STAFF ANALYSIS
PUBLIC HEARING AND ACTION BY THE BOARD REGARDING
THE PROPOSED AMENDMENT OF
RULE 1843.3, PENALTIES FOR MEDICATION VIOLATIONS,
TO CHANGE THE TIME PERIOD FOR IMPOSING A CATEGORY "B"
SECOND OFFENSE PENALTY FROM A 365-DAY PERIOD TO TWO YEARS;
AND FOR A THIRD OFFENSE PENALTY FOR A CATEGORY "B"
VIOLATION FROM A 365-DAY PERIOD TO FIVE YEARS

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19440 specifies that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horseracing and pari-mutuel wagering. Business and Professions Code section 19461 provides that every license granted under this chapter is subject to suspension or revocation by the Board in any case where the Board has reason to believe that any condition regarding it has not been complied with, or that any law, or any rule or regulation of the Board affecting it has been broken or violated. Business and Professions Code section 19580 states that the Board shall adopt regulations to establish policies, guidelines and penalties relating to equine medication to preserve and enhance the integrity of horse racing in this State. Section 19581 of the Business and Professions Code specifies that no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the Board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof. Business and Professions Code section 19582 provides that violations of section 19581, as determined by the Board, are punishable in regulations adopted by the Board, and that the Board may classify violations based upon each class of prohibited drug substances, prior violations within the previous three years and prior violations within the violator's lifetime. The Board may provide for suspensions of not more than 3 years. The Board may also provide for disqualification from purses, except for a third violation during the lifetime of the licensee, for a drug substance determined to be class 1 or class 2, which shall result in the permanent revocation of the person's license. The punishment for second and subsequent violations of Business and Professions Code section 19581 shall be greater than the punishment for a first violation of section 19581 with respect to each class of prohibited drug substance.

Rules 1843.3 provides the penalties for violations of the Board's medication regulations. The Medication and Track Safety Committee (Committee) discussed a proposed amendment to Board Rule 1843.3, Penalties for Medication Violations. The proposed amendment would change the time period for imposing Category "B" second and third

offenses. The Committee determined it would recommend the Board direct staff to initiate a 45-day public comment period regarding the proposed amendment.

ANALYSIS

The proposed amendment to Rule 1843.3, Penalties for Medication Violations, will change the time period for imposing a Category "B" second offense penalty from a 365-day period to two years; and for a third offense penalty for a Category "B" violation from a 365-day period to five years. These penalty changes were endorsed by the Racing Medication and Testing Consortium, and the Association of Racing Commissioners International. The penalties are designed to correct a "weak spot" in the current penalty guidelines that allow a licensee to have a Class I, II or III violation every 365-day period and always start at the lowest penalty level.

RECOMMENDATION

This item is presented for Board discussion and action. No comments were received during the 45-day public comment period.

CALIFORNIA HORSE RACING BOARD
TITLE 4, CALIFORNIA CODE OF REGULATIONS
ARTICLE 15, VETERINARY PRACTICES
PROPOSED AMENDMENT OF
RULE 1843.3. PENALTIES FOR MEDICATION VIOLATIONS

Regular Board Meeting
April 26, 2012

1843.3. Penalties for Medication Violations.

(a) In reaching a decision on a penalty for a violation of Business and Professions Code section 19581, the Board, the board of stewards, the hearing officer or the administrative law judge shall consider the penalties set forth in subsections (d) and (e) of this Rule and any aggravating and mitigating circumstances. Deviation from these penalties is appropriate where the facts of the particular case warrant such a deviation, for example: there may be mitigating circumstances for which a lesser or no penalty is appropriate, and aggravating factors may increase the penalties beyond the minimum.

(b) Mitigating circumstances and aggravating factors, which must be considered, include but are not limited to:

- (1) The past record of the licensee regarding violations of Business and Professions Code section 19581;
- (2) The potential of the drug(s) to influence a horse's racing performance;
- (3) The legal availability of the drug;
- (4) Whether there is reason to believe the responsible party knew of the administration of the drug or intentionally administered the drug;
- (5) The steps taken by the trainer to safeguard the horse;

(6) The steps taken by an owner to safeguard against subsequent medication violations including, but not limited to, the transfer of the horse(s) to an unaffiliated trainer;

(A) For the purpose of this regulation "unaffiliated trainer" means a trainer or an assistant trainer who is not related by blood, marriage or domestic partnership, or who is not or was never employed by the trainer from whose care such horse(s) were transferred.

(7) The probability of environmental contamination or inadvertent exposure due to human drug use or other factors;

(8) The purse of the race;

(9) Whether the drug found to be present in the official test sample was one for which the horse was receiving treatment as determined through the process described in Rule 1842 of this division;

(10) Whether there was any suspicious wagering pattern on the race;

(11) Whether the licensed trainer was acting under the advice of a licensed veterinarian.

(c) For the purpose of this regulation, the Board shall consider the classification of a drug substance as referred to in Rule 1843.2 of this division and the California Horse Racing Board (CHRB) Penalty Categories Listing By Classification, (1/08), which is hereby incorporated by reference, if a determination is made that an official test sample from a horse contained:

(1) Any drug substance, medication, metabolites or analogues thereof foreign to the horse, whose use is not expressly authorized in this division, or

(2) Any drug substance, medication or chemical authorized by this article in excess of the authorized level or other restrictions as set forth in the article.

(d) Penalties for violation of each classification level are as follows:

(f) Any drug or its metabolite or analogue thereof found to be present in an official test sample that is not classified in Rule 1843.2 of this division shall be classified as a Class 1 substance and a Category "A" penalty until classified by the Board.

(g) The administration of a drug substance to a race horse must be documented by the treating veterinarian through the process described in Rule 1842 of this division.

(h) Any licensee found to be responsible for the administration of any drug substance resulting in a positive test may be subject to the same penalties set forth for the licensed trainer and his presence may be required at any and all hearings relative to the case.

(1) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category "A" shall be referred to the California Veterinary Medical Board (CVMB) for consideration of further disciplinary action.

(2) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category "B" or "C" may be referred to the CVMB for consideration of further disciplinary action upon the recommendation of the Equine Medical Director, the board of stewards or hearing officers.

(i) A licensee who is suspended, or whose license is revoked, because of a medication violation is not able to benefit financially during the period of suspension or revocation. This includes, but is not limited to, ensuring that horses are not transferred to licensed family members.

(j) For the purpose of this regulation “licensed family members” means any person who holds an occupational license issued by the CHRB and who is related to the suspended licensee, or the licensee whose license is revoked, by blood, or by marriage or domestic partnership, or who is related by blood to the spouse or domestic partner of such licensee.

(l) For the purpose of this regulation, licensed trainers suspended 60 days or more, or whose license is revoked, shall be banned from all inclosures under the jurisdiction of the CHRB. In addition, during the period of suspension, or revocation, such trainer shall forfeit all assigned stall space and shall remove from the inclosures all signage, advertisements, training-related equipment, tack, office equipment, and any other property.

STAFF ANALYSIS
PUBLIC HEARING AND ACTION BY THE BOARD REGARDING
THE PROPOSED AMENDMENT OF
CHRB RULE 1663, ENTRY OF CLAIMED HORSE,
TO CHANGE THE REQUIREMENTS FOR RUNNING BACK A
CLAIMED HORSE WITHIN 25 DAYS OF THE CLAIMING RACE
IN WHICH IT WAS CLAIMED

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in California and over all persons or things having to do with such meetings is vested in the California Horse Racing Board (Board). Business and Professions Code section 19440 states responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 states the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in California.

Board Rule 1663, Entry of Claimed Horse, provides that a horse claimed out of a claiming race is eligible to race in California immediately after being claimed. The rule also provides that a horse claimed out of a claiming race is not eligible to start in another claiming race for 25 days for less than 25 percent more than the amount for which it was claimed.

At its January 2012 Regular Meeting, the Board discussed a proposal to amend Board Rule 1663, Entry of Claimed Horse, which was submitted by the Thoroughbred Owners of California (TOC). The proposed amendment would change the requirements for running back a claimed horse within 25 days of the race in which it was claimed. The TOC stated the amendment to Rule 1663 would encourage trainers to run claimed horses back sooner, rather than leaving the horses in barns for weeks at a time. The change would potentially help the racing office by increased fields, which would benefit the entire industry. After discussing the proposal, the Board directed staff to initiate a 45-day public comment period.

ANALYSIS

Rule 1663(a) currently states that if a claimed horse is run back (in a claiming race) within 25 days, it must run for 25 percent more than the amount for which it was claimed. The proposed amendment of Rule 1663 would apply that provision only to horses that were winners of the claiming race from which they were claimed. The proposed amendment also provides that within 25 days of being claimed, horses that were not winners of the races from which they were claimed must start in claiming races for at least the same amount at which they were claimed. This means that within 25 days of being claimed a horse that did not win its claiming race would

not have to be run back at an increased price. The horse could start in a claiming race for the same price at which it was previously claimed.

The proposed amendment would also repeal subsection 1663(b), which has been suspended since 2009. The suspension was the result of potential legal problems with the 60-day jail time. In addition, the proposed amendment repeals subsection 1663(b)(1), as it does not serve a purpose if California no longer imposes a 60-day "jail time" on claimed horses.

1663. Entry of Claimed Horse.

(a) A horse claimed out of a claiming race is eligible to race at any racing association in California immediately after being claimed.

(b) If a claimed horse is entered in a claiming race within 25 days of being claimed:

(1) The horse that won the claiming race from which it was claimed shall start for at least 25 percent more is not eligible to start in a claiming race for 25 days after the date of the claim for less than 25% more than the amount for which it was claimed.

(2) A horse that did not win the claiming race from which it was claimed shall start for at least the same amount for which it was claimed.

~~(b) A horse claimed out of a claiming race is not eligible to race in any State other than California until 60 days after the close of the meeting from where it was claimed except in a stakes race.~~

~~(1) For the purposes of this rule, the California Fair Circuit shall be considered one meeting.~~

(c) A claimed horse may be removed from the grounds of the association where it was claimed for non-racing purposes.

(d) The provisions of subsection (a) of this rule do not apply to standardbred horses.

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING
THE PROPOSED AMENDMENT OF CHRB RULE 1656, ERRORS WHICH INVALIDATE CLAIM
TO CLARIFY THE ERRORS THAT WOULD INVALIDATE THE CLAIM

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19408.2 states that "Claiming race" means a race in which any horse entered therein may be claimed in conformity with the rules established by the Board. Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in California and over all persons or things having to do with such meetings is vested in the California Horse Racing Board (Board). Business and Professions Code section 19440 states responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 states the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in California.

Board Rule 1656, Errors Which Invalidate Claim, lists the specific errors that will invalidate a claim slip. In addition, it states that if the claim slip is otherwise so defective in any particular that the stewards cannot approve its validity, the claim may be invalidated. In February 2012 a claim slip had the incorrect date for the claiming race; however, the stewards initially allowed the claim to stand. After holding a hearing on the disputed claim, the stewards reversed their decision and awarded the horse to another ownership group that had submitted a claim. The reasoning for the initial stewards' decision was that an assistant in the paymaster's office entered the wrong date. Racing office personnel often assist in filling out of claim forms. The responsible party was fined \$200 for the mistake.

ANALYSIS

The form CHRB-11 (REV. 8/00) Agreement to Claim is the form used to claim horses at California racetracks. Rule 1656 states the name of the horse must be correctly spelled or specified on the claim form. The Rule also lists specific items or actions that relate to the claim that have to be correct or the claim will be declared invalid. Rule 1656 also provides that other defects in the claim may result in the stewards invalidating the claim; however, the rule does not specify what those defects are. This results in gray areas wherein a claim may or may not be invalid, and if the stewards make a decision regarding the claim, such decision may be disputed. The proposed amendment to Rule 1656 eliminates such gray areas by specifying that the name of the new trainer, the race number and the date of the claiming race must be correctly entered or the claim will be invalid. The result of the proposed amendment is that whoever fills out the Agreement to Claim must ensure every entry is entirely correct, or the claim will be invalid.

RECOMMENDATION

This item is presented for Board discussion and action. Staff recommends the Board direct staff to initiate a 45-day public comment period for the proposed amendment.

THE REQUEST FROM THE CALIFORNIA AUTHORITY OF RACING FAIRS (CARF)
AND THE PACIFIC COAST QUARTER HORSE RACING ASSOCIATION
TO SUSPEND THE USE OF CLENBUTEROL FOR QUARTER HORSE RACING AT
ALL CARF TRACKS, PURSUANT TO THE PROVISIONS OF
CHRB RULE 1844.1, SUSPENSION OF AUTHORIZED MEDICATION

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the CHRB. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 states the Board may prescribe rules, regulations and conditions consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in this state. Business and Professions Code section 19580 states the Board shall adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in the state. Business and Professions Code section 19581 provides that no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the Board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof. Board Rule 1844.1 provides that the Board may temporarily suspend the authorized administration of a permitted drug, substance or medication after a public hearing has been noticed in accordance with Government Code section 11125(a). The temporary suspension may be for a race, breed, or race meeting, provided all horses in the same race compete under the same conditions. The Board shall notify in writing the racing association and the trainer's organization of any temporary suspension, as specified.

Board regulations prohibit the administration of any drug, substance or medication after entry time with a few specific exceptions. The exceptions were established after due consideration by the Board based on information available at the time the regulations were adopted. Scientific information and practical experience in managing the threshold levels for the exceptions change over time as unintended consequences become apparent. Clenbuterol in quarter horse racing is an example. Clenbuterol is a beta-2 agonist approved by the United States Food and Drug Administration (FDA) in equines as a bronchodilator.

The Board established threshold levels consistent with therapeutic use to treat small airway disease. Clenbuterol, like all beta-2 agonists, has an adrenergic effect on muscle somewhat

similar to anabolic steroids. Only the Ventipulmin brand of Clenbuterol is approved by the FDA. Non-FDA approved Clenbuterol at extremely high concentrations has been used in quarter horse racing for the adrenergic effect. The CHRB has confiscated and otherwise obtained samples of this illicit formulation. Clenbuterol violations have occurred at levels unattainable with the FDA approved formulation at FDA approved dosages.

At its February 17, 2011 Regular Meeting, the Board heard from the Equine Medical Director that non-FDA approved Clenbuterol was becoming a problem in quarter horse racing, and that the American Quarter Horse Association, the Los Alamitos Racing Association and the Pacific Coast Quarter Horse Racing Association were considering asking racing jurisdictions to prohibit Clenbuterol in quarter horse racing. At that time the Board initiated the process to adopt Rule 1844.1, which would allow it to temporarily suspend an authorized medication for horses entered to race. The rule was approved by the Office of Administrative Law and became effective July 21, 2011.

At the August 2011 Regular Board Meeting the Los Alamitos Race Course and the Pacific Coast Quarter Horse Racing Association requested that the CHRB consider enacting Rule 1844.1 to suspend the authorized administration of Clenbuterol to horses entered to race at the Los Alamitos Race Course for a period of 12 months effective October 14, 2011. The Equine Medical Director reported that since February 2011 there had been eight confirmed Clenbuterol violations, with one pending. The delay in the effective date of the suspension would allow time for any Clenbuterol that may have already been administered to a horse to "wash out" of its system. The Board agreed and suspended the use of clenbuterol in quarter horses entered to race at Los Alamitos Race Course for one year, effective October 14, 2011 through October 14, 2012.

ANALYSIS

The Pacific Coast Quarter Horse Racing Association and the California Authority of Racing Fairs (CARF) have requested that the Board consider enacting Rule 1844.1 to suspend the use of clenbuterol in quarter horses at all CARF tracks for 12 months effective June 21, 2012. The CARF tracks that would be affected are: Pleasanton, Cal Expo State Fair, Santa Rosa, Ferndale, Stockton and Fresno. The CARF tracks run mixed breed meetings with quarter horses from Los Alamitos Race Course and from out-of-state. If the Board were to suspend the use of clenbuterol at CARF tracks, as requested, the suspension would be in effect until June 21, 2013, which covers the 2012 fair circuit. The current suspension at Los Alamitos Race Course expires on October 14, 2012.

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD
REGARDING THE REQUEST FROM THE JOCKEYS' GUILD
TO AMEND THE JOCKEYS' RETIREMENT PLAN,
TO ALLOW JOCKEYS TO ELECT A LUMP SUM DISTRIBUTION
OF THE PLAN ACCOUNT BALANCE IF THAT BALANCE IS
FIVE THOUSAND DOLLARS OR LESS

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19604(i) provides that advance deposit wagering (ADW) distributions shall be proportionally reduced, and 50 percent of the amount deducted shall be distributed to the CHRB to establish and administer jointly with the organization certified as the majority representative of California licensed jockeys, a defined retirement plan for jockeys who retired from racing on or after January 1, 2009. Monies generated by ADW distributions pursuant to this statute have been held by CHRB in an interest bearing account.

In November 2010 the Board approved the adoption of a defined jockeys retirement plan (Plan). To implement the Plan, a competitive bidding process was initiated to name a third party Plan Administrator. The process was overseen by the California Horse Racing Board (CHRB) staff. The Pentegra Retirement Services group, a financial planning firm based in White Plains, New York, was selected to serve as Plan Administrator. The selection was made jointly by representatives of the Jockeys' Guild (Guild) and the CHRB, and was based upon cost of services, investment track record, and ability to serve a diverse retiree community. Representatives of the CHRB and the Guild were named as Plan Trustees. After a thorough review of investment options, the Trustees selected a fifty percent equity/fifty percent fixed income asset allocation portfolio to be shared by each participating jockey. To serve as the Plan Auditor, the Los Angeles accounting firm of Miller, Kaplan and Arase was selected after a Request for Proposals issued by the Guild.

After the Plan was approved by the Board in November 2010, extensive efforts were undertaken to enroll all California licensed jockeys in 2010 and 2011. Jockeys were contacted at race tracks in California and requested to complete Plan enrollment agreements. Efforts to enroll additional Plan participants continue. Funds generated by Business and Professions Code section 19604(i) are held by the State of California in an interest bearing account. Upon Board approval of the Plan trustees the funds are transferred to Pentegra for investment to benefit enrolled jockeys.

ANALYSIS

The Guild has requested that the Plan be amended to allow jockeys to elect to receive a lump sum distribution if their retirement account balance is five thousand dollars or less. The proposal would also amend the plan to prevent jockeys who retire and who elect to receive lump sum

distributions from future participation in the Plan as an active participant. Such retired jockeys would not accrue any additional benefits. Finally, the proposal would amend the Plan to clarify the definition of Internal Revenue Code (IRS) compensation used in situations involving non-highly compensated participants. This would bring the Plan in compliance with IRS regulations to insure its tax deferred status.

RECOMMENDATION

This item is presented for Board discussion and action. Staff recommends the Board hear from Guild representatives.

Jockeys' Retirement Plan
Plan Amendment as Recommended
by the Plan's Board of Directors

The proposed amendment does the following:

1. Amends section 10.02(B) in order to provide that retired participants are eligible to elect a lump sum distribution of their Plan account balance if that account balance is \$5,000 or less.

This provision will allow the Plan to pay out to retirees with small balances a lump sum rather than a lifetime monthly pension if the balance is \$5,000 or less. Under the current provisions of the plan, a lump sum payment is limited to balances of \$1,000 or less. This will be both preferable to most retirees (who would otherwise receive a very small monthly benefit) and will lower administrative costs for the plan. Since all jockeys qualify for benefits from their first race, over time, there will be a large number of beneficiaries with small balances who should appropriately qualify for a lump sum payment upon retirement.

2. Amends section 3.01 in order to provide that Participants who retire and elect distributions of their benefit under the Plan will be excluded from future participation in the Plan as an active participant and will not accrue any additional benefits under the Plan.

This provision will prevent a jockey from retiring, collecting a lump sum benefit, and then "coming out of retirement" to start accruing benefits again. Retirement is a one-time, irreversible decision that triggers payment of benefits. If a jockey retires and is collecting benefits, they may return to racing but will not qualify for accumulation of further benefits. This is to prevent "gaming" of the system.

3. Amends section 2.09(D) in order to clarify the definition of Internal Revenue Code section 415 compensation to be used in situations involving non-highly compensated participants.

This provision was recommended by Counsel to bring our plan in compliance with IRS regulations so as to insure its tax deferred status.

STAFF ANALYSIS
DISCUSSION AND ACTION REGARDING THE
PROPOSED AMENDMENT OF
RULE 1867 PROHIBITED VETERINARY PRACTICES
TO ADD
ZILPATEROL AND RACTOPAMINE
TO THE PROHIBITED PRACTICES LIST

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19440 provides that the Board shall adopt regulations for the control of horse racing. Business and Professions Code section 19562 states the Board may prescribe rules and regulations under which all horse races with wagering on their results shall be conducted in California. Section 19580 of the Business and Professions Code requires the Board to adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in California.

Board Rule 1867, Prohibited Veterinary Practices, states that an act or practice which may endanger the safety and welfare of the horse and rider/driver is a prohibited veterinary practice. The rule also identifies those acts, practices, drugs or substances that fall into the "prohibited practices" category.

The proposal to amend Rule 1867 was discussed at the April 11, 2012, Medication and Track Safety Committee (Committee) meeting. The Committee voted to recommend that the Board initiate a 45-day public comment period regarding the proposed amendment.

ANALYSIS

The proposed amendment to Rule 1867 will add ractopamine and zilpaterol, or their metabolites or analogues, to the list of drug substances whose possession and/or use of on the premises of a facility under the jurisdiction of the Board is considered a prohibited veterinary practice. Ractopamine is a beta agonist similar to clenbuterol and Albuterol, and is used as a feed additive to increase weight-gain in livestock. Ractopamine helps keep nutrients from going into fat stores so as to enhance muscle mass. It is not approved by the government for use in horses. In March 2012 the Kentucky Horsemen's Benevolent and Protective Association (HBPA) news reported that since 2005 there have been nine ractopamine positives nationally, with eight cases since 2009. (The HBPA news only reported closed cases) The Racing Commissioners International (RCI) lists ractopamine as a Category III drug, or a drug that may or may not have a therapeutic use in horses and may have the potential to affect performance. Zilpaterol is an adrenergic agonist drug used as a feed additive for cattle at slaughter age to produce rapid weight and muscle gain. The RCI lists zilpaterol as a Category III drug with Class "A" penalties.

1867 Prohibited Veterinary Practices.

For purposes of this division, prohibited veterinary practices means:

(a) The possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication specified below, for which a recognized analytical method has not been developed to detect and confirm its administration; or the use of which may endanger the health and welfare of the horse, or the safety of the rider or driver, or alter equine performance.

- (1) Erythropoietin (EPO) and analogs
- (2) Darbepoietin and analogs
- (3) Snake venom
- (4) Snail venom
- (5) Growth hormone and analogs
- (6) ractopamine and ractopamine metabolites or analogs,
- (7) zilpaterol and zilpaterol metabolites or analogs

(b) The possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication that has not been approved by the United States Food and Drug Administration (FDA) for use in the United States.

(c) The presence of any drug, substance or medication described in subsections (a)(1) through (a)(5), and subsection (b) of this regulation in any test sample obtained consistent with

Rules 1858, 1859 and 1859.25 of this article, and the provisions of this article, shall apply to such sample in the same manner as if the horse were entered to race (See Title 4, California Code of Regulations, section 1843.3). The Board may grant an exception to this subsection if the person or persons seeking the exemption submits written documentation that demonstrates an FDA exemption has been obtained pursuant to Guide 1240.3025 of the FDA Center for Veterinary Medicine (CVM) Program Policy and Procedures Manual, which is hereby incorporated by reference. Summary of B&P code 19604

To accept wagers on races conducted in California from a resident of California.

- The ADW provider must be licensed by the Board.
- A written agreement allowing those wagers exists with the racing association or fair conducting the races on which the wagers are made.
- The agreement shall have been approved in writing by the horsemen's organization responsible for negotiating purse agreements for the breed on which the wagers are made.

To accept wagers on races conducted outside of California from a resident of California.

- The ADW provider must be licensed by the Board.
- There is a hub agreement between the ADW provider and one or both of (i) one or more racing associations or fairs that together conduct no fewer than five weeks of live racing on the breed on which wagering is conducted during the calendar year during which the wager is placed, and (ii) the horsemen's organization responsible for negotiating purse agreements for the breed on which wagering is conducted.

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by Business and Professions Code section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

8. STABLE ACCOMMODATIONS

This format will be use at the following fairs: Alameda County Fair, Sonoma County Fair, Humboldt County Fair, San Joaquin County Fair and the Big Fresno Fair.

9B: Super High wager refers to rule: CHRB 1976.9, ARCI 004-105 T-Pick (N) POSITION (X) POOLS

- C. Maximum carryover pool to be allowed to accumulate before its distribution OR the date(s) designated for distribution of the carryover pool: **July 8, 2012 (Closing Day of Alameda County Fair)**

In the event there is a prohibitive favorite where there is sufficient information that the entry will most likely generate a negative place or show pool, the association may request approval from CHRB to allow that entry to run for purse only.

- D. List any options requested with regard to exotic wagering:
\$1 PPN when applicable; \$1 TRI and \$0.10 SF when applicable
\$0.50 PNP4 on the first four races and the last four thoroughbred races each day
\$0.50 PNP5 on the last five thoroughbred races each day, with 100% major pool paid for 5 of 5. If no 5 of 5, 75% carryover and 25% minor pool to most winners.
\$2 PNP6 on the last six thoroughbred races each day, with 70% major pool paid or a carryover and a 30% minor pool paid.
\$0.50 Pentafecta (Super High 5) selecting the first five finishers in the same race. 100% payout on all tickets selecting five winners. No consolation or minor pool; 100% carryover if no ticket has five winners. Note: Superfecta will be offered in the race. Super High-5 will be carded on the last race of the day.

- E. Will "advance" or "early bird" wagering be offered? Yes No

If yes, when will such wagering begin. Specify days and time for "early bird" wagering:

- F. Type(s) of pari-mutuel or totalizator equipment to be used by the fair and the simulcast organization, the name of the person(s) supplying equipment, and expiration date of the service contract:

Scientific Games Racing (Tom Kelso) Expiration: September 30, 2012.

Equipment description on file with Board.

10. ADVANCE DEPOIST WAGERING (ADW)

- A. Identify the ADW provider(s) to be used by the fair for this race meeting:
Express Bet, T.V.G.(Television Games Network), Twin Spires
- B. Attach a copy of the agreement/contracts with each ADW provider to be used for this race meeting. **On file with CHRB.**
- C. Have the contract/agreements been approved by the respective horsemen's groups?
 Yes No

If yes, attach a copy of the approval. - **On File**

If no, explain the status of the approval.

NOTICE TO APPLICANT: Pursuant to Business and Professions Code section 19604, ADW providers may accept wagers on races conducted in California from a resident of California if: 1) the ADW provider is licensed by the Board; 2) a written agreement allowing those wagers exists with the racing association or fair conducting the races on which the wagers are made; 3) the agreement shall have been approved in writing by the horsemen's organization responsible for negotiating purse agreements for the breed on which the wagers are made. ADW providers may accept wagers on races conducted outside of California from a resident of California if: 1) the ADW provider is licensed by the Board; 2) there is a hub agreement between the ADW provider and one or both of (i) one or more racing associations or fairs that together conduct no fewer than five weeks of live racing on the breed on which wagering is conducted during the calendar year during which the wagers are placed and (ii) the horsemen's organization responsible for negotiating purse agreements for the breed on which wagering is conducted.

11. SIMULCAST WAGERING PROGRAM

Item #14 C:ALAMEDA COUNTY FAIR EMERGENCY CARE AND MEDICAL FACILITIES

Alameda County Fair as well as all Racing Fairs provides emergency care including comprehensive medical care for jockeys, track staff and allied personnel. Emergency care focuses on immediate stabilizing, comfort and evacuation of injured racetrack personnel to appropriate hospital facilities.

Physical Resources & Staffing

The Alameda County Fair provides multiple levels of safety and medical support for its many racing participants. Specifically: an Ambulance, a fully equipped Alameda County Fire Department Paramedic Engine, a permanent First Aid building, a licensed Physician, Sheriff Deputies and security personnel, redundant communications system, local Fire Station, Horse Ambulance, etc...

Ambulance - A fully staffed and equipped ambulance is provided through a contract with Westmed Ambulance Service and located at the Track. Two Emergency Medical Technicians from Westmed Ambulance Service staff this on-track ambulance. This ambulance and crew are at the Track whenever horses are on the Track (during both racing and training hours) and are responsible for initiating basic life support measures, including immediate medical stabilization, care and transport to medical care facilities. This ambulance follows the horses during each race, at a safe distance. This is a competitively bid contract.

Fire Department Paramedic Engine – During the Live Race Meet, a fully equipped Alameda County Fire Department Paramedic Engine is parked roughly 100 feet from the Jockey's Clubhouse. The Engine is staffed with four County of Alameda Firefighters, including at least two licensed Paramedics. The Alameda County Fire Department has provided the attached 10 page listing of major equipment and supplies carried by its various Fire Engines.

Permanent First Aid Building – A permanent First Aid building is located approximately 100 feet west of the Jockey's Club House. During the Live Race Meet, the Alameda County Fire Department staffs the First Aid Building with a full Engine Company, which includes at least two certified Paramedics. The First Aid Building includes two beds, restrooms, receiving area, triage area, medical equipment, medications, etc... In addition to the array of emergency medical equipment and supplies on the Paramedic Fire Engine, the Alameda County Fire Department annually determines the equipment and supply needs of the First Aid Building.

Licensed Physician - During the Live Race Meet, a licensed Physician is on duty and is responsible for care on an ongoing basis for jockeys, track staff and allied personnel requiring non-emergency medical care. The Licensed Physician is also associated with Valley Care Hospital, which is located 2.7 miles from the Track.

Sheriff Deputies and security personnel – Around the clock protection of the Track, Barn Area and Grandstands are provided by numerous Alameda County Sheriff Deputies and trained Security Guards (both in uniform and undercover.) For security purposes, the Fair Association does not publish the precise details of its security plans.

Redundant Communications System – During the Live Race Meet and Annual Fair redundant communications are provided to ensure constant contact between all emergency care personnel. Two way radio networks are established within the racing operations as well as fair emergency operations. All key emergency care personnel also carry cell phones and each is provided a laminated card containing all contact numbers. The Fair also has an emergency response team which responds to all emergencies both medical as well as non-medical.

Local Fire Station – A fully staffed Fire Station is located immediately across the street from the Fairgrounds on Valley Avenue. This Fire Station provides emergency medical support as requested by the County of Alameda.

Horse Ambulance – The Alameda County Fair provides the services of a state of the art Kimzey Horse Ambulance as well as a senior experienced driver who is responsible for the evacuation and disposition of injured horses at all racing fairs.

Item #14F English:

Alameda County Fair Racing Accident Procedures

In case of an accident on the racetrack, the following procedures are to be implemented:

Track Ambulance

The track ambulance will travel immediately to the scene of an accident and assume triage and patient care responsibilities and evacuate.

Security

1. As soon as possible, a member of the track security staff shall report to the scene of the accident and thereafter take direction from the EMT responsible for the accident scene management. The track security representative shall be responsible for keeping bystanders away from the accident scene.
2. A member of the track security staff shall proceed to the Jockey's Room to secure the ambulance transfer area and prevent visitation from bystanders away from the accident area.
3. A member of the track security staff shall be responsible for escorting emergency vehicles.
4. The security staff shall be responsible for all "crowd control" activities.

Racing Staff/Track Veterinarian

1. Upon arrival at the scene, the Outrider should hold the injured horse in order to prevent further harm to people, horses and property.
2. Horses with severe injuries should be transported off the track via the horse ambulance whenever it is practical to do so.
3. The track veterinarian shall make the decision as to the necessity of euthanasia on the track.
4. The screen blocking the public's view of the injured horse shall be set-up prior to the euthanasia procedure.
5. Outriders are responsible for the removal of any debris from the racetrack following the removal of the injured person or horse from the track.

Item #14 F Spanish:**Procedimiento en caso de Accidente en Alameda County Fair**

De ocurrir un accidente en el hipodromo, se debe hacer lo siguiente:

El personal de la Ambulancia

El personal de la ambulancia trasladarse inmediatamente al lugar del accidente siempre que lo necesario para tratar a la(s) victima(s).

Seguridad

1. Tan pronto como sea posible, un miembro de seguridad del hipodromo debera reportarse al lugar del accidente y desde ahi recibir las instrucciones del Paramedico responsable del lugar del accidente. El miembro de seguridad sera responsable de mantener a los transeuntes fuera del lugar del accidente..
2. Un miembro del departamento de seguridad del hipodromo se acercara al cuart del jockey para aguardar el area donde la ambulancia estara y prevenir que transeuntes y personas ajenas se acerquen.
3. Un miembro de seguridad del hipodromo sera responsable de escoltar a los vehiculos de emergencia..
4. Los miembros de seguridad seran responsable de controlar a la multitud.

Personal de Carreras/Veterinario del hipodromo

1. Una vez en el lugar del accidente, el Outrider/escolta debera sujetar al caballo herido para evitar que lastime a la gente, a otros caballos o a la propiedad.
2. Los caballos muy mal heridoa deberan ser sacados de la pista con la ambulancia para caballos, siempre que sea posible hacerlo de esa manera.
3. El veterinario del hipodromo debera decidir si se sacrifica al caballo en la pista.
4. Sea posible hacerlo, se debe colocar la pantalla/screen para tapa la vista al publico, antes de iniciar el procedimiento de sacrificio del animal.
5. Los Outriders son responsables de remover cualquier desecho en la pista despues de que la persona o caballo accidentado haya sido trasladado del lugar.

Personal de Planta/Plant Staff

1. La Ambulancia de Caballos debera trasladarse inmediatamente al lugar del accidente siempre que un caballo este severamente lesionado y necesite transporte.
2. Los miembros del departamento de planta que esten cerca del accidente deberan ayudar a fapar el lugar para que el pulico no pueda ver lo que sucede, ademas deberan recibir instrucciones del Paramedico responsable del lugar del accidente.

Locutor

El locator debera informar a los jinetes acerca de los detalles de la situacion (como la ubicacion del caballo suelto, la necesidad de adelantar, etc.) para que puedan hacer lo necesario y mitigar otros problemas.

Gerencia

1. Un representante de la gerencia se apersonara rapidamente al lugar del accidente en el hoipodromo. El genente informara a los otros gerents sobre las lesions sufridas.
2. Otro representante de la gerencia debera informar al departamento de video para monitorear la escena y ver la cobertura de video que sera transmitida al publico.
3. Un miembro de la gerencia debera aportar con informacion sobre los anuncios que debera hacer el locutor.
4. Un miembro de la gerencia sera responsable de ver que la informacion con respecto al accidente sea dada a los familiars de los heridos. Se debe hacer lo necesario para acompanar a los familiars a los hospitals, de ser el caso. Al respecto, es necesario tener un registro de la persona a quien se debe comunicar en caso de que un jockey sufra un accidente.
5. Todos los anuncios publicos y respuestas a la prensa las realice unicamente el funcionario de gerencia de alto nivel que se encuentre disponible en ese momento.

Todo los Jefes de Departamento

Todos los Jefes de Departamento deben comunicar a sus empleados que, a pesar de que las intenciones sean buenas, el tratamiento de un jinete/jockey herido debe ser realizado por el personal calificado para ello, y todos los demas empleados deben permanecer lejos del lugar del accidente.

On-Track Attendance & Fan Development Plan 2012 Alameda County Fair Live Horse Race Meet

The 2012 Alameda County Fair will operate 17 days this summer from June 20 – July 8 closed on Mondays, with an estimated attendance in excess of 400,000 patrons. The Live Horse Race Meet will be conducted during 13 days of the Fair, June 21 – July 8, dark on June 25, 26, 27 & July 2 and 3. More than \$2 million in cash and cash equivalents (in-kind advertising) will be spent to promote the 2012 Annual Fair and Race Meet. The majority of advertising for the Annual Fair includes advertising of the Race Meet.

Fair Horse Racing takes racing to the public in a very unique manner. The thrill and excitement of concerts, carnival rides, unique food items, exhibits, etc., all combine to provide a one-of-a-kind experience in a local community. Many first timers and casual players, who might never attend a private track, are exposed to Horse Racing in an exciting manner at California's Racing Fairs. Consequently, the Alameda County Fair utilizes a wide variety of methods to market, promote and advertise Live Horse Racing during its 17-day Annual Fair event.

Our Horse Racing Marketing is designed to enhance on-track attendance and develop fans through a variety of multifaceted marketing channels and on-site experiences. Each element is designed to interconnect into a successful and effective program, helping to create exposure for the Fair Race Meet and Horse Racing in general.

The Live Race Meet continues to gain new customers while retaining existing patrons. The continued and increased participation of the Fair patrons in the many Live Racing promotions offered by the Fair further attests to the fact that our marketing campaigns are attaining many of their objectives.

2011 Budget for Live Racing Advertising: \$60,000

2011 Budget for Live Racing Promotions: \$20,000

2012 Budget for Live Racing Advertising: \$60,000

2012 Budget for Live Racing Promotions: \$20,000

Trackside Terrace:

Fairgoers can experience a winning view of the races at the Trackside Terrace, a VIP lounge with an elevated view of the racetrack. With three levels of seating, catered food, private betting machines, full bar, and a quiet place to sit and enjoy the day with friends, Trackside Terrace will be a staple for Fair racing. The Trackside Terrace offers a gourmet buffet including carving stations and private betting windows with open-air terrace seating overlooking the racetrack. This site is perfect for corporate parties and group reservations. The Trackside Terrace is marketed in several ways which include county wide Chamber of Commerce marketing channels, local events, guerilla marketing, electronic newsletters and Fair website.

Sponsorships and Partnerships:

The Marketing Department works year-round to develop strong relationships with local and national companies. Additionally, the Fair develops new advertising partnerships, and strengthens existing partnerships, in an effort to incorporate more "in-kind" trade and promotion into the advertising mix. For example, the Fair Staff will once again partner with the Oakland Coliseum to trade on-site booth presence in the Racing Grandstand for all 13 days of Racing, in exchange for advertising on the Oakland Coliseum's highly visible electronic reader board (alongside Highway 880). Budweiser will once again sponsor the Grandstands. Cross-promotions with Budweiser are currently being planned to increase on-track attendance including \$1 beers every Thursday. Jackson Rancheria will sponsor Live Racing with multi-faceted promotions planned at the track.

Paid Advertising:

Buying advertising on radio, television, outdoor billboards and in print is necessary to encourage more people to come to the Fair and Race Meet. The Fair's general marketing strategy is to include the Race Meet in all advertising mediums whenever possible. For example, a portion of the Fair TV commercial focuses on shots of the horse races. Fair Staff targets sports-related and older generation-formatted radio stations to advertise the Live Race Meet. Print is especially important in advertising the Horse Races. Advertising for the Live Race Meet is included in all general Fair print ads. Additionally, racing-specific ads are created for the sports sections of the newspapers and for sports-focused print media such as the Daily Racing Forum.

Grassroots Marketing:

Poster placement is a grassroots marketing method employed by the Fair. Businesses and public organizations displaying posters, flyers, and brochures advertising the Fair and the Live Race Meet show their community support and enthusiasm for the Fair. Organizations in Alameda County continually support the Fair by allowing Fair information to be included in their internal and external communications, such as newsletters, email programs, direct mail pieces, etc.

Online Marketing:

The Alameda County Fair utilizes the Web to communicate and promote the Fair's message. The website is an informative and functional tool because of the number of ways it can be used. Email newsletters with Horse Racing information are sent via the Internet to the Fair's continually growing database of patrons currently at over 80,000 emails. Additionally, the website lists the daily schedule and links to real-time race results each day of the Fair's Live Race Meet. Daily racing picks by the Fair's Racing Publicist and well-known sports writer Dennis Miller are posted on the website daily along with a brand new blog of daily horse racing activity.

Box Seat Sales:

The Marketing Department is responsible for selling the over 150 Box Seats in the Race Track Grandstands. A number of methods are used to achieve the sale of Box Seats including direct mail, print advertising and online banner ads at partner websites. Promotion of the Fair's Live Horse Race Meet is incorporated in the Box Seat Sales strategy.

Non-profit Outreach:

Each year the Marketing Department makes available on a daily basis a select number of Box Seats to various non-profit organizations. The non-profits in turn raffle off "A Day at the Races." This includes parking, Fair admission and box seat admission.

Publicity:

The Marketing Manager meets with area media prior to the Race Meet to disseminate information on the Race Meet and the many promotions occurring at the Race Track. Print, radio and television media are all used to promote the Race Meet. The Fair Association's Marketing Manager serves as the Racing Publicist and provides information and statistics to various media outlets daily during the Race Meet. Additionally, the Fair Association hires well-known sports writer, Dennis Miller, to write articles, place Daily Picks in local papers and on the Fair's website as well as local news websites and generally promote horse racing to the media.

Educational Programs:

The Fair, in partnership with CARF, holds educational seminars every morning before the first Post Time to educate beginners on how to wager at the races. The panel consists of experienced and well-known personalities within the racing industry. Seminars have included such guests as owners, trainers, jockeys, handicappers, racing officials, racing reporters, "tipsters," and information on how to make various wagers. The Fair, CARF and the Daily Racing Form sponsor the daily racing seminars. The Racing Seminars have become quite popular, with attendance increasing year after year.

Additional educational tools will be available at the Track to promote "How to Wager" for those new to horse racing and not able to attend the seminars.

Promotions:

Many types of promotions have been developed and/or to be repeated for the 2012 Live Horse Race Meet. Some are designed to attract new patrons, while others cater to existing customers. A sampling includes:

- **Morning Workout Seminar** – Dennis Miller (Fair Publicist), the Racetrack Announcer and one popular Trainer will provide analysis of workouts to the public attending this special event. This is designed to educate seasoned players create more interest in horse racing for the casual fair player.
- **Chamber of Commerce Days at the Races** -where all Chambers within Alameda County are invited to attend the Race Meet on their own day. Chamber Presidents and Executives are hosted in the Fair Director's V.I.P. Lounge for lunch. These honored guests in-turn present a basket in the Winner's Circle during their named race.
- **City Days at the Races** -each Mayor, City Council and City Manager in Alameda County are invited to attend the Race Meet in concert with their local Chamber of Commerce. City Officials are hosted as VIP's and participate in the Winner's Circle presentation.
- **VIP Director's Lounge** - each Director of the Fair Association Board has the opportunity to entertain dignitaries, VIPs, elected officials, business leaders, etc., daily in an air-conditioned lounge at the top of the Race Track Grandstand.
- **The Palm Pavilion** -will offer patrons the opportunity to enjoy full meal and bar services alongside the Rail of the Race Track. Patrons may also place their wagers in the Palm Pavilion.
- **Advertising of Local Businesses** - occurs on the Jumbotron and in the Racing Program during the race meet. Many of these businesses cannot afford to advertise at the private tracks.
- **Naming of Feature Races** - is another opportunity provided to businesses, families, local wineries, etc., to showcase their name and products in the Winner's Circle.
- **Public Service Announcements** - appear on the Jumbotron during racing.

Featured Alameda County Wineries:

The 2012 Fair Race Meet will include promotion of the local Alameda County wineries within the Grandstands and at the Race Track. A new Wine Bar featuring local premium wines will be added inside the Grandstands. Additionally, wineries will be promoted as a Feature Race, in the Daily Program and on the Jumbotron and at the Trackside Terrace.

Satellite Wagering Facility:

The Fair Association operates one of the most successful Fair Satellite Wagering Facilities in Northern California. The Fair Association's Satellite Wagering Manager takes a very active role in the Live Race Meet and actively cross promotes with Satellite Wagering customers. In-turn the Fair Association also promotes its Satellite Wagering Facility to patrons of the Live Race Meet.

Item #16 D & E:

Improvements to the physical facility:

Horsemen, Track, Fans and Restricted Areas

Installed emergency warning lights on the Quarter Poles, installed large lights on the roof edge of the Grandstands in support of early morning training, and widened the Bridle Path to further enhance safety for horses and riders.

Winner's Circle newly expanded to better accommodate patrons and photographers.

The **Palm Pavilion**, located trackside, has been fully remodeled. This remodel included installing outdoor patio viewing of the track, indoor large screen TV's to broadcast racing, self-serve wagering terminals, etc... The Palm Pavilion also serves food and beverages & includes a full bar.

The **Racing Paddock** has been remodeled so that more fans can gather in the general area. The roof was elevated to enhance the safety of riders. A grass oval was installed to accommodate owners and trainers. Additional cameras were used to enhance the broadcasting of the Paddock area.

The **Track Side Terrace** was created to provide upscale VIP outdoor dining and viewing of the races. The Track Side Terrace also allows enhanced marketing to our corporate partners.

The **VIP Directors Lounge** has been refurbished with new carpet, air conditioning, paint, etc., to better accommodate VIP's. Every Mayor, City Council Member and Chambers of Commerce from throughout the County of Alameda, is extended an invitation to visit the VIP Directors Lounge. Racing VIP's, elected officials from the County, State and National level also attend the lounge.

The **Jockey's Club House** has been remodeled to open up the dining area, relocate the laundry facilities, add more sleeping areas, etc...

Restrooms and Showers in the barn area have been remodeled to provide upgraded facilities for employees and tenants.

Roadway #12 has been upgraded and widened to better accommodate large horse trailers. Catch basins and a storm drain line have been installed to mitigate the flooding that previously occurred in this area.

Campgrounds have been upgraded and more spaces added to better house out-of-the-area trainers and racing employees during the Race Meet.

Barn Roofs and Solar Energy – All barns received new roofs in 2004, in advance of the Fair installing a 1 Megawatt Solar Energy System on the barns. According to PG&E, the Fair is the "largest nonprofit generator of solar energy in the nation."

60 New Haysheds have been custom built into each Barn Row for the ease of storing hay and feed in closer proximity to the horses.

Upgraded the Main and Auxiliary Water Wells with variable speed submersible pumps. This provides more constant and consistent water supply to our training and racing operations, since we are on our own water system.

The Pole Barn Arena has been upgraded to better allow training under a covered roof during the winter.

Upgrades to "cash management areas."

Widened Bridal Path

Enhanced "On-Off Gap"

Expanded Temporary Housing Accommodations in the Barn Area

Rebuilt Breaking Corals

Built new Clocker's Tower

Installed new Safety Warning Lights around Track & Bridal Path

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD
REGARDING THE REQUEST FROM THE CALIFORNIA EXPOSITION AND STATE FAIR FOR
ALLOCATION OF HARNESS RACING DATES AT
CAL EXPO FOR THE PERIOD OF
AUGUST 24, 2012 THROUGH DECEMBER 15, 2012, INCLUSIVE

Regular Board Meeting
April 26, 2012

BACKGROUND

Business and Professions Code section 19440(a) states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include allocation of racing dates to qualified associations in accordance with law. Business and Professions Code section 19530 provides that the Board shall have the authority to allocate racing weeks to an applicant or applicants pursuant to the provisions of this article and article 6.5 and to specify such racing days, dates and hours for horse racing as will be in the public interest and will subserve the purposes of this chapter. The decision of the Board as to such racing days, dates and hours shall be subject to change, limitation or restriction only by the Board. Business and Professions Code section 19531 states the Board shall make allocation of racing weeks, including simultaneous racing between zones, as it deems appropriate. The maximum number of racing weeks that may be allocated for harness racing is 25 weeks per year in the northern zone. Business and Professions Code section 19549.6 states that notwithstanding subdivision (b) of section 19531 and sections 19540, 19546, and 19549, the Board may allocate additional weeks of harness racing to the California Exposition and State Fair in Sacramento or its lessee, to be raced at the California Exposition and State Fair in Sacramento.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

ANALYSIS

Current Board practice in allocating race dates is to allocate dates for a one year period of time. In October 2011 the Board allocated 2012 race dates to California racing associations and to the fair racing circuit. The California Exposition and State Fair race dates were only allocated for December 2011 through June 2012 because of the uncertainty of there being a harness operator for the remainder of the 2012 racing year. On April 2, 2012 the California Exposition and State Fair submitted a letter requesting the allocation of harness racing dates at Cal Expo for the period of August 24, 2012 through December 15, 2012. Cal Expo stated it was aware dates had never been allocated to it without a named operator; however, with dates allocated Cal Expo believes it would have an additional negotiating point in attracting a qualified operator.

RECOMMENDATION

This item is presented for Board discussion and action.
