DISCUSSION AND ACTION BY THE BOARD ON THE TEMPORARY SUSPENSION OF THE FOLLOWING RULES FOR THE HOLLYWOOD PARK AND BAY MEADOWS 2006 SPRING RACE MEETINGS:

CHRB RULE 1606 – COUPLING OF HORSES; RULE 1974 – WAGERING INTEREST.

CHRB RULE 1420 – DEFINITIONS; RULE 1954.1 – PARLAY WAGERING ON WIN, PLACE OR SHOW; RULE 1957 – DAILY DOUBLE; RULE 1959 – SPECIAL QUINELLA (EXACTA); RULE 1976 – UNLIMITED SWEEPSTAKES; RULE 1976.8 – PLACE PICK (N); RULE 1976.9 – PICK (N) POOL; RULE 1977 – PICK THREE; RULE 1978 – SELECT FOUR; RULE 1979 – TRIFECTA; AND RULE 1979.1 – SUPERFECTA.

Chairman Shapiro said the purpose of the Special Teleconference Meeting of the Board was discussion and action on the temporary suspension of Rule 1606, Coupling of Horses, and portions of associated rules that referred to coupling. Commissioner Harris said if there were no coupling of horses, associated rules would be immaterial as far as they related to coupling, so why would such rules have to be changed? Jacqueline Wagner, CHRB staff, said each of

the rules referenced coupling. If the practice of coupling were suspended, the rules referencing coupling would also have to be addressed. Commissioner Harris stated that depending on how the coupling rule was suspended; there could still be instances where horses might be coupled. If a minimum number of wagering interests were required before uncoupling, or if horses owned by certain combinations of persons were coupled, the Board might not want to waive the provisions in the pari-mutuel regulations. Commissioner Moss stated he believed the proposal was made so fans would not make wagers and find themselves with a horse they did not want. He said he wondered if there was any statistical information regarding how many times that had happened. Commissioner Harris stated that was one of the original issues, but increased field sizes was an even bigger issue. Some of the data showed larger fields significantly increased the handle. Commissioner Moss said he agreed. He asked if there was a way to build in a minimum number of individual wagering interests in a particular race before uncoupling occurred. Jack Liebau of Hollywood Park and Bay Meadows said if Rule 1606 was waived the tracks would institute a house rule requiring at least five separate wagering interests before uncoupling of any horses. Deputy Attorney General (DAG) Derry Knight stated Rule 1606 could be waived with conditions. If the Board wished, it could waive the regulation with the stipulations outlined by Mr. Liebau. Ron Charles of Magna Entertainment suggested at least one meeting of racing secretaries, racetrack management and other interested parties to ensure the industry was involved and could provide input. Commissioner Harris said the Board wanted input, but it was going forward on an experimental basis. Mr. Charles said the Thoroughbred Owners of California rule required six wagering interests for a non-claiming race and seven for a claiming race. The Board would

Proceedings of the Special Teleconference Board Meeting of May 15, 2006

3

want to continue those numbers as uncoupling horses would increase wagering interests, and that was the purpose of the experiment. Mr. Liebau said he believed Mr. Charles was referring to a rule that dealt with carding races. There was no rule that prevented an association from carding a race with fewer interests, but if there was a race with six or seven entries, the association must use that race. Commissioner Harris said that was a separate issue. Mr. Charles said he would hate to see half the field under one trainer. If a single trainer had three different wagering interests, would five other interests be required? Mr. Liebau said the house rule proposed by Hollywood Park and Bay Meadows stated no trainer could have more than three horses in a race, so uncoupling would not result in a trainer with more than three separate wagering interests. He commented Santa Anita tested the rule with respect to maiden allowance races. Mr. Charles said Santa Anita's test required seven wagering interests to help increase the field, and so one trainer would not own half the field. Mr. Liebau said the Board was only talking about an experiment, which would provide valuable future data. Mr. Charles stated he merely wanted the industry to discuss the issues relevant to a house rule, as there were issues such as preference. Mr. Liebau said the proposed house rule was written to address preference, and anyone with common ownership would not be able to knock any other owner out of a race. Chairman Shapiro said he agreed the proposal should be carefully crafted so everyone would understand what it would mean with regards to the horsemen's agreements. He asked if trainers were currently allowed more than two horses in a race, and if so, what type of races? Mr. Liebau said at Santa Anita the rule was first tried with maiden races, and required seven wagering interests. Rick Hammerle of Hollywood Park stated his organization allowed a single trainer to enter up to three horses

only in a maiden allowance race. Commissioner Harris said he believed the house rule should be kept. Mr. Hammerle asked if trainers would be penalized if they took advantage of the suspension by repeatedly scratching over time. Commissioner Harris commented repeated scratches were a problem without common ownership. Chairman Shapiro said he understood Mr. Hammerle's concern. He asked what Hollywood Park did in such situations. Mr. Hammerle stated Hollywood Park at least had the stewards call such persons in and let them know the practice was not appreciated. He said he wanted something in place as it was a problem without common ownership, and it would be easy for a trainer to take advantage of the situation. Mr. Charles stated bogus entries were the largest concern and could be one issue an industry meeting could deal with, so everyone understood the procedures. Mr. Liebau said he did not have a problem collaborating with all the racing secretaries with respect to the house rule. The issue of scratching was not new, as the industry had been dealing with it for years. Commissioner Harris said the issue of repeated scratches was a problem, but it was a side issue to the proposed waiver of Rule 1606. Commissioner Harris **motioned** to give the Chairman the authority to waive the rules regarding coupling of horses for the Bay Meadows spring meeting only, subject to any field having at least five wagering interests before uncoupling occurs. Commissioner Moss **motioned** to waive the rules regarding coupling of horses for Bay Meadows and Hollywood Park spring meetings, provided there were at least five wagering interests in a race. He stated the racing secretaries could meet in the near future to offer suggestions. DAG Knight said the Board had the authority to waive the rules with conditions, but it did not have the authority to allow the racing secretaries to set conditions. Chairman Shapiro asked if the issue could be placed on the May 2006 agenda. He stated the

Proceedings of the Special Teleconference Board Meeting of May 15, 2006

5

racing secretaries could meet prior to the May Regular Board Meeting and decide how many entries would be required before uncoupling occurred. The Board could decide if it would adopt the plan at the May 2006 Regular Meeting. DAG Knight said his only concern was that the Board would defer to a committee of racing secretaries. The Board had the power to set any conditions it wished when waiving its rules. Chairman Shapiro said the Board was not deferring to a committee. The racing secretaries would discuss the house rules, and the Board would decide if it wished to waive its rules with conditions brought forth by the industry. He stated he wanted to make sure the industry was working in concert to ensure the experiment worked. Chairman Shapiro asked if the Board could waive the regulations on a case-by-case basis until the May 2006 Regular Meeting. DAG Knight said the Board could waive the regulation pending further action of the Board in May 2006 as long as it specified what the conditions were. However, the issue was not set up for a case-by-case basis. If the rules were going to be waived, they should be waived across the board. Commissioner Harris **seconded** the motion. Ms. Wagner stated in addition to Rule 1606 the rules to be waived were: 1954.1(h); 1957(j); 1959(d); 1976(e); 1976.8(d); 1976.9(c)(1); 1977(c); 1978(e); 1979(c); and 1979.1(c). The motion was **unanimously carried**. Chairman Shapiro said the experiment at Bay Meadows and Hollywood Park spring meetings would be examined at the June 2006 Regular Board meeting.

MINUTES

Chairman Shapiro asked for approval of the minutes of the Regular Meeting of April 27, 2006.

Commissioner Harris **motioned** to approve the minutes. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACE MEETING OF THE SOLANO COUNTY FAIR (F) AT VALLEJO FROM JULY 12 THROUGH JULY 24, 2006, INCLUSIVE.

Roy Minami, CHRB staff, said the Solano County Fair (SCF) proposed to run 11 days, the same number of days as in 2005, for a total of 125 races, one more than in 2005. The first post time would be 12:45 p.m. Mr. Minami stated the application was complete and staff recommended the Board approve the application as presented. Chairman Shapiro said he noted the signal would be sent to many entities. He asked if SCF or California Authority of Racing Fairs (CARF) had looked at who would receive the signal. Joe Barkett of SCF said CARF managed the contracts for out-of-state simulcasting. SCF made an effort to determine if the entities were licensed by the jurisdiction in which they operated. Chairman Shapiro asked

Proceedings of the Regular Board Meeting of May 25, 2006

2

what kind of an entity Stevens and Associates was. Mr. Barkett stated Stevens and Associates was a subsidiary simulcast coordinator that packaged contracts for various simulcast entities in the United States and elsewhere. Chairman Shapiro asked how SCF knew Stevens and Associates was not sending the signal to illegal offshore wagering facilities. John Reagan, CHRB staff, said staff met with Stevens and Associates several times over the years. He said Stevens and Associates appeared to be a serious business that made an effort to deal with legitimate entities. Chairman Shapiro asked if the cameras used at SCF were “head-on” and what equipment did the stewards have to ensure a clear picture to see the races. Mr. Barkett said he talked to the stewards about their concerns, and SCF added a camera and trimmed some trees. He added he believed the cameras were head-on. Chairman Shapiro said it would be helpful if SCF could state exactly what type of cameras it had so the Board would know its officials had the tools they needed to properly officiate. Chris Korby of CARF said his organization made arrangements to install a 5/16ths camera at each fair. He stated he did not know if the cameras would be in place by the opening of the first two fairs, but an agreement had been entered into with a video company to provide the equipment. Commissioner Harris asked if there were any issues with advance deposit wagering contracts. Mr. Korby said there were no issues, as all the contracts were in place. Chairman Shapiro **motioned** to approve the application for license to conduct a horse racing meeting of SCF. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACE MEETING OF THE SONOMA COUNTY FAIR (F) AT SANTA ROSA FROM JULY 26 THROUGH AUGUST 7, 2006, INCLUSIVE.

Roy Minami, CHRB staff, said the Sonoma County Fair (SCF) proposed to run 12 days, the same number of days as in 2005, for a total of 132 races, one race less than in 2005. The first post time would be 12:45 p.m. Sunday through Thursday, and 2:15 p.m. on Friday. Mr. Minami stated the application was complete and staff recommended the Board approve the application as presented. Chairman Shapiro asked if all SCF's advance deposit wagering (ADW) contracts were handled by California Authority of Racing Fairs (CARF). Corey Oakley of SCF said CARF handled the ADW contracts. He stated he understood SCF would also have a 5/16ths camera in place at the head of the backstretch. Chairman Shapiro commented he thought SCF's disclosure of its advertising budget was forthcoming. He asked if Mr. Oakley could describe the grandstand upper level guest information booth. Mr. Oakley said the majority of SCF's upper level guests were casual racing fans, as well as VIPs. SCF noted that a lot of persons who occupied the upper boxes and executive seats went downstairs to get information, so a guest service center was installed on the upper level. The center would provide information on horse racing in general, wagering information and other issues. Commissioner Harris congratulated SCF on its turf course. He stated he thought it would operate well in 2006 and was exciting for racing. Commissioner Harris **motioned** to approve the application to conduct a horse racing meeting of SCF. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACE MEETING OF THE DEL MAR THOROUGHBRED CLUB (T) AT DEL MAR FROM JULY 19 THROUGH SEPTEMBER 6, 2006, INCLUSIVE.

Roy Minami, CHRB staff, said the Del Mar Thoroughbred Club (DMTC) proposed to run 45 days, the same number of days as in 2005, for a total of 371 races. Mr. Minami stated the admission and clubhouse parking, membership to the season turf club, and season box seat prices were increased over 2005 prices. In addition, the number of backstretch housing units was increased from 654 to 666. The number of backstretch restrooms was also increased. Mr. Minami added the horsemen's agreements were received, and a 5/16ths head-on turf camera on a tower was installed. Chairman Shapiro asked if the new barn was completed. Craig Fravel of DMTC said all the front side barns except Barn W were torn down, and the large-scale multi-purpose livestock facilities were replaced. The horsemen who were previously stabled on the front side had new facilities. Chairman Shapiro asked if the advance deposit wagering (ADW) agreements were in place. Mr. Fravel said the in-state ADW providers were TVG and YouBet. The out-of-state signal would be carried by ExpressBet for non-TVG exclusive jurisdictions, and American Tab under a sub-license agreement with TVG. Commissioner Harris asked if there were any disputes regarding any ADW funds. Mr. Fravel said there were no disputes to date, but the horsemen had not yet consented. Drew Couto of Thoroughbred Owners of California said the issue was brought before the Board in February 2006, but had not been heard at the request of Senator Flores. He stated a Senate hearing on the matter would be held on June 13, 2006. Mr. Fravel said Hollywood Park had an arrangement that allowed it to go up despite the dispute, and if the matter were not resolved at the June Senate hearing, a similar arrangement would be made with DMTC. Jerry

Jamgotchian, a horse owner, discussed several items regarding the application. Commissioner Harris **motioned** to approve the application for license to conduct a horse racing meeting of DMTC. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPROVAL OF SERVICE, STEWARD AND OFFICIAL VETERINARIAN CONTRACTS.

Roy Minami, CHRB staff, said the service, steward and official veterinarian contracts were multi-year contracts that required Board approval. He stated there were no changes regarding stewards and veterinarians. He commented the stewards' contracts did not guarantee any specific dates as they were on the list. The Executive Director sets the stewards' schedule each year, so the dates could change. Chairman Shapiro said the Board was simply approving the total amount allocated to either group for services provided. Mr. Minami said that was correct. Commissioner Harris said the new Equine Medical Director involved other monies from the industry, which were paid directly to the University of California at Davis. Chairman Shapiro said Dr. Rick Arthur would close his private practice to become Equine Medical Director. To obtain Dr. Arthur's services additional funding was required. Some of that funding would come from private sources and would be paid directly to the University. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding the contracts. Commissioner Harris **motioned** to approve the contracts. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

PUBLIC HEARING BY THE BOARD ON THE ADOPTION OF THE PROPOSED AMENDMENT TO CHRB RULE 1433 – APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING, TO REQUIRE THE INSTALLATION OF SYNTHETIC TRACK SURFACES AT RACE TRACKS THAT RUN FOR FOUR OR MORE CONTINUOUS WEEKS OF THOROUGHBRED RACING IN A CALENDAR YEAR NOT LATER THAN JANUARY 1, 2008.

Roy Minami, CHRB staff, said the proposed amendment to Rule 1433, Application for License to Conduct a Horse Racing Meeting, would prohibit racing associations that operate four or more continuous weeks of thoroughbred racing in a calendar year from operating at a racetrack that had not installed a synthetic polymer type-racing surface by January 1, 2008. Mr. Minami stated staff recommended the Board adopt the proposed amendment as presented. Chairman Shapiro said he was very much in favor of adopting the proposed amendment, and he hoped the Board moved forward with the concept. He stated four companies made presentations to the industry regarding their products. Chairman Shapiro added that while Turfway Park had some positive experience with its synthetic track, there were aspects of Turfway Park's experience that California needed to avoid. He stated California's considerations were solvable and there were studies being conducted regarding the health of horse and rider on synthetic surfaces, but he believed progress towards installing such surfaces in California should continue. Commissioner Moss said four different companies presented polymer surface racetracks to the industry. He stated he felt the issue needed more study, as the three main racetracks could use different kinds of surfaces, but he did not see the Board having any particular direction if that were to happen. Commissioner Moss said he did not see the current proposal involving such a study. Ed Halpern of California Thoroughbred Trainers (CTT) said his organization voted unanimously to endorse the proposed amendment. He stated all evidence pointed to synthetic surfaces being safer for the animals that ran on it, and the people

Proceedings of the Regular Board Meeting of May 25, 2006

7

who rode on it. All other concerns were secondary and could be handled over time. Mr. Halpern stated CTT had not heard any concerns that indicated the Board should stop and not move forward. Howard Zuckor of the CTT Track Safety Committee said he spoke with veterinarians at Turfway Park and with the orthopedic surgeon who was conducting the track safety study. He stated all were sold on synthetic racing surfaces. The only concerns expressed were with the performance of the track, and that could be dealt with. Mr. Zuckor said the content of synthetic tracks could be adjusted once they were installed. He added organic dirt tracks demonstrated over and over they cannot be managed, as they were man made mixtures of sand, organic material and clay. In a perfect world natural sandy loam could be used to resurface all the tracks, but that material did not exist, so the industry needed to embrace change. Craig Fravel of Del Mar Thoroughbred Club stated the Board and California's horse racing industry was receiving a lot of good publicity for its movement towards synthetic surfaces. He stated the Board would not make a mistake by approving the proposed amendment. Drew Couto of Thoroughbred Owners of California (TOC) said the TOC board supported the proposed amendment. Darrell Haire of the Jockey's Guild (Guild) said the Guild supported the proposed amendment. Ron Charles of Magna Entertainment Corporation said he had a response to Commissioner Moss's question regarding consistency of the different types of synthetic racing surfaces. He stated he spoke to each manufacturer, and was assured that if different brands were installed at the various racetracks, there would be no problem as the surfaces were very consistent. Chairman Shapiro said he also noted there was little difference in the sub base and drainage of the synthetic surfaces. The only difference was the composition of the materials the horses ran on. Commissioner Harris said he agreed that

no one could be 100 percent certain regarding the proposal, but the synthetic surfaces held so much potential the Board would be wise to pursue the idea. Commissioner Harris added he was a little worried about the deadline as there would only be 18 months to install five racetrack surfaces in California, but modifications could be made along the way, and the Board should move forward. Chairman Shapiro **motioned** to adopt the proposed amendment to Board Rule 1433. Commissioner Harris **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1486 – TERM OF LICENSE, TO REVISE THE EXPIRATION DATE OF ONE-YEAR LICENSES FROM DECEMBER 31 TO THE LAST DAY OF THE BIRTH MONTH OF THE LICENSEE.

Roy Minami, CHRB staff, said the proposed amendment of Board Rule 1486, Term of License, provided that the expiration date of one-year licenses would no longer be December 31. Instead, an original one-year license would expire on December 31 in the year it was issued, and automatically be extended to the last day of the birth month of the licensee. Thereafter, such license would expire on the last day of the birth month of the licensee on an annual basis. Mr. Minami stated the purpose of the change was to alleviate the annual backlog of licensees attempting to renew their license on or shortly after December 31 of each year. He said staff recommended the Board direct staff to initiate a 45-day public comment period. Commissioner Harris said he thought it was an excellent idea to have the one-year licenses expire in the birth month of the licensee. He stated his only concern was the term of the license. A lot of groom had worked on the backside for a long time and Commissioner Harris said he believed they should be able to have a three-year license. He commented he

Proceedings of the Regular Board Meeting of May 25, 2006

9

understood there were concerns regarding turnover, but once a groom had a license for a year or two, a three-year license would eliminate a lot of the paperwork. Mr. Minami said staff considered a longer term of license, but because of the turnover and other issues, it did not seem practical to give a multi-year license to someone who might work only a few months a year. Chairman Shapiro said racetracks used to put a little validation sticker on licenses. He asked if that were still the practice. Mr. Minami said he believed that was still the case. Chairman Shapiro asked why a groom could not receive a three-year license if they had worked for one year and were still in good standing. Executive Director Fermin stated there were barns with very little turnover. However, there were some barns with a lot of turnover, and with a valid license it would be easy to talk one's way onto a track regardless of a validation sticker. She said it seemed prudent to take the issue one step at a time, the first step being a movement to expiration dates, which would alleviate the long lines in December and also maintain security. Mr. Minami said another issue was the cost of the license. Chairman Shapiro stated he did not believe the Board was out to make money off grooms, and if anything, it should defray the cost. Commissioner Harris said the Board could set license fees at what ever it felt they should be, but a multi-year license had a lot of advantages. Commissioner Shapiro said he believed the Board should approve the concept. The 45-day comment period would determine if the Board was headed in the right direction. Commissioner Harris **motioned** to direct staff to initiate a 45-day public comment period. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1733 – WHIPS, TO REVISE THE ALLOWED LENGTH OF THE DRIVER'S WHIP AND BRING THE BOARD'S RULE IN ACCORDANCE WITH THE US TROTTING ASSOCIATION'S CHANGES.

Roy Minami, CHRB staff, said the proposed amendment to Board Rule 1744, Whips, would change the allowed length of the driver's whip to conform to the newly revised United States Trotting Association (USTA) regulation. The current allowed length was three feet nine inches, with a snapper not to exceed six inches. The new allowed length would be a maximum of four feet, with a snapper not to exceed six inches. Mr. Minami said the USTA regulation was in effect. He stated staff recommended the Board instruct staff to initiate a 45-day public comment period. Commissioner Harris **motioned** to instruct staff to initiate a 45-day public comment period. Commissioner Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE TEMPORARY SUSPENSION OF CHRB RULE 1606 – COUPLING OF HORSES, FOR THE HOLLYWOOD PARK AND BAY MEADOWS 2006 SPRING RACE MEETINGS.

Roy Minami, CHRB staff, said on May 15, 2006, at a Special Teleconference Meeting, the Board entertained a proposal to waive Rule 1606, Coupling of Horses, and a number of associated regulations, for the Hollywood Park and Bay Meadows 2006 spring meetings. He stated the waiver was to be done on an experimental basis, and was approved at the teleconference meeting. Mr. Minami said the item was placed on the agenda to determine if the Board wished to change or add any conditions of the waiver after a meeting of industry racing secretaries. Chairman Shapiro stated the racing secretaries met on May 25, 2006, and

Proceedings of the Regular Board Meeting of May 25, 2006

11

discussed rules related to the waiver of Rule 1606. He said it was determined that the temporary waiver of Rule 1606 should continue, and that the in-house rules used by the racing associations were non-precedent setting and would not have any bearing on any other racing associations if the suspension were continued or Rule 1606 was repealed. Chairman Shapiro stated no further action was needed regarding the issue. He commented Los Alamitos indicated it would like to be included in the experimental waiver of Rule 1606, but that would have to be an action item on a future agenda. Ed Halpern of California Thoroughbred Trainers (CTT) said his board discussed the issue and voted not to endorse the repeal of Rule 1606. The CTT board's position was that the integrity of horse racing was important, and leaving the impression with the wagering public that something untoward was going on was not a good idea for the industry, nor did it serve the industry well. Drew Couto of Thoroughbred Owners of California (TOC) said a majority of the TOC board did not endorse the repeal of Rule 1606. He stated the TOC board believed the integrity of horse racing was something that needed to be protected at all costs. The TOC board felt the repeal of Rule 1606 was a compromise for the wrong reasons, and horses should be coupled. Commissioner Harris asked if TOC or CTT would have any thoughts on coupling horses trained by the same trainer. Mr. Halpern said the CTT board did not discuss the issue. He stated from his point of view one rule for trainers and one rule for owners was inconsistent, and he thought the public perception of uncoupled trainer entries was not favorable. Sherwood Chillingworth of Oak Tree Racing Association said he believed if owners entries were coupled, it was far more significant to require trainers entries be coupled as well. Commissioner Moss said the issue grew out of the Pari-Mutuel Operations Committee, and it was the wagering public that wanted owners entries uncoupled. He stated

he believed the experiment should run its course before moving forward. Ron Charles of Magna Entertainment said he agreed that the experiment should continue. He stated he believed the Board would have a good idea regarding the wagering public's sentiments at the end of the meetings. Chairman Shapiro said he wanted his concerns to be on the record, as he did not believe the Board would contemplate uncoupling if there were full fields. He stated he did not want to harm the integrity of the sport, but there was also a genuine need to improve fields and offer more wagering interests. Chairman Shapiro said Mr. Liebau was having staff track the experiment, so some data could be utilized in a final decision.

DISCUSSION AND ACTION BY THE BOARD ON A REPORT OF THE MOLD PROBLEM AT THE SURFSIDE RACE PLACE (SIMULCAST FACILITY) AT DEL MAR.

Chairman Shapiro said the mold problem was within a facility under jurisdiction of the Board, and he wanted to ensure the issue was resolved. He stated he last heard the problem was resolved and the area was clean and clear of mold. Mike Knapp of Surfside Race Place said mold was found in some areas of the building. He stated water intrusion from winter rain was the cause of the mold, which had been cleared by industrial hygienists. Mr. Knapp said from Surfside Race Place perspective, the problem was solved. Chairman Shapiro asked if Mr. Knapp had documentation from an applicable agency. Mr. Knapp stated that was not the issue. There were some elevated levels of mold found in areas that were unavailable to the public. Doug Kempt of Local 280 Pari-Mutuel Guild (Guild) said he did not have any knowledge of a report that stated the building was clear of mold. He stated there were some employees that were still on doctor's orders not to reenter the building, and until such orders were lifted and

Proceedings of the Regular Board Meeting of May 25, 2006

the doctors agreed the building was a safe work place, the issue was not resolved. Mr. Kempt said during the rainy season the building leaked, and Surfside Race Place was forthright about the problem, and had done a good job, but the issue would not be closed until the building was tested again during the rainy season. Chairman Shapiro said his understanding was that the buildings were tested and deemed safe. He asked if Mr. Kempt had not seen the reports. Mr. Kempt said he had not seen the reports. Chairman Shapiro asked if Cal-OSHA was informed of the problem. Mr. Kempt said the agency was informed. Richard Castro of the Guild said the Board clearly had the responsibility to protect the public and workers. He stated he wanted to emphasize that the process had taken a long time; however, Mr. Knapp had been upfront and honest. Mr. Castro said the one thing he took exception to was the pronouncement that the building was safe. He stated the building was not safe until a doctor certified that all employees could go back to work. Mr. Castro said there was one individual who could not go back to work, and that probably meant the building was not safe for others. Chairman Shapiro asked if the one worker could not work anywhere, or just Surfside Race Place. Mr. Castro said he could not go to work at Surfside Race Place. Chairman Shapiro asked if perhaps there was another health issue involved with the one employee. He asked Mr. Knapp if there was a report that stated the black mold was no longer a problem. Mr. Knapp said the facility was tested in 30 areas. The tests indicated there was areas that had high levels of mold content, most of which were dead mold from previous water intrusions. One area had mold between an interior and exterior wall, but that had been mitigated and was currently under reconstruction. Chairman Shapiro asked if Mr. Knapp had spoken to the doctor to determine why the employee could not return. Mr. Knapp said he was not involved in that aspect of the issue.

Chairman Shapiro stated the issue clearly would not be resolved any time soon. He stated it appeared the entities wished to resolve the problem, but it would take time. Mr. Castro said part of the problem was the design of the building. He added the independent testing company recommended tests be conducted every two to three months. Chairman Shapiro said he would direct staff to follow up on the issue.

STAFF REPORT ON THE FOLLOWING CONCLUDED RACE MEET:**A. LOS ANGELES TURF CLUB AT SANTA ANITA FROM DECEMBER 26, 2005 THROUGH APRIL 23, 2006.**

John Reagan, CHRB staff, said Los Angeles Turf Club (LATF) had an interesting meeting, with increased on-track attendance. Mr. Reagan said the report also included a report from investigative staff. Alan Gotterman of LATF spoke to the Board regarding the concluded race meeting at LATF. He stated LATF enjoyed very good weather during the meeting, and using research from the Oak Tree meeting, it conducted an extensive advertising campaign. The aggressive advertising resulted in an opening day crowd of 34,000, who wagered \$5.8 million. Mr. Gotterman stated the opening day crowd was the largest at LATF since 1999. He added the Sunshine Millions attracted a crowd of 32,000, which was an 81 percent increase over 2005, and a record for the event. Big Cap Day shattered records with its highest attendance in 16 years. The Santa Anita Derby attracted 50,000 fans – the highest attendance in 22 years. Mr. Gotterman said LATF had solid fields all season, with field size averaging 8.6 starters, and the improved business led to significant purse increases. Mike Willman of LATF spoke to the Board about LATF's advertising campaign. Chairman Shapiro said he thought LATF did a

phenomenal job. He stated he knew how hard everyone worked, and it was wonderful to hear the kind of numbers that came out of the meeting.

GENERAL BUSINESS

Ed Halpern of California Thoroughbred Trainers recognized Commissioner Bianco for his generosity in providing funding to help backstretch workers file income taxes. He stated, in addition, that Commissioner Moss and his wife made a very generous donation to a scholarship fund for the children of backstretch workers. Jerry Jamgotchian, a horse owner, spoke about several issues that caused him concern.

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days

following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

6. STABLE ACCOMMODATIONS

- A. Number of usable stalls available for racehorses at the track where the meeting is held: **900**
- B. Minimum number of stalls believed necessary for the meeting: **1,900**
- C. Total number of usable stalls to be made available off-site at approved auxiliary stabling areas or approved training centers: **1,300**
- D. Name and location of each off-site auxiliary stabling area and the number of stalls to be maintained at each site: **Golden Gate Fields, Albany, CA--1,000; Alameda County Fair, Pleasanton, CA--300**
- E. Attach each contract or agreement between the fair and the person(s) furnishing off-site stabling accommodations for eligible racehorses that cannot be provided stabling on-site. **On File**

Complete subsections F through H if the fair will request reimbursement for off-site stabling as provided by B&P Code Sections 19607, 19607.1, 19607.2, and 19607.3; otherwise, skip to Section 7.

- F. Total number of usable stalls made available **on-site** for the **1986** meeting: **n/a**
- G. Estimated cost to provide **off-site** stalls for this meeting. Show cost per-day per stall:

Detention Barn Plan & Number and Location of surveillance cameras in detention barn area:

Barn One, which is the barn mostly frequently utilized by horses shipping in to run at Bay Meadows, serves as the Detention Barn. Barn One is 360' long by 180' wide, and has ten exits and entrances. It contains approximately 162 stalls, and houses the receiving barn area, transit and detention stalls. Surveillance equipment in Barn One includes a 16 camera, 180 GB digital recording system. The installation of surveillance equipment in Barn One enables staff to better monitor the activity of horses and persons entering and exiting Barn One and the stable gate area, which is roughly fifty feet away.

One camera has been strategically placed to monitor the stable gate entrance, two cameras monitor designated detention stalls, and the balance have been placed to provide surveillance of the entrances and exits to the barn.

The recorder is kept in a secure housing in a locked communications room in the Barn building. A password is required before any action can be taken on the recording system.

The cameras are powered from a common power supply located, with the recorder, in the communications room. The entire system is powered with a UPS power back-up, and will continue to operate during a power failure.

All cameras generate their own infra-red light source, so they provide a viewable image even in "total" darkness. They operate in color during the day, and convert to black-and-white in dark lighting conditions.

The digital recorder records all cameras at full frame. Recording options include resolution quality and motion detection. In motion detection mode, video frame recording commences only when motion is detected within selected areas, which saves on hard-drive storage space. The amount of time that can be stored before re-recording over existing material occurs is dependant upon the amount of barn activity. If all cameras recorded 24 hours a day, 7 days a week, at the highest resolution setting, the 180 GB drive would begin re-writing over existing data within about 48 hours. With standard resolution and motion detection engaged, recording time falls between 5 and 10 days before re-writing begins.

B. Plan for enhanced surveillance for trainers with high-test results.
Applicant will follow CHRB staff directives to insure compliance with CHRB rule #1843.6

C. Plan for detention barns for repeat offenders.
Applicant will follow CHRB staff directives to insure compliance with CHRB rule #1843.6

D. Number of security personnel assigned to the TCO2 program.
As needed per advice of CHRB staff.

- C. Describe the electronic security system.
Security alarms systems, including cameras, motion and contact sensors, monitored by Hue & Cry, cover the administrative offices, mutuel, catering and operations money rooms. Surveillance systems with time-lapse recorders monitor key locations throughout the plant and parking lot. Fire alarms throughout the grandstand and stable areas are monitored by Diversified Alarm Company.
1. Location and number of video surveillance cameras for the detention barn and stable gate.
One camera is dedicated to monitor the stable gate entrance, two cameras monitor the stalls designated as detention stalls within Barn One, and thirteen cameras monitor entrances and exits within Barn One. Surveillance equipment includes a 180 GB digital recording system.

11. EMERGENCY SERVICES

- A. Name, address and emergency telephone number of the ambulance service to be used during workouts and the running of the races:
Bayshore Ambulance, Box 4622, Foster City, CA 94404, (650) 525-9700
- B. Name, address and emergency telephone number of the ambulance service to be used during workouts at auxiliary sites:
Turf Rescue, LLC, 19615 Barclay Road, Castro Valley, CA 94546, (510) 581-8470
- C. Attach a fire clearance from the fire authority having jurisdiction over the premises. **Attached**
- D. Attach a Certificate of Insurance for workers’ compensation coverage. The CHRB is to be named as a certificate holder and given not less than 10 days’ notice of any cancellation or termination of insurance that secures the liability of the fair for payment of workers’ compensation. **Attached**

12. CONCESSIONAIRES AND SERVICE CONTRACTORS

Names and addresses of all persons to whom a concession or service contract has been given, **other than those already identified**, and the goods and/or services to be provided by each:

13. ON-TRACK ATTENDANCE/FAN DEVELOPMENT

A. Promotional plans for meet and estimated budget for each activity:

Promotional activity will be geared toward attempting to drive Fair attendees to the track. The fairgrounds and racetrack are separated by the length of the facility parking lot. An advertising plan specifically focused upon racing will supplement the general marketing plan promoting the other fair activities.

1) Racetrack booth inside the fairgrounds:

Within the fair, in the Central Mall area, a "Horseracing 101" booth will be set up. Patrons who visit the booth will receive a small prize (for example, a keychain) in exchange for demographic information such as name, address, and e-mail address. The fan will be given a free pass to visit the racetrack. Upon entering with their promotional pass from the Fair, they will have the opportunity to spin the "Prize Wheel" and receive an additional prize (t-shirt, hat, etc.).

The Fair booth will be staffed by Bay Meadows Marketing Representatives who will provide fan education for newcomers. Also, a fan education video will be shown on a television monitor at the booth.

The Horseracing 101 booth will also include "Speedy", Bay Meadows' fiberglass horse, displayed in a prominent location, where children can have their picture taken upon "Speedy."

2) Coupon Distribution for all fairgoers:

At the fair box office, when a fair patron receives his or her ticket for admission, he or she will also receive a coupon good for free admission at the racetrack, good any day during the fair race meet.

3) Senior Thursdays:

Each Thursday of the Fair will be Senior Thursday, where all fans aged 62 and older will receive free general admission or \$3 Clubhouse admission. Thursdays will also feature a spaghetti feed for senior citizens, a promotion that proved to be quite popular during the Spring Bay Meadows race meet.

4) Racetrack Transportation:

Bay Meadows will provide shuttle transportation to fans wishing to attend the races from the fairgrounds. Two passenger vans will be utilized to bring patrons to and from the fairgrounds.

B. Number of hosts and hostesses employed for meeting:

There will be seven group sales hostesses, four "handicapping 101" staffers, one tour guide, one greeter located next to the program seller, ten mutuel customer service aides, four mutuel information windows, and five marketing aides.

C. Describe Facilities Set Aside for New Fans:**1) Website**

New fans can log on Bay Meadows' web-site, www.baymeadows.com, and learn about Bay Meadows in a totally unique manner. On the homepage, new fans can sign up for a personalized tour of the facility. The special tour includes free admission and programs, a look at the entire facility, and seating in the Clubhouse boxes which overlook the finish line. Fans arrange for their tours, usually on weekends, at their convenience. Newcomers are met in front of the facility, at the admission entrances, and an explanation is given as to how they would return to the races on their own. The tour includes a trip to the different areas of the plant, such as grandstand, Lower and Upper Clubhouse or Turf Club, and attendees are familiarized with where to buy a program or Form, where to purchase reserved seats, etc. during the tour. At the end of the tour, they are escorted to a seating area reserved for newcomers which overlooks the finish line. The tour guide walks them through a few simple handicapping techniques and visits them occasionally over the remainder of the day to make sure they are comfortable.

2) Account Wagering Center at the Fairgrounds

Bay Meadows is exploring the possibility of partnering with youbet.com and setting up a fan education area in the Expo Café. The idea is to educate patrons about horse racing and wagering and give them an introduction to Account Wagering in California.

3) Newcomer Windows:

In the grandstand, grandstand mezzanine, Turf Terrace, and Clubhouse, betting windows designated as "Newcomer Welcome" are staffed with friendly and helpful Mutuel Clerks trained to accommodate the needs of novice horseplayers.

4) Handicapping 101:

The mainline in the grandstand has a large information area with a huge banner designating the area as "Handicapping 101". Friendly Marketing Aides are available to answer questions for any and all fans, including how to read the program, explaining odds, providing directions, etc.

- B. Describe the quarters to be used for female jockeys:
Fifteen by seventeen foot rooms with a private entrance hall; room has windows, TV, heating unit, bunk beds, and a single stall shower. Attached to the room is a private sink and toilet.

16. BACKSTRETCH EMPLOYEE HOUSING

- A. Inspection of backstretch housing was completed by: **Supervising Investigator Bob Gai 10/5/2005.**
- B. Number of rooms used for housing on the backstretch of the racetrack:
- | | |
|-----------------------|------------|
| Barn Area | 69 |
| Dormitory Area | 53 |
| Total | 122 |
- C. Number of restrooms available on the backstretch of the racetrack:
- | | |
|-----------------------|--|
| Barn Area | 10 restrooms, 35 toilets, 26 sinks |
| Dormitory area | 6 restrooms, (3 each for men and women) |
- D. Estimated ratio of restrooms to the number of backstretch personnel: **1 for every 7 people**

17. TRACK SAFETY

- A. Total distance of the racecourse - measured from the finish line counterclockwise (3' from the inner railing) back to the finish line:

5,290

 feet.
- B. Describe the type(s) of materials used for the inner and outer railings of the race course, the type of inner railing supports (i.e., metal gooseneck, wood 4" x 4" uprights, offset wood 4" x 4" supports, etc.), the coverings, if any, on the top of the inner railing, and the approximate height of the top of the inner railing from the level of the race course.
Inner rail is a gooseneck Fontana safety rail, 42" in height from track to top of rail
Outer rail is a metal rounded pipe
- C. Name of the person responsible for supervision of the maintenance of the racetrack safety standards pursuant to CHRB Rule 1474: **Bob Turman**
- D. Attach a Track Safety Maintenance Program pursuant to CHRB Rule 1474. **On file**
- E. If the fair is requesting approval to implement alternate methodologies to the provisions of Article 3.5, Track Safety Standards, pursuant to CHRB Rule 1471, attach a Certificate of Insurance for liability insurance which will be in force for the duration of the meeting specified in Section 2. The CHRB is to be named as a certificate holder and given not less than 10 days' notice of any cancellation or termination of liability insurance. Additionally, the CHRB must be listed as additionally insured on the liability policy at a minimum amount of \$3 million per incident. The liability insurance certificate must be on file in the CHRB headquarters office prior to the conduct of any racing. **n/a**

18. DECLARATIONS

- A. All labor agreements, concession and service contracts, and other agreements necessary to conduct the entire meeting have been finalized except as follows (if no exceptions, so state):

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the association; **shall not** be transferred to a parent corporation outside the State of California; and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt, into such liability account. In the event the association is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the association shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The association is entitled to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the association is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the association may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

CAL EXPO POLICE
DEPARTMENT

Section 11. Security Controls

Cal Expo Police Department

The Cal Expo Police Department is headed up by Chief Robert Craft. Chief Craft is a retired captain of the Sacramento Sheriffs Department and is one of the highest decorated officers in the history of the department. The Cal Expo police department enjoys a great working and professional relationship with the CHRB staff.

The grandstand and backstretch areas of the Cal Expo facility will be served by our police department. A minimum of 6 police officers, 2 mobile patrol units, 1 armed officer in the detention barn and 4 gatemen will be assigned exclusively to the racetrack, grandstand, and backstretch areas. Our backstretch and detention barn will also be served by unarmed Cal Expo Security Guards.

An organizational chart of our police department is attached and the contact phone numbers are: 916-263-3050 and 916-263-3120

2. Detention Barn

Sacramento Harness has constructed a new detention barn. All California Sire Stake races and Overnight Stake races with purse of \$15,000 will be a detention barn race. All horses in those races must report for detention by 12 noon. Those horses will be in detention from then until race time.

Each horse in the detention barn will be limited to two caretakers (one groom and trainer) at a time and each person will be identified by CHRB license, checked, and all equipment will be checked. All functions in the detention barn will be documented and the documentation will be securely filed.

In addition, trainers having high TCO2 test(s) will be required to race all of their horses out of the detention barn for thirty days. Those horses must also report by 12 noon.

3. TCO2 Testing

Sacramento Harness will adhere to all CHRB guidelines in conjunction with TCO2 testing. In addition, horses that have previously tested high will be detained and placed under surveillance cameras each race day for no less than 30 days. The number of security personnel assigned to the TCO2 program will be determined on a day-to-day basis.

C. Describe the electronic security system:

Just opened new detention barn cameras in process of being installed.

1. Location and number of video surveillance cameras for the detention barn and stable gate. **Surveillance cameras on all stalls for detained horses with prior TCO2 offenses.**

D. For night racing associations: Describe emergency lighting system

Sacramento Harness Association will employ the use of 4 generators that will be strategically placed in locations around the racetrack and be turned on continuously while night racing is occurring. In the event of a racetrack light failure, the generators will provide enough light to ensure the safety of all participants. Also, the patrol judge in the starter's car that tracks each race will illuminate the racetrack with their headlights.

CHARITY DISTRIBUTION**

**REGULAR BOARD MEETING
JUNE 22, 2006**

Background:

The Oak Tree Racing Association is requesting that the Board approve its proposed distribution of charity race day proceeds in the amount of \$74,500. The list of 25 beneficiaries is attached for your review. The distribution will give more than 85% to industry-related organizations. Staff finds this request to be in order.

Recommendation:

Staff recommends that the Board approve this request.

Dear Ingrid:

The audited net proceeds from Charity Racing Days during the 2005 Oak Tree meet came to \$74,530.00

Therefore the Directors of the Oak Tree Charitable Foundation respectfully request CHRB approval at the June 22, 2006 regular meeting to disburse a total of \$74,500 to the attached schedule of eligible beneficiaries.

Contributions to thoroughbred industry charities total 85.2% of the distribution. We also contribute additional monies for equine related purposes from our Foundation and Racing Association funds.

Should you wish to review them, copies of grant applications from the selected organizations are available in this office.

Sincerely;

OAK TREE CHARITABLE FOUNDATION

STAFF ANALYSIS
PROPOSED TEMPORARY SUSPENSION OF
RULE 1606. COUPLING OF HORSES
AT
LOS ALAMITOS RACE COURSE

Regular Board Meeting
June 22, 2006

BACKGROUND

Business and Professions (B&P) Code Section 19420 provides that the Board shall have jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. B&P Code Section 19440 states the Board shall have all powers necessary and proper to enable it to carry out the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. B&P Code Section 19562 provides the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in this State. A Special Teleconference Board Meeting was held on May 15, 2006. At the meeting the Board voted to temporarily waive Rule 1606, Coupling of Horses, as well as specific subparagraphs of pari-mutuel wagering regulations. The experimental waiver of Rule 1606 would apply only at the two current thoroughbred meetings at Hollywood Park Racetrack (HPRT) and Bay Meadows Race Track (BMRT) on the condition that there be at least five separate wagering interests prior to uncoupling. At the May 25 Regular Board Meeting Chairman Shapiro indicated Los Alamitos Race Course (LARC) wished to be included in the experimental waiver of Rule 1606 and associated regulations.

ANALYSIS

The waiver of Rule 1606 at HPRT and BMRT temporarily eliminates the practice of coupling two or more horses as a single wagering interest when the same person or persons own such horses in whole or in part. The Board's decision to waive the rules permits uncoupling on an experimental trial basis at the two thoroughbred meetings. Applying the temporary waiver of Rule 1606 and associated regulations to LARC will expand the scope of the uncoupling experiment and provide additional data regarding the effects of uncoupling on California horse racing.

RECOMMENDATION

Staff recommends the Board approve this request.

STAFF ANALYSIS
TEMPORARY SUSPENSION OF
RULE 1663(B). ENTRY OF CLAIMED HORSE AS
REQUESTED BY CALIFORNIA AUTHORITY OF RACING FAIRS

Regular Board Meeting
June 22, 2006

BACKGROUND

Board Rule 1663, Entry of Claimed Horse, provides that a horse claimed out of a claiming race is eligible to race in California immediately after being claimed. The rule also provides that a horse claimed out of a claiming race is not eligible to start in another claiming race for 25 days for less than 25 percent more than the amount for which it was claimed. No claimed horse is eligible to race in any state other than California until 60 days after the close of the meeting at which it was claimed except in a stakes race. For the purposes of the rule, the California Fair Circuit is considered one meeting.

In the spring of 2005 California racing secretaries proposed that Rule 1663, Entry of Claimed Horse, be amended to provide for a 90-day jail time. The industry argued that a dramatic shift in the number of claimed horses leaving California was increasing the shortage of horses and causing short fields. Out-of-state interests were entering California with the sole purpose of claiming large numbers of horses they had no intent of running in this State. The industry claimed the phenomenon was the result of "slots-fueled racetracks" and the "raiding" of California's horses was having a "devastating effect" on the industry. At the same time, the industry requested that the amendment include a provision that would consider the California Fair Circuit a single meeting for the purposes of the regulation. After a survey of other racing jurisdictions revealed the prevalent jail time to be 60 days, and due to concerns regarding Constitutional issues, the industry agreed to a 60-day jail time. The amendment to Rule 1663 was endorsed by California Thoroughbred Trainers (CTT), Thoroughbred Owners of California and thoroughbred racing associations; it was adopted at the March 2005 Regular Board Meeting and was effective in August 2005. Concerns regarding the effect on the fair circuit of the 60-day jail time were raised following the implementation of the amended regulation. The industry argued that out-of-state interests would not bring horses into California to run at the fairs in claiming races if they could not - in turn - run horses claimed in California in other jurisdictions in a timely manner.

ANALYSIS

The California Authority of Racing Fairs (CARF) has proposed the temporary suspension of Subparagraph 1663(b) as it applies to the California Fair Circuit. At the close of the Fresno District Fair (FDF) CARF proposes to suspend the 60-day jail time, effective October 16, 2006, the day after the last day of racing at FDF. This will allow horses claimed during the fair circuit the ability to leave California and immediately run in out-of-state races.

Dear Ingrid,

This is to request that an item be placed on the CHRB's June 2006 agenda. The issue to be discussed and acted upon by the Board is our request that the Board approve a limited waiver of *Rule 1663(b). Entry of Claimed Horse* as it pertains to California Fair racing meetings.

On behalf of the California Fairs, I am making this request to allow horses claimed at Fairs to be eligible to race in another state effective October 16, 2006, the day after the last day of racing at the Fresno District Fair. This would constitute a limited waiver of the present rule, which makes a horse claimed at a Fair ineligible to race in another state until 60 days after the close of the Fresno Fair.

The California Fairs have conducted a comprehensive and aggressive recruitment program to encourage owners and trainers from other states to ship horses to race on the California Fair circuit. This program has met with some success. At the conclusion of the Fair circuit, most of the out-of-state trainers who come to the Fairs return to the state from which they came. Waiving the 60-day period of ineligibility following the end of Fresno Fair will help support our effort to recruit owners and trainers to come race their horses in California.

We appreciate your consideration of this matter.

Respectfully submitted,

/s/

Christopher Korby

RULE 1663
Entry of Claimed Horse

1663. Entry of Claimed Horse.

(a) A horse claimed out of a claiming race is eligible to race at any racing association in California immediately after being claimed. The horse is not eligible to start in a claiming race for 25 days after the date of the claim for less than 25% more than the amount for which it was claimed.

(b) A horse claimed out of a claiming race is not eligible to race in any State other than California until 60 days after the close of the meeting from where it was claimed except in a stakes race.

(1) For the purposes of this rule, the California Fair Circuit shall be considered one meeting.

(c) A claimed horse may be removed from the grounds of the association where it was claimed for non-racing purposes.

STAFF ANALYSIS
CLARIFYING DISCUSSION REGARDING
DRAINAGE FOR SYNTHETIC RACING SURFACES

Regular Board Meeting
June 22, 2005

BACKGROUND

At the May 25, 2006, Regular Board Meeting an amendment to Rule 1433, Application for License to Conduct a Horse Racing Meeting, that would require certain thoroughbred tracks to install a polymer synthetic-type surface not later than January 1, 2008, was adopted. An earlier companion amendment to Rule 1433 – an amendment to Rule 1472, Rail Construction and Track Specifications, which exempted polymer synthetic type racing surfaces from the cross slope requirements of organic dirt racetracks, was adopted at the April 2006 Regular Board Meeting. The amendment to Rule 1472 was first discussed at the January 2006 Regular Board Meeting. The proposed text of the amendment required racing associations to conform to the minimum specifications of the manufacturer of synthetic racing surfaces regarding “cross slope requirements and requisite drainage installations.” Segments of the industry objected to a requirement that would force them to conform to an “unknown manufacturer’s specifications.” Members of the Board agreed that the text of the proposed amendment could be modified so racing associations would not have to comply with a manufacturer’s requirements for cross slope and drainage when installing a synthetic racetrack. The text of the proposed amendment to Rule 1472 was subsequently modified to remove any reference to cross slopes or drainage for synthetic racing surfaces. At the April 2006 Regular Board Meeting Chairman Shapiro stated he had concerns that the amendment to Rule 1472 did not address the entire system, including drainage, but was assured by Craig Fravel of Del Mar Thoroughbred Club that the issue could be addressed when plans for installation of synthetic tracks were presented to the Board. The amendment to Rule 1472 was adopted as presented. No concerns regarding the drainage system of synthetic racing surfaces were expressed when the Board adopted the amendment to Rule 1433 at its May 2006 Regular meeting.

ANALYSIS

Concerns regarding drainage for polymer synthetic type racing surfaces persist. The issue has been placed on the agenda to clarify that the installation of a polymer synthetic type-racing surface requires the installation of a proper drainage system.

RECOMMENDATION

This item is presented for Board discussion and action.

TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 6. ENTRIES AND DECLARATIONS
PROPOSED AMENDMENT OF
RULE 1582. FORM OF ENTRIES AND DECLARATIONS

Regular Board Meeting
June 22, 2006

BACKGROUND

Business and Professions (B&P) Code Section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. B&P Code Section 19562 states the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in California. Rule 1582, Form of Entries and Declarations, provides that entries and declarations shall be made in writing on forms provided by the association. In addition, the rule states entries may be made by telephone and are valid if they are promptly confirmed in writing. On March 1, 2006, a directive was issued that temporarily waived the requirement for written entry confirmation. The directive was issued pursuant to Rule 1406, Suspension of Rule. The directive was endorsed by the Board at the March 2006 Regular Meeting. At that time, the Board indicated it would like to hear from the industry regarding the issue of verification of written entries. Staff received comments from racing secretaries at Golden Gate Fields Race Track, Bay Meadows Race Track, Santa Anita Park Race Track and Del Mar Race Track. The consensus among the submitted comments was that accepting telephone entries without requiring written verification was a long-standing practice. The racing secretaries stated it was rare that the person accepting the telephone entry did not know the person making the entry. If there were questions, a more senior person took the phone call, or the name of the person making the entry was taken and the fact that it was a telephone entry was noted. Rick Hammerle of Santa Anita Park Race Track commented that entries were also confirmed at the public draw for post positions. The majority of racing secretaries stated the telephone was a preferred method of making entries, as many trainers did not have easy access to facsimile machines or e-mail.

ANALYSIS

The proposed amendment to Rule 1582 provides that under Rule 1437, Conditions of Race Meeting, the association may accept entries by telephone, facsimile, or any other electronic method it deems appropriate. In addition the association may require a written confirmation of such entries. This allows racing associations to continue current practice regarding telephone entries, and to introduce additional technologies that may become available. In addition, it gives the associations the ability to require a written confirmation if they feel it is necessary. Rule 1437 requires that racing associations publish its conditions in the condition book or

otherwise make them available to all licensees participating in the race meeting. This will ensure that licensees will understand how to make entries, what technology is appropriate for making entries and if a written confirmation is necessary.

RECOMMENDATION

Staff recommends the Board direct staff to initiate a 45-day public comment period.

STAFF ANALYSIS
DISTRIBUTION OF UNCASHED PARI-MUTUEL TICKETS
FROM THE 2005 CAPITOL RACING MEET

REGULAR BOARD MEETING
JUNE 22, 2006

Background:

Winning pari-mutuel tickets that are not cashed (outstanding) by May 15 of the year following the year of purchase are removed from the wagering system. The dollar amounts of the outstanding tickets (outs) are then distributed as mandated by law. In the case of a harness meet the outs from wagers on the live handle are split 50-50 between the State and the backstretch welfare fund. Outs on imported races are split 50-50 between purses and the racing association.

In a normal situation common practice in California racing is that the outs are audited and then the outs dollars are transferred to the appropriate racing association which then makes the various distributions as mandated by law. However, the Capitol Racing meet in 2005 was the last meet for Capitol in California and there has been a fair amount of controversy about how to properly conclude all of Capitol's racing business in California. Because of the various disputes between Capitol and the California Harness Horsemen's Association (CHHA), the entire outs dollars are being held in the SCOTWINC money room awaiting further instructions. Since the CHHA administers the welfare fund for the benefit of the backstretch workers, they are asking that the portion of the outs that would be mandated for their backstretch welfare program be released immediately given the importance of the funds to that program (these funds represents virtually all of the annual funding for the program). It should be noted that an amount equal to the backstretch funds is also due to the State of California.

Business and Professions Code Section 19641 (the relevant code section) indicates that the outs will be paid to the State and the welfare fund. It does not specify who shall pay the funds over to the recipients. In fact, the code section mandates that racing associations make partial payments to the State and welfare fund throughout the year prior to the final accounting at May 15. Capitol Racing has not made those partial payments for their 2005 outs. Since there are several claims for purses (both overpaid and underpaid) and other items of contention between Capitol and the CHHA, it may be "cleaner" to have the portion of the outs that are due the State and the welfare fund paid directly to those two entities (approximately \$70,000 each) rather than pass through the hands of Capitol.

Recommendation:

Staff recommends that the Board direct staff to work with SCOTWINC to see that the outs for the backstretch welfare organization and the State are paid directly to those entities.

Re: CHHA Request For Agenda Item

Dear Mr. Shapiro:

As you are now aware, the final "outs" accounting as pertains to Capitol Racing has been completed, or is about to be completed. I forwarded to you last week a copy of a letter I sent to Mr. Digiovanni, mutuals manager at LAQHRA, requesting that he refrain from distributing the "outs" proceeds until all financial issues between Capitol Racing and CHHA are resolved.

You will recall that we had earlier requested of Capitol Racing that it agree, at least, to permit without dispute distribution of that portion of the "outs" proceeds that would otherwise fund the health and welfare program for the harness industry's backstretch employees. We were disappointed that Capitol Racing refused that request, which seriously impacts negatively the health and welfare fund.

I have received from Mr. Digiovanni a letter confirming that the "outs" funds will not be distributed until further order from the CHRB. I am enclosing a copy of his letter for your reference.

While we appreciate the fact that the matter needs to be resolved by the CHRB, we continue to be mindful of

Richard Shapiro, Chairman

the needs of the backstretch employees. At a minimum, CHHA requests that the portion of the "outs" earmarked by statute for the health and welfare fund be disbursed for its intended use. The backstretch employees have no interest in the disputes between CHHA and Capitol Racing, and their needs ought not be sacrificed merely because Capitol Racing refuses to acknowledge them.

Accordingly, on behalf of CHHA, request is hereby made that this issue be placed on the agenda for the next scheduled meeting of the CHRB, which I believe will be June 22, 2006, in Davis, CA. Specifically, we request an action item to the effect that the CHRB issue forthwith an order directing that the portion of the "outs" proceeds being held by Mr. Digiovanni, which portion is required by statute to be used for funding health and welfare programs for the harness industry, be released immediately for their intended purpose.

I will appreciate hearing from you with regard to our request. Please advise me if you require anything further. Thanks you for your courtesy and cooperation in this matter.

Very truly yours,

S. Jerome Mandel

Re: Treatment of "Outs" Money

Dear Ms. Fermin and Counsel:

We are writing in response to Mr. Mandel's request that the California Horse Racing Board ("CHRB") intervene in the distribution of unclaimed ticket (or "outs") money relating to Capitol Racing's last meet. This letter further responds to Mr. Mandel's letter of May 26, 2006, addressed to Robert DiGiovanni in his two separate capacities, one as a manger for SCOTWINC (Mr. Forgnone's client), and one as a manager for Los Alamitos (Mr. Mandel's client).

At the outset, we note that Mr. Forgnone believes Mr. DiGiovanni is acting exclusively in his capacity as an employee of Los Alamitos as it relates to distribution of the \$211,404.46 of "outs" money at issue here. Indeed, Mr. DiGiovanni has written on Los Alamitos letterhead that Los Alamitos intends to continue holding such money. It is unclear to us how Los Alamitos is lawfully in possession of this money, but there can be no dispute that Los Alamitos has no right to retain it. The question is whether Los Alamitos will comply with the statutes governing distribution of the outs money.

STEVENS & O'CONNELL LLP

Page 2

We understand that the outs money at issue falls into two separate categories: (1) money from wagers on live races at Cal-Expo and (2) money from wagers on races imported by Capitol Racing. Capitol Racing will scrupulously follow the law in distributing the outs money. Conversely, CHHA is proposing that the applicable provisions of the Horse Racing Law be ignored in order to further its litigation tactics.

Outs From Live Racing. California Business and Professions Code sections 19641(a) and (b) appear to govern distribution of the first category of outs money. Under those provisions, unclaimed ticket money from live racing is to be split 50/50 between the CHRB and the harness horsemen's welfare fund. Contrary to Mr. Mandel's claim, Capitol has not refused to distribute this category of outs money to the harness horsemen's welfare fund and the CHRB pursuant to Section 19641. CHHA's posturing suggestions that Capitol is attempting to harm the health and welfare of horsemen are preposterous. Indeed, the CHRB staff has previously stated that Capitol overpaid the welfare fund in the past:

Per Horse Racing Law, the outstanding tickets and refunds on imported races are to be split equally between the association and purses. All other outs are to be split between the State of California and a harness backstretch welfare fund. Instead, Capitol split all outs between the State and the welfare fund thus shortchanging themselves as well as the purses by about \$48,000 each in 2004. Staff will take steps to correct this matter for future distributions but it probably is not practical to make retroactive changes since the welfare fund is for the horsemen. However, it would be their decision if they wish to transfer money from the welfare fund to the purses.

CHRB Staff Analysis, February 17, 2005 Board Package (emphasis added).

Money properly split between the CHRB and the welfare fund should and will be distributed by Capitol Racing as required by Section 19641 immediately upon Capitol Racing's receipt of the funds. While Capitol may seek to recover any money overpaid to the welfare fund and the State for past meets, it will apply Section 19641 to outs money generated at its last meet.

Outs From Imported Races. California Business and Professions Code section 19601(d) governs distribution of the second category of outs (imported races) and requires that money from such unclaimed tickets "shall be distributed equally between the association or fair that accepts wagers on the transmitted race, and the horsemen, in the form of purses." As Mr. Mandel has correctly noted, this outs money has been paid to Capitol Racing every year. After receiving such payment, it is Capitol's statutory obligation to pay one-half of such money to itself and one-half of such money to the purse account managed by Capitol Racing while Capitol Racing was the operator. Thus, Capitol Racing will, immediately upon receiving this money, distribute it according to the formula set forth in §19601(d).

STEVENS & O'CONNELL LLP

June 5, 2006

Page 3

What actually concerns CHHA – although they never so state – is that the purse account administered by Capitol Racing is overdrawn, and the harness horsemen owe Capitol money from it. This means that the portion of the outs money payable to the purse account will not result in a cash payment to the current purse account being administered by the new operator of harness racing at Cal-Expo, but rather in a reduction of amounts due and owing from Capitol's purse account. Capitol seeks to fully recoup its "overpayment" of purses in litigation against CHHA and Los Alamitos. CHHA claims separately that Capitol should have paid more money into its purse account. It should go without saying that when Los Alamitos does pay such outs money to Capitol and Capitol applies one-half of it to the purse account, CHHA has not lost its ability to argue in the litigation that Capitol still owes horsemen money pursuant to its separate theories, however far-fetched they might be. All of that will get sorted out in the litigation.

In the meantime, there is no basis whatsoever for CHHA's request that Los Alamitos, Scotwinc, or the CHRB shield outs money from Capitol Racing pending the outcome of that litigation. Indeed, the pending litigation is completely irrelevant to the question of whether Los Alamitos must comply with Section 19601(d) by paying this outs money to Capitol. Notably, CHHA has not sought judicial intervention to prevent the application of Section 19601. Instead, it is attempting to resort again to extra-judicial self help in the hopes of tying up yet more money that should be distributed to Capitol Racing.

Accordingly, Capitol demands that all outs money arising from its last meet be paid to it immediately. If the CHRB takes any action on this issue, Capitol requests that it only confirm that Los Alamitos must pay all such outs money to Capitol. To the extent either Los Alamitos or any other entity (including the CHRB) attempts to impede the proper application of the Horse Racing Law, Capitol reserves all rights to pursue appropriate remedies.

Thank you for your anticipated cooperation in this matter.

Sincerely,

Bradley A. Benbrook
