### **II.**

Ronald Malette was the Trainer of record of the standardbred make "Inexpressiblebeauty" (Tattoo #: 5G079) on December 26, 2016.

### **III.**

### **IV.**

"Inexpressiblebeauty" did not finish in the third race on December 26, 2016.

### **V.**

Prior to "Inexpressiblebeauty" being vanned back to Trainer Malette's barn blood samples were taken and identified as Sample #: CE26683.

### **VI.**

These samples were submitted to the Maddy Laboratory at U.C. Davis the official testing laboratory for the CHRB for testing.

### **VII.**

On January 4, 2017 CHRB Executive Director Rick Baedeker and CHRB Equine Medical Director Rick Arthur D.V.M were notified that Sample#: CE26683 had revealed the presence of the prohibited substance "cobalt" at a level of 53ng/ml an amount which exceeds the allowable limits for that substance.

### **VIII.**

According to CHRB Rule # 1843 (d) any test result showing a level in excess of 25ng/ml of cobalt is a violation.
