REGULAR MEETING

of the **California Horse Racing Board** will be held on **Thursday, April 16, 2015**, commencing at **10:00 a.m.**, at the **Bayview Lounge (Turf Club) at Golden Gate Fields, 1100 Eastshore Hwy, Berkeley, California**. The audio portion only of the California Horse Racing Board regular meeting will be available online through a link at the CHRB website (www.chrb.ca.gov) under "Webcasts."

AGENDA

Action Items:

1. **Approval of the minutes of February 18, 2015.**
2. **Executive Director's Report.**
3. **Public Comment:** Communications, reports, requests for future actions of the Board.
Note: Persons addressing the Board under this item will be restricted to **three (3) minutes** for their presentations.
4. Discussion and action by the Board regarding the **distribution of race day charity proceeds of the Watch and Wager LLC Racing Association in the amount of \$4,600 to six beneficiaries.**
5. Discussion and action by the Board on the **Application to Conduct a Horse Racing Meeting of the Oak Tree Racing Association at the Alameda County Fair (F), at Pleasanton, (Race meeting to be called "Oak Tree at Pleasanton")** commencing June 17, 2015 through July 7, 2015, inclusive.
6. Discussion and action by the Board regarding the **request from California Exposition and State Fair (Cal Expo) for a waiver to CHRB Rule 1472, (b) Rail Construction and Track Specifications, to facilitate the installation of the Mawsafe Rail System.**
7. Public hearing and action by the Board regarding the **proposed addition of CHRB Rule, 1891.1, Penalty for Possession of Electrical Device**, to establish penalties for the use of a buzzer on a horse. (Note: This concludes the 45-day public comment period. The Board may adopt the proposal as presented.)

8. Discussion and action by the Board regarding **the proposed amendment to CHRB Rule 1489.2, Rehabilitation Criteria for Evaluation of Denied, Suspended or Revoked Occupational License**, to establish criteria to be used to evaluate the rehabilitation of an applicant when considering the denial, suspension or revocation of an occupational license.
9. Discussion and action by the Board regarding the **proposed amendment to CHRB Rule 1489.3, Criteria for Denial, Suspension and Revocation of an Occupational License**, to establish criteria to be used when considering the denial, suspension or revocation of an occupational license.
10. Discussion and action by the Board regarding the **proposed amendment to CHRB Rule 1588, Horse Ineligible to Start in a Race**, to provide that a horse is ineligible to start in any race in California if it is on the veterinarian's list in another racing jurisdiction, unless with prior approval of the stewards.
11. Discussion and action by the Board regarding the **proposed amendment to CHRB Rule 1843.2, Classification of Drug Substances**, to add cobalt to the CHRB Penalty Categories Listing by Classification, thereby establishing the violation and penalty guidelines for the presence of cobalt in an official blood sample.
12. Discussion and action by the Board regarding a **report from Golden Gate Fields on the status of its marketing efforts for rebranding racing at Golden Gate Fields for the future, as noted in its race meet application for license**.
13. Discussion and action by the Board regarding **the proposed adjustment of the 2015 Southern California racing calendar, to allocate September 26th and September 27th from Santa Anita to Fairplex, at Los Alamitos**.
14. Discussion and action by the Board regarding **the proposed adjustment of the 2015 Northern California racing calendar to modify the allocated Fresno October 1, 2015 starting date to October 8, 2015**.
15. Report from the **Pari-mutuel, ADW and Simulcast Committee**.
16. Report from the **Northern California Race Dates Ad Hoc Committee**.
17. **Closed Session:** For the purpose of receiving advice from counsel, considering pending litigation, reaching decisions on administrative licensing and disciplinary hearings, and personnel matters, as authorized by section 11126 of the Government Code.
 - A. The Board may convene a Closed Session to confer with and receive advice from its legal counsel regarding the pending litigation described in the attachment to this agenda captioned "Pending Litigation," as authorized by Government Code section 11126(e).

- B. The Board may convene a Closed Session to confer with and receive advice from its legal counsel regarding the pending administrative licensing or disciplinary matters described in the attachment to this agenda captioned "Pending Administrative Adjudications," as authorized by Government Code section 11126(e).
- C. The Board may convene a Closed Session for the purposes of considering personnel matters as authorized by Government Code section 11126, (a).

APPROVAL OF THE MINUTES OF JANUARY 15, 2015

Chairman Winner asked for approval of the minutes of the Regular Meeting of January 15, 2015.

Chairman Winner **motioned** to approve the minutes. Commissioner Krikorian **seconded** the motion, which was **unanimously carried**.

EXECUTIVE DIRECTOR'S REPORT.

Executive Director Rick Baedeker introduced Philip Laird, the new California Horse Racing Board (CHRB) staff counsel. He stated Mr. Laird would work with CHRB law enforcement, licensing, policy, regulations, and legislation. Executive Director Baedeker stated the microchip program was scheduled to begin on April 1, 2015, at Golden Gate Fields (GGF). He said CHRB safety stewards met with three trainers who would be participating in the program and everyone was supportive. The California Thoroughbred Trainers and management at GGF had been helpful and supportive of the project, which was appreciated by the Board. Executive Director Baedeker stated the California Department of Food and Agriculture provided six microchip scanners for the program, which was appreciated as well. Executive Director Baedeker stated

language regulating the use of cobalt would be presented at the February 2015 Regular Board meeting. He said the Medication Committee approved the proposed threshold of 25 parts per billion. He stated even though cobalt was a natural mineral, and found in vitamin B12, if administered in higher doses it could be a performance enhancer, and in very high doses could be toxic to a horse. Executive Director Baedeker stated Galway Downs was in compliance with all CHRB regulations. He said Galway Downs met all of its conditions and horses were shipped in. Executive Director Baedeker reported on Advance Deposit Wagering (ADW) distributions. He stated John Bucalo, of the Barona Casino, asked about the percentage that went to satellites from ADW. Executive Director Baedeker said a thorough understanding of how the percentage was derived and figures were provided to the Board by Bernie Thurman of Southern California Off Track Wagering, Incorporated (SCOTWINC). He stated distributions were paid to the following: the host, ADW company, retirement fund, Workers' Compensation, equine fund, Public Employment Board, backstretch fund, satellites, expense fund, stabling and vanning, breeder awards, purses and track commissions. He said distributions could change depending on who made the wager, on which track, and on what breed. He stated, for example, ADW wagers placed by Southern California residents on cards hosted by Santa Anita would be distributed as follows: 79.87 percent back to bettors; 4.91 percent hub fee paid to ADW; 1.89 percent to the various funds mentioned; 1.97 percent to brick-and-mortar satellites. He said the 1.97 percent would be placed in a pool and distributed according to the level of business done by the individual satellite the previous year; 2.9 percent to the expense fund; 5.12 percent to purses; and 3.35 percent to tracks. He stated Barona handled \$12,207,000 in 2014; it received \$248,000 in brick-and-mortar commissions, plus \$183,000 from the ADW share. He said added together this resulted in 3.54 percent of business done at Barona. Executive Director Baedeker stated the

financials for the month were good; business from daytime meets was up one percent and business for night meets was up 27.82 percent. He said the night meets were up due to a significant increase in ADW, two more racing days, and days where harness and quarter horses did not run against each other. He stated business was up just under 3.4 percent for the month. Chairman Winner asked Kip Levin of TVG and Keith Brackpool of the Stronach Group to report on HRTV and TVG. Mr. Brackpool stated the purchase of HRTV by TVG was announced, and the parties wanted to provide the Board with background on the transaction. He stated people wondered why they had two networks competing with other sports TV. He said the biggest issue facing horse racing was carrier distribution. He stated there had been a consolidation of main carriers of satellite and cable television with a fractured distribution depending on where someone lived in the country; you got one or nothing – not both. He said it was difficult to get both with California being an example. He stated he was introduced to Mr. Levin, CEO of TVG, and they began dialogue on merging the two companies. He said the transaction had closed and they were very excited. He stated it would have a positive effect on California racing because Santa Anita and Golden Gate would be on the main HD channel with licensed rights to show other Stronach Group tracks around the country. Mr. Levin stated TVG invested in building an amazing TV product and platform to represent the racing industry. TVG was building a new studio and upgrading its HD signal. He said TVG's plan was to continue to operate the two networks in unison. He stated the strategy was to shine a nation-wide spotlight on all premium races in California and to show more racing on TV. Chairman Winner asked when HRTV and TVG would be relicensed under the new agreement. Mr. Brackpool stated the ADW providers had not merged; just the television companies. He said Xpressbet was still owned 100% percent by the Stronach Group. Commissioner Auerbach asked Mr. Brackpool if

TVG was assuming control immediately; would the Board see TVG from Santa Anita, live onsite? Mr. Brackpool said yes; it would be seen immediately. He stated any issues that arose due to the purchase of HRTV would be worked through within one to two weeks and the entities would be smoothly integrated within 30 to 45 days. Mr. Levin stated there would be two television networks that would work in tandem/unison with each other. Mr. Brackpool gave the Board an example of Santa Anita; the race meeting would be shown on both networks and only certain races would be shown on one network. He said the intent was to have a main HD channel that would feature the premium racing, and other racing would be shown at a faster rate on the second channel. Commissioner Auerbach asked if the signal would be merged with the TVG signal and would the HRTV signal become superfluous. Mr. Brackpool stated TVG intended to keep the two channels operating. The branding issue would be discussed over time. Mr. Levin said the programming would allow the two channels to work in tandem rather than compete with each other. He used a stakes race at Santa Anita broadcast by HRTV as an example. As the race closed, instead of cutting over to another race, HRTV would show the winner's circle. Customers interested in watching a race starting at another race location would be told to turn to TVG. Chairman Winner asked if replays would be eliminated. Mr. Levin stated there would be time to show the replays for premium races. Chairman Winner asked if certain races shown on tape delay could be eliminated. Mr. Levin stated hundreds of races every year were shown on tape delay due to content commitments. He said tape delay would give TVG more time to figure out how to place a bigger spotlight on the premium content in California, while also meeting the needs of other content commitments. 2nd Vice-Chairman Rosenberg asked if the Stronach Group would have control of TVG going forward. Mr. Brackpool stated TVG acquired HRTV as part of the asset; however, the Stronach Group was

concurrently licensed to show Stronach Group racing around the country to the new entity. He said there was a TV board made up of himself, Mr. Levin, Scott Daruty, and others from TVG, as well as a combined TV board. Commissioner Auerbach asked if the CHRB was unhappy that TVG was not showing Golden Gate; could the CHRB lobby TVG. Mr. Levin stated TVG signed a contract commitment to show Golden Gate. Executive Director Baedeker asked if the existing HRTV channel would be converted to a second TVG channel; would both channels always be available? Mr. Levin said that would be dependent on the TV distributors, but they would promote both channels across each other; the hope was to get broader distribution for the second network. Commissioner Krikorian asked if TVG had a plan in place to expand high definition. Mr. Levin said both networks would broadcast out of TVG's HD studio and HRTV would move under the same technology platform. He stated TVG would have a conversation with the satellite companies and distributors to ensure they would broadcast the signal in HD. Commissioner Choper asked about potential antitrust implications. Mr. Brackpool stated they did not believe they had violated any antitrust regulations. Commissioner Beneto asked if the different race tracks would be on different channels. Mr. Levin stated races would all be on TVG and the premium network. Chairman Winner asked if the names HRTV and TVG would remain. Mr. Levin stated the immediate plan was to keep the name HRTV. Mr. Levin asked Mr. Brackpool if there was a TV board, a board within the company that would operate the TV side of the business. Mr. Brackpool stated there was such a board. Representatives from the Stronach Group and TVG were on the board. 2nd Vice-Chairman Rosenberg asked if the television broadcast arrangement had something to do with Xpressbet being a part of one of the networks. Mr. Brackpool said "no". Chairman Winner asked if Xpressbet and TVG would continue to operate separately. Mr. Levin stated that was correct. Chairman Winner said he

understood HRTV was being retained as the brand. He asked if Xpressbet and HRTV would promote each other on their ADW platforms. Mr. Brackpool stated HRTV did not have a wagering site and Xpressbet was a different unit of The Stronach Group. Chairman Winner stated since Xpressbet was not merging with TVG, and the platform of the ADW remained the same, Xpressbet did not have to reapply for a license.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST FROM THE DEL MAR THOROUGHBRED CLUB TO ENACT CHRB RULE 1406, SUSPENSION OF RULE, TO WAIVE THE PROVISIONS OF CHRB RULE 1433(B), APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING, TO FACILITATE THE INSTALLATION OF A DIRT RACE TRACK AT DEL MAR.

Josh Rubenstein, Del Mar Thoroughbred Club (DMTC), stated DMTC was returning to a natural dirt surface beginning with its 2015 summer meet. He said it requested a waiver to Rule 1433, subsection (b) of Application for License to Operate a Race Meeting. Subsection 1433(b) mandated a synthetic surface at race tracks that operate four weeks or more of continuous thoroughbred racing in a calendar year. Executive Director Baedeker informed the Board this issue had been administratively handled based on the Board's previous action to amend Rule 1433 to delete the requirement for a synthetic surface. He said based on the Board's intent to amend Rule 1433, staff determined it was appropriate and prudent for Del Mar to begin the process. Chairman Winner **motioned** to approve the request from DMTC to waive the provisions of Rule 1433(b) to facilitate the installation of a dirt racetrack at DMTC. Commissioner Krikorian **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE **PROPOSED AMENDMENT TO CHRB RULE 1658, VESTING OF TITLE TO CLAIMED HORSE, TO PROVIDE THAT A CLAIM SHALL BE VOIDED BY THE STEWARDS IF THE RACING OR OFFICIAL VETERINARIAN DETERMINES THE HORSE WILL BE PLACED ON THE VETERINARIAN'S LIST AS "BLED"**.

Dr. Rick Arthur, CHRB Equine Medical Director, stated the original version of Rule 1658, Vesting of Title to Claimed Horse, voided claims when the horse bled. However, in subsequent years the provision was eliminated and the regulation only dealt with soundness issues. He said California Thoroughbred Trainers (CTT) and official veterinarians requested that Rule 1658 be amended to include horses that bled. He stated a horse could be claimed as sound, but would go on the Veterinarian's List as bled. He said "bled" was defined in Rule 1845, Authorized Bleeder Medication, as horses that bleed from the nostrils, had epistaxis, appeared as exercise-induced pulmonary hemorrhage. He stated under the proposed amendment, claims would be voided if the claimed horse was placed on the Vet's List as bled. Chairman Winner stated the primary reason for amending Rule 1658 was to discourage the entry of horses for the purpose of offloading them; a deterrent to those who tried to enter a horse in a race that was unsound. He said often a trainer did not know a horse had a bleeding problem until it raced. He stated if the purpose of the proposed amendment was not to discourage placing a damaged horse in a claiming race, then he did not believe it was consistent with the intent of the rule. Dr. Arthur said 60 percent of horses treated with Lasix had exercise-induced pulmonary hemorrhage. He said soundness health and respiratory health were the two issues race track veterinarians dealt with. He stated he believed the proposed amendment to Rule 1658 would protect horses. Commissioner Auerbach asked if the Board wanted to keep amending Rule 1658 when it appeared the proposals were not in line with the original intent of the regulation. Chairman Winner stated he did not want the Board to over-regulate. He said the Board was trying to do

what was right for the industry, the horses, and the riders. He stated a horse would not go down for bleeding, causing damage to other horses, or the rider; however, a horse would more likely go down if there was preexisting skeletal or soft tissue damage. Dr. Arthur stated there were one to four sudden deaths a year related to exercise pulmonary hemorrhage; it was not a big problem. He stated, in terms of protecting the welfare of the horse, the proposed amendment was a reasonable step. Dr. Arthur said if it was known that a horse bled, the horse would go on the Vet's List, and could not race for 15 days. He stated the primary definition for a regulatory action was epistaxis, or blood at the nose, not endoscopic which was internal bleeding. Commissioner Krikorian asked if it was possible for a horse to bleed through the nostrils one time, and not the next time it ran a race. Dr. Arthur stated that was possible. Commissioner Krikorian asked if a horse that bled multiple times could be designated differently than one that had a few drops of blood after a race. Dr. Arthur stated as the regulatory agency, the Board only monitored blood at the nostrils; the Board did not perform endoscopic examinations. Commissioner Krikorian stated he had the same concerns as Chairman Winner and Commissioner Auerbach about the proposed amendment. Commissioner Choper said the purpose of the item was to put the proposed amendment forward for 45 day notice. Jim Cassidy, President, stated CTT was concerned about the welfare of the horse. Chairman Winner asked if a claim would be voided if a horse that never bled before bled once through the nostrils or would a pattern of bleeding be more reason to void a claim? He asked if the proposed amendment was written so if the horse bled through the nostril more than once the claim would be voided. Dr. Arthur stated a horse that bled through the nose would be observed by the official or track veterinarian and would go on the Vet's List for 15 days the first time it bled. Commissioner Choper asked if bleeding during training was included under the proposed amendment. Dr.

Arthur stated the rule did not include training. Commissioner Choper asked if horses that were not claimed would be observed by the track veterinarian as much as the horses that were claimed. Dr. Arthur stated no. He said horses that won were observed for an hour after the race. Commissioner Choper stated he believed claimed horses went on the Vet's List immediately. Dr. Arthur said no, if the horse was claimed it was examined by the official veterinarian at the test barn, and the horse was either released as sound, and the claim stood, or the horse was released as unsound, and the claim voided. Chairman Winner asked if all trainers, even those who opposed the rule initially, supported the proposed amendment. Mr. Cassidy said he believed horsemen thought the rule was working out well. He stated the proposed amendment would help those who claimed a horse but had no idea the horse bled in the past. Commissioner Krikorian asked why the wagering public was not informed about a horse that bled. Dr. Arthur stated the Vet's List was a public document; an individual could look up a horse to see if it had bled. Alan Balch, of the CTT, stated the proposal had to do with fairness. He said the issue arose when a claim was not voided for a horse that bled for the third time and then the horse was out. He stated that was not fair for the claiming owner or the claiming trainer. He said the claiming rule should be consistent and fair for everyone. 2nd Vice Chairman Rosenberg **motioned** to direct staff to initiate a 45-day public comment period for the proposed amendment to Rule 1658. Commissioner Choper **seconded** the motion, which was **unanimously carried**.

DISCUSSION BY THE BOARD REGARDING THE **PROPOSED AMENDMENT TO CHRB RULE 1699, RIDING RULES**, AS IT PERTAINS TO THE CRITERIA FOR DISQUALIFICATION IN A HORSE RACE.

Executive Director Rick Baedeker stated the Board proposed language for an amendment to Rule 1699, Riding Rules, at the November 2014 Steward's Committee meeting. He said the language

went to the Regulatory and Legislative Committee for further review. He stated there were still issues with the proposed language and he recommended the Board postpone further action until a final text was approved. Chairman Winner stated the Board wanted the proposed amendment to be as clear and consistent as possible for the industry and to the wagering public. Executive Director Baedeker stated the issues with Rule 1699 did not originate with the controversial call in the Breeders' Cup Classic; the item was already on the agenda for the Stewards' Committee meeting prior to the Classic. He said he recognized the rule was interpreted differently in the North than the South. He stated the goal of the proposed amendment was to achieve more precise wording. He said when the Stewards' met in November 2014 they supported the change. Chairman Winner stated the Board looked at other racing jurisdictions, and discovered there was not a lot of difference between California and other jurisdictions' rules. He said at the conclusion of the Stewards' Committee meeting in November 2014, it was agreed that a change to Rule 1699 was necessary, and the draft language presented was well received. Commissioner Auerbach stated she agreed with the Stewards that the language should not be changed. She said the language was not the problem; the problem was lack of leadership. She stated it was up to the Board to set the tone for how its rules should be interpreted. The first priority should be safety of the riders, as well as the safety of the horse. She stated if the Board made rulings based on those two priorities it would see statewide alignment of rulings in California. Chairman Winner stated he believed the Stewards understood the priority to ensure the safety of horse and rider. He said he believed California's Stewards understood the Board provided them with guidance. He stated he watched the race in question 50 times, and based on the current version of Rule 1699 he agreed with the decision not to disqualify the horse. He said biggest problem, besides safety, was inconsistency between North and South, and within the same jurisdictions.

He stated the Stewards did the best they could and strove to make the right decisions. He said the Board could help the Stewards by clarifying the regulation. Commissioner Auerbach stated she did not object to clear language. She said she was concerned about young, inexperienced jockeys who did not know what to do. Chairman Winner asked Steward Scott Chaney why the Stewards changed their position regarding the proposed text. Mr. Chaney stated at the November 2014 Stewards Committee meeting the Stewards had the impression a rule change would occur regardless. He said a second conference call was held and the Stewards had the opportunity to express their opinions. He stated in close cases, ones in which the Stewards were not sure about, some Stewards believed the order of finish should be left alone, and that was the difference between North and South. He said there were more disqualifications in Northern California than in the South. He stated consistency was important and suggested taking a horse down in close cases would create more disqualifications in Southern California, but it may align Northern and Southern California. He said he was not opposed to making Rule 1699 clearer, either through a language change, or direction from the Board. Chairman Winner asked if suspending the rider would be more appropriate than taking a horse down if it was not clear that it affected the outcome of the race. Mr. Chaney stated suspending the jockey was more appropriate. Chairman Winner stated another alternative to consider was increasing the number of suspension days for riders. Commissioner Choper stated if the Board wanted consistency, it could be achieved by reducing the discretion of the decision maker. He said Rule 1699 could be amended to punish the jockey and not take the horse down. 2nd Vice Chairman Rosenberg stated versions two and three of the draft language were an attempt to distinguish between a foul at the start of a race and after the start of a race. That did not mean there was a disqualification; the language defined interference in each case. Executive Director Baedeker stated the difference

was severely bumping or severely impeding relative to the start, versus the definition of interference after the start. Mr. Chaney asked if the language of the proposed amendment changed what constitutes the collectively agreed upon meaning of interference. He said the subjective part was: did the interference cost the horse the opportunity of a better placing? 2nd Vice Chairman Rosenberg stated that was two separate issues. He said the problem with the language was the definition of when interference occurred, or disqualification. Mr. Chaney stated an example was the Breeders' Cup Classic. He said everyone agreed it was interference, but even if interference was defined, it would not have changed the analysis. He stated it would have still been called interference, and the Stewards would have been burdened with whether or not it cost the horse the opportunity of a better placing. Mr. Chaney said the blimp shot showed interference, but it was not severe. 2nd Vice Chairman Rosenberg stated a clear definition of interference would result in more consistent rulings. He asked how to interpret "a horse shall not cause interference in a part of the race where the horse loses the opportunity to place where it might be reasonably expected to finish." Mr. Chaney said in California that had always been interpreted as the next immediate place; whether it cost a horse a head, or if the horse was six lengths back, one had to decide whether it cost the horse six lengths to be in the immediate place ahead. Chairman Winner stated there should be greater discretion, not just verbal direction; the rule could be improved to ensure more consistency and guidance. Mr. Chaney said Rule 1699 should not be used to punish the jockey; its purpose was to get the correct order of finish. Commissioner Krikorian stated he agreed with Commissioner Choper that discretion needed moderation. He said the proposed language was going in the right direction and could be improved by reducing the discretion of the stewards. Chairman Winner stated it was a difficult issue and what was important was safety, clarity for the wagering public, and consistency. He

suggested the Board refer the issue to the next Stewards Committee meeting. Commissioner Auerbach requested a meeting with the Stewards and the jockeys. Chairman Winner stated the Stewards' Committee meeting was only for Stewards; however, an ad hoc meeting could work. He said he would work with staff to schedule a meeting with the Stewards and Jockeys. 2nd Vice Chairman Rosenberg suggested the Stewards form a subcommittee to draft language to either present at the Stewards' Committee meeting or before the Board. Chairman Winner stated the Board would proceed on the two issues.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED AMENDMENT TO CHRB RULE 1844, AUTHORIZED MEDICATION, TO 1) LOWER THE AMOUNT OF KETOPROFEN THAT CAN BE PRESENT IN A TEST SAMPLE FROM 10 NANOGRAMS PER MILLILITER OF BLOOD PLASMA OR SERUM TO 2 NANOGRAMS PER MILLILITER OF BLOOD PLASMA OR SERUM; AND 2) TO ADD ISOFLUPRODONE AND ITS SPECIFIED AUTHORIZED LEVEL TO THE LIST OF CALIFORNIA'S AUTHORIZED MEDICATION.

Dr. Rick Arthur, CHRB Equine Medical Director, stated the proposed amendment to Rule 1844, Authorized Medications, would bring California in line with the National Uniform Medication Testing Program for Therapeutic Medications. He said the proposed amendment would add corticosteroid and isofluprodone to the list of authorized medications under Rule 1844, and would reduce the permitted non-steroidal anti-inflammatory drug substance levels from 10 nanograms to 2 nanograms. Commissioner Beneto **motioned** to direct staff to initiate a 45-day public comment period regarding the proposed amendment to Rule 1844. Commissioner Choper **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE **PROPOSED AMENDMENT TO CHRB RULE 1845, AUTHORIZED BLEEDER MEDICATION, TO REQUIRE THAT AUTHORIZED BLEEDER MEDICATION BE ADMINISTERED BY INDEPENDENT, THIRD PARTY VETERINARIANS.**

Executive Director Rick Baedeker stated the Board was aware the language for the proposed amendment of Rule 1845, Authorized Bleeder Medication, had been opposed by the California Veterinarian Board (Vet Board) because it claimed the veterinarian-patient-client relationship would be violated. He said the Board worked with Agency and the Vet Board over the last few months to develop new language. He stated the new language was presented to the Vet Board, and the issue was resolved. Dr. Rick Arthur, CHRB Equine Medical Director, stated the new language would accomplish third-party Lasix administration as part of the National Uniform Medication Program. 2nd Vice Chairman Rosenberg asked who would be responsible for checking on the business relationship of the third party veterinarian, or medical technicians. Dr. Arthur said it was the responsibility of the official veterinarian who designates the person administering the Lasix. Vice Chairman Rosenberg stated the track veterinarian did not examine horses during a workout; however, the proposed language includes "workout." Dr. Arthur said including the term "workout" would give the official veterinarian or track veterinarian the option to place a horse on the bleeder's list. Robert Miller, CHRB Staff Counsel, asked Dr. Arthur to specify the changes he wanted made to the CHRB 194 form. Dr. Arthur stated on the CHRB 194 form the title would be "Authorized Bleeder Medication Request and Medication History" and a space should be included on the form for the veterinarian to list medical history regarding authorized bleeder medication administration. Chairman Winner **motioned** to direct staff to initiate a 45-day public comment period for the proposed amendment of Rule 1845. Commissioner Choper **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE **PROPOSED AMENDMENT TO CHRB RULE 1887, TRAINER TO INSURE CONDITION OF HORSE**, TO ADD OWNERS OF A SHIP-IN HORSE AS EQUALLY RESPONSIBLE FOR THE CONDITION OF A HORSE.

Executive Director Rick Baedeker stated the proposed amendment to Rule 1887, Trainer to Insure Condition of Horse, would affect owners that train a horse outside of a CHRB licensed facility, and then bring a horse in to race under another trainer's name. He said incidents occurred where a horse that was brought in to race had a positive test result and the trainer was held responsible as the absolute insurer. He stated the proposed amendment to Rule 1887 would require a ship-in horse to be under the care of a licensed trainer for at least seven calendar days prior to the race; if not, then the owner would be considered the joint absolute insurer. 2nd Vice Chairman asked how long a foreign horse that would be flown in to race had to remain in quarantine? Dr. Rick Arthur, CHRB Equine Medical Director, stated a horse from Europe would remain in quarantine for a minimum of 72 hours. 2nd Vice Chairman asked if a quarantine facility would fall within the enclosure. Dr. Arthur stated not within the enclosure at every race track but the horse would still be under the control of the trainer. Executive Director Baedeker stated the horse must be under the care of a licensed trainer whether in a national or internationally racing jurisdiction. Commissioner Beneto asked if a ship-in horse could be brought in to race with no works. Executive Director Baedeker stated a horse that never raced was required to have a published workout. Chairman Winner **motioned** to direct staff to initiate a 45-day public comment period for the proposed amendment of Rule 1887. Commissioner Auerbach **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD REGARDING THE REQUEST FOR APPROVAL OF THE CONTINUATION OF THE 0.50% DISTRIBUTION TO THE SOUTHERN CALIFORNIA STABLING AND VANNING FUND FROM ADVANCE DEPOSIT WAGERING (ADW) HOSTED BY THOROUGHBRED RACING ASSOCIATIONS AND RACING FAIRS CONDUCTING RACING IN THE CENTRAL AND SOUTHERN ZONES FOR THE PERIOD COMMENCING MARCH 1, 2015 THROUGH FEBRUARY 29, 2016 AS PERMITTED UNDER BUSINESS AND PROFESSIONS CODE SECTION 19604(F)(5)(E).

Joe Morris, of the Thoroughbred Owners of California and the Southern California Stabling and Vanning Committee, stated the funding mechanism was in place March 2014 through the end of February 2015. He asked for a one year extension of the 0.50% distribution to help fund Stabling and Vanning in the South. Commissioner Choper asked if the industry was in agreement. Mr. Morris stated yes; all parties had agreed. Commissioner Krikorian stated a request was previously made for an additional percentage for Southern California Off Track Wagering, Incorporated (SCOTWINC). Mr. Morris stated that request was for the funding of SCOTWINC. He said the current request was for Stabling and Vanning. The funds would pay for auxiliary offsite stabling. Commissioner Krikorian stated there was a shortage in Stabling and Vanning and asked for the number. Mr. Morris said at the end of 2014 the shortage was just shy of \$4.4 million. Chairman Winner asked how the cost of stabling at Galway had improved the situation. Mr. Morris stated it improved greatly. Commissioner Beneto asked how the funds was handling the parties it owed money. Mr. Morris stated the fund had accounts receivable that went out six to seven months. Chairman Auerbach **motioned** to approve the continuation of the 0.50% distribution to the Southern California Stabling and Vanning fund. 2nd Vice-Chairman Rosenberg **seconded** the motion, which was **unanimously carried**.

DISCUSSION BY THE BOARD REGARDING THE OPERATION AND FINANCIAL STATUS OF SOUTHERN CALIFORNIA OFF TRACK WAGERING, INCORPORATED (SCOTWINC) AND NORTHERN CALIFORNIA OFF TRACK WAGERING (NOTWINC), AND THE AWARDED OF THE CONTRACT TO AMTOTE, TO PROVIDE CALIFORNIA'S WAGERING SERVICES AND THE IMPACT THIS MAY HAVE ON CALIFORNIA RACING.

Executive Director Rick Baedeker stated the Board had questions about the operational structure, the financial performance of Southern California Off Track Wagering, Incorporated (SCOTWINC) and Northern California Off Track Wagering (NOTWINC), the procedures used to award the new totalizator contract, and concerns about the number of entities owned or operated all or in part by the Stronach Group. George Haines, SCOTWINC, stated the process started in 2014 and SCOTWINC was in the process to sign a contract with AmTote as the selected vendor. Chris Korby, California Authority of Racing Fairs, stated the contract for the Totalizator System was a statewide contract. 2nd Vice Chairman Rosenberg stated a letter from Sportech sent to SCOTWINC indicated the bidding process was unfair and the Board did not receive the response from SCOTWINC until a couple of days before the Board meeting. He said the response letter from SCOTWINC stated Sportech presented first, with a representative from the Stronach Group present, and AmTote presented a day later. He stated the question was whether AmTote had the opportunity to adjust its proposal after it saw Sportech's proposal. Chairman Winner asked if it would be fair to say AmTote had an opportunity to adjust its presentation in the 24-hour period. Mr. Haines stated that was correct; it had the opportunity. Commissioner Krikorian asked Mr. Haines to explain the Request for Proposal (RFP) process. Chris Korby stated the RFP was a two-step process. He said SCOTWINC first sent out a document called Request for Information. The purpose of the document was to notify interested companies an RFP was forthcoming, and to solicit information from the companies regarding items they thought should be included in the RFP. He said responses were received from several

companies which helped SCOTWINC finalize the RFP. Commissioner Krikorian asked what was submitted by the companies that made proposals; what numbers were submitted and what was discussed? Mr. Korby stated the RFP required a technical proposal that described the services and equipment, and a cost proposal that was submitted in a separate sealed envelope. He said the RFP also required an oral presentation subsequent to submission of the written presentation and cost proposal. He said SCOTWINC allowed both companies to make a written clarification to their cost proposals. Chairman Winner asked if AmTote's cost proposal changed. Mr. Haines stated both companies cost proposals changed. 2nd Vice Chairman Rosenberg asked at what point were the companies allowed to make a change to their cost proposals; was it at the oral presentation? Mr. Korby stated it was after the oral presentation. Mr. Morris stated after SCOTWINC reviewed the proposals SCOTWINC had a few areas that needed clarification because SCOTWINC wanted new equipment. He said SCOTWINC wanted new equipment and the Sportech bid included used equipment. He stated SCOTWINC sent out letters to both companies seeking clarification. In the letter the bidding companies had the opportunity to tweak the cost proposals. Both of the bidding companies lowered their prices. Chairman Winner asked if the members of the Stronach Group who were present at the Sportech presentation knew Sportech's number? Mr. Morris stated the presentation were on technology and not costs; there was no discussion of costs. Chairman Winner asked if AmTote would have seen Sportech's written proposal. Mr. Morris stated possibly. He said the Tote committee did not include Stronach managers. He stated the Tote committee reported to NOTWINC and SCOTWINC at the board level. 2nd Vice Chairman Rosenberg asked when the Tote committee met. Mr. Morris stated the Tote Committee made its recommendation to the full boards at the joint SCOTWINC-NOTWINC meeting and the boards voted at that time. Commissioner Choper

commented the Board should look at anti-trust laws regarding the Stronach Group's involvements throughout the racing industry. Mr. Morris stated the RFP process followed a very diligent process by forming a Tote committee, sending out a Request for Information to identify potential bidders. He said they formed a Tote Committee with no Stronach representatives, required technology presentations, and gave the tote companies an opportunity to make clarifications and tweak numbers. Commissioner Choper stated it would have been better if the process was presented in a general record open to everyone. Commissioner Krikorian said Sportech's letter stated it was not invited to participate in AmTote's presentation, and that no other financial costs were presented after the initial cost submittal. Chairman Winner stated it may have been better if Sportech presented first. Mr. Morris stated Sportech had the option to go first but it chose otherwise. Commissioner Krikorian asked if Sportech put a hold on opening minisatellite facilities. Mr. Morris stated that was correct and he should know in several weeks if Sportech planned to move forward or not. He said if Sportech decided not to move forward he would have a plan B in place. 2nd Vice Chairman Rosenberg asked what would happen to totalizator equipment that was in the minisatellities? Mr. Morris stated initially the two contracts were together but over the last year they had separated the tote contracts from the audio-visual contracts. He said just tote machines would be removed. Commissioner Krikorian stated Sportech representatives should attend the next Regular Board meeting; the Board should give Sportech the opportunity to speak before making a decision to license. Mr. Bucalo asked if there would be downtime when the new equipment was installed, and would there be a loss in revenue during installation. Mr. Haines stated there would be no downtime. 2nd Vice Chairman Rosenberg suggested the report detailing SCTOWINC and NOTWINC financial and corporate

structure be referred to committee for further review. Chairman Winner stated the materials would be referred to committee.

STAFF ANALYSIS
DISTRIBUTION OF THE RACE DAY CHARITY PROCEEDS OF THE WATCH AND
WAGER LLC RACING ASSOCIATION IN THE AMOUNT OF \$4,600 TO SIX
BENEFICIARIES

Regular Board Meeting
April 16, 2015

ISSUE

Watch and Wager LLC (Watch and Wager) is requesting approval to distribute race day charity proceeds generated at its 2013 fall to 2014 spring racing meetings. Watch and Wager is proposing a total distribution of \$4,600. The organizations selected and amount to be distributed is listed on the attachment. Staff notes that 100 percent of the proposed charity distributions are made to equine related charity organizations.

BACKGROUND

Business and Professions Code section 19550 states the Board shall require each licensed racing association that conducts 14 or less weeks of racing to designate three racing days, and each licensed racing association that conducts more than 14 weeks of racing to designate five racing days during any one meeting, to be conducted as charity days by the licensee for the purpose of distribution of the net proceeds there from to beneficiaries through the distribution agent. No racing association shall be required to pay to a distributing agent for the purpose of distribution to beneficiaries more than an amount equal to two-tenths of one percent of the association's total on-track handle on live races conducted by the association at the meeting. Business and Professions Code section 19555 requires that proceeds are to be distributed to beneficiaries within 12 calendar months after the last day of the meet during which charity days were conducted. Business and Professions Code section 19556 provides that the distributing agent shall make the distribution to beneficiaries qualified under this article. At least 20 percent of the distribution shall be made to charities associated with the horse racing industry. An additional five percent shall be paid to a welfare fund and another five percent shall be paid to a non-profit corporation, the primary purpose of which is to assist horsemen and backstretch personnel who are being affected adversely as a result of alcohol or substance abuse. In addition to the above distributions, a separate 20 percent shall be made to a nonprofit corporation or trust, the directors or trustees of which shall serve without compensation except for reimbursement for reasonable expenses, and which has as its sole purpose the accumulation of endowment funds, the income on which shall be distributed to qualified disabled jockeys.

RECOMMENDATION

This item is presented for Board discussion and action. Staff recommends the Board approve the charity race day distribution as presented.

Issue: APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING OF THE OAK TREE RACING ASSOCIATION AT THE ALAMEDA COUNTY FAIR AT PLEASANTON, COMMENCING JUNE 17, 2015 THROUGH JULY 7, 2015

Oak Tree Racing Association (OTRA) filed its application to conduct a horse racing meeting of a California fair at Pleasanton:

- June 17 through July 7, 2015, or 12 days, the same as 2014. The fair proposes to race a total of 138 races. OTRA will be simulcasting on June 17, 24 and July 1, 2015 and live racing will begin on June 18, 2015.

Assembly Bill 1303, (Hall), Chapter 7, Statutes of 2014 added Business and Professions Code section 19549.16, which authorizes the Board to allocate racing days to a fair in the northern zone to be conducted by the fair, or at the fair's request, allow the Board to license a racing association that was licensed to conduct racing meetings in California before 2010, to operate the fair's race meeting during its allocated dates. OTRA conducted a thoroughbred horse racing meeting at Santa Anita in 2009 and a race meeting at Hollywood Park in 2010.

- Request Darrel Sparks be appointed horse identifier pursuant to CHRB Rule 1525.
- In the event there is a prohibitive favorite where there is sufficient information that the entry will most likely generate a negative place or show pool, the Oak Tree Racing Association may request approval from the CHRB to allow an entry to run for purse only.
- Wagering program will use CHRB rules and ARCI rules.
 - \$1 Place Pick, \$1 Trifecta, and \$0.10 Superfecta when applicable.
 - \$0.50 Pick 4 on first 4 races and last 4 thoroughbred races – Pick five on last thoroughbred 5 races, with 100% major pool paid for 5 of 5. If no 5 of 5, 75% carryover and 25% minor pool to most winners.

- \$0.20 Pick 6 on last thoroughbred 6 races each day. 100% pools paid and any prior carryovers for unique tickets selecting 6 winners. If no ticket selects six winners the 40% minor pool paid for the day is paid to tickets selecting the most winners. 60% major pool will be added to the carryover.
- \$0.20 Pentafecta (Super High 5) selecting first five finishers in the same race. 100% pool paid and any prior carryovers paid for a unique ticket selecting the first five finishers. If no unique ticket selects the first five finishers then 40% minor pool paid to tickets selecting the first five finishers. 60% of major pool will be added to the carryover. If no ticket selects the first five finishers 100% of the pool will be added to the carryover. Super High-5 will be carded on the last race of the day.
- Early wagering will not be offered.
- The Advance Deposit Wagering (ADW) providers are XpressBet, TVG, TwinSpires, Bet America - Lien Games and Watch and Wager.

Pursuant to Business and Profession Code section 19604, specific provisions must be met before an ADW provider can accept wagers.

Summary of Business and Profession Code 19604

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by Business and Professions Code section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and

horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

8. STABLE ACCOMMODATIONS

- A. Number of usable stalls available for racehorses at the track where the meeting is held:

Mr. Rich Baedeker, Executive Director
 California Horse Racing Board
 1010 Hurley Way, Suite 300
 Sacramento, CA 95835

Dear Mr. Baedeker,

RE: Item 14, Oak Tree/Pleasanton Racing License: Emergency Services

Emergency services for training year around and during the annual race meet, at the Pleasanton Race Track, is provided by Westmed Ambulance. The information for Westmed has been provided for the license as an attachment to the license. Westmed provides two EMT's on their ambulance.

For the past two years the Alameda County Fire Department has provided a Paramedic, with equipment, to ride along on the Westmed Ambulance during the annual race meet. Due to Union restrictions, with the Union that the Alameda County Fire Department Paramedics belong to, the Paramedics can no longer ride along on the Westmed ambulance. The following is our plan for 2015, developed by Assistant Fire Chief Brian Caminada with input from management at the Alameda County Fair.

- The morning training will have two EMT's on the Westmed ambulance.
- The afternoon live race meet will have two EMT's on the Westmed ambulance and one Paramedic stationed at the entrance to the track on a mini-ambulance, complete with all paramedic equipment and a stretcher. The mini ambulance is an ambulance that has been built using a type of golf cart for easy access in small or crowded areas. The Alameda County Fire Department will be bringing two of these units to the Fair this year; one dedicated to the race track and one to the fair. The mini ambulance will not be driving around the race track following each race with Westmed, but will be stationed at the entrance, ready to go out if needed.
- In addition to the paramedic on the mini ambulance there are additional paramedics at the first aid station, located directly across from the paddock and track.

Assistant Fire Chief Brian Caminada reminded us that the Paramedics have to perform a basic life support assessment before they can treat, which is the same as what the BLS EMT's have to perform. In case of an accident the EMT's in the ambulance would start the basic life support assessment and the paramedic would arrive at the site of the accident to provide advanced life support if/or as needed.

for Jeane Wasserman Dir of Racing

Item #14 C:**ALAMEDA COUNTY FAIR EMERGENCY CARE AND MEDICAL FACILITIES**

Alameda County Fair as well as all Racing Fairs provides emergency care including comprehensive medical care for jockeys, track staff and allied personnel. Emergency care focuses on immediate stabilizing, comfort and evacuation of injured racetrack personnel to appropriate hospital facilities.

Physical Resources & Staffing

The Alameda County Fair provides multiple levels of safety and medical support for its many racing participants. Specifically: an Ambulance, a fully equipped Alameda County Fire Department Paramedic Engine, a permanent First Aid building, a licensed Physician, Sheriff Deputies and security personnel, redundant communications system, local Fire Station, Horse Ambulance, etc...

Ambulance - A fully staffed and equipped ambulance is provided through a contract with Westmed Ambulance Service and located at the Track. Two Emergency Medical Technicians and one Paramedic from the Alameda County Fire Dept. will be on this on-track ambulance. This ambulance and crew are at the Track whenever horses are on the Track (during both racing and training hours) and are responsible for initiating basic life support measures, including immediate medical stabilization, care and transport to medical care facilities. This ambulance follows the horses during each race, at a safe distance. This is a competitively bid contract.

Fire Department Paramedic Engine – During the Live Race Meet, a fully equipped Alameda County Fire Department Paramedic Engine is parked roughly 100 feet from the Jockey's Clubhouse. The Engine is staffed with four County of Alameda Firefighters, including at least two licensed Paramedics. The Alameda County Fire Department has provided the attached 10 page listing of major equipment and supplies carried by its various Fire Engines.

Permanent First Aid Building – A permanent First Aid building is located approximately 100 feet west of the Jockey's Club House. During the Live Race Meet, the Alameda County Fire Department staffs the First Aid Building with a full Engine Company, which includes at least two certified Paramedics. The First Aid Building includes two beds, restrooms, receiving area, triage area, medical equipment, medications, etc... In addition to the array of emergency medical equipment and supplies on the Paramedic Fire Engine, the Alameda County Fire Department annually determines the equipment and supply needs of the First Aid Building.

Licensed Physician - During the Live Race Meet, a licensed Physician is on duty and is responsible for care on an ongoing basis for jockeys, track staff and allied personnel requiring non-emergency medical care. The Licensed Physician is also associated with Valley Care Hospital, which is located 2.7 miles from the Track.

Sheriff Deputies and security personnel – Around the clock protection of the Track, Barn Area and Grandstands are provided by numerous Alameda County Sheriff Deputies and trained Security Guards (both in uniform and undercover.) For security purposes, the Fair Association does not publish the precise details of its security plans.

Redundant Communications System – During the Live Race Meet and Annual Fair redundant communications are provided to ensure constant contact between all emergency care personnel. Two way radio networks are established within the racing operations as well as fair emergency operations. All key emergency care personnel also carry cell phones and each is provided a laminated card containing all contact numbers. The Fair also has an emergency response team which responds to all emergencies both medical as well as non-medical.

Local Fire Station – A fully staffed Fire Station is located immediately across the street from the Fairgrounds on Valley Avenue. This Fire Station provides emergency medical support as requested by the County of Alameda.

Horse Ambulance – The Alameda County Fair provides the services of a state of the art Kimzey Horse Ambulance as well as a senior experienced driver who is responsible for the evacuation and disposition of injured horses at all racing fairs.

Item #14F English:**Alameda County Fair Racing Accident Procedures**

In case of an accident on the racetrack, the following procedures are to be implemented:

Track Ambulance

The track ambulance will travel immediately to the scene of an accident and assume triage and patient care responsibilities and evacuate.

Security

1. As soon as possible, a member of the track security staff shall report to the scene of the accident and thereafter take direction from the EMT responsible for the accident scene management. The track security representative shall be responsible for keeping bystanders away from the accident scene.
2. A member of the track security staff shall proceed to the Jockey's Room to secure the ambulance transfer area and prevent visitation from bystanders away from the accident area.
3. A member of the track security staff shall be responsible for escorting emergency vehicles.
4. The security staff shall be responsible for all "crowd control" activities.

Racing Staff/Track Veterinarian

1. Upon arrival at the scene, the Outrider should hold the injured horse in order to prevent further harm to people, horses and property.
2. Horses with severe injuries should be transported off the track via the horse ambulance whenever it is practical to do so.
3. The track veterinarian shall make the decision as to the necessity of euthanasia on the track.
4. The screen blocking the public's view of the injured horse shall be set-up prior to the euthanasia procedure.
5. Outriders are responsible for the removal of any debris from the racetrack following the removal of the injured person or horse from the track.

Plant Staff

1. The Horse Ambulance shall travel immediately to the scene of an accident whenever it appears that a horse will require transport.
2. Members of the plant department who are near the accident site shall assist in screening the accident scene from the public view and shall take direction from the EMT that is responsible for the management of the accident scene.

Announcer

The announcer shall make riders aware of the details of the situation (such as the location of a loose horse, the necessity to pull up, etc), enabling them to take the necessary steps to mitigate additional problems.

Senior Management

1. A senior management representative should quickly proceed to the location on the racetrack where the accident has occurred. The manager should report to other members of the management team as to the accident status.
2. An additional member of the management team should report to the video department in order to monitor the scene and determine the extent of video coverage to be transmitted to the public.
3. A member of the management team should provide input as to announcements to be made by the track announcer.
4. A member of the senior management team should be responsible for seeing that information regarding the accident is communicated to family members of the injured. Efforts need to be made to escort family members to the hospital, if necessary. In this regard, a current compilation as to who should be notified in the case of an injured jockey is kept on file.
5. All public address announcements and responses to press inquiries are within the sole purview of the senior member of the management team then available.

All Department Heads

All Department heads shall communicate to their employees that, although intentions are good, the treatment of the injured rider must be left up to trained personnel, and all other employees must stay away from the scene of an accident.

Item #14 F Spanish:**Procedimiento en caso de Accidente en Alameda County Fair**

De ocurrir un accidente en el hipodromo, se debe hacer lo siguiente:

El personal de la Ambulancia

El personal de la ambulancia trasladarse inmediatamente al lugar del accidente siempre que lo necesario para tratar a la(s) victima(s).

Seguridad

1. Tan pronto como sea posible, un miembro de seguridad del hipodromo debera reportarse al lugar del accidente y desde ahi recibir las instrucciones del Paramedico responsable del lugar del accidente. El miembro de seguridad sera responsable de mantener a los transeuntes fuera del lugar del accidente..
2. Un miembro del departamento de seguridad del hipodromo se acercara al cuart del jockey para aguardar el area donde la ambulancia estara y prevenir que transeuntes y personas ajenas se acerquen.
3. Un miembro de seguridad del hipodromo sera responsable de escoltar a los vehiculos de emergencia..
4. Los miembros de seguridad seran responsable de controlar a la multitud.

Personal de Carreras/Veterinario del hipodromo

1. Una vez en el lugar del accidente, el Outrider/escolta debera sujetar al caballo herido para evitar que lastime a la gente, a otros caballos o a la propiedad.
2. Los caballos muy mal heridoa deberan ser sacados de la pista con la ambulancia para caballos, siempre que sea posible hacerlo de esa manera.
3. El veterinario del hipodromo debera decidir si se sacrifica al caballo en la pista.
4. Sea posible hacerlo, se debe colocar la pantalla/screen para tapa la vista al publico, antes de iniciar el procedimiento de sacrificio del animal.
5. Los Outriders son responsables de remover cualquier desecho en la pista despues de que la persona o caballo accidentado haya sido trasladado del lugar.

Personal de Planta/Plant Staff

1. La Ambulancia de Caballos debera trasladarse inmediatamente al lugar del accidente siempre que un caballo este severamente lesionado y necesite transporte.
2. Los miembros del departamento de planta que esten cerca del accidente deberan ayudar a fapar el lugar para que el pulico no pueda ver lo que sucede, ademas deberan recibir instrucciones del Paramedico responsable del lugar del accidente.

Locutor

El locutor debera informar a los jinetes acerca de los detalles de la situacion (como la ubicacion del caballo suelto, la necesidad de adelantar, etc.) para que puedan hacer lo necesario y mitigar otros problemas.

Gerencia

1. Un representante de la gerencia se apersonara rapidamente al lugar del accidente en el hoipodromo. El genente informara a los otros gerents sobre las lesions sufridas.
2. Otro representante de la gerencia debera informar al departamento de video para monitorear la escena y ver la cobertura de video que sera transmitida al publico.
3. Un miembro de la gerencia debera aportar con informacion sobre los anuncios que debera hacer el locutor.
4. Un miembro de la gerencia sera responsable de ver que la informacion con respecto al accidente sea dada a los familiars de los heridos. Se debe hacer lo necesario para acompañar a los familiars a los hospitals, de ser el caso. Al respecto, es necesario tener un registro de la persona a quien se debe comunicar en caso de que un jockey sufra un accidente.
5. Todos los anuncios publicos y respuestas a la prensa las realice unicamente el funcionario de gerencia de alto nivel que se encuentre disponible en ese momento.

Todo los Jefes de Departamento

Todos los Jefes de Departamento deben comunicar a sus empleados que, a pesar de que las intenciones sean buenas, el tratamiento de un jinete/jockey herido debe ser realizado por el personal calificado para ello, y todos los demas empleados deben permanecer lejos del lugar del accidente.

NOTICE TO APPLICANT: Every licensee conducting a horse racing meeting shall pursuant to Business and Professions Code section 19481.3 maintain, staff, and supply an on-track first aid facility, that may be either permanent or mobile, and which shall be staffed and equipped as directed by the board. A qualified and licensed physician shall be on duty at all times during live racing, except that this provision shall not apply to any quarter horse racing at the racetrack if there is a hospital situated no more than 1.5 miles from the racetrack and the racetrack has an agreement with the hospital to provide emergency medical services to jockeys and riders. An ambulance licensed to operate on public highways provided by the track shall be available at all times during live racing and shall be staffed by two emergency medical technicians licensed in accordance with Division 2.5 (commencing with Section 1797) of the Health and Safety Code, one of whom may be an Emergency Medical Technician Paramedic, as defined in Section 1797.84 of the Health and Safety Code. (b) Each racing association and racing fair shall adopt and maintain an emergency medical plan detailing the procedures that shall be used in the event of an on-track injury. The plan shall be posted in each jockey room in English and Spanish. (c) Prior to every race meeting, the racing association or racing fair shall contact area hospitals to coordinate procedures for the rapid admittance and treatment of emergency injuries. (d) Each racing association or racing fair shall designate a health and safety manager and assistant manager, who shall be responsible for compliance with the provisions of this section and one of whom shall be on duty at all times when live racing is conducted. The health and safety manager may, at the discretion of the racing association, be the person designated to perform risk management duties on behalf of the association.

15. CONCESSIONAIRES AND SERVICE CONTRACTORS

- A. Names and addresses of all persons to whom a concession or service contract has been given, **other than those already identified**, and the goods and/or services to be provided by each:

Food & Beverage:

Yogurt-a-Fair: William Heher, 809 Riordan Road, Suite #202, Flagstaff, AZ 86001

Sharp Concepts, Inc.: Roger Sharp, P.O. Box 3767, Paso Robles, CA 93447, G/S Downstairs

Food Service: Ovarions Fanfare, Charlie Neary, 4501 Pleasanton Ave., Pleasanton, CA 94566

Tip Sheets: West Coast Wheelie

Racing Form: Daily Racing, Wicks Sports, 100 Broadway, 7th Floor, New York City, N.Y. 1005

Program: Daily Racing, Wicks Sports, 100 Broadway, 7th Floor, New York City, N.Y. 1005

Winners Circle Photos: Vassar Photo, Bill Vassar, 5075 Double Point Way, Discovery Bay, CA 94514

Jockey Laundry Service: Bailey Mobile, Lorene Dutton, 3263 Vineyard Venue, #35, Pleas.CA 94566

Starting Gate: United/Puett Start Gate, Michael Costello, 1 Soundview Loop, S. Salem, N.Y.10590

Sound System: Speeda Sound, Mike King, 5617 W. San Madele, Fresno, CA 93722

Armor Car: NOTWINC, 11875 Dublin Blvd., #D275, Dublin, CA 94568

- B. Does the fair plan to provide its own concessions? Yes No

16. ON- TRACK ATTENDANCE/FAN DEVELOPMENT

- A. Attach a copy of the promotional and marketing plans for the race meeting:
See Attached
- B. Promotional/ Marketing budget for this race meeting:
Promotional/Marketing budget for prior race meeting:
See Attached
- C. Number of hosts and hostesses employed for meeting:
N/A
- D. Describe facilities set aside for new fans:
See Attached
- E. Describe any improvements to the physical facility in advance of the meeting that directly benefits: **See Attached**

1. Horsemen
2. Fans
3. Facilities in the restricted areas

17. SCHEDULE OF CHARGES

A. Proposed charges, note any changes from previous year:

Admission/Grandstand (general)	Free with fair admission
Fair Admission	\$10
Advanced Sale Tickets	30% discount (on-line)
Fair Admission/Children (6-12)	\$8 (free on Fridays) (Increased from \$6 in 2013)
Fair Admission/Seniors	\$8 (free on Thursdays)
Fair Admission/V.I.P. discount	\$5
Admission (clubhouse)	N/A
Reserved Box Seats	\$5
Reserved seating (general)	\$3.50
Reserved seating (clubhouse)	N/A
Parking (general)	\$10 (pre fair \$8 on-line)
Parking (preferred)	\$15
Parking (WP Lot)	\$20
Parking (valet)	N/A
Programs (on-track)	\$2.50
(off-track)	\$2.50

B. Describe any "Season Boxes" or other special accommodation fees:

Box seats sold by the box for the seasonal race meet. We have 4-seat, 6-seat and 8-seat boxes. Box seat holders are offered a promotional 5% discounted price if paid for by June 1st.

C. Describe any "package" plans such as combined parking, admission and program:

Fun Pack: (\$58 Value for \$40) 4-General Admission, 1 General Parking, 2 "Buy 1 get 1 Free Drink".

Season Pass: (\$49.95) Fair Admission for all 17 days

18. JOCKEYS' QUARTERS

A. Check the applicable amenities available in the jockeys' quarters:

<input checked="" type="checkbox"/>	Corners (lockers and cubicles)	How many	<input type="text" value="40"/>
<input checked="" type="checkbox"/>	Showers	<input checked="" type="checkbox"/>	Steam room, sauna or steam cabinets
		<input checked="" type="checkbox"/>	Lounge area
<input checked="" type="checkbox"/>	Masseur	<input checked="" type="checkbox"/>	Food/beverage service
		<input checked="" type="checkbox"/>	Certified platform scale

B. Describe the quarters to be used for female jockeys:

Separate area containing an office, lounge area, sauna, showers, restroom, lockers, & bunks. Jockeys & Jockettes share the scale.

19. BACKSTRETCH EMPLOYEE HOUSING

A. Inspection of backstretch housing has been requested and will be completed prior to the beginning of the race meeting.

- B. Number of rooms used for housing on the backstretch of the racetrack: **95**
- C. Number of restrooms available on the backstretch of the racetrack: **9 (Total commodes =17)**
- D. Estimated ratio of restrooms to the number of backstretch personnel: **1 to 10.**

20. TRACK SAFETY

- A. Total distance of the racecourse - measured from the finish line counterclockwise (3' from the inner railing) back to the finish line 5,280 feet.
- B. Describe the type of track surface at the facility, including the specific track surface composition: **Organic dirt, silt, clay, sand, and Fir bark (composition and amendments per routine lab tests)**
- C. The percent of cross slope in the straight-aways is: **5.3% - 5.4%**
The percent of cross slope in the center of the turns is: **5.6%**
- D. Describe the type(s) of materials used for the inner and outer railings of the race course, the type of inner railing supports (i.e., metal gooseneck, wood 4" x 4" uprights, offset wood 4" x 4" supports, etc.), the coverings, if any, on the top of the inner railing, and the approximate height of the top of the inner railing from the level of the race course.
Inner Rail: Fontana Safety Rail
Outer Rail: Aluminum gooseneck, supports with aluminum top rail
Inner Rail Height: ¼ mile/42", ½ mile/40.5", ¾ mile/40", 1 mile/42" (finish line)
- E. Name of the person responsible for supervision of the maintenance of the racetrack safety standards pursuant to CHRB Rule 1474: **Jim Burns.**
- F. Attach a Track Safety Maintenance Program pursuant to CHRB Rule 1474. **On file**
- G. If the fair is requesting approval to implement alternate methodologies to the provisions of Article 3.5, Track Safety Standards, pursuant to CHRB Rule 1471, attach a Certificate of Insurance for liability insurance which will be in force for the duration of the meeting specified in Section 2. The CHRB is to be named as a certificate holder and given not less than 10 days' notice of any cancellation or termination of liability insurance. Additionally, the CHRB must be listed as additionally insured on the liability policy at a minimum amount of \$3 million per incident. The liability insurance certificate must be on file in the CHRB headquarters office prior to the conduct of any racing. **No.**

21. DECLARATIONS

- A. All labor agreements, concession and service contracts, and other agreements necessary to conduct the entire meeting have been finalized except as follows (if no exceptions, so state):
No Exceptions
- B. Attach each horsemen's agreement pursuant to CHRB Rule 2044.
All Horsemen's agreements will be forwarded to CHRB when available.
- C. All service contractors and concessionaires have valid state, county or city licenses authorizing each to engage in the type of service to be provided and have valid labor agreements, when applicable, which remain in effect for the entire term of the meeting except as follows (if no exceptions, so state):
No Exceptions
- D. Absent natural disasters or causes beyond the control of the fair, its service contractors,

cessionaires or horsemen participating at the meeting, no reasons are believed to exist that may result in a stoppage to racing at the meeting or the withholding of any vital service to the fair except as follows (if no exceptions, so state):

No Exceptions

NOTICE TO APPLICANT: Pursuant to CHRB Rules 1870 and 1871, the CHRB shall be given 15 days' notice in writing of any intention to terminate a horse racing meeting or the engagements or services of any licensee, approved concessionaire, or approved service contractor.

22. CERTIFICATION BY APPLICANT

I hereby certify under penalty of perjury that I have examined this application, that all of the foregoing statements in this application are true and correct, and that I am authorized by the fair to attest to this application on its behalf.

STAFF ANALYSIS

DISCUSSION AND ACTION BY THE BOARD REGARDING THE REQUEST FROM CALIFORNIA EXPOSITION AND STATE FAIR (CAL EXPO) FOR A WAIVER TO CHRB RULE 1472, (B) RAIL CONSTRUCTION AND TRACK SPECIFICATIONS, TO FACILITATE THE INSTALLATION OF THE MAWSAFE RAIL SYSTEM.

Regular Board Meeting
April 16, 2015

Business and Professions Code section 19481 provides that in performing its responsibilities, the Board shall establish safety standards governing the uniformity and content of the track base and racing surface, inner and outer rails, gates and gaps, turf, access and egress to the track, lighting for night racing, equipment for horse and rider, drainage, communications, veterinary services, medical and ambulance services, and other track facilities in order to improve the safety of horse, riders, and workers at the racetrack. Board Rule 1472, Rail Construction and Track Specifications, provides that all racing surfaces, including turf courses, shall have an inner rail, and an outer rail or shadow fence designed to meet the same impact standards as a permanent rail. Subsections 1472(b), (c) and (e) provide specifications for race track rails.

BACKGROUND

Cal Expo has informed the CHRB that it would like to install the Mawsafe rail system on its main course in 2015. This report summarizes the CHRB's evaluation of:

- (1) The regulation waivers that would be required for the Mawsafe rail system, and
- (2) The engineering performance of the design.

As of January 31, 2013, 113 complete Mawsafe systems have been installed at 80 racecourses in Australia. It is estimated that over 16,000 races have been conducted on courses using the system. There is one system installed in New Zealand and plans are being finalized to install a system in Bahrain.

The following CHRB regulations will require a waiver using Board Rule 1406, Suspension of Rule, to implement the Mawsafe system.

Rule 1472, Rail Construction and Track Specifications, subsections (b), (c), and (e):

(b) ... Notwithstanding the above, no permanent or portable turf post or rail shall be constructed of fiberglass, poly vinyl chloride (P.V.C.), or wood, and hedges shall not be used as a post or rail.

The Mawsafe rail system is composed of high impact strength, high UV resistant PVC post and rail components. They are designed to deflect and to absorb load, as opposed to rigid metal systems that transfer a high load back to the jockey or horse upon impact.

(c) The height of all outside and inside rails shall be between 38 and 42 inches from the top of the racing surface to the top of the rail.

The Mawsafe horizontal rail is designed to a height that will result in impact to the shoulder area of the horse. This results in the rail deflecting and actually increasing in height so that the horse is not inclined to jump the rail. The nominal vertical height of the Mawsafe rail will be 48 inches.

(e) ... Portable rails and posts shall be designed not to collapse or break away when a horse that is running parallel to the rail bumps, lugs or falls into the rail or posts during normal training or racing conditions.

The Mawsafe vertical posts are designed to break away if a horse or jockey falls into the posts. This feature insures that the horse or jockey does not absorb the post impact load and bounce back onto the racing surface. Since the rail is hinged to the horizontal rail, it is not scattered around the impact point.

Staff reviewed all engineering information available on the Mawsafe web site, globalbarriersystems.com. The Mawsafe rail system uses a design approach that is completely different than the rigid rail systems typically used in California and across the nation.

The two major components, the vertical upright and the horizontal rail section, are made of high impact strength, high UV resistant PVC. These two components are designed to deflect when impacted by the horse and rider. As the curved vertical pole deflects and starts to straighten the height of the horizontal rail section increases in height. The higher rail section discourages the horse from attempting to jump the rail. The deflection of the horizontal rail section inward supports the horse and jockey, keeps them separated from the other horses and provides the jockey the opportunity to straighten the horse and return to the racing surface. If the horse or jockey impacts a vertical upright, the upright breaks away at the bottom and rotates around the attachment point to the horizontal rail section. This allows a minimum impact load to the jockey and horse and ensures that they do not rebound back into the path of oncoming horses.

The Mawsafe design is based on the engineering principle of absorbing an impact load by having the structure deflect. A typical portable turf rail system, as employed in California, is rigid (vertical metal poles that are anchored in a sleeve). Upon impact, the rigid rail system can impart a very high load to a jockey or horse. The deflecting system minimizes the impact load to the horse or jockey.

After review of available design and test information by staff, three concerns emerged. The first concern is whether the vertical pole or horizontal rail would fracture if deflected significantly by the load of the horse or jockey.

The Mawsafe system is manufactured by Global Barrier Systems, an Australian company. It has conducted extensive engineering testing of the system. Impact tests have been conducted at loads approaching 1,000 lb. over small cross-sectional areas. No impact fractures occurred. It has also conducted tests wherein the vertical poles and horizontal rails were bent to 90 degrees by forklifts without fracturing.

Staff contacted Michael Villante of Global Barrier Systems. Mr. Villante stated that for the 113 systems in operation, there has never been a fracture of a vertical upright or a horizontal rail section.

The second concern is the environmental life of the PVC extrusions for the vertical pole and horizontal rail. The material is produced by an Australian company, Polvin Compounds. It has developed a unique compound which has been proven in PVC fencing systems in Australia. The material uses 20% more UV protection than the industry standard. The material supplier and designer guarantee an operating life of in excess of 20 years before any significant degradation of material strength properties.

The third concern was whether a jockey could unfairly use the deflecting rail feature to create a running path that would be inside the normal rail path, especially on turns. This would be a dangerous maneuver because the jockey could never be sure how the horse would react to the rail contact. However, the stewards currently have the authority to reprimand or penalize an offender, if such strategy is used.

During the course of the evaluation, staff contacted the Jockeys' Guild. It has endorsed the Mawsafe system. Staff also contacted the Australian Jockey Association (AJA) and confirmed that the AJA has endorsed the Mawsafe system.

RECOMMENDATION

The Mawsafe system appears to have significant safety advantages compared to the rigid rail designs that are normally employed in California. The deflecting design greatly reduces impact loads to the horse and jockey and lowers the risk of the horse and jockey 'bouncing' back into the path of other horses.

Staff recommends the Board grant Cal Expo a waiver to Board Rule 1472 (b), (c) and (e) for the installation of the Mawsafe rail system on its turf course.

MEMORANDUM

Date: March 27, 2015

To: Honorable Commissioners
 California Horse Racing Board
 1010 Hurley Way, Suite 300
 Sacramento, California 95825

From: Rick Pickering, Chief Executive Officer
 California Exposition & State Fair

Subject: Installation of MawSafe Racing Rail - Request of Waiver to CHRB Regulation 1472

Background and Justification:

Over the past two years, Cal Expo has invested roughly \$1 million on a number of significant improvements to its overall horse racing facilities. These renovations include such items as:

- a) Providing "human habitable" and air-conditioned housing units in the Barn Area;
- b) Completing ADA improvements in the Barn Area;
- c) Enhancing gate security to the Barn area;
- d) Expansion and remodeling of the Turf Club;
- e) Remediation of waste water issues;
- f) Enhanced painting of the entire Tote Board;
- g) Enhancements to pedestrian flows and site lines to the track from the Fairgrounds;
- h) Improvements to the general layout of the 1st floor wagering areas and the Winners Circle; etc...

Cal Expo's next scheduled horse racing improvement is the replacement of the entire inside racing rail. The existing inside rail is a Fontana Rail, and it is completely dismantled each year to enhance safety during Harness Racing from early September to late May. Since Harness Racing requires the inside rail to be removed annually,

Watch and Wager has offered to assist financially with the acquisition and installation of a new inside rail.

In working to replace its inside rail, Cal Expo contacted a number of prominent racing rail vendors. Discussions were held with various racing entities, including CHRB staff, and a competitive selection process was conducted by Cal Expo as a State Agency.

Based upon industry input and the results of the selection process, Cal Expo has tentatively selected the MawSafe Rail as the product to replace its current inside race rail. The Product is manufactured by Global Barrier Systems (GBS) out of South Victoria, Australia. GBS would oversee the installation process. Cal Expo has requested that GBS also provide movable rails to cover the gaps coming out of the six furlong and quarter chutes. The MawSafe product was selected for four primary reasons:

- 1) The MawSafe product is already in use in California thoroughbred racing, and has proven to be successful around the world;
- 2) The rail must be readily removable due to Cal Expo's Harness race meet, and MawSafe meets this need;
- 3) The MawSafe rail provides additional safety to Jockeys and horses, as the newest technology in PVC allows the rail to deflect and absorb loads; and
- 4) Race Tracks that use MawSafe have provided substantial positive documentation on MawSafe's exceptional safety records.

NOTE: More than 17,000 races have been run at some 80 plus race tracks that are currently using the MawSafe rail product.

Waiver to CHRB Regulation 1472 – Rail Construction and Track Specifications:

The MawSafe rail is constructed of a high-impact PVC product. The height of the MawSafe rail is designed to work best in the shoulder area of the horse. Consequently, it is designed at 48 inches, compared to more rigid metal rails at 42 inches. Due to the use of PVC and the effective height of 48 inches, the MawSafe rail does not meet the criteria currently outlined in CHRB Regulation 1472 - Rail Construction and Track Specifications.

CARF and Cal Expo have obtained email correspondence in support of installing a MawSafe rail from the Jockeys' Guild and from TOC. CARF and Cal Expo are working to obtain additional letters of support from several other racing entities.

At the CHRB Board Meeting of April 11, 2013, CHRB Staff presented a written analysis of the MawSafe rail, as the Del Mar Thoroughbred Club was requesting a waiver of CHRB Regulation 1472, so that it could install a MawSafe rail. The CHRB Staff Report concluded:

“The MawSafe system appears to have significant safety advantages compared to the rigid rail designs that are normally employed in California. The deflecting design greatly reduces impact loads to the horse and jockey, and lowers the risk of the horse and jockey “bouncing” back into the path of other horses.”

In order to have a new inside race rail installed in time for the 2015 California State Fair thoroughbred Race Meet, July 10-26, Cal Expo respectfully requests that a waiver be granted to CHRB Regulation 1472, and approval be granted by the CHRB Board for installation of the MawSafe rail at Cal Expo.

STAFF ANALYSIS
PUBLIC HEARING AND ACTION BY THE BOARD
REGARDING THE PROPOSED ADDITION OF CHRB RULE
1891.1, PENALTY FOR POSSESSION OR USE OF ELECTRICAL DEVICE,
TO ESTABLISH PENALTIES FOR THE USE OF A
BUZZER ON A HORSE

Regular Board Meeting
April 16, 2015

ISSUE

Board Rule 1890, Possession of Contraband, prohibits any person from having in his possession on the premises during any recognized meeting any electrical stimulating or shocking device commonly referred to as a battery, or any mechanical stimulating device, or any other appliance which might affect the speed or actions of a horse. However, Rule 1890 does not provide for penalty guidelines for those found to have possessed or to have used electrical devices on a horse.

ANALYSIS

The proposed addition of Rule 1891.1, Penalty for Possession or Use of Electrical Device on a Horse, provides penalty guidelines for cases involving the violation of Board Rule 1890(c). The proposed regulation states that a case against any licensee for the possession or use of an electrical device, as prohibited under Rule 1890(c), shall be referred to the Board for hearing. If the Board finds that a licensee has violated, attempted to violate, or conspired to violate Rule 1890(c), the licensee shall have his or her license revoked.

The proposed regulation addresses all licensees under the jurisdictions of the Board, as the possible use or possession of electrical stimulating or shocking devices may not be limited to jockeys or exercise riders. Referring such cases to the Board will allow Commissioners to consider the matter and impose the maximum penalty allowable; revocation of the person's occupational license. In addition, the proposed regulation requires that if the Board finds that a violation of Rule 1890(c) has occurred, the matter shall be referred to the district attorney for the county in which the violation occurred. Under Penal Code section 337f(a)(1), any person who influences, or induces, or conspires with any owner, trainer jockey, groom or other person to affect the result of a race by stimulating a horse through the use of any electrical device or any electrical equipment or by any mechanical or other device not generally accepted as regulation racing equipment is punishable by a fine not exceeding five thousand dollars, or by imprisonment in a county jail not exceeding one year, or by imprisonment pursuant to subdivision (h) of Section 1170, or by both that fine or imprisonment.

BACKGROUND

Business and Professions Code section 19420 gives the Board jurisdiction and supervision over meetings in California where horse races with wagering on their results are held. Business and

Professions Code section 19440 states that the Board shall have all powers necessary and proper to enable it to adopt rules and regulations for the protection of the public and the control of horse racing. Business and Professions Code section 19460 provides that all licenses granted by the Board are subject to all rules, regulations, and conditions prescribed by the Board. Business and Professions Code section 19523 gives the Board the authority to remove any employee for dishonest practices, failure to comply with conditions of license, or violation of a law or regulation. Penal Code section 337f(a)(1) defines the use of any device not generally accepted as regulation racing equipment, to stimulate or depress a horse, as a misdemeanor. Board Rule 1890, Possession of Contraband, subsection (c) states that no person shall have in his possession, on the premises during any recognized meeting, any electrical stimulating or shocking device commonly known as a battery, or any mechanical stimulating device, or any other appliance, which might affect the speed or actions of a horse. Board Rule 1891, Seizure of Contraband, states that contraband defined in Rule 1890 will be confiscated from any person within the inclosure.

RECOMMENDATION

This item is presented for Board discussion and action. No comments were received during the 45-day comment period.

CALIFORNIA HORSE RACING BOARD
TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 16. GENERAL CONDUCT
PROPOSED ADDITION OF
RULE 1891.1. PENALTY FOR POSSESSION OF ELECTRICAL DEVICE

Regular Board Meeting
April 16, 2015

1891.1. Penalty for Possession of Electrical Device.

(a) A complaint against a licensee for a violation of, or conspiring to violate, Rule 1890 (c) of this division shall be referred to the Board for hearing and adjudication.

(b) Any licensee whom the Board finds to have violated, or conspired to violate Rule 1890 (c), shall have his or her license revoked.

(c) A finding by the Board of a violation of Rule 1890 (c) shall be referred to the district attorney for the county in which the violation occurred, citing California Penal Code section 337f(a)(1).

Authority: Sections 19420, and 19440,

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED
AMENDMENT TO CHRB RULE 1489.2, REHABILITATION CRITERIA FOR
EVALUATION OF DENIED, SUSPENDED OR REVOKED OCCUPATIONAL LICENSE,
TO ESTABLISH CRITERIA TO BE USED TO EVALUATE THE REHABILITATION OF
AN APPLICANT WHEN CONSIDERING THE DENIAL, SUSPENSION OR REVOCATION
OF AN OCCUPATIONAL LICENSE.

Regular Board Meeting
April 16, 2015

ISSUE

Business and Professions Code section 482 states that every board that falls under the provisions of the Business and Professions Code shall adopt criteria to evaluate the rehabilitation of a person who has committed an act, offense, or crime when considering the denial of a license under section 480, or the suspension or revocation of a license under section 490. Presently, the Board does not have such criteria in place. Adoption of the proposed rehabilitation criteria will bring the Board in line with the requirements of section 482, and help provide consistent evaluation of applicants and licensees who have committed acts, offenses, or crimes that permit the denial, suspension, or revocation of a license.

ANALYSIS

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purpose of this chapter. Responsibilities of the Board shall include, but are not limited to, licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with parimutuel wagering. Business and Professions Code section 19461 states that every license granted under this chapter is subject to suspension or revocation by the board in any case where the board has reason to believe that any condition regarding it has not been complied with, or that any law, rule, or regulation of the board affecting it has been broken or violated. Rule 1489, Grounds for Denial or Refusal of License, explains that, in addition to any other valid reason, the Board may refuse to issue a license or deny a license to any person who has been convicted of a crime punishable by imprisonment in a California state prison or a federal prison, or who has been convicted of a crime involving moral turpitude; who has been convicted of a crime in another jurisdiction which if committed in this state would be a felony; who has made any material misrepresentations or false statements to the Board or its agents in his or her application for a license or otherwise, or who fails to answer any material question on an application for a license; who is unqualified to engage in the activities for which a license is required; who fails to disclose the true ownership or interest in any or all horses as required by an application; who is subject to exclusion or ejection from the racing inclosure or is within the classes of persons prohibited from participating in pari-mutuel wagering; who has committed an act involving moral turpitude, or intemperate acts which have exposed others to danger, or acts in connection with horse racing and/or a legalized gaming business which were fraudulent or in violation of a trust or duty; who has unlawfully engaged in or who has been convicted of

possession, use or sale of any narcotic, dangerous drug, or marijuana; who is not permitted by any law to engage in the occupation for which the license is sought; or who has violated, or who aids, abets or conspires with any person to violate any provision of the rules or the Horse Racing Law. Finally, Rule 1900, Grounds for Suspension or Revocation, provides that any rule which is a ground for denial of a license is also ground for suspension or revocation of a license.

In instances where a license is denied, suspended, or revoked, however, nothing prohibits a person from reapplying for a license after such a determination has been made. Business and Professions Code section 486 provides that upon denial of a license, an applicant may reapply for that license after one year unless the Board prescribes an earlier date. Likewise, Business and Professions Code section 491 conveys, by reference to Government Code section 11522, that a licensee who has had their license suspended or revoked may appeal that decision after one year. Both provisions additionally express that the rehabilitation criteria adopted by the Board shall be provided to the applicant or licensee when their license is denied, suspended, or revoked. In Horse Racing Law, the only provision that expressly allows for permanent revocation of a license is Business and Professions Code section 19582(b)(1), which permits the permanent revocation of a person's license if they are guilty of three class I or class II medication violations under section 19581.

According to Business and Professions Code section 482, the Board shall adopt criteria to evaluate the rehabilitation of a person who has committed an act, offense, or crime when considering the denial of a license pursuant to section 480, or the suspension or revocation of a license pursuant to section 490.

The proposed criteria were developed by CHRB counsel to bring the Board into conformity with Business and Professions Code section 482, as well as to assist investigators and licensing staff in conducting consistent evaluations of applicants and licensees who have committed acts, offenses, or crimes that permit the denial, suspension, or revocation of their license.

Pursuant to the proposed criteria, when evaluating the rehabilitation of a licensee or applicant whose license has been denied, suspended, or revoked, the Board may consider the following:

- (a) The nature and severity of the act(s) and/or offense(s), including its relation to horse racing or pari-mutuel wagering and the protection of the public.
- (b) The total criminal record, including evidence of any act(s) and/or offense(s) committed subsequent to the act(s) or offense(s) under consideration as grounds for denial, suspension or revocation which also could be considered grounds for denial, suspension, or revocation under Business and Professions Code sections 480 or 490.
- (c) The time that has elapsed since commission of the act(s) or offense(s).
- (d) The extent to which the person seeking licensure or the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the person or licensee.
- (e) The credibility of the person seeking licensure or the licensee, and his or her acceptance of responsibility and remorse for the conduct.
- (f) Evidence, if any, of rehabilitation submitted by the person seeking licensure or by the licensee. If the evidence of rehabilitation consists of written statements by third parties in

support of the person seeking licensure or the licensee, the written statements should include a description of their relationship to the person or licensee, a description of the length of time their relationship has existed, a description of the rehabilitative efforts of the person seeking licensure or the licensee and should contain the following sentence at the end: "I declare under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct." The written statement should be signed by the third party making the statement and dated.

BACKGROUND

Business and Professions Code section 482 provides as follows:

Each board under the provisions of this code shall develop criteria to evaluate the rehabilitation of a person when: (a) Considering the denial of a license by the board under Section 480; or (b) Considering suspension or revocation of a license under Section 490. Each board shall take into account all competent evidence of rehabilitation furnished by the applicant or licensee.

To date, the Board has been without rehabilitative criteria for evaluating applicants and licensees who have committed certain acts, offenses, or crimes. Adoption of the proposed criteria would address this issue, and bring the Board in conformity with section 482.

CALIFORNIA HORSE RACING BOARD
TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 4. OCCUPATIONAL LICENSES
PROPOSED ADDITION OF
RULE 1489.2. REHABILITATION CRITERIA FOR EVALUATION OF DENIED,
SUSPENDED OR REVOKED OCCUPATIONAL LICENSE

1489.2. Rehabilitation Criteria for Evaluation of Denied, Suspended or Revoked Occupational License

When considering the denial of a license under Business and Professions Code section 480, or the suspension or revocation of licensure under Business and Professions Code section 490, on the grounds that the person has committed an act or been convicted of a crime, the California Horse Racing Board will evaluate the rehabilitation of such person and his or her eligibility for licensure, and may consider the following criteria:

(a) The nature and severity of the act(s) and/or offense(s), including its relation to horse racing or pari-mutuel wagering and the protection of the public.

(b) The total criminal record, including evidence of any act(s) and/or offense(s) committed subsequent to the act(s) or offense(s) under consideration as grounds for denial, suspension or revocation which also could be considered grounds for denial, suspension, or revocation under Business and Professions Code sections 480 or 490.

(c) The time that has elapsed since commission of the act(s) or offense(s).

(d) The extent to which the person seeking licensure or the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the person or licensee.

(e) The credibility of the person seeking licensure or the licensee, and his or her acceptance of responsibility and remorse for the conduct.

(f) Evidence, if any, of rehabilitation submitted by the person seeking licensure or by the licensee. If the evidence of rehabilitation consists of written statements by third parties in support of the person seeking licensure or the licensee, the written statements should include a description of their relationship to the person or licensee, a description of the length of time their relationship has existed, a description of the rehabilitative efforts of the person seeking licensure or the licensee and should contain the following sentence at the end: "I declare under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct." The written statement should be signed by the third party making the statement and dated.

STAFF ANALYSIS

DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED AMENDMENT TO CHRB RULE 1489.3, CRITERIA FOR DENIAL, SUSPENSION AND REVOCATION OF AN OCCUPATIONAL LICENSE, TO ESTABLISH CRITERIA TO BE USED WHEN CONSIDERING THE DENIAL, SUSPENSION OR REVOCATION OF AN OCCUPATIONAL LICENSE.

Regular Board Meeting
April 16, 2015

ISSUE

Business and Professions Code section 481 states that every board that falls under the provisions of the Business and Professions Code shall develop criteria to aid it, when considering the denial, suspension or revocation of a license, to determine whether a crime or act is substantially related to the qualifications, functions, or duties of the business or profession it regulates. Presently, the Board does not have such criteria in place. Adoption of the proposed relatedness criteria will bring the Board in line with the requirements of section 481, and help provide consistent determinations about which acts, offenses, or crimes are so substantially related to horse racing that they necessitate the denial, suspension, or revocation of a license.

ANALYSIS

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purpose of this chapter. Responsibilities of the Board shall include, but are not limited to, licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with parimutuel wagering. Business and Professions Code section 19461 states that every license granted under this chapter is subject to suspension or revocation by the board in any case where the board has reason to believe that any condition regarding it has not been complied with, or that any law, rule, or regulation of the board affecting it has been broken or violated. Rule 1489, Grounds for Denial or Refusal of License, explains that, in addition to any other valid reason, the Board may refuse to issue a license or deny a license to any person who has been convicted of a crime punishable by imprisonment in a California state prison or a federal prison, or who has been convicted of a crime involving moral turpitude; who has been convicted of a crime in another jurisdiction which if committed in this state would be a felony; who has made any material misrepresentations or false statements to the Board or its agents in his or her application for a license or otherwise, or who fails to answer any material question on an application for a license; who is unqualified to engage in the activities for which a license is required; who fails to disclose the true ownership or interest in any or all horses as required by an application; who is subject to exclusion or ejection from the racing inclosure or is within the classes of persons prohibited from participating in pari-mutuel wagering; who has committed an act involving moral turpitude, or intemperate acts which have exposed others to danger, or acts in connection with horse racing and/or a legalized gaming business which were fraudulent or in violation of a trust or duty; who has unlawfully engaged in or who has been convicted of possession, use or sale of any narcotic, dangerous drug, or marijuana; who is not permitted by

any law to engage in the occupation for which the license is sought; or who has violated, or who aids, abets or conspires with any person to violate any provision of the rules or the Horse Racing Law. Finally, Rule 1900, Grounds for Suspension or Revocation, provides that any rule which is a ground for denial of a license is also ground for suspension or revocation of a license.

To operate in conjunction with the above rules and regulations, Business and Professions Code section 481 further states that the Board shall develop criteria to aid it in determining whether a crime or act is substantially related to the qualifications, functions, or duties of a CHRB licensee when considering the denial, suspension or revocation of a person's license.

The proposed criteria were developed by CHRB counsel to bring the Board into conformity with Business and Professions Code section 481, as well as to assist investigators and licensing staff in making consistent determinations about which acts, offenses, or crimes are so substantially related to horse racing that they necessitate the denial, suspension, or revocation of a license.

BACKGROUND

Business and Professions Code section 481 provides as follows:

Each board under the provisions of this code shall develop criteria to aid it, when considering the denial, suspension or revocation of a license, to determine whether a crime or act is substantially related to the qualifications, functions, or duties of the business or profession it regulates.

To date, the Board has been without relatedness criteria to aid it in determining which acts, offenses, or crimes are so substantially related to horse racing that they necessitate the denial, suspension, or revocation of a license. Adoption of the proposed criteria would address this issue, and bring the Board in to conformity with section 481.

PROPOSED ADDITION OF
RULE 1489.3. CRITERIA FOR DENIAL, SUSPENSION AND REVOCATION OF AN
OCCUPATIONAL LICENSE

1489.3. Criteria for Denial, Suspension and Revocation of an Occupational License

For the purposes of denial, suspension or revocation of a license, pursuant to Division 1.5 (commencing with Section 475) of the Business and Professions Code, a crime or act shall be considered to be substantially related to the qualifications, functions or duties of a person applying for or holding a license under the Horse Racing Law, if to a substantial degree the crime or act evidences a present or potential unfitness to perform the functions authorized by his or her license or in a manner consistent with the public health, safety, or welfare. Such crimes or acts shall include, but not be limited to, those involving the following:

(a) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of the Horse Racing Law and the Rules and Regulations adopted pursuant thereto.

(b) Commission of a crime or act punishable by imprisonment in a California state prison or federal prison, or commission of a crime or act in another jurisdiction which if committed in this state would be a felony.

(c) Commission of a crime or act involving moral turpitude.

(d) Commission of a crime or act involving dishonesty, fraud, or deceit.

(e) Commission of a crime or act involving animal abuse, cruelty, or neglect.

(f) Commission of a crime or act that willfully or recklessly exposes others to danger.

(g) Commission of a crime or act in connection with horse racing and/or a legalized gaming business which is fraudulent or in violation of a trust or duty.

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED
AMENDMENT TO CHRB RULE 1588, HORSE INELIGIBLE TO START IN A RACE,
TO PROVIDE THAT A HORSE IS INELIGIBLE TO START IN ANY RACE IN
CALIFORNIA IF IT IS ON THE VETERINARIAN'S LIST IN ANOTHER RACING
JURISDICTION, UNLESS WITH PRIOR APPROVAL OF THE STEWARDS

Regular Board Meeting
April 16, 2015

ISSUE

In December 2014 the proposed amendment to Board Rule 1588, Horse Ineligible to Start in a Race, was submitted to the Office of Administrative Law (OAL) for review. The proposed amendment provided that a horse would be ineligible to start in any race in California if it was on the Veterinarian's List in another racing jurisdiction, unless with prior approval of the stewards. The OAL disapproved the rulemaking action based on the Clarity standard of Government Code section 11349.1. The OAL disapproval stated the rulemaking record implied that the stewards would be responsible for conducting an investigation to determine whether adequate cause existed to allow a horse to race, and the steward approval clause (subsection "j" of the proposed text) was to be used as a mechanism to correct racing eligibility errors that were identified. However, the proposed subsection 1588(j), which delegated unlimited approval power to the stewards, failed to align with the concept. The text of the regulation has been modified to address OAL's concerns. New subsections (j)(1) through (j)(3) define what may constitute "good cause" when the stewards make a determination regarding a horse's eligibility to race. A 15-day public comment period is required before the file can be resubmitted to OAL.

ANALYSIS

California does not have an official Veterinarian's List reciprocity policy for horses on the Veterinarian's List in other states. This potentially allows compromised horses to avoid official veterinary scrutiny by moving to other racing jurisdictions which do not always monitor or recognize out-of-state Veterinarian's Lists. The proposed amendment to Board Rule 1588 prohibits any horse on the Veterinarian's List in another jurisdiction from entering a race in California without the prior approval of the stewards. The 1588 rulemaking file was submitted to OAL for review in December 2014. The file was disapproved based on the Clarity standard, as OAL did not believe the text of the proposed subsection 1588(j), which delegated unlimited approval power to the stewards, aligned with the concept. OAL stated it appeared the Board intended for the stewards to take specific steps to determine whether a horse should be allowed to race, including consultation with the official veterinarian and with racing officials in other racing jurisdictions. OAL declared that those standards of general application should be promulgated in Rule 1588 and adequately explained in the rulemaking record. To address the OAL's concerns, the proposed text of subsection 1588(j) has been modified to provide that the stewards must have "good cause" to approve the entry of a horse that is on another racing jurisdiction's Veterinarian's List. Subsections 1588(j)(1) through (j)(3) have been added to define what such "good cause" may include: 1) unforeseen administrative issues in removing the horse from the other racing jurisdiction's Veterinarian's List; 2) the location of the horse

preventing it from being evaluated by the official veterinarian of another jurisdiction and cleared from that jurisdiction's Veterinarian's List; and 3) another unforeseen event or reason that would prevent the horse from being cleared from another racing jurisdiction's Veterinarian's List.

BACKGROUND

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper for it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 provides that the Board may prescribe rules, regulations and conditions under which all horse races with wagering on their results shall be conducted in this State.

Board Rule 1866, Veterinarians List, states the official veterinarian shall maintain a Veterinarian's List of those horses determined to be unfit to compete in a race due to physical distress, unsoundness, or infirmity. Subsection 1866(c) provides that a horse placed on the Veterinarian's List shall be removed from the list only after having established or demonstrated to the satisfaction of the official veterinarian or the racing veterinarian that the horse is then sound and in fit physical condition to exert its best effort in a race. The proposed amendment to Rule 1588 specifies that a horse is ineligible to start in any race in California if it is on the Veterinarian's List in another racing jurisdiction, unless with prior approval of the stewards. The proposed amendment to Rule 1588 was submitted to the OAL for review in December 2014. In January 2015, the OAL disapproved the regulatory action based on the Clarity standard of Government Code section 11349.1. The text of the proposed amendment has been modified to address the OAL's concerns. A 15-day public comment period is required before the file can be resubmitted to OAL.

RECOMMENDATION

This item is presented for Board discussion and action. Staff recommends the Board direct staff to initiate a 15-day renote period.

DISCUSSION AND ACTION BY THE BOARD REGARDING
THE PROPOSED AMENDMENT TO
CHRB RULE 1843.2. CLASSIFICATION OF DRUG SUBSTANCES
TO ADD COBALT TO THE
CHRB PENALTY CATEGORIES LISTING BY CLASSIFICATION
THEREBY ESTABLISHING THE VIOLATION AND PENALTY
GUIDELINES FOR THE PRESENCE OF COBALT
IN AN OFFICIAL BLOOD SAMPLE

Regular Board Meeting
April 16, 2015

ISSUE

Cobalt is a naturally occurring trace element that may be present in horses at very low levels, as well as a normal dietary substance due to the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in vitamin B12. Cobalt can be administered to horses in various forms, including feed supplements or injections. Although cobalt is a naturally existing and necessary dietary mineral for the horse, there is evidence it is being administered in very high doses. High doses of cobalt containing products are used to increase erythropoiesis, the process which produces red blood cells. This may allow a horse to oxygenate better than it would in its normal state; a form of "blood doping". Due to concerns regarding the illicit use of cobalt in horse racing, the Board has determined a threshold must be set to differentiate samples collected from a horse that was normally fed and supplemented from a horse administered an extremely high dose of cobalt to enhance performance. This may be accomplished by amending Board Rule 1843.2, Classification of Drug Substances, to add cobalt to the California Horse Racing Board (CHRB) Penalty Categories Listing by Classification (Revised 02/13).

ANALYSIS

The proposed amendment to Rule 1843.2 will add cobalt to the California Horse Racing Board (CHRB) Penalty Categories Listing by Classification (Revised 02/13), which is incorporated by reference in Rule 1843.2. Cobalt will be listed as:

1). A Class 4 drug violation with a Category C penalty for cobalt in blood above 25ng/ml (over 25ng/ml but under 50ng/ml). This would result in a fine and/or short suspension without revocation of purse; and

2). A Class 3 drug violation with a Category B penalty for cobalt in blood above 50ng/ml. This would result in purse redistribution, a fine of between \$500 to \$10,000 and a minimum 30 day suspension.

BACKGROUND

Business and Professions Code section 19580 provides that the Board shall adopt regulations to establish policies, guidelines and penalties relating to equine medication to preserve and enhance the integrity of horse racing in this state. Section 19581 of the Business and Professions Code states that no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the Board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof. Business and Professions Code section 19582 provides that violations of Business and Professions Code section 19581, as determined by the Board, are punishable in regulations adopted by the Board, and that the Board may classify violations based upon each class of prohibited drug substances, prior violations within the previous three years and prior violations within the violator's lifetime. Board Rule 1843, Medication, Drugs and Other Substances, provides that no horse participating in a race shall carry in its body any drug substance or its metabolites or analogues, foreign to the horse except as hereinafter expressly provided. No drug substance shall be administered to a horse which is entered to compete in a race to be run in this state except for approved and authorized drug substances as provided in these rules.

RECOMMENDATION

This item is presented for Board discussion and action. Staff recommends the Board direct staff to initiate a 45-day public comment period regarding the proposed amendment of Rule 1843.2.

CALIFORNIA HORSE RACING BOARD

APRIL 16, 2015
REGULAR BOARD MEETING

There is no board package material for Item 12

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED
ADJUSTMENT OF THE 2015 SOUTHERN CALIFORNIA RACING CALENDAR, TO
ALLOCATE SEPTEMBER 26TH AND SEPTEMBER 27TH FROM SANTA ANITA TO
FAIRPLEX, AT LOS ALAMITOS

Regular Board Meeting
April 16, 2015

ISSUE

Los Angeles County Fair Association (Fairplex) at Los Alamitos has asked the Board to reconsider and revise the race dates allocated to Fairplex for 2015. The Board approved a start date of Thursday, September 10, 2015 for Fairplex and a closing day of Friday, September 25, 2015. The Board allocated Los Angeles Turf Club (LATC) the weekend of September 26 and 27 in anticipation that the 2015 Breeders' Cup would be held at LATC. The transcript from the September 2013 meeting clearly shows that the Board "built in some flexibility in the Fairplex dates" ... "subject to when the Breeders' Cup happens." Given that the 2015 Breeders' Cup will not be run at LATC, Fairplex at Los Alamitos is seeking a restoration of its traditional race dates, i.e., opening Thursday, September 10, 2015 and concluding Sunday, September 27, 2015. The adjustment would also necessitate a change to the LATC Autumn calendar as well, with a revised start date of Wednesday, September 30 or Thursday, October 1, as requested at licensure. The closing date of October 25 would remain unchanged.

BACKGROUND

Business and Professions Code section 19530 provides the Board the authority to allocate racing weeks to an applicant pursuant to the provisions of the horse racing law and to specify such racing days, dates, and hours for horse racing meetings as will be in the public interest, and will subserve the purposes of the law. Business and Professions Code section 19531 states the Board shall make allocations for racing weeks, including simultaneous racing between zones as it deems appropriate. The maximum number of racing weeks that may be allocated for horse racing other than at fairs, shall be as follows: (a) For thoroughbred racing: 44 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone. (b) For harness racing: 25 weeks per year in the northern zone. (c) For quarter horse racing: 25 weeks per year in the northern zone. (d) For harness racing and quarter horse racing: a total of 77 weeks per year in the combined central and southern zones. Business and Professions Code section 19532(a) specifies any association licensed to conduct thoroughbred racing in the northern zone may receive no more than 35 weeks of that racing. (b) Any association licensed to conduct thoroughbred racing in the central zone may receive no more than 17 weeks of that racing, except that any association which conducts a split meeting may receive up to 20 weeks of that racing. No more than one such split meeting may be licensed in any one year. Business and Professions Code section 19549 provides the maximum number of racing weeks that may be allocated to a fair shall be four weeks each, except under specified conditions.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

RECOMMENDATION

This item is presented to the Board for discussion and action.

Proposal: To the allocate September 26 & 27 From Santa Anita to LA County Fair at Los Alamitos.

1 2014 will be Santa Anita Park, 12/26/13 through 7/1 -- or
2 7/5/14; is that right?

3 VICE CHAIR WINNER: No.

4 CHAIR ISRAEL: To 7/2? All right. Well, so,
5 okay. Okay. All right, 7/2, you're right. Okay.

6 Then -- then Del Mar will be as it exists.

7 VICE CHAIR WINNER: As it exists in our document?

8 CHAIR ISRAEL: In our -- in our document.

9 Fairplex will be 9/14 to 9/23. Santa Anita will be 9/23
10 through 11/2. Okay.

11 Now, so now you have to add between Santa Anita
12 and Del Mar at the beginning Los Alamitos, 7/20 -- 7/3
13 through 7/13. Okay. Now, you need to adjust Del Mar's fall
14 meet so that it ends on December 3rd; is that correct?

15 MS. WAGNER: Uh-huh.

16 CHAIR ISRAEL: Is that right, December 3rd, Josh?
17 Joe? Somebody -- okay. Okay. So Del Mar will run 11/5
18 through 12/3. And from 12/4 through 12/21 will be Los
19 Alamitos in 2014. Okay.

20 Now, in 2015 Santa Anita's meet will end on July
21 1, the first meet. Del Mar will run 7/15 through 9/7.
22 Fairplex will run 9/10 through 9/25. And is 2015 the
23 year -- or it 2014, 2015 --

24 MR. SEDER: Yes. Mike Seder.

25 CHAIR ISRAEL: 2015 is the year we're -- where

1 we've built in some flexibility on the Fairplex dates.

2 MR. SEDER: Subject to when Breeders' Cup happens.

3 CHAIR ISRAEL: Subject to when Breeders' Cup --
4 okay. And Santa Anita will run 9/26 through 10/15. Los
5 Alamitos then -- so between Del Mar and Santa Anita the
6 first time Los Alamitos will run 7/2 through 7/12. Then Del
7 Mar will end on 12/2/15. And Los Alamitos will run 12/3 to
8 12/20/15.

9 MR. HAINES: Excuse me, Commissioner.

10 CHAIR ISRAEL: Yes. Did I get something wrong?

11 MR. HAINES: We're looking -- we heard you to say
12 that Santa Anita would run 9/26 through 10/15.

13 CHAIR ISRAEL: That's what's written here. That's
14 wrong. That's completely wrong. It's through -- it's
15 through 10/27.

16 There's two weeks -- you've got two weeks where
17 nobody is running, Jackie.

18 COMMISSIONER CHOPER: Yeah.

19 CHAIR ISRAEL: That's -- that's completely wrong.
20 And Del Mar runs 10/28 --

21 MS. WAGNER: That must be a typo.

22 CHAIR ISRAEL: -- through 12/2

23 MR. HAINES: I believe it's 10/25.

24 MS. WAGNER: Hold on.

25 CHAIR ISRAEL: Okay. Yes, it must be 25.

1 VICE CHAIR WINNER: It's a typo.

2 CHAIR ISRAEL: It's 25.

3 MS. WAGNER: Uh-huh. Yeah.

4 CHAIR ISRAEL: Okay. It's wrong in the packet.

5 VICE CHAIR WINNER: Is this to or through?

6 CHAIR ISRAEL: They say too.

7 VICE CHAIR WINNER: Yeah. It should say through,
8 just as you said it, because it includes those dates.

9 (Colloquy Between Commissioners and Ms. Wagner.)

10 CHAIR ISRAEL: Well, again, two tracks aren't
11 running at the same time. We're just going to say that.

12 MS. WAGNER: Yes.

13 CHAIR ISRAEL: Okay. So, now I'll review what we
14 just did in the form of -- since I don't think we need any
15 more discussion because we already discussed all the
16 permutations here --

17 MR. SEDER: Mr. Chair --

18 CHAIR ISRAEL: Yes, Mike?

19 MR. SEDER: May I interrupt for a second?

20 CHAIR ISRAEL: Sure.

21 MR. SEDER: This is Mike Seder, Barretts Sales and
22 Racing. I want to just clarify on the 2015 dates --

23 CHAIR ISRAEL: Right.

24 MR. SEDER: Fairplex's traditional -- I said
25 Fairplex. Barretts Sales and Racing's traditional dates --

1 CHAIR ISRAEL: It should go back to Fairplex by
2 then.

3 MR. SEDER: Thank you.

4 CHAIR ISRAEL: The handle would improve.

5 MR. SEDER: It would take us through September the
6 29th.

7 CHAIR ISRAEL: Right.

8 MR. SEDER: And in the -- in the event that
9 Breeders' Cup happens at the end of October we're looking at
10 these dates through the 25th. But there would be an
11 economic consideration to make us whole for giving up those
12 days.

13 CHAIR ISRAEL: Yes.

14 MR. SEDER: And in the event the Breeders' Cup is
15 run the first week of November, then we would --

16 CHAIR ISRAEL: You would revert to your old
17 tradition.

18 MR. SEDER: -- revert back to the 29th of
19 September.

20 VICE CHAIR WINNER: That's a part -- that's part
21 of the understanding.

22 CHAIR ISRAEL: That was part of -- that's a part
23 of the understanding we reached back in May initially. And
24 it obviously is something to be dealt with, you know, two
25 years from now when licensing -- or a little bit less than

STAFF ANALYSIS
DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED
ADJUSTMENT OF THE 2015 NORTHERN CALIFORNIA RACING CALENDAR
TO MODIFY THE ALLOCATED FRESNO OCTOBER 1, 2015
STARTING DATE TO OCTOBER 8, 2015

Regular Board Meeting
April 16, 2015

ISSUE

California Authority of Racing Fairs (CARF) is requesting an adjustment to the 2015 race dates allocated to the Fresno Fair (Fresno). The Board allocated Fresno race dates of October 1, 2015 through October 12, 2015. CARF is requesting the Board modify the starting date for the Fresno race meeting from October 1, 2015 to October 7, 2015. CARF has shared that Fresno's live horse racing would begin October 8, 2015. On April 15, 2015, this item was discussed by the Northern California Race Dates Ad Hoc Committee.

ANALYSIS

CARF has provided that in order for horse racing to run concurrently with the Fresno Fair, the race dates would need to be modified. CARF has additionally provided . . . *"the dates presently shown in the calendar for Fresno Fair would require it to conduct racing without Fair activities, a scenario which would hurt the Fair and its racing meeting.*

A change to the October calendar would involve a change in Golden Gate Fields schedule. Consequently, we've met several times with principals at GGF and Santa Anita and with representatives of the Thoroughbred Owners of California (TOC) to discuss this matter. We want the Board to know that CARF and the Fresno Fair are working with other affected parties and making every effort to find a mutually agreeable solution to this matter.

If the Fresno start date is not revised to October 7, the initial purse and stakes schedule we have proposed for Fresno Fair may need to be revised. If this were to occur, it could also affect purses and stakes at other Fairs."

BACKGROUND

Business and Professions Code section 19530 provides the Board the authority to allocate racing weeks to an applicant pursuant to the provisions of the horse racing law and to specify such racing days, dates, and hours for horse racing meetings as will be in the public interest, and will subserve the purposes of the law. Business and Professions Code section 19531 states the Board shall make allocations for racing weeks, including simultaneous racing between zones as it deems appropriate. The maximum number of racing weeks that may be allocated for horse racing other than at fairs, shall be as follows: (a) For thoroughbred racing: 44 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone. (b) For harness racing: 25 weeks per year in the northern zone. (c) For quarter horse

racing: 25 weeks per year in the northern zone. (d) For harness racing and quarter horse racing: a total of 77 weeks per year in the combined central and southern zones. Business and Professions Code section 19532(a) specifies any association licensed to conduct thoroughbred racing in the northern zone may receive no more than 35 weeks of that racing. (b) Any association licensed to conduct thoroughbred racing in the central zone may receive no more than 17 weeks of that racing, except that any association which conducts a split meeting may receive up to 20 weeks of that racing. No more than one such split meeting may be licensed in any one year. Business and Professions Code section 19549 provides the maximum number of racing weeks that may be allocated to a fair shall be four weeks each, except under specified conditions.

Board Rule 1430, Allocation of Racing Weeks and Dates, states the Board shall allocate racing weeks and dates for the conduct of horse racing in this State for such time periods and at such racing facilities as the Board determines will best subserve the purposes of the Horse Racing Law and which will be in the best interests of the people of California in accord with the intent of the Horse Racing Law.

RECOMMENDATION

This item is presented to the Board for discussion and action. The Board may wish to hear from the Northern California Race Dates Ad Hoc Committee.

Mr. Rick Baedeker, Executive Director
 California Horse Racing Board
 1010 Hurley Way
 Sacramento, CA 95825

Dear Rick,

We respectfully request that a matter be placed on the Board agenda for the meeting of March 19. We respectfully request that the Board approve certain adjustments to the October dates shown in 2015 racing calendar for Northern California.

The present calendar shows a starting date of October 1, 2015, for this year's Fresno Fair meeting. This year the Fresno Fair actually opens on **October 7, 2015**. In order for horse racing to run concurrently with the two weeks of the Fair in Fresno, racing would need to begin on Oct 7.

CARF and the Fresno Fair respectfully request that the Board approve a revised start date of October 7, 2015 for this year's Fresno Fair meeting.

The dates presently shown in the calendar for Fresno Fair would require it to conduct racing without Fair activities, a scenario which would hurt the Fair and its racing meeting.

A change to the October calendar would involve a change in Golden Gate Fields schedule. Consequently, we've met several times with principals at GGF and Santa Anita and with representatives of the Thoroughbred Owners of California (TOC) to discuss this matter. We want the Board to know that CARF and the Fresno Fair are working with other affected parties and making every effort to find a mutually agreeable solution to this matter.

If the Fresno start date is not revised to October 7, the initial purse and stakes schedule we have proposed for Fresno Fair may need to be revised. If this were to occur, it could also affect purses and stakes at other Fairs.

We respectfully suggest that time is of the essence in this matter. The parties which would be affected are planning right now for their respective meetings in the Fall. For this reason, we have requested that the matter be put on the March 19 agenda to seek the Board's approval for a prompt resolution.

We very much appreciate the Board's consideration of this matter.

Respectfully submitted,

/s/

Christopher Korby
Executive Director
