawn.
- If the official veterinarian determines the horse is lame or unsound and will be placed on the Veterinarian's List, the official veterinarian will notify the stewards prior to the horse leaving the receiving barn.
- Based on the findings of the official veterinarian the stewards will determine whether the claim will be voided. If the stewards decide the claim is void, the horse will remain in the control of the original owner. If the stewards decide the claim will stand, the horse will be turned over to the claimant upon leaving the receiving barn.
- If, in the opinion of the official or racing (track) veterinarian, a claimed horse is incapable of being sent to the Receiving Barn, the racing (track) veterinarian will obtain blood samples (official and split samples) whenever humanely possible and determine the extent of the horses injuries. If the horse is incapable of being sent to the Receiving Barn because the horse is lame or unsound, the racing (track) veterinarian will so notify the stewards and the official veterinarian.
- Based on the findings of the racing (track) veterinarian the stewards will determine whether the claim will be voided. If the stewards determine the claim is to be voided, the horse will remain in the control of the original owner once the horse leaves the track. If the stewards decide the claim will stand, the horse will be turned over to the claimant upon leaving the track.
- A horse with a lameness with an AAEP Lameness Score greater than 3 shall be placed on the Veterinarians List as Lamé.

- A horse with an AAEP Lameness Score of 3 or less and determined to be unfit to race shall be placed on the Veterinarian's List as Unsound.
- The official veterinarian shall place a claimed horse on the Veterinarian's List as Unsound or Lamé upon the recommendation of the racing (track) veterinarian.
- Horses that are injured and showing lameness will be placed on the Veterinarians List as Unsound or Lamé. Horses that are injured such as a cut or grabbed quarter and not showing lameness may be designated as Injured on the Veterinarians List. Claims should not be voided unless the horse is going to be placed on the Veterinarian's List as lame or unsound. Accordingly, horses placed on the Veterinarian's List for other reasons such as bled, exhausted, injured and are not to be voided.

Appendix B:

AAEP LAMENESS SCALE

Because each horse has unique performance characteristics, evaluating lameness can be challenging. Experienced riders may detect minor alterations in gait before they are apparent to an observer. Lameness may appear as a subtle shortening of the stride, or the condition may be so severe that the horse will not bear weight on the affected limb. With such extremes of lameness possible, a lameness grading system has been developed by the AAEP to aid both communication and record-keeping. The scale ranges from zero to five, with zero being no perceptible lameness, and five being most extreme. **The AAEP guidelines explain the grading system this way:**

0: Lameness not perceptible under any circumstances.

1: Lameness is difficult to observe and is not consistently apparent, regardless of circumstances (e.g. under saddle, circling, inclines, hard surface, etc.).

2: Lameness is difficult to observe at a walk or when trotting in a straight line but consistently apparent under certain circumstances (e.g. weight-carrying, circling, inclines, hard surface, etc.).

3: Lameness is consistently observable at a trot under all circumstances.

4: Lameness is obvious at a walk.

5: Lameness produces minimal weight bearing in motion and/or at rest or a complete inability to move.

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING
THE EXTENSION OF THE
2012 BOARD DECISION TO SUSPEND FOR TWELVE MONTHS
THE USE OF CLENBUTEROL BY ALL BREEDS AT ALL
CALIFORNIA RACE TRACKS, WHICH IS SET TO EXPIRE JULY 18, 2013

Regular Board Meeting
June 20, 2013

BACKGROUND

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the Board. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 states the Board may prescribe rules, regulations and conditions consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in this state. Business and Professions Code section 19580 states the Board shall adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in the state. Business and Professions Code section 19581 provides that no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the Board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof. Board Rule 1406, Suspension of Rule, provides that the Board may for good cause, with or without a hearing, temporarily suspend the application of any of its rules upon any conditions it may impose. Any such action by the Board shall be in writing. Board Rule 1844.1, Suspension of Authorized Medicaiton, provides that the Board may temporarily suspend the authorized administration of a permitted drug, substance or medication for any time up to one year maximum after a public hearing has been noticed in accordance with Government Code section 11125(a). The temporary suspension may be for a race, breed, or race meeting, provided all horses in the same race compete under the same conditions. The Board shall notify in writing the racing association and the trainers' organization of any temporary suspension, as specified.

Board regulations prohibit the administration of any drug, substance or medication after entry time with a few specific exceptions. The exceptions were established after due consideration by the Board based on information available at the time the regulations were adopted. Scientific information and practical experience in managing the threshold levels for the exceptions change over time as unintended consequences become apparent. Clenbuterol in quarter horse racing is an example. Clenbuterol is a beta-2 agonist approved by the United States Food and Drug Administration (FDA) in equines as a bronchodilator.

The Board established threshold levels consistent with therapeutic use to treat small airway disease. Clenbuterol, like all beta-2 agonists, has an adrenergic effect on muscle somewhat similar to anabolic steroids. Only the Ventipulmin brand of clenbuterol is approved by the FDA. Non-FDA approved clenbuterol at extremely high concentrations was being used in quarter horse racing for the adrenergic effect. The CHRB confiscated and otherwise obtained samples of this illicit formulation. Clenbuterol violations occurred at levels unattainable with the FDA approved formulation at FDA approved dosages.

At the August 2011 Regular Board Meeting the Los Alamitos Race Course (LARC) and the Pacific Coast Quarter Horse Racing Association (PCQHRA) requested that the CHRB consider enacting Rule 1844.1 to suspend the authorized administration of clenbuterol to horses entered to race at the LARC for a period of 12 months effective October 14, 2011. The Equine Medical Director reported that since February 2011 there were eight confirmed clenbuterol violations, with one pending at the time of the August 2011 Board meeting. The Board enacted Rule 1844.1 and approved the joint request to temporarily suspend the use of clenbuterol in quarter horses entered to race at LARC, effective October 14, 2011 through October 14, 2012.

At the April 2012 Medication and Track Safety Committee meeting Dino Perez, representing the PCQHRA, reported on the impact of the clenbuterol suspension in quarter horses at LARC which took effect on October 14, 2011. Mr. Perez reported horsemen were pleased with the results, and owners and trainers believed they had a more level playing field. Qualifiers to stake races were more diverse, races were more competitive and from a broader group of trainers. He also said times have slowed down quite a bit where they were back to normal. Mr. Perez, in cooperation with California Authority of Racing Fairs (CARF), asked the Committee to send a proposal to the Board to enact Rule 1844.1, and extend the suspension of clenbuterol to all quarter horses at all CARF tracks during the fair season. The Committee agreed and the proposal to use Rule 1844.1 to prohibit the use of clenbuterol in quarter horses at all CARF tracks for one year was sent to the Board where it was approved at the April, 2012 Regular Meeting.

At the May 24, 2012 Regular Board Meeting a discussion was held regarding the feasibility of suspending the use of clenbuterol for thoroughbred horses at all California racetracks. The Board determined it would use its authority under Rule 1406, Suspension of Rule, to temporarily suspend the use of clenbuterol by all breeds at all California racetracks for a period of twelve months, and to initiate a recommended 21-day withdrawal time.

After the May 24, 2012 Regular Board Meeting the following advisory regarding the suspension and the recommended 21-day withdrawal time was posted on the Board's website. It was also forwarded to official veterinarians, racing associations, the horsemen's organizations and racing secretaries. The effective date of the suspension of the use of clenbuterol for all breeds was July 18, 2012, which was concurrent with the opening of the Del Mar Thoroughbred Club race meeting.

Effective July 18, 2012, authorization of a threshold level for clenbuterol as currently allowed under CHRB Rules 1844 (e)(9) and 1844(f) will be suspended for all breeds at all tracks in California. Accordingly, clenbuterol will be treated the same as all other drugs that are not

specifically authorized by the Board. If the testing laboratory detects clenbuterol under the laboratory's standard operating procedures, the finding will be reported as a violation. The Maddy Laboratory has extremely sensitive testing for clenbuterol. The drug can be readily detected at low picogram levels in both urine and blood. A picogram is 0.000000000001 grams or one-trillionth of a gram.

A 21-day withdrawal time should safely avoid an inadvertent positive provided the clenbuterol is the FDA-approved Ventipulmin Syrup form of clenbuterol and it is used at the standard therapeutic dose of 5cc (0.8 micrograms per kilogram) twice a day. Higher dosages will require longer withdrawal times. Anyone using a non-FDA-approved form of clenbuterol does so at his or her own risk. The CHRB and Maddy Laboratory have obtained numerous samples of compounded clenbuterol and other non-FDA-approved clenbuterol formulations. None of the samples examined have been compliant with federal compounding regulations. They are considered contraband by the CHRB. As with all withdrawal time recommendations, this recommendation for clenbuterol does not constitute and is not a guarantee, warranty, or assurance that the use of any of the therapeutic medications at the dosage listed will not result in a positive post-race test. Trainers are required to insure the condition of all horses they race and will be held accountable for any violation.

To be clear, clenbuterol is not "banned." The drug may be used within CHRB racing and training enclosures upon the prescription of a CHRB licensed veterinarian. Only FDA-approved Ventipulmin Syrup clenbuterol is allowed. Veterinarians prescribing and dispensing Ventipulmin are required to report the same on form CHRB-24 (Veterinary Confidential). The CHRB will continue to use out-of-competition testing to monitor compliance in conjunction with our existing post-race testing program. In addition, the Maddy Laboratory is continuing to investigate alternative testing techniques for other beta-2 agonists and other growth-promoting drugs.

The suspension of the use of clenbuterol in quarter horses at Los Alamitos Race Course, and all CARF tracks, was accomplished under the authority of Board Rule 1844.1. The regulation was adopted by the Board specifically to address issues related to equine medication. To provide consistency in the authority under which the Board temporarily suspended the use of clenbuterol in all breeds at all California racetracks, the Board's Equine Medical Director and the Board's General Counsel recommended that the Board affirm its May 24, 2012 decision pursuant to the provisions Rule 1844.1. At its June 28, 2012 Regular Meeting the Board reaffirmed the suspension of the use of clenbuterol in all breeds at all California race tracks for a period of twelve months, and voted to acknowledge a 21-day withdrawal pursuant to Board Rule 1844.1. The previous action by the Board to impose a total ban on the use of clenbuterol in quarter horses would continue as enacted.

Since the Board suspended authorization for use of clenbuterol in quarter horses there have been 6 violations, all at Los Alamitos Race Course in the last 20 months. No violations have occurred at any other track. Dr. Rick Arthur, CHRB Equine Medical Director, has provided that to date, there has been no evidence that the suspension of an authorized threshold for clenbuterol has negatively impacted equine health.

Regular Board Meeting

BACKGROUND

Business and Professions Code section 19605.25 provides that the Board may approve an additional 15 minisatellite wagering sites in each zone if, among other requirements, an agreement in accordance with section 19605.3 has been executed and approved by the Board. Business and Professions Code section 19605.3 states that the organization described in section 19608.2 is the party that executes the agreement approved by the Board with the association conducting a racing meeting and the satellite wagering facility. The organization described in 19608.2 is Southern California Off-Track Wagering, Inc. (SCOTWINC) or Northern California Off-Track Wagering, Inc. (NCOTWINC). In addition to executing the minisatellite wagering agreements, SCOTWINC has assumed the task of locating and developing minisatellite wagering sites.

A California racing industry entity, Sportech, which is more commonly known as a totalizator operator, has expressed an interest in developing mini satellite wagering facilities. Sportech is prepared to present its plans to create and market a high end combination restaurant/sports bar minisatellite brand that would be located in high density populated areas of California. Sportech, a British wagering company, bought Scientific Games Corporation's racing and venue management business (including Scientific Games Racing) in October 2010. Scientific Games Racing, which processed pari-mutuel wagers for North American racing interests, including racetracks and wagering sites in California, subsequently changed its name to "Sportech, Inc." The company currently acts as totalizator for California race tracks and wagering facilities.

STAFF ANALYSIS
DISCUSSION AND ACTION REGARDING AN
UPDATE OF THE CHRB GOVERNING PROCEDURES FOR HEARINGS

California Horse Racing Board Meeting
June 20, 2013

BACKGROUND

When the California Horse Racing Board Enforcement Unit serves a disciplinary Complaint against a Licensee, the Licensee also receives a copy of the Governing Procedures that will be used in the prosecution of the matter.

Attachment 1 is the current version of the Governing Procedures served by the Enforcement Unit.

The Governing Procedures are required to be given to the Licensee to inform him or her how the disciplinary hearing will be conducted. Importantly, the Governing Procedures set forth the rights of the Licensee, including the right to discover the evidence that supports the allegations in the Complaint, the right to have counsel represent the Licensee at the Hearing, the right to cross examine witnesses and present rebuttable evidence, as well as the appeal rights of the Licensee should the Board of Stewards uphold the Complaint.

Presently, there is only one form of Governing Procedures provided to the Licensee, regardless of the type of Rule violation alleged or the penalty to be requested. Staff Counsel and the Office of the Attorney General have reviewed the current Governing Procedures and propose adopting the three separate Governing Procedures, depending upon the type of Rule violation alleged and the penalty sought.

ANALYSIS

A: Attachment 2 is the proposed Governing Procedures for non-drug related violations before the Board of Stewards.

Attachment 2 mirrors the current Governing Procedures with one important addition. Paragraph 9 distinguishes between a hearing seeking to revoke a license and a non-revocation hearing. The current Governing Procedures are silent in this

important regard and do not provide the Licensee with a clear understanding of his or her rights. In the cases where the revocation of a license is sought, the totality of Chapter 5 (Administrative Adjudication: Formal Hearing) of the Administrative Procedure Act applies, Government Code section 11500 et seq, as mandated by Business and Professions Code section 19461. A revocation hearing will not be conducted by the Board of Stewards, but will be heard by an Administrative Law Judge, hearing officer or referee who will be taking evidence and drafting a proposed decision on behalf of the California Horse Racing Board to consider. Attachment 2 makes clear that the Board of Stewards may refer a matter to the California Horse Racing Board if license revocation is determined to be appropriate.

However, if license revocation is **not** sought, Business and Professions Code section 19461 does not require the disciplinary hearing to be conducted pursuant to Chapter 5 of the APA. In the past and currently, non-revocation hearings before the Board of Stewards are conducted pursuant to the Governing Procedures in Attachment 1. Attachment 2 more clearly delineates how non-revocation disciplinary hearings before the Board of Stewards are to be conducted. Attachment 2 provides the non-revocation hearing will be conducted under Government Code section 11513 (Evidence; examination of witness), Government Code section 11514 (Affidavits) and Government Code section 11515 (Official Notice). Further, Attachment 2 conforms to the Administrative Adjudication Bill of Rights stated in Government Code section 11425.10.

Finally, Attachment 2 authorizes hearing officers to the hear appeals in addition to Administrative Law Judges and referees.

B. Attachment 3 is the proposed Governing Procedures for non-revocation Class 1, 2 or 3 Drug Violation cases.

Attachment 3 is consistent with the Attachment 2, with an additional provision regarding a Licensee's right to elect to have the matter heard by the Board of Stewards or a hearing officer as permitted by Business and Professions Code section 19517.5.

Appeals from a non-revocation drug violation case will be heard directly by the California Horse Racing Board.

C. Attachment 4 is the proposed Governing Procedures for Class 1, 2 or 3 Drug Violation cases where revocation of license is the penalty sought.

Revocation of a California Horse Racing Board license requires the proceedings to be conducted pursuant to Chapter 5 of the APA, Government Code section 11500 et seq.

RECOMMENDATION:

Staff recommends the proposed Governing Procedures (Attachments 2, 3 and 4) be adopted by the California Horse Racing Board.

GOVERNING PROCEDURE FOR HEARING
BEFORE BOARD OF STEWARDS

1. You are entitled to reasonable advance notice of the charges against you. You are also entitled to receive, in advance of the hearing, copies of all investigative reports and support documentation which the California Horse Racing Board (CHRB) investigators relied upon in bringing the charges against you, as well as all documents which the CHRB intends to put in evidence at the hearings.
2. You will have an opportunity to present your side of the case and rebut the case against you, including the opportunity to cross-examine witnesses who testify against you. You must bring all of your witnesses and all of your evidence to the hearing.
3. You are entitled to be represented by an attorney at the hearing.
4. The hearing shall be open to the public.
5. All or part of the hearing may be conducted telephonically, to the extent that all parties agree, and to the extent that each participant has an opportunity to participate in and to hear the proceeding while it is taking place.
6. If you believe that a steward on the Board of Stewards who will hear your case is biased or prejudiced against you, or has an interest in the outcome of the proceeding, you may challenge the steward. Upon such challenge, the steward may either disqualify him/herself or put the decision to the Board of Stewards, who must then decide whether you have stated a basis for disqualification of the steward. If a steward is disqualified, another steward will be appointed to sit on the Board of Stewards for purposes of hearing the matter. If the challenged steward is not disqualified, you may challenge the decision not to disqualify the steward as a separate matter on appeal. The decision of a steward or the Board of Stewards regarding such challenge is final.
7. From the time that the Complaint and Notice to Appear issues until the Board of Stewards renders its decision, you may not communicate, in any manner, directly or indirectly, with the Board of Stewards, unless at the same time, the communication is shared with all parties to the proceedings including the CHRB. This rule applies equally to the CHRB and its representatives.
8. You may request a subpoena for the production of witnesses or documents at the hearing. The Executive Director of the CHRB shall issue subpoenas at the request of any party to the matter for the purpose of compelling attendance at the attendance of a witness or the production of documents at the hearing. The Board of Stewards will decide disputes.

GOVERNING PROCEDURE FOR HEARING
BEFORE BOARD OF STEWARDS

9. A verbatim record of the proceedings will be made, using either a shorthand reporter or a tape recorder. You may request a tape recording or a transcript of the hearing from the CHRB. It will be provided to you free of charge.

10. You will receive a written decision after the hearing. The decision will be written by the majority, be based on the record, and include a statement of the factual and legal basis for the decision. The decision will also include a description of the penalty imposed, if any. The Board of Stewards will take action upon a majority decision. In the event of a split vote, each steward shall file a separate written decision on the matter.

11. You have 72 hours from the receipt of the written decision to appeal the Board of Stewards decision to the CHRB. You may request a stay of any penalty pending appeal.

12. If you timely appeal a Board of Stewards' decision, the matter will be heard on behalf of the CHRB by an administrative law judge (ALJ) or referee designated by the CHRB. On appeal, you bear the burden of showing that the law was improperly interpreted or applied by the Stewards and/or that the stewards' factual determinations were not supported by substantial evidence or that the best interest of racing in the State maybe better served by reversal or modification of the stewards decision. The ALJ/referee will draft a proposed decision and submit it to the CHRB.

13. The CHRB may adopt, modify and adopt, or reject the proposed decision of the ALJ/referee.

14. If you are dissatisfied with the CHRB's decision, you may appeal that decision to Superior Court.

You are also entitled to receive, in advance of the hearing, copies of all investigative reports and support documentation which the California Horse Racing Board (CHRB) investigators relied upon in bringing the charges against you, and the CHRB will exchange with you copies of all documents which each party intends to put in evidence at the hearing.
2. You will have an opportunity to present your side of the case and rebut the case against you, including the opportunity to cross-examine witnesses who testify against you. You must bring all of your witnesses and all of your evidence to the hearing.
3. You are entitled to be represented by an attorney at the hearing.
4. The hearing shall be open to the public.
5. All or part of the hearing may be conducted telephonically to the extent that all parties agree and to the extent that each participant has an opportunity to participate in and to hear the proceeding while it is taking place.
6. If you believe that a steward on the Board of Stewards who will hear your case is biased or prejudiced against you or has an interest in the outcome of the proceeding, you may challenge that steward. Upon such challenge, the steward may either disqualify him/herself or put the decision to the Board of Stewards, who must then decide whether you have stated a basis for disqualification of that steward. If a steward is disqualified, another steward, will be appointed for purposes of hearing the matter. If the steward is not disqualified, you may challenge the decision not to disqualify the steward as a separate matter on appeal. The decision of the Board of Stewards regarding such challenge is final.
7. While the proceeding is pending, beginning with the issuance of the Complaint and Notice to Appear, you may not communicate, in any manner, directly or indirectly, with the Board of Stewards regarding any issue in the proceeding, unless, at or before the time the communication is made, the communication is shared with all the parties to the proceeding including the CHRB, and an opportunity is afforded to all parties to participate in the communication. This rule applies equally to the CHRB and its representatives. Nothing herein precluded communications made on the record at the hearing. Applicable exception to, and clarifications of, this rule are found in Government Code sections 11430.10 through 11430.80.
8. You may request a subpoena for the production of witnesses at the hearing and/or the production of documents at a reasonable time and place or at the hearing. The Board of Stewards, hearing officer or referee will decide disputes.

GOVERNING PROCEDURE

CHRB-204A-1

9. The Stewards may refer your matter to the CHRB if license revocation is determined to be appropriate. In that case, Chapter 5 of the Administrative Procedure Act will apply to the proceedings to revoke your license and will supplant any inconsistent provisions herein. Chapter 5 is Government Code sections 11500 et seq. If the matter is not referred to the CHRB, the proceedings will be held before the Board of Stewards, Hearing Officer or Referee under the evidentiary provisions of Government Code sections 11513, 11513 and 11515, but Chapter 5 will not otherwise apply.
10. A verbatim record of the proceedings will be made, using either a shorthand reporter or a tape recorder. You may request a record of the hearing from the CHRB. A tape or transcript of the hearing will be provided to you free of charge.
11. You will receive a written decision after the hearing. The written decision will include a statement of the factual and legal basis for the decision. The statement of the factual basis for the decision shall be based on the evidence of record and on matters officially noticed in the proceeding. The decision will also include a description of the penalty imposed, if any. The Board of Stewards will take action upon a majority decision. In the event the decision is not unanimous, one or more dissenting or concurring decisions shall be filed. Each steward shall file his/her own written decision or join in a written decision on the matter.
12. You may appeal the decision of the Board of Stewards' decision to the CHRB. Appeals must be received by a CHRB employee at any of its offices not later than 72 hours from the date of the decision.
13. If you timely appeal a decision, the matter will be heard on behalf of the CHRB by an administrative law judge (ALJ), a referee or a hearing officer designated by the CHRB. The ALJ, referee or hearing officer will draft a proposed decision and submit it to the CHRB. On appeal, you bear the burden of proving the facts necessary to sustain the appeal. The CHRB will consider evidence that was presented to the Board of Stewards. It will also consider whether the stewards mistakenly interpreted the law, whether new evidence of a convincing nature is produced, and whether the best interests of racing and the state may be better served by overruling the stewards' decision.
14. The CHRB may adopt, modify and adopt, or reject the proposed decision of the ALJ, referee or hearing officer.
15. If you are dissatisfied with the CHRB's decision, you may appeal that decision to the Superior Court.

Regular Board Meeting

June 20, 2013

BACKGROUND

Business and Professions Code section 19604.5(e)(1) provides that the Board shall have full power to prescribe rules, regulations, and conditions under which exchange wagering may be conducted in California consistent with this section, including the manner in which exchange wagers may be accepted and the requirements for any person to participate in exchange wagering. Business and Professions Code section 19604.5(m) states the Board shall promulgate administrative rules and regulations to effectuate the purposes of this section. At its November 2012 Regular Meeting the Board adopted the proposed addition of Article 27, Exchange Wagering, which comprises 25 regulations governing the conduct of exchange wagering in California. The exchange wagering rulemaking file was submitted to the Office of Administrative Law (OAL) on January 31, 2013. On March 20, 2013, the OAL disapproved the file. Of the 25 regulations submitted, the OAL cited necessity, clarity or consistency issues with eight regulations, as well as certain procedures of the Administrative Procedures Act (APA). The CHRB has 120 days from the date of the disapproval to correct and resubmit the rulemaking file. After a 15-day public comment period, during which only comments on the proposed revisions will be accepted, the corrected texts will be heard for adoption by the Board. Upon resubmission of a disapproved regulation the OAL shall only review the resubmitted regulation for those reasons expressly identified in the written opinion, or for those issues arising as a result of a substantial change to a provision of the resubmitted regulation (Government Code section 11349.4(b)).

On May 2, 2013, the Exchange Wagering Ad Hoc Committee met at Hollywood Park Race Track to review modifications to certain proposed exchange wagering regulations. Following a discussion which focused on the proposed addition of Rule 2086.5, Application for License to Operate Exchange Wagering, Chairman Israel directed staff to hold a meeting with industry representatives to craft a text that would address most of the issues raised concerning the rule. On May 9, 2013, staff met with representatives of Global Betting Exchange, Churchill Downs and Betfair.

At its May 23, 2013 Regular Meeting the Board directed staff to initiate a 15-day public comment period regarding the modifications to certain proposed exchange wagering regulations. The 15-day public comment period was begun on June 4, 2013 and ended on June 19, 2013. To date, no comments have been received.

ANALYSIS

The OAL disapproval letter cited issues with eight of the 25 exchange wagering regulations. To address OAL's concerns staff has modified the texts of the eight regulations. The modified texts are:

Rule 2086, Definitions: The OAL stated Rule 2086 did not comply with the consistency standard of Government code section 11349.1(a)(4). The enabling statute, Business and Professions Code section 19604.5, uses the terms "*person*" and "*natural persons*". However, only "*natural persons*" may hold accounts and place wagers through an exchange. The OAL stated the use of the term "*person*" in subsections 2086(h), (m), (p) and (s) was inconsistent with the enabling statute's more specific statements that only "*natural persons*" may hold an exchange wagering account and place wagers through the exchange. To address the OAL's concerns, staff modified the text of Rule 2086 to use the term "*natural person*" where necessary. Subsection 2086(k) was also modified to incorporate by reference the form CHRB-229 (New 5/13) Application for License to Operate Exchange Wagering. The form was previously incorporated by reference under Rule 2086.5, Application for License to Operate Exchange Wagering. However, subsection 2086(k) defines "*exchange wagering license application*" and it contains the first reference in Article 27 to the form CHRB-229; accordingly, subsection 2086(k) is where the incorporation by reference should occur.

Rule 2086.5, Application for License to Operate Exchange Wagering: The OAL stated the regulation did not meet the clarity standard of Government Code section 11349.1. Subsection 2086.5(b) states the exchange wagering assessment fee is \$1,400,000 "*or an amount to be determined by the Board*". The OAL provided that it was unclear what factors would be examined for the Board to determine it would modify the amount of the assessment fee. To address the OAL's concerns, staff deleted the phrase "*or an amount to be determined by the Board*". This means the assessment fee is as stated in the regulation and cannot be modified outside of the Administrative Procedures Act.

The OAL stated subsection 2086.5(b) requires an application for license to operate exchange wagering to be accompanied by a certified check in the amount of \$1.4 million. However, in the rulemaking record the Std. 399, Economic and Fiscal Impact Statement, shows the total annual

estimate of program costs to regulate exchange wagering as \$510,000 which makes the \$1.4 million appear to exceed the reasonable costs of the program. Upon reexamination of estimated costs, the assessment fee for license to operate exchange wagering has been modified to \$500,000 per fiscal year. This brings the regulation in line with the original estimates of the Std. 399, Economic and Fiscal Impact Statement, which is based on the State's fiscal year. The assessment fee amount was moved from subsection 2086.5(b) to a new subsection 2086.5(d).

At the May 2, 2013 Ad Hoc Committee meeting Chairman Israel stated the term of license for an exchange wagering operator should be one year, which is consistent with Board practice regarding advance deposit wagering approvals. Subsection 2086.5(c) has been modified to state that the term of license is a maximum of twelve months, commencing the first day of the month following approval. However, to accommodate the effort to have both payment of assessment fees and the term of license coincide with the State of California's fiscal year, subsection 2086.5(c)(1) has been added to provide that every original exchange wagering license shall expire on the last day of the State of California's fiscal year in which it is issued. Subsequent (renewal) approvals shall be for a period of 12 months beginning July 1 and ending June 30.

The new subsection 2086.5(d) provides that the assessment fee for license to operate exchange wagering shall be equally apportioned amongst the approved applicants and paid on a monthly basis. Moving to monthly payments rather than a yearly lump sum eliminates the possibility of having to provide refunds or credits to licensed exchange wagering operators if a new operator is subsequently licensed. The monthly payments are simply adjusted for all parties. Monthly payments also allow an operator to be approved at any time of year.

New subsections 2086.5(d)(1) and (d)(2) provide for assessment fee payment timelines and the amounts to be paid monthly – dependent on the number of approved applicants. A new subsection 2086.5(d)(3) requires the Board to notify existing exchange wagering operators of an adjustment to the monthly assessment fees within seven business days.

In summary:

- (1) The term of an exchange wagering license is a maximum of 12 months.
- (2) An original exchange wagering license will expire on June 30 in the year it is issued, the last day of the State of California's fiscal year, and thereafter shall be for a period of 12 months beginning July 1 and ending June 30.
- (3) The total amount per fiscal year to be assessed to operate exchange wagering is \$500,000.
- (4) The assessment fee shall be equally apportioned amongst the approved applicants and paid on a monthly basis.
- (5) The Board shall provide notification of adjustments to monthly assessment fees within seven business days of an increase or decrease in the number of approved exchange wagering applicants.

The OAL stated the original subsection 2086.5(d), which is now subsection 2086.5(e), did not meet the clarity standards of Government Code section 11349.1 since it could not easily be understood. The subsection provides the Board "*may approve*" the application, but it does not provide the reasons why the Board may or may not approve an application. To address OAL's concerns, staff deleted the word "*may*" and inserted the word "*shall*". This means the Board

shall approve an application if it determines the applicant meets the criteria identified in its regulations and the enabling statute.

The form 299 (New 05/13) Application for License to Operate Exchange Wagering, was also amended – where appropriate - to reflect the changes made to Rule 2086.5.

Rule 2086.6, Operating Plan Required: The OAL stated Rule 2086.6 did not meet the clarity standard of Government Code section 11349.1, as there was no guidance provided as to the format required by the Board for an operating plan. In addition, it was unclear what additional information, beyond the “*minimum*” that was listed in the regulation, might be required or in what instance the Board might require any additional information. To address OAL’s concerns, staff deleted the phrase “*in a format and containing such information as required by the Board.*” This means that the operating plan must contain at least the items listed in the regulation.

The OAL stated subsection 2086.6(i) did not meet the consistency standard of Government Code section 11349.1(a)(4). The proposed subsection 2086.6(i) provided that the operating plan and any subsequent updates or changes would be exempt from disclosure pursuant to Government Code section 6254(k). The OAL disapproval stated the subsection was not in harmony with Government Code subdivision 6254(k), and that no federal or state law exempting or prohibiting disclosure of the operating plan as a record could be located. To address OAL’s concerns, staff proposes the deletion of subsection 2086.6(i).

Rule 2086.7, Exchange Wagering Data: The OAL stated Rule 2086.7 did not meet the clarity standard of Government Code section 11349.1. Subsection 2086.7(a) did not identify the data base “*designated by the Board*” as the entity to which an exchange operator must provide information. To address OAL’s concerns, staff has modified subsection 2086.7(a) to identify CHRIMS Inc. as the nonprofit horse racing data base. The OAL also stated the regulation did not require an exchange operator to provide data, but only data interface. To address OAL’s concerns, staff has modified subsection 2086.7(a) to require the exchange operator to provide data, as well as a data interface.

Rule 2087.6, Cancellation of Matched Wagers: The OAL stated subsection 2086.7(c) did not meet the clarity standard of Government Code section 11349.1 as an account holder might not understand when a payout was “*inappropriately disrupted*”. There was no guidance as to when any disruption was inappropriate. To address OAL’s concerns staff has modified subsection 2086.7(c) to delete “*inappropriately disrupted*”. The term “*not made*” has been inserted to make it clear that if a payout is not made due to the cancellation of a matched wager, the account holder who disputes such non-payment may submit a claim to the exchange provider.

Rule 2089, Errors in Payments of Exchange Wagers: The OAL stated subsection 2089(a) did not meet the clarity standard of Government Code section 11349.1 since it could not be easily understood by directly affected persons. The regulation provides when an account holder must be immediately notified of over or under payments. However, OAL stated the exchange provider and account holder would not be able to determine when the required notification must be made. To address OAL’s concerns, staff has deleted the word “*immediately*” from subsection 2089(a) and inserted the phrase “*within one business day*”. This makes it clear that the exchange

operator has one business day to notify the account holder of an overpayment. For consistency, staff modified subsection 2089(b)(1) to include the requirement that the exchange provider notify an account holder of an underpayment within one business day. Finally, OAL stated the use of the term “*person*” in subsection 2089(b)(4) was inconsistent with the enabling statute’s more specific statements that only “*natural persons*” may hold an exchange wagering account and place wagers through the exchange. To address the OAL’s concerns, staff modified subsection 2089(b)(4) to use the term “*natural person*”.

Rule 2089.5, Requirements to Establish an Exchange Wagering Account: The OAL stated subsection 2089.5(j) did not comply with the consistency standard of Government Code section 11349.1(a)(4). The regulation requires the exchange provider to keep recordings “*for at least 180 days, unless otherwise directed by the Board*”. The OAL stated the regulation failed to provide the factors that might necessitate the Board to direct an entity to keep recordings for a longer or shorter period of time. To address the OAL’s concerns, staff modified subsection 2089.5(j) to specify the factors that would necessitate the Board to direct an entity to keep recordings for a longer or shorter period. Staff inserted the phrase “*for purposes including but not limited to conducting an investigation, an audit or an ongoing wagering inquiry.*” In addition, subsection 2089(j) has been modified to provide that the Board may direct the entity to retain such records for an additional period of one year past the 180 days. This provides a clear period of time over which the Board might require retention of records.

Rule(s) 2087, Suspending Markets; 2091.5, Suspending an Exchange Wagering Account; 2092.5, Prohibitions on Wagers to Lay a Horse to Lose, and Rule 2092.6, Suspension of Occupational License: The OAL stated the regulations did not comply with the consistency standard of Government code section 11349.1(a)(4). The enabling statute, Business and Professions Code section 19604.5, uses the terms “*person*” and “*natural persons*”. However, only “*natural persons*” may hold accounts and place wagers through an exchange. The OAL stated the use of the term “*person*” was inconsistent with the enabling statute’s more specific statements that only “*natural persons*” may hold an exchange wagering account and place wagers through the exchange. To address the OAL’s concerns, staff modified the text of Rules 2087, 2091.5, 2092.5 and 2092.6 to use the term “*natural person*” where necessary.

Other modifications: Rule 2086.9, Financial and Security Integrity Audits Required, was modified to create subsection 2086.9(c). Rule 2088.6, Cancellation of Unmatched Wagers, was modified for purposes of grammar and clarity.

RECOMMENDATION

Staff recommends the Board adopt the modified exchange wagering regulations as presented.

June 20, 2013

BACKGROUND

Business and Professions Code section 1961.51 (a) states the notwithstanding any other provision of law, and in lieu of any license fee payable to the state prescribed for or referred to in Section 19491, 1949.5, 19596.3, 19601, 19601.2, 19602, 19603, 19604, 19605.25, 19605.35, 19605.45, 19605.6, 19605.7, 19605.71, 19606.5, 19606.6, 19610.8, 19611, 19612, 19614, 19616, 19616.1, 19616.2, or 19641, any association or fair that conducts a racing meeting shall only pay a license fee to the state to fund the Board and the equine drug testing program as follows:

- (1) All racing associations and fairs including all breeds of racing shall participate in the funding of the Board in accordance with the formula devised by the Board in consultation with the industry.
- (2) The baseline funding for the Board and equine drug testing program in the first fiscal year after the enactment of this section shall be the amount approved in the 2008-09 Budget Act.
- (3) Adjustment to the funding in subsequent budget years may only be made by an act of the Legislature.

For the 2013-14 fiscal year, the CHRB's operating budget as determined by the Governor's Budget is \$11,639,000 and such amount shall be subject to change in future years.

ANALYSIS

The CHRB support formula was developed in consultation with the horse racing industry. As in prior years, the formula is based upon the license fees that would have been paid to the State of California had the Senate Bill 16 (SB16) not been enacted. The following mechanism was used to develop the formula:

- The projected commingled handle was multiplied by the pre SB16 license fee rate for each host track to arrive at the estimated pre SB16 license fees for the fiscal year 2013-14.
- The CHRB support percentages were calculated by dividing the CHRB approved budget by the estimated pre SB16 license fees. The rate for the 2013-14 fiscal year will be 52.65 percent.
- The same procedure was followed to calculate the Fairs and Expositions (F/E) recapture payments. The rate for the 2013-14 fiscal year will be 4.16 percent.

Fiscal year 2013-14 is the fifth year the CHRBR support formula is in effect to provide for the CHRBR support funding. Table 1 below shows the CHRBR approved budgets and the CHRBR support fee rates used to fund the CHRBR operations.

Table 1. Historical Percent of License Fee Savings absorbed by CHRBR budget

Fiscal Year	CHRBR Approved Budget	CHRBR Support Fee Rate
2009-10	\$11,833,000	42.6%
2010-11	\$11,734,000	48.8%
2011-12	\$11,716,000	57.8%
2012-13	\$11,590,000	52.65%
2013-14	\$11,639,000	52.65%

The CHRBR support fee rate is an estimate, and depending on handle activity there may be over/under payments made for CHRBR support and F/E support and F/E recapture payments. The CHRBR and the industry recognize that a determination of over/under payment amounts will be necessary at the end of each fiscal year. The industry has agreed to fund underpayments within ten business days. For overpayments, the industry will get a credit towards amounts due in the following year. See attachments as follows:

- Attachment I- Board Support/ F & E Recapture- Model for 7/1/2013- 6/30/2014
- Attachment II- Industry's Agreement
- Attachment III- Industry Projection

As of June 13, 2013 industry representatives had agree to the CHRBR support formula. However, due to logistics we do not have all the signatures attached to the agreement. We are missing Los Alamitos Quarter Horse Racing Association signature.

RECOMMENDATION

Staff recommends that the Board approve the funding formula for fiscal year 2013-14.

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD
REGARDING THE ALLOCATION OF
2014/2015 NIGHT RACING DATES
AT LOS ALAMITOS AND CAL EXPO

Regular Board Meeting
June 20, 2013

BACKGROUND

Business and Professions Code section 19530 provides the Board the authority to allocate racing weeks to an applicant pursuant to the provisions of the horse racing law and to specify such racing days, dates, and hours for horse racing meetings as will be in the public interest, and will subserve the purposes of the law. Business and Professions Code section 19531 states the Board shall make allocations for racing weeks, including simultaneous racing between zones as it deems appropriate. The maximum number of racing weeks that may be allocated for horse racing other than at fairs, shall be as follows: (a) For thoroughbred racing: 44 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone. (b) For harness racing: 25 weeks per year in the northern zone. (c) For quarter horse racing: 25 weeks per year in the northern zone. (d) For harness racing and quarter horse racing: a total of 77 weeks per year in the combined central and southern zones. Business and Professions Code section 19532(a) specifies any association licensed to conduct thoroughbred racing in the northern zone may receive no more than 35 weeks of that racing. (b) Any association licensed to conduct thoroughbred racing in the central zone may receive no more than 17 weeks of that racing, except that any association which conducts a split meeting may receive up to 20 weeks of that racing. No more than one such split meeting may be licensed in any one year. Business and Professions Code section 19549 provides the maximum number of racing weeks that may be allocated to a fair shall be four weeks each, except under specified conditions.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

Business and Professions Code section 19530 provides the Board the authority to allocate racing weeks to an applicant pursuant to the provisions of the horse racing law and to specify such racing days, dates, and hours for horse racing meetings as will be in the public interest, and will subserve the purposes of the law. Business and Professions Code section 19531 states the Board shall make allocations for racing weeks, including simultaneous racing between zones as it deems appropriate. The maximum number of racing weeks that may be allocated for horse racing other than at fairs, shall be as follows: (a) For thoroughbred racing: 44 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone. (b) For harness racing: 25 weeks per year in the northern zone. (c) For quarter horse racing: 25 weeks per year in the northern zone. (d) For harness racing and quarter horse racing: a total of 77 weeks per year in the combined central and southern zones. Business and Professions Code section 19532(a) specifies any association licensed to conduct thoroughbred racing in the northern zone may receive no more than 35 weeks of that racing. (b) Any association licensed to conduct thoroughbred racing in the central zone may receive no more than 17 weeks of that racing, except that any association which conducts a split meeting may receive up to 20 weeks of that racing. No more than one such split meeting may be licensed in any one year. Business and Professions Code section 19549 provides the maximum number of racing weeks that may be allocated to a fair shall be four weeks each, except under specified conditions.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

- Alameda County Fair (ACF) at Pleasanton – June 18, 2014 to July 6, 2014
- Cal Expo - July 9, 2014 to July 20, 2014 (Cal Expo submitted a separate request for July 9 – July 22, 2014)
- Humboldt County Fair (HCF) at Ferndale – August 6, 2014 to August 17, 2014
- San Joaquin County Fair at Stockton – September 17, 2014 to September 28, 2014
- Fresno County Fair at Fresno – October 1, 2014 to October 13, 2014

CARF's date's proposal reflects proposed live race dates and simulcast days.

CARF's proposal also included the following dates for Sonoma County Fair at Santa Rosa and PRA at Golden Gate Fields. (Sonoma County Fair is no longer a CARF fair effective, April 2, 2013)

- Sonoma County Fair at Santa Rosa- July 23, 2014 – August 3, 2014
- PRA at Golden Gate Fields – December 26, 2013 to June 15, 2014
- PRA at Golden Gate Fields – August 20, 2014 to September 14, 2014
- PRA at Golden Gate Fields – October 15, 2014 to December 21, 2014

This proposal is identical to the proposal presented at the May 23, 2013 meeting of the Board.

CARF submits that in order to continue discussion of multiple-year calendars and to allow for the transitional planning which would be required for fairs, they respectfully request that the Board approve the following race dates for GGF:

December 26, 2013 through June 15, 2014
 October 15, 2014 through December 21, 2014

In addition, CARF is requesting that the Board defer a decision on 2014 summer racing dates until the Board's September regular meeting, by which time the Sonoma County Fair in Santa Rosa and Humboldt County Fair in Ferndale will have concluded their 2013 race meetings.

CARF believes that this approach would allow for an initial decision confirming most of the dates that GGF has requested for 2014. These non-summer dates represent a large segment of the annual racing calendar in Northern California, so approval of these dates would allow GGF to plan ahead for most of 2014. At the same time, this approach would give Fair Boards a chance to consider potential changes to the summer fair racing calendar in Northern California for 2014 and 2015.

In conjunction with the CARF request to defer a decision on 2014 summer racing dates until the Board's September regular meeting, the California Exposition and State Fair, has also respectfully requested that the Board's discussion and decision regarding 2014 and 2015 Northern California Fairs race dates be continued until the end of the summer Fair season. The request is based on a number of factors including the impending opening of the state fair and the Alameda County Fairs. Both fairs have new CEO's that are working to produce successful face meetings. In addition there are significant changes this summer at the Sonoma County and San Joaquin county fairs. Given the amount of change, Cal Expo submits that it seems prudent to get through the bulk of the Northern California Fair Race meetings this summer so that all parties can better evaluate the fairs future.

CAL Expo submits that in order for GGF to plan appropriately for the first half of 2014, the Board could approve the 2014 spring race dates at GGF up to June 15, 2014.

POSSIBLE THOROUGHBRED RACING AT CAL EXPO

Cal Expo is open to discussing additional racing dates at Cal Expo outside of the annual State Fair. It has been suggested that the dates of August 13, 2014 through September 3, 2014 should be considered. These dates might consist of 10 live racing days and 12 simulcast days. CALIFORNIA EXPOSITION AND STATE FAIR

Cal Expo submitted the following information regarding its 2015 State Fair and Cal Expo Thoroughbred Racing Dates:

Although it plans to operate the 2015 State Fair in July of 2015, it has been approached by members of the racing industry, suggesting that the State Fair shift its fair dates back to the end of the summer to encompass the Labor Day weekend. While the State Fair is open to prudently dialoguing with industry leaders on this item, such discussion could not be adequately held until much later in the year. Discussion would need to be broad based to include the racing industry, as well as other fair industry partners that would be impacted by such date changes. In addition the timing and possible impacts of Cal Expo's Renewal Plan would also need to be carefully considered.

RECOMMENDATION

Staff recommends the Board hear from the parties.
