Exchange Wagering Ad-Hoc Committee Meeting
August 22, 2012

BACKGROUND

Senate Bill (SB) 1072, Chapter 283, Statutes of 2010, added Business and Professions Code section 19604.5 to provide that the Board has full power to prescribe rules, regulations and conditions under which exchange wagering may be conducted in California. Exchange wagering is a relatively new form of wagering which was introduced in the United Kingdom in 2000. Exchange wagering uses a "stock market model" to operate sports wagering. Exchange wagering account holders may buy and sell, or "back" and "lay" the outcome of horse races in a manner much like day trading on a stock exchange. Business and Professions Code section 19604.5(a)(7) defines exchange wagering as a form of pari-mutuel wagering in which two or more persons place identically opposing wagers in a given market.

Business and Professions Code section 19604.5(e)(2) provides that prior to the Board promulgating rules, regulations and conditions under which exchange wagering may be conducted in California, it shall consider studies or comments submitted by interested parties on the impact of exchange wagering on pari-mutuel wagering and the economics of the California horse racing industry. On August 2, 2011 the Board published a notice of intent to promulgate exchange wagering rules. The notice solicited written comments and studies concerning the impact of exchange wagering, and advised that all written materials would be used to develop rules and regulations that are in the best interest of the public and the California horse racing industry. The 45-day public notice period closed on September 26, 2011. Substantive comments were received from TVG-Betfair (TVG); Christensen Capital Advisors LLC; Global Betting

Exchange; Los Angeles Turf Club/Pacific Racing Association (LATC/PRA); Churchill Downs Incorporated; Thoroughbred Owners of California (TOC); California Thoroughbred Horsemen's Foundation; and CHRIMS, Inc. Several individuals also wrote to express opinions regarding exchange wagering. TVG, Christensen Capital Advisors LLC, Global Betting Exchange, and CHRIMS, Inc. offered positive comments and suggested exchange wagering regulations. LATC/PRA, Churchill Downs Incorporated and TOC questioned whether exchange wagering would benefit California horse racing. All comments were taken into consideration and used in drafting the proposed exchange wagering regulations that constitute the proposed addition of Article 27, Exchange Wagering.

On February 9, 2012 the Exchange Wagering Ad Hoc Committee (Ad Hoc committee) met at Santa Anita Park Race Track. The Ad Hoc committee heard testimony regarding exchange wagering from advance deposit wagering providers, racing associations, horsemen's organizations and betting exchange providers, as well as comments from CHRIMS, the Jockey's Guild and Horseplayer's Association of North America. The Ad Hoc committee also heard and discussed a presentation from the CHRB enforcement and audit staff regarding enforcement plans for monitoring exchange wagering in California. Following discussion by all concerned parties the Ad Hoc committee took no action, as an agreement between the parties had not been reached. Following the Ad Hoc committee meeting changes were made to certain proposed regulations in response to comments.

At the March 22, 2012 Regular Board Meeting staff was instructed to initiate a 45-day public comment period regarding the addition of Article 27, Exchange Wagering. During the public comment period written comments were received from a wide variety of interested industry parties.

At the June 28, 2012 hearing for adoption of Article 27, Exchange Wagering, the Board determined that it would hold an Ad Hoc committee meeting to review written comments received during the 45-day public comment period and to authorize modifications to proposed regulations where the Ad Hoc committee felt changes were appropriate. The Board directed staff to organize the comments so that only those relating directly to the text of proposed regulations were provided, and to modify the text of the regulations where it believed comments should be accepted.

ANALYSIS

Article 27, Exchange Wagering, is comprised of 25 proposed regulations governing the conduct of exchange wagering in California. During the 45-day public comment period comments were received on 22 of the 25 proposed regulations. After reviewing comments submitted during the 45-day public comment period, modifications were made to 13 of the proposed regulations. The proposed modifications are:

Rule 2086.6, Operating Plan Required, requires that an exchange wagering applicant submit an operating plan detailing its proposed method of operation as an exchange with any application for a new or renewal license. The proposed modification to Rule 2086.6 would change subsections:

- 2086.6(a)(2) to require the exchange provider to provide evidence that the account holders funds are held in a separate FDIC insured bank account and shall not be used for any purpose other than those required by account holders exchange wagering transactions. The addition of the phrase will emphasize that the account holders funds are separate from those of the exchange provider and may not be used for any purpose other than an account holders exchange wagering activities.
- 2086.6(h), which requires the exchange operator to provide its requirements for exchange wagering accounts established and operated for persons whose principal residence is *outside the state*. The proposed modification states: "which accounts may be utilized for wagers on California races only, and cannot be utilized to wager on non-California races." This is in keeping with Business and Professions Code section 19604.5(b) which states that exchange wagering by residents of jurisdictions outside of California on the results of races conducted in California shall be lawful under specified conditions.

Rule 2086.8, Monitoring Systems and Notification, provides that the exchange provider will furnish full access to its monitoring system and that the provider shall immediately notify the Board of any wagering anomalies and agreed upon thresholds. The rule also requires the provider to establish and distribute criteria for anti-money laundering procedures and thresholds, and establish and distribute criteria for monitoring telephone records of account holders.

- The modification to subsection 2086.8(a)(3) deletes the word "occur" and is for purposes of grammar.

Rule 2087.5, Antepost Market, states that antepost markets are authorized and describes what constitutes an antepost market. The proposed modifications to Rule 2087.5 are:

- Subsection 2087.5(a) to state that antepost market wagers are wagers "placed in advance of the closing of entries." This clarifies when antepost wagers are placed.
- The addition of subsection 2087.5(b), which states antepost wagers shall close for wagering at the close of entries.

Rule 2087.6, Cancellation of Matched Wagers, sets the conditions under which a matched wager may be cancelled or voided by an exchange provider, and requires the exchange provider to notify the Board of such cancellation, as specified. The proposed modification of Rule 2087.6 will:

- Add a requirement that the exchange provider must notify the Board in writing if it voids or cancels a matched wager due to technological failure. This is in addition to the requirement that the exchange provider notify the Board in writing if it voids or cancels matched wagers if the person who placed the wager has breached the terms of his agreement, or if the action is in the interest of the integrity or fairness of the market.

Rule 2088, Declared Entries, requires the exchange provider to void matched wagers on declared entries, except in an antepost market. The proposed modifications are:

- Change title of regulation to: “Non-Starters and Declared or Scratched Entries”. This is in response to a comment that stated it would be a more descriptive title.
- Add “non-starters” and “scratched” entries to subsection 2088(a).
- Add subsection 2088(b) to provide: In the event of a non-starter, declared or scratched entry, the price of all other matched wagers existing at the time the declared or scratched entry occurred, or the non-starter declared, may/may not be reduced proportionally by the exchange provider in accordance with the terms set forth in its operating plan to reflect the increased probability that those outcomes will become winning outcomes.

This will allow the exchange provider to include a “reduction factor principal” in its operating plan.

Rule 2088.6, Cancellation of Unmatched Wagers, allows cancellation at any time of an unmatched wager by the exchange provider.

- Modify regulation to include account holder as a party who may cancel an unmatched wager.
- Modify regulation to remove “by the provider” in reference to matching wagers. The California Thoroughbred Trainers stated this sounded like the exchange provider was using its funds to match the wager.

Rule 2089, Errors in Payments of Exchange Wagers, sets the procedures for the exchange provider to remedy errors in payment of exchange wagers.

- Modify subparagraphs 2089(a)(1), (a)(2) and (a)(3) to allow more time for account holders to submit claims or request in writing that the Board determine the validity of the claim. A claim must be submitted in 90 calendar days versus 30; a claim not submitted within 90 calendar days shall be deemed waived; and if a claim is rejected the claimant has 45 calendar days to appeal to the Board versus 15 calendar days. The Los Angeles Turf Club commented the original periods of time were not sufficient.

Rule 2089.5, Requirements to Establish an Exchange Wagering Account, states what is necessary for a natural person to establish an exchange wagering account. The regulation also requires the exchange provider to comply with Internal Revenue Service reporting requirements, and requires the recording and retention of specified transactions and conversations.

- Modify subsection 2089.5(a) to state accounts of residents of another jurisdiction shall be used for wagering on California races only. This is in keeping with Business and Professions Code section 19604.5(b), which states exchange wagering by residents of

jurisdictions outside of California on the results of horse races conducted in California shall be lawful, as specified.

- Update subsection 2089.5(a) to provide that only natural persons may open an exchange wagering account. This is in keeping with Business and Professions Code section 19604.5(c).

Rule 2090, Posting Credits for Winnings from Exchange Wagers, provides the requirements for the posting of credits for winnings from matched wagers.

- Update subsection 2090(b) to add “antepost” to clarify that the subsection is referring to antepost wagers.

Rule 2091.5, Suspending an Exchange Wagering Account, states the circumstances under which an account may be suspended and requirements for notifying the Board when an account is suspended.

- Add new subsection 2091.5 to provide that funds in a suspended account shall be maintained by the exchange provider until such time as any investigation associated with the suspension is complete and/or the account is no longer suspended.

Rule 2092, Exchange Wagers Placed After the Start of a Race, provides the requirements for placing exchange wagers after a race has begun, including required approvals for such wagering to take place. The rule also states wagering after the conclusion of a race, or on a previously run race, is prohibited.

- Modify subsection 2092(a) to include racing association and horsemen’s organization. This clarifies that the racing association and horsemen’s organization must authorize the exchange provider to accept wagers placed on a market after the start of a live race. This is in keeping with Business and Professions Code section 19604.5(k)

Rule 2092.5, Prohibitions on Wagers to Lay a Horse to Lose, prohibits certain classes of licensees from placing wagers to lay a horse to lose, prohibits others from making such wagers on behalf of such licensees, and provides that only the owner of an account may use his account to place such a wager.

- Modify subsection 2092.5(a) to add substitute trainer, and the veterinarian or any assistant to the veterinarian providing services to the trainer who trains the horse.
- Modify subsection 2092.5(b) to clarify that the entire subsection 2092.5(a) is referenced.
- Modify regulation to add subsection 2092.5(d) and 2092.5(e) to clarify that Board Rule 1970, Wagering on Competing Horses, and Rule 1969, Wagering Prohibited, apply to exchange wagering.

If the modifications to the proposed texts are accepted by the Ad-Hoc committee, the proposed addition of Article 27 will need to be noticed for an additional public comment period. The public comments will be limited to the proposed modified texts.

RULE 2086.6. OPERATING PLAN REQUIRED

Exchange Wagering Ad-Hoc Committee Meeting
August 22, 2012

2086.6. Operating Plan Required.

As part of the exchange wagering license application, and any renewal application, the applicant shall submit a detailed operating plan in a format and containing such information as required by the Board. At a minimum, the operating plan shall address the following:

(a) A detailed report of the daily operation of the exchange.

(b) Management of customer accounts including deposits, withdrawals, debits and credits. This shall include:

(1) A policy to prevent commingling of funds; and

(2) Evidence of an established account with an Federal Deposit Insurance Corporation (FDIC) insured bank in which all funds of the account holders will be deposited. This shall include evidence that account holder's funds are segregated and held in a separate FDIC insured bank account of the exchange provider, and that the funds shall not be used for any purpose other than those required by the account holder's exchange wagering transactions.

(c) Technology and hardware and software systems information, which shall include a data security policy, as well as a policy for the notification of the Board and account holders of any unauthorized access that may compromise account holders' personal information.

(d) Financial information that demonstrates the financial resources to operate an exchange and a detailed budget that shows anticipated revenue, expenditures and cash flows by month projected for the term of the license.

(e) Document retention policies including those related to account holder personal information and wagering information.

(f) A customer complaint and conflict resolution process.

(g) Programs for responsible wagering.

(h) The requirements for exchange wagering accounts established and operated for persons whose principal residence is outside of the state, which accounts may be utilized for wagers on California races only, and cannot be utilized to wager on non-California races.

(i) The operating plan submitted pursuant to this regulation, and any subsequent updates or changes to such operating plan, shall be exempt from disclosure pursuant to Government Code section 6254(k) and non-disclosable to the public.

If an error occurs in the payment of amounts for exchange wagers, the following shall apply:

(a) In the event the error results in an over-payment to the individuals wagering, the exchange provider shall be responsible for such payment.

(b) In the event the error results in an under-payment:

(1) An account holder must submit a claim for the underpayment within ~~30~~ 90 calendar days inclusive of the date on which the alleged underpayment occurred. The exchange provider shall investigate such claims and shall pay each claim, or a part thereof, which it determines to be valid, and shall notify the claimant in writing if his claim is rejected as invalid.

(2) Any claim not filed with the exchange provider within ~~30~~ 90 calendar days inclusive of the date on which the alleged under-payment occurred shall be deemed waived and the exchange provider shall have no further liability therefore.

(3) Any person whose claim is rejected by the exchange provider may, within ~~15~~ 45 calendar days from the date he received the notice of rejection, request in writing that the Board determine the validity of the claim. Failure to file such request with the Board within the said time shall constitute a waiver of the claim.

(4) A hearing shall be held on each such rejected claim timely filed with the Board. The Board shall give notice of such hearing to the claimant and the exchange provider. The Board may determine a claim to be valid, in whole or in part, and thereafter order the exchange provider to pay to the claimant the amount of the claim determined to be valid, or may deny the claim I whole or in part. TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 27. EXCHANGE WAGERING
PROPOSED ADDITION OF
RULE 2089.5. REQUIREMENTS TO ESTABLISH AN EXCHANGE WAGERING
ACCOUNT

Exchange Wagering Ad-Hoc Committee Meeting
August 22, 2012

2089.5. Requirements to Establish an Exchange Wagering Account.

(a) An exchange wagering account is necessary to place exchange wagers. Exchange wagering accounts may be established by residents of California. Residents of another jurisdiction may establish exchange wagering accounts provided it is not unlawful under United States federal law or the law of that jurisdiction to place an exchange wager and such accounts are used for wagering on California races only. An account may be established in person, by mail, telephone, or other electronic media including but not limited to the Internet. Only natural persons may open an account. An account shall not be assignable or otherwise transferable.

(b) The information required to establish an account shall include:

(1) The prospective account holder's full legal name.

(2) The principal residence address of the prospective account holder. Such address shall be deemed the address of record for mailing checks, withdrawals, statements, if any, of the account, notices, or other correspondence or materials. It is the responsibility of the account holder to notify the exchange provider of any address change.

(3) Telephone number.

(4) Social Security Number or Individual Tax Identification Number.

(5) Certification or other proof that the applicant is at least 18 years of age.

(c) An exchange provider shall employ electronic verification with respect to each prospective account holder's name, principal residence address, date of birth and social security number at the time of the account establishment by a Board-approved national, independent, individual reference company or another independent technology approved by the Board which meets or exceeds the reliability, security, accuracy, privacy and timeliness provided by individual reference service companies.

(d) An exchange provider may refuse to establish an account, or may cancel or suspend a previously established account, without notice, if it is found that any information supplied by the prospective account holder is untrue or incomplete.

(1) If the exchange provider cancels a previously established account, within five business days it shall return to the account holder at the address of record any funds held in the account.

(e) If an exchange provider or an affiliate of such provider is also licensed by the Board to conduct advance deposit wagering, the exchange provider may offer holders of existing advance deposit wagering accounts held with such exchange provider or such affiliate a convenient method of establishing an exchange wagering account by verifying information on file for the existing advance deposit wagering account.

(f) The exchange provider shall have the right to suspend or close any account at its discretion.

(g) The account applicant shall supply the exchange provider with a means of personal identification to be used by the account holder to access his account. Exchange wagering accounts are for the use only of the account holder and the account holder is responsible to

maintain the secrecy of the account number and means of personal identification. The account holder must immediately notify the exchange provider of any breach of security for the account.

(h) Each account shall have a unique identifying account number. The exchange provider shall inform the account holder of the assigned account number and provide a copy of the exchange provider's exchange wagering procedures, terms, and conditions, as well as any information that pertains to the operation of the account.

(i) Each exchange provider shall, at all times, comply with Internal Revenue Service (IRS) requirements for reporting and withholding proceeds from exchange wagers by account holders and shall, following the credit to an account for a winning exchange wager, send to any account holder who is subject to IRS reporting or withholding a Form W2-G summarizing the information for tax purposes. Upon written request by an account holder, the exchange provider shall provide the account holder with summarized tax information on exchange wagering activities.

(j) All wagering conversations, transactions or other wagering communications through the exchange wagering system, verbal or electronic, shall be recorded by means of electronic media, and the tapes or other records of such communications shall be kept by the entity for at least 180 days, unless otherwise directed by the Board. These tapes and other records shall be made available to the Board upon request or order by the Executive Director.

(k) Upon request of the account holder the exchange provider shall provide a statement detailing account activity for the immediate 30 days prior to the request. Unless the exchange provider receives written notice disputing the statement within 14 calendar days of the date a statement is forwarded, it shall be deemed to be correct.

This latest version no longer includes the definition "Corrective Wager" which was included in the prior two versions. "Corrective wager" is a device allowing the exchange provider to make the bets in order to balance unmatched bets. Although the definition of "Corrective Wager" is no longer included in the proposal regulations, there is nothing in the financial interaction with the betting systems. We have been told on previous occasions that Betfair, for example, does not make the market on races? Will it have market makers at the ready? None of these issues are addressed in the regulations despite the removal of the "Corrective Wagers" definition. Moreover, the definition of the "Corrective Wager" is in the exchange Wagering Law (B&P 19604.5). Why it no longer is in the regulations is not clear.	<p><u>No Change Recommended.</u></p> <p>The original proposal to add Article 27, Exchange Wagering, included a regulation that allowed the exchange provider to correct matched wager errors under specified circumstances. However, industry objections resulted in the withdrawal of the proposed regulation. Objections included the possibility of the exchange provider acting as a "market maker". Without the proposed regulation California exchange providers can only cancel such wagers made in error.</p> <p>Business and Professions Code section 19604.5(a)(3) does define "Corrective Wagers". However, it is not necessary to include the definition in the Board's regulations if it does not allow such actions by regulation. Business and Professions Code section 19604.5 (k) states the Board may prescribe rules governing when an exchange wagering licensee may place corrective wagers under circumstances approved in the rules adopted by the Board.</p>

No new text provided.	Antepost wagers include a betting element related to whether the horse will even race. There is nothing in the Exchange Wagering Law which either defines or allows antepost wagers. There is nothing in the regulations which defines how these wagers will be kept separate from the regular exchange wagers. There is nothing to say when these pools open or close. How do antepost wagers deal with, for example, a horse which is declared a non-starter? Despite all this missing and necessary information, 2087.5 is the only proposed regulation which speaks of the antepost market. Finally and separately, there is tremendous potential for mischief if scratching a horse can mean winning a bet. This proposed rule needs further clarity and consistency.	<u>Modify regulation</u> to state that antepost wagering shall close at the time entries are closed. This is consistent with the modification to subparagraph (a). Closing entries occurs prior to drawing the card. Business and Professions Code section 19604.5 does not explicitly address antepost markets. However, 19604.5(b)(3) states that exchange wagering shall be conducted pursuant to rules and regulations promulgated by the Board. Business and Professions Code section 19604.5(e)(1) provides that the Board shall have full power to prescribe rules, regulations, and conditions under which exchange wagering may be conducted in California. It seems to limit scenario to antepost wagers only. But the language of the proposed regulation does not limit these payoffs to antepost wagers. If that is the case, it should so state. It is not clear if payoffs for regular exchange wagers will be allowed before the race is declared official. The only way a race can be "determined with certainty" is to have it declared official. That is the cornerstone of pari-mutuel wagering. Any claim that this regulation is consistent with existing pari-mutuel racing rules is not accurate. Even with the antepost wagers, a horse may be declared a non-starter long after it has crossed the finish line. Only when the race is declared official can the status and finish position of each horse be determined with certainty. In sum, 2090 cannot be reconciled with <i>Racing Rule 1955</i> using this language.</p>

We believe that this regulation was intended to protect jockeys and other licensees from frivolous complaints based on unsubstantiated rumor or mere conjecture. Instead, the proposed regulation would create a weaker standard than now exists for other violations, all of which require proof of actual illegal conduct (See Rule 1405, 1484, and 1902).</p> <p>The proposed rule, insofar as it permits suspension or revocation of an occupational license on mere probable cause, is clearly constitutionally unsound. A licensed professional plainly has a property interest in the right to practice his profession that cannot be taken from him without due process. <i>Conway v State Bar</i>, 47 Cal.3d 1107, 767 P.2d 657 (1989). In <i>Barry v Barchi</i>, (1979) 443 US 55, the US Supreme Court upheld a trainer's pre-hearing suspension because a horse under his supervision had drugs in its blood. The Court noted that "under New York law, a license may not be revoked or suspended at the discretion of the racing authorities...<u>Rather, suspension may ensue only upon proof of certain contingencies.</u>" The proposed Exchange Wagering disciplinary proposal does not require proof of any contingencies that uphold a suspension, merely that the Stewards have probable cause to believe that a violation may have been committed. The <i>Barry</i> Court further held that "the scheme violated due process because 'it [was] as likely as not' that the <u>trainer would irretrievably suffer the full penalty before the State would be put to its proof at a post-suspension hearing.</u> In the proposed rule the State would never be put to its proof since the threshold for discipline is not a rule violation but only reasonable suspicion that a rule may have been violated.

Under those rules, a determination that there is mere reasonable cause to believe that a violation has occurred will not support a license revocation or suspension.</p> <p>Other CHRB rules are consistent with this approach. Rule 1484 provides for a suspension " if any applicant for a license <u>is under suspension</u>, set down, ruled off, excluded from the enclosure, or otherwise barred <u>from any racing occupation</u> or activity requiring a license, it is prima facie evidence that he or she is unfit to be granted a license or unfit to hold a license or participate on raving in this State as a licensee during the term of any suspension or jurisdiction is thus prima facie evidence that a suspension should be imposed in California as well, but it requires a factual demonstration that there has been a prior suspension to invoke the California rule.</p> <p>While Sections 1528 and 1900 do not expressly state that discipline can only occur for violations of the rules of racing, their language assumes that there is a lawful basis for imposing discipline which in turn incorporated Rules 1405 and 1484. Section 1528 provides that "the stewards may suspend the license of anyone who they have the authority to supervise or they may impose a fine or they may exclude from all enclosures in this State or they may suspend, exclude and fine. <p>Corbet, Steelman, & Spector</p> <p>On behalf of the Los Angeles Turf Club and the Pacific Racing Association</p>	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	<u>"No exchange wagering applicant shall solicit the support of any horseman's group for its application through the payment of purse guarantees, or any other inducements, financial or otherwise, where such inducements would violate California Law."</u>	A rule must be added that explicitly prohibits an exchange wagering applicant from soliciting the consent of the applicable horsemen's group through the payment of purse guarantees or other inducements that violate California Law, to preserve the integrity of horse racing.	<u>No Change recommended.</u>
<p>Corbet, Steelman, & Spector</p> <p>On behalf of the Los Angeles Turf Club and the Pacific Racing Association</p>	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	<u>"An exchange wagering operator shall be required to pay any and all amounts required by statute to be paid by pari-mutuel operators."</u>	Rules must be added that require an exchange wagering operator to pay the same statutory amounts as are paid by pari-mutuel operators (e.g., stabling and vanning fees, license fees, and workers comp fees). Otherwise, an unfair advantage is being given to the exchange wagering operators, and pari-mutuel operators will be placed at a disadvantage.	<u>No change recommended.</u> Business and Professions Code section 19604.5(g) provides that an exchange wagering operator shall not be required to retain, withhold, or take out any amounts from any exchange wagers, except as expressly set forth in the applicable exchange wagering agreements.

Corbet, Steelman, & Spector On behalf of the Los Angeles Turf Club and the Pacific Racing Association	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	<u>Any person laying a wager through an Internet exchange wagering account, or a racetrack licensed to engage in exchange wagering, must be licensed by the Board, and have passed a background investigation to be completed by the Board.</u>	A rule must be added that any person laying a wager through an online exchange wagering account or at a licensed racetrack must be licensed by the Board and have passed a background investigation by the Board.	<u>No change recommended.</u> The Board issues occupational licenses to persons who participate in a race meeting with pari-mutual wagering. Persons who wager are not participating in the race meeting. Because any person with an exchange wagering account can place a lay wager, this proposal would require that every exchange wagering account holder would have to receive a license. This would place an unreasonable burden on the Board, and the exchange providers.
Corbet, Steelman, & Spector On behalf of the Los Angeles Turf Club and the Pacific Racing Association	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	<u>"The decision by a racing association not to participate in any or all forms of exchange wagering shall not be considered by the Board in granting racing dates, and shall not be considered by Thoroughbred Owners of California in negotiating purse contracts."</u>	A rule must be added to clarify that the decision of a racing association not to participate in any or all forms of exchange wagering cannot be considered by the Board in granting racing dates, and cannot be considered by the TOC in negotiating purse contracts, or certain race tracks will be placed at a financial disadvantage.	<u>No change recommended.</u> Board Rule 2045, Prohibited Provisions of Horsemen's Agreements, states no horsemen's agreement shall include provisions that specify the type of pari-mutuel wagering to be conducted.
Corbet, Steelman, & Spector On behalf of the Los Angeles Turf Club and the Pacific Racing Association	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	<u>"It shall be the responsibility of the internet exchange wagering operator to insure that only natural persons hold online exchange wagering accounts. Furthermore, the accounts of an exchange provider shall be subject to (i) audit by the CHRB staff, and (ii) If CHRB staff declines to conduct an audit, audit by a third party auditor at the request of any racing association conducting live racing in the State. The audit shall be reasonably conducted in a manner designed to confirm compliance</u>	A rule must be added that only natural persons hold online exchange wagering accounts, and that such accounts are not held by a corporate or other legal entity.	<u>No change recommended.</u> Business and Professions Code section 19604.5(c) states only natural persons with valid exchange wagering accounts may place an exchange wager. Proposed Rule 2089.5 is being amended to state only natural persons may open an exchange wagering account. This is also in section 10 of Form CHRB-229 (New 5/12) Application for License to Operate Exchange Wagering.

		of all accounts with the natural person requirement."		Business and Professions Code section 19604.5(a)(9)(B) states audit requirements are required to be in exchange wagering agreements. Audit requirements are found in the proposed Rules 2086.9, Financial and Security Integrity Audits Required, and 2091.6, Powers of the Board to Review and Audit Records.
Corbet, Steelman, & Spector On behalf of the Los Angeles Turf Club and the Pacific Racing Association	No current proposed text. This is a proposal to add a rule to Article 27, Exchange Wagering.	"Exchange Wagering may take place either via the Internet, through an exchange wagering operator, or at a race track licensed to accept exchange wagers."	As the Rules are currently written, they permit Exchange Wagering only by the Internet. The Rules should be modified to clarify that Exchange Wagering can take place at a race track.	No change recommended. The proposed exchange wagering regulations do not specify that exchange wagering must be conducted via the Internet. Section 11 of Form CHRB-229 (New 5/12) Application for License to Operate Exchange Wagering contemplates that exchange wagering can be conducted in person. Business and Professions Code section 19604.5(b)(8) states exchange wagers may be submitted in person. The proposed Rule 2089.6, Deposits to an Exchange Wagering Account, provides that exchange wagering deposits may be made in person.
