2. - Detention Barn-

Sacramento Harness has constructed a new detention barn. All California Sire Stake races and Overnight Stake races with purse of \$15,000 will be a detention barn race. All horses in those races must report for detention by 12 noon. Those horses will be in detention from then until race time.

Each horse in the detention barn will be limited to two caretakers (one groom and trainer) at a time and each person will be identified by CHR B license, checked, and all equipment will be checked. All functions in the detention barn will be documented and the documentation will be securely filed.

In addition, trainers having high TCO₂ test(s) will be required to race all of their horses out of the detention barn for thirty days. Those horses must also report by 12 noon.

3. TCO₂ Testing

Sacramento Harness will adhere to all CHR B guidelines in conjunction with TCO₂ testing. In addition, horses that have previously tested high will be detained and placed under surveillance cameras each race day for no less than 30 days. In the event of a racetrack light failure, the generators will provide enough light to ensure the safety of all participants. Also, the patrol judge in the starter's car that tracks each race will illuminate the racetrack with their headlights.

Detention Barn Policies & Procedures

STAFF ANALYSIS
PROPOSED AMENDMENT OF
RULE 1481. OCCUPATIONAL LICENSES AND FEES
RULE 1783. REGISTRATION OF STABLE NAMES
RULE 1784. REGISTRATION TO DISCLOSE ALL PARTNERS
TO PERMIT LICENSING OF
STABLE NAME GROUPS

Regular Board Meeting
December 14, 2007

BACKGROUND

Business and Professions (B&P) Code Section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of Chapter 4, B&P Code. Responsibilities of the Board shall include licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with pari-mutuel wagering. B&P Code Section 19520 provides that every person not required to be licensed under Article 4 (commencing with Section 19480) who participates in, or has anything to do with, the racing of horses shall be licensed by the Board pursuant to rules and regulations that the Board may adopt. No person required to be licensed may participate in any capacity in any horse race meeting without a valid and unrevoked license authorizing the participation.

The CHRB has multiple regulations governing the occupational licensing of individuals who participate in horse racing, and the registration of stable names, partnerships, corporations and limited liability companies (LLC). These regulations fit well with individuals, small partnerships and persons or single entities wishing to run under a stable name; however, this is not necessarily the case with larger groups, especially groups that sell many shares in one or more horses. Little Red Feather Racing (LRFR) is an example of one such group that does not fit the norm with regards to licensing. LRFR is a registered stable name that buys thoroughbred horses, which it markets as an LLC in ownership units of 5 percent to 10 percent. Each horse owned by LRFR is a separate entity with distinct ownership.

In 2006 LRFR contacted staff with a number of licensing issues it felt needed to be addressed. LRFR contended the Board's regulations were "*not practical to modern day partnership groups,*" and made suggestions regarding changes to rules governing stable name registrations. LRFR's main complaint was the manner in which it was listed in the program. Staff worked with LRFR, and it was determined that LRFR would run as "LRFR, et. al." This arrangement worked for approximately 18 months, but in May 2007 LRFR again contacted staff with the same concerns. LRFR wished to be listed in the program under its stable name, without the "et. al." LRFR stated it wanted its statistics accounted in that manner, as it was a "*critical sales tool.*"

The issues regarding LRFR were discussed at the July and October 2007 Security and Licensing Committee meeting. To accommodate the LRFR model, and to allow it to run only under its stable name, staff proposed amending Rule 1783, Registration of Stable Names, and Rule 1784, Registration to Disclose All Partners. Rule 1481, Occupational Licenses and Fees would also have to be amended to reflect the new Stable Name Group registration.

ANALYSIS

The CHRB has received recommendations from LRFR and West Point Thoroughbreds (WPT) for regulatory and procedural changes that would benefit partnership groups such as theirs and - in their opinions - lead to increased horse ownership and revenue to the sport of horse racing. The suggestions fall into two broad categories. The first category is keeping and reporting of statistics on horse ownership (e.g. earnings and wins). This is largely an industry issue and falls outside the Board's rules and regulations. It involves the two major databases utilized by racetracks: InCompass and Equibase.

The second category involves suggested rule changes; specifically, the proposals involve amendments to CHRB Rules 1481, 1783, and 1784:

- 1) Under Rule 1783 and Rule 1784 the Board would create a separate license classification for stable name groups, which would be based on the LRFR business model. A stable name group would allow for multiple entities to run under one stable name. Each entity would be comprised of a unique set of investors, and each would own one or more horses. Any Board licensed horse owner, including horse owners with registered stable names, can invest in a stable name group. These revisions are incorporated in the proposed amendment to Rule 1783 and Rule 1784.
- 2) LRFR wishes to allow investors in stable name groups to have the choice of being licensed or not licensed by the CHRB. This is allowable if the investor is a limited partner, as under the Board's rules limited partners are not licensed. However, if the investor is a general partner, this is *contrary to Horse Racing Law*. B&P Code Section 19520 states that every person who participates in, or has anything to do with, the racing of horses shall be licensed by the Board. Current practice is if a group stable gives CHRB a list of owners, each person on that list must be licensed, as it is assumed they are general partners. However, under the proposed amendment to Rule 1783, the stable name group must indicate if an owner is a limited or general partner. If an owner is a general partner, they must be qualified for a horse owner license. If an owner is a limited partner, they need not be licensed.
- 3) The proposed amendment to Rule 1783 exempts stable name group partners from the provisions of Rule 1606, Coupling of Horses, if their ownership interest in any entity that runs under a stable name group is 10 percent or less. If a partner has an ownership interest in another horse entered in the same race as a horse owned by the stable name group entity in which he has a 10 percent or less interest, the horses need not be coupled. The exemption to Rule 1606 applies only when one or both horses is run under a stable name group. The exemption to Rule 1606 was included because the committee believed a stable name group partner with 10 percent or less ownership interest would have no ability to influence the outcome of a race.

STAFF ANALYSIS
PROPOSED AMENDMENT OF
RULE 1467. PAYMASTER OF PURSES

Regular Board Meeting
December 14, 2007

BACKGROUND

A discussion regarding the status of racehorse retirement farms was held at the April 2007 Regular Board Meeting. The Board heard a presentation by Grace Belcuore of California Equine Retirement Foundation, Inc., as well as testimony from the industry at large. The consensus was that retired racehorses could be rehabilitated and used in a number of capacities, and that owners needed to become more involved in the fate of their horses once they were finished racing. Additionally, a dedicated source of income was needed to finance and expand current voluntary efforts to care for retired racehorses. Representatives of Thoroughbred Owners of California (TOC) stated TOC had formed an Equine Retirement Committee to explore alternative sources of income for racehorse retirement. The issue was discussed again at the May 2007 Regular Board Meeting. TOC representatives presented a proposal to form a TOC managed California Retirement Management Account (CARMA) for retired thoroughbred horses. At the same time, the Board examined proposals for an amendment to Rule 1467, Paymaster of Purses. At the July 2007 Regular Board Meeting staff was directed to notice a proposed amendment to Rule 1467 to implement the CARMA program.

ANALYSIS

The proposed amendment to Rule 1467 would direct the paymaster of purses to deduct 0.3 percent of the net purse earned by any thoroughbred horse at a thoroughbred racing association or fair meeting, which would be deposited into the California Retirement Management Account (CARMA). The CARMA, which is to be established by the TOC, is a charitable trust fund for the benefit of California Thoroughbred retirement/rehabilitation facilities. The proposed amendment defines "net purse earned" and provides a mechanism through which an owner may opt-out of the 0.3 percent contribution to CARMA. In addition, the amendment to Rule 1467 states the CARMA funds shall be distributed to qualified retirement/rehabilitation facilities as determined by the horsemen's organization. The criteria for such organizations states that they must be not for profit, they must be exempt from federal or state income taxes and they must be Board approved. These requirements correspond with criteria for organizations designated to receive charity race day proceeds under Board Rule 2047, Requests for Approval of Charity Fund Distribution. The proposed amendment states the horsemen's organization must submit to the Board an annual audited financial statement regarding the CARMA within 90 days of the close of the horsemen's organization's fiscal year. This corresponds with Rule 2048, Horsemen's Organization Welfare Fund, which requires the horsemen's organization that maintains a welfare fund to submit a financial report within 90 days after the close of its fiscal year.

RECOMMENDATION

Several comments regarding the proposed amendment were received during the 45-day public comment period. Persons who commented in opposition to the proposed amendment stated the proposal represents over-regulation and is another reason racing in California is so expensive. Persons who commented about the "opt-out" provision stated they would rather have an "opt-in" provision so owners must choose to participate instead of taking action to withdraw. Another issue was the focus on owners' purses. One comment noted trainers and jockeys receive up to 20 percent of the purse earnings, and asked if they, too, would participate.

Staff received a petition with over 140 signatures of licensed horse owners who support the proposed amendment.

This item is presented for Board discussion and action.

(1) Thoroughbred horse owners may elect not to have the 0.3 percent deducted from the net purse by filing with the paymaster of purses at each racing association at which the owners wish it to be in effect, a form CHRB - 206 (New 09/07), Notification of Exclusion of CARMA Contribution, which is hereby incorporated by reference. The form CHRB - 206 (New 09/07) is available at the office of the paymaster of purses at any race meeting.

STAFF ANALYSIS
PROPOSED AMENDMENT OF
RULE 1632. JOCKEY'S RIDING FEE

Regular Board Meeting
December 14, 2007

BACKGROUND

Business and Professions (B&P) Code Section 19420 states jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board (Board). B&P Code Section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. B&P Code Section 19562 provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in California.

Assembly Bill (AB) 649, Chapter 605, Statutes of 2007, added Section 19501 to the B&P Code. Section 19501 provides that effective January 1, 2008, the minimum amount awarded to a jockey who finishes second or third in a horse race, and the scale of minimum jockey riding fees for losing mounts, shall be increased by ten dollars. Board Rule 1632, Jockey's Riding Fee, provides a scale of jockey riding fees to be used in the absence of a contract or special agreement. A proposal to amend Board Rule 1632 was heard at the November 2007 Regular Board Meeting. The proposed amendment would have brought jockey riding fees in line with the requirements of AB 649.

While no formal action was taken, the Board acquiesced in the staff's suggestion that the proposed text receive further language edits and that filing the rulemaking as an "emergency" rulemaking action be considered.

ANALYSIS

Emergency rulemaking filings must comply with established standards for emergency regulations. The definition of an "emergency" for OAL purposes has recently been revised from what prior case law had dictated, now defined as: "...a situation that calls for immediate action to avoid serious harm to the public peace, health, safety, or general welfare." In addition, further statutory amendments provide that "A finding of emergency based only upon expediency, convenience, best interest, general public need, or speculation, shall not be adequate to demonstrate the existence of an emergency." And the controlling statute further states that "enactment of an urgency statute shall not, in and of itself, constitute a need for immediate action."

Staff, in consultation with counsel has reached the conclusion that a successful emergency regulation filing is unlikely. Instead, staff submitted the regulatory action to OAL as a "Section 100" filing, which does not require a 45-day public comment period. A Section 100 filing may be used when legislation leaves an agency (such as the Board) with no discretion to adopt a change that differs in substance from the one chosen. AB 649 requires an increase in jockey riding fees, and the Board has no discretion regarding the amount of the increase.

OAL has 30 days to review the Section 100 filing. If it approves the regulation, it will be submitted to the Secretary of State for publication in the California Code of Regulations. Staff requested an "effective upon filing date," so, if approved by OAL, the regulation will be effective the date it is filed with the Secretary of State, but no sooner than January 1, 2008.

The attached text was submitted to the OAL as a Section 100 filing.

STAFF ANALYSIS
REQUEST FOR AN INCREASE IN THE STABLING AND
AND VANNING FUND RATE FOR CENTRAL OR SOUTHERN CALIFORNIA

Regular Board Meeting
December 14, 2007

BACKGROUND

Pursuant to section 19607 of the California Horse Racing Law, when satellite wagering is conducted on thoroughbred racing at associations or fairs for the central or southern zones a percent of the total amount handled by satellite wagering facilities for the central or southern zones will be deducted for stabling and vanning. The organization that administers the central or southern zones stabling and vanning fund is the Southern California Off-Track Wagering, Inc. (SCOTWINC).

ANALYSIS

The last adjustment to the central or southern zone stabling and vanning fund rate occurred on March 27, 2003. At that time, the percent was increased from 0.94 to 1.06 percent. The fund rate is an estimate and is subject to change when necessary. However, section 19607.1(f) of the California Horse Racing Law, mandates that the Board shall approve all changes to the stabling and vanning fund rate, not to exceed a 1.25 percent maximum.

According to the SCOTWINC Stabling & Vanning Committee (Committee), the current fund rate of 1.06 percent will lead to a shortfall in 2008 because of increased off-site stabling costs and a decline in revenue. According to the Committee, stabling costs have risen because of increased labor costs, water quality issues and track/backside maintenance. The Committee also notes that revenue generated from wagers handled at satellite wagering facilities has shown a steady decrease the last few years, partly attributable to Advance Deposit Wagering which does not contribute to the fund. The Committee also notes an increase in vanning costs due to rising fuel and insurance costs. The attached spreadsheet provides further details.

Because of these factors the Committee is requesting an increase in the fund rate to the maximum allowed under the California Horse Racing Law of 1.25 percent effective December 26, 2007.

RECOMMENDATION

Staff recommends that the Board hear from SCOTWINC representatives and other interested parties regarding the increase. This item is for discussion and action.

JOCKEYS' HEALTH INSURANCE AND
WELFARE PROGRAM AND CA JOCKEYS' TRUST

BACKGROUND

California Business and Professions Code 19612.9 provides a means for the California Horse Racing Board (CHRB) to fund a program of health and welfare benefits to California licensed jockeys, former California licensed jockeys, and their dependents. The Thoroughbred Owners of California (TOC) and Jockeys' Guild have negotiated and entered into agreements that specify the eligibility and other requirements for a jockey, former jockey, and dependents to qualify for coverage. Through the end of 2007, the Jockeys' Guild provided the coverage for the eligible participants under California's plan.

ANALYSIS

Pursuant to Section 19612.9 of the Business and Professions Code, unclaimed refunds are distributed to the TOC for the purpose of negotiating an agreement of at least three years duration with the jockeys' organization representing the majority of jockeys licensed by the Board. The TOC and Jockeys' Guild have negotiated and reached that agreement.

Furthermore, the agreement includes the establishment and operation of a separate trust to provide for the administration of the property and income derived from the Board's unclaimed refunds distributions and for the granting of the benefits to jockeys and their families. Amounts that had in previous years gone to the Guild for the support of the Jockeys' Health Insurance and Welfare Program will go to the trust beginning January, 2008. The Board's contribution is defined by Section 19612.9, and currently equals approximately \$1million per year.

RECOMMENDATION

Staff recommends approval of the TOC/Guild agreement and the California Jockeys Welfare Trust agreement and declaration.

REQUEST OF PACIFIC RACING ASSOCIATION
TO DISTRIBUTE CHARITY DAY RACING PROCEEDS

Regular Board Meeting
December 14, 2007

BACKGROUND

Business and Professions (B&P) Code Section 19550 states that the board shall require each licensed racing association that conducts 14 or less weeks of racing to designate 3 racing days, and each licensed racing association that conducts more than 14 weeks of racing to designate five racing days during any one meeting, to be conducted as charity days by the licensee for the purpose of distribution of the net proceeds therefrom to beneficiaries through the distributing agent. B&P Code 19556 provides that the distributing agent shall make the distribution to beneficiaries qualified under this article. At least 50 percent of the distribution shall be made to charities associated with the horse racing industry.

According to B&P Code Section 19555, each licensee shall pay over such charity days' net proceeds to such distributing agent as soon as practicable after the determination thereof, and such agent or agents shall hereafter distribute not less than 90 percent of the aggregate proceeds from charity days' racing received and available for distribution by it to beneficiaries within 12 calendar months after the last day of the meeting during which such charity days were conducted. The balance, if any, of such aggregate charity days' net proceeds not distributed within such 12-month period shall be distributed as soon thereafter as is practicable.

ANALYSIS

The Pacific Racing Association doing business as "Golden Gate Fields," is requesting approval to distribute proceeds from charity day races conducted at Golden Gate Fields during its 2006 race meets. The net proceeds from the charity days totaled \$142,173. The list of organizations selected and amount to be distributed is listed on the attached document. Staff notes that 92% of the proceeds will be given to racing related organizations.

As a note, the 2006 charity days proceeds were not distributed within 12 months as required under section 19555 of the B&P Code.

RECOMMENDATION

Staff recommends that the Board approve this request.
