F. Jack Liebau, President, 2600 South Delaware Street, San Mateo, CA 94403

5. PURSE PROGRAM

A. Purse distribution:

Please note that there were 36 race days during the prior Fall meeting, compared to 31 race days for the current meeting.

1. All races other than stakes:
 Current meet estimate: **\$6,849,900 (includes estimated \$102,864 overpayment recovery)**
 Prior meet actual: **\$8,756,625 (includes overpayment recovery of \$572,116)**
2. Overnight stakes:
 Current meet estimate: **\$300,000**
 Prior meet actual: **\$300,000**
3. Non-overnight stakes:
 Current meet estimate: **\$2,700,000 (net of nominations and starting fees)**
 Prior meet actual: **\$2,608,700**

B. Stakes races:

1. Purse distribution for all stakes races:
 Current meet estimate: **\$3,000,000**
 Prior meet actual: **\$2,908,700**

2. Percentage of the purse distribution for all stakes races that will be distributed for California-bred stakes races:
 Current meet estimate: **4.0%**
 Prior meet actual: **4.1%**

C. Funds to be generated for all California-bred incentive awards:

Current meet estimate: **\$819,406**
 Prior meet actual: **\$994,425**

D. Payment to each recognized horsemen's organization contracting with the association and the name(s) of the organization(s):

Recognized Horsemen's Organizations	Current meet estimate:	Prior meet actual:
TOC	\$102,400	\$ 120,222
CTT – Pension	\$102,400	\$ 120,222
CTT – Administration	\$51,200	\$ 60,111
NTRA	\$149,564	\$ 163,481
Total	\$405,564	\$ 464,036

E. Total amount from all sources to be distributed in the form of purses or other benefits to horsemen (5A+5C+5D):

Current meet estimate: **\$11,074,870**
 Prior meet actual: **\$13,123,786**

F. Purse funds to be generated from on-track handle and intrastate off-track handle:

Current meet estimate: **\$7,551,425**
 Prior meet actual: **\$8,835,968**

G. Purse funds to be generated from interstate handle:

Current meet estimate: **\$2,298,475**
 Prior meet actual: **\$2,829,357**

H. Bank and account number for the Paymaster of Purses' purse account: **Cal National #0022002380**

I. Name, address and telephone number of the pari-mutuel audit firm engaged for the meeting: **Bowen-McBeth, Inc. 10722 Arrow Highway, Suite 110, Rancho Cucamonga, CA 91730 909/944-6465**

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the association; **shall not** be transferred to a parent corporation outside the State of California; and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt, into such liability account. In the event the association is obligated to

the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the association shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The association is entitled to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the association is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the association may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

6. STABLE ACCOMMODATIONS

- A. Number of usable stalls available for racehorses at the track where the meeting is held: **1,950**
- B. Minimum number of stalls believed necessary for the meeting: **1,950**
- C. Total number of usable stalls to be made available off-site at approved auxiliary stabling areas or approved training centers: **2,500**
- D. Name and location of each off-site auxiliary stabling area and the number of stalls to be maintained at each site:
- | | |
|---------------------------|--------------|
| Santa Anita | 1,500 |
| Pomona | 500 |
| San Luis Rey Downs | 500 |
- E. Attach each contract or agreement between the association and the person(s) furnishing off-site stabling accommodations for eligible racehorses that cannot be provided stabling on-site. **On file**

Complete subsections F through H if the association will request reimbursement for off-site stabling as provided by B&P Code Sections 19607, 19607.1, 19607.2, and 19607.3; otherwise, skip to Section 7.

- F. Total number of usable stalls made available on-site for the **1986** meeting: **2,000**
- G. Estimated cost to provide off-site stalls for this meeting: **\$960,000** Show cost per day per stall:
Average cost: Pomona & San Luis Rey \$10.46, Santa Anita \$11.33
- H. Estimated cost to provide vanning from off-site stalls for this meeting. Show fees to be paid for vanning per-horse: **\$190,000 Roundtrip from:**
- | | |
|---------------------|--------------|
| Santa Anita | \$160 |
| Pomona | \$180 |
| San Luis Rey | \$290 |
| Los Alamitos | \$160 |

7. PARI-MUTUEL WAGERING PROGRAM

- A. Pursuant to B&P Code Section 19599, and with the approval of the CHRB, associations may elect to offer wagering programs using CHRB Pari-mutuel Rules, the Association of Racing Commissioners International (RCI) Uniform Rules of Racing, Chapter 9, Pari-mutuel Wagering, or a combination of both. Please complete the following schedule for the types of wagering other than WPS and the minimum wager amount for each:

Use DD for daily double, E for exacta (special quinella), PK3 for pick three, PK4 for select four, PNP for pick (n) pool, PPN for place pick (n), Q for quinella, SF for superfecta, TRI for trifecta, and US for unlimited sweepstakes (pick 9).

	TYPE OF WAGERS	APPLICABLE RULES
Race #1 *	\$2DD	CHRB 1957
	\$1E	CHRB 1959
	\$1PPN	CHRB 1976.8
	\$1PK3	CHRB 1977
	\$2Q	CHRB 1958
	\$1 PNP (Pick 4)	CHRB 1976.9
Race #2 *	\$2DD	CHRB 1957
	\$1E	CHRB 1959

* Out-of-state wagering systems that will not combine their pari-mutuel pools with those of the association.

Other out-of-state wagering systems to be determined.

- E. Out-of-state wagering systems that will combine their pari-mutuel pools with those of the association:
Attachment "B"
- F. For **THOROUGHBRED** racing associations, list the host track from which the association proposes to import out-of-state and/or out-of-country thoroughbred races. Include the dates imported races will be held, and whether or not a full card will be accepted. If the full card will not be imported, state "selected feature and/or stakes races":

NOTICE TO APPLICANT: B&P Code Section 19596.2(a) stipulates that on days when live thoroughbred or fair racing is being conducted in the state, the number of thoroughbred races which may be imported by an association or fair during the calendar period the association or fair is conducting its racing meeting cannot exceed a combined daily total of 23 imported thoroughbred races statewide. The limitation of 23 imported thoroughbred races per day statewide does not apply to those races specified in B&P Code Section 19596.2(a)(1), (2), (3) and (4).

THOROUGHBRED SIMULCAST RACES TO BE IMPORTED

Name of Host Track	Race Dates	Full Card or Selected Feature and/or Stakes Races
--------------------	------------	---

Attachment "C"

- G. For **QUARTER HORSE** racing associations, list the host track from which the association proposes to import out-of-state and/or out-of-country quarter horse races. Include the dates imported races will be held, and whether or not a full card will be accepted. If the full card will not be imported, state "selected feature and/or stakes races": **N/A**

QUARTER HORSE SIMULCAST RACES TO BE IMPORTED

Name of Host Track	Race Dates	Full Card or Selected Feature and/or Stakes Races
--------------------	------------	---

- H. For **STANDARD BRED** racing associations, list the host tracks from which the association proposes to import out-of-state and/or out-of-country harness races. Include the dates imported races will be held, and whether or not a full card will be accepted. If the full card will not be imported, state "selected feature and/or stakes races": **N/A**

HARNESS SIMULCAST RACES TO BE IMPORTED

Name of Host Track	Race Dates	Full Card or Selected Feature and/or Stakes Races
--------------------	------------	---

- I. For **ALL** racing associations, list imported simulcast races the association plans to receive which use breeds other than the breed of the majority of horses racing at its live horse racing meeting. Include the name of the host track, the dates imported races will be held, and how many races will be imported: **N/A**

OTHER BREED SIMULCAST RACES TO BE IMPORTED

Name of Host Track	Breed of Horse	Race Dates	Number of Races to be Imported
--------------------	----------------	------------	--------------------------------

- J. For **ALL** racing associations, if any out-of-state or out-of-country races will commence outside of the time constraints set forth in B&P Code Section 19596.2 and 19596.3, attach a copy showing the agreement by the appropriate racing association(s). **N/A**

NOTICE TO APPLICANT: All interstate wagering to be conducted by an association is subject to the provisions of Title 15, United States Codes, which require specific **written** approval of the CHRB and of the racing commission having jurisdiction in the out-of-state venue. All international wagering to be conducted by an association is subject to the provision of B&P Code Sections 19596, 19596.1, 19596.2, 19601, 19602, and 19616.1, and will require specific written approval of the CHRB.

Attachment C – Section 8F**THOROUGHBRED SIMULCAST RACES TO BE IMPORTED**

Name of Host Track	Race Dates	Full Card or Selected Feature and/or Stakes Races
Aqueduct	11/09 through 12/19/05	Full or Partial Cards
Calder	11/09 through 12/19/05	Full or Partial Cards
Churchill Downs	11/09 through 11/26/05	Full or Partial Cards
Delaware Park	11/09 through 11/13/05	Full or Partial Cards
Fair Grounds	11/24 through 12/19/05	Full or Partial Cards
Hastings Park	11/09 through 11/27/05	Full or Partial Cards
Hawthorne	11/09 through 12/19/05	Full or Partial Cards
Hoosier Park	11/09 through 11/25/05	Full or Partial Cards
Laurel Park	11/09 through 12/19/05	Full or Partial Cards
Meadowlands	11/09 through 11/12/05	Full or Partial Cards
Sam Houston	11/09 through 11/27/05	Full or Partial Cards
Suffolk Downs	11/09 through 11/19/05	Full or Partial Cards
Tampa Bay	12/10 through 12/19/05	Full or Partial Cards
Thistledown	11/09 through 12/19/05	Full or Partial Cards
Turf Paradise	11/09 through 12/19/05	Full or Partial Cards
Turfway Park	11/27 through 12/19/05	Full or Partial Cards
Woodbine	11/09 through 12/11/05	Full or Partial Cards

Every association shall pay over to the simulcast organization within 3 calendar days following the closing of wagering for any day or night racing program, or upon receipt of the proceeds, such amounts that are retained from off-track simulcast wagering, interstate and out-of-state wagering, and which are obligated by statute for guest commissions, simulcast operator's expenses and promotions, equine research, local government in-lieu taxes, and stabling and vaning deductions. Every association shall pay to its Paymaster of Purses' account within 3 calendar days following the closing of wagering for each day or night racing program, or upon receipt of the proceeds, such amounts that are retained or obligated from off-track simulcast wagering, interstate and out-of-state wagering for purses, breeders' awards or other benefits to horsemen. (See Notice to Applicant, Section 5.)

9. CHARITY RACING DAYS

A. Name and address of the distributing agent (charity foundation) for the net proceeds from charity racing days held by the association: **Hollywood Park Racing Charities, 1050 South Prairie Avenue Inglewood, California 90301 310-419-1518**

B. Names and addresses of the trustees or directors of the distributing agent:

Tirso del Junco, M.D.
Chairman & President
4924 Sunset Boulevard
Los Angeles, CA 90027

Miss Angie Dickinson
Treasurer
P. O. Box 369
Inglewood, CA 90306

Mr. Willie D. Davis
Vice-President
P. O. Box 369
Inglewood, CA 90306

Mrs. Barbara Knight
Secretary
P. O. Box 369
Inglewood, CA 90306

Rick Baedeker

Floor Agents

1. Attach a written plan for enhanced security for graded/stakes races, and races of \$100,000 or more, to include the number of security guards in the restricted areas during a 24-hour period and a plan for detention barns. **Six hours prior to post time, an officer will be assigned to each horse scheduled to run in all graded stakes races and non-graded races of \$100,000 or more. The officers will all be equipped with a video surveillance camera and a security radio. In addition, there will be 2 Agents to monitor the security enforcement and 7 additional uniformed officers throughout the backside during racing. During non-racing nighttime hours there will be 4 officers per shift patrolling the backside. In the event that horses are assigned to the detention barn, uniformed officers will be assigned to that area for a twenty-four hour period. The horses will also be under video surveillance.**

2. Detention Barns:
 - A. Attach a plan for use of graded stakes or overnight races.
The use of the detention barn is as defined in contractual agreements with TOC and CTT. Upon implementation of CHRB Rule 1843.6, applicant will follow directives from CHRB staff to insure compliance with the new law.

 - B. Number of security guards in the detention barn area during a 24-hour period.
As needed per horse, also one additional officer to cover relief/breaks.

 - C. Describe number and location of surveillance cameras in detention barn area.
There are currently 7 cameras over the stalls and 2 covering the shedrow. We have additional cameras on site ready for installation.

3. TCO2 Testing:
 - A. Number of races to be tested, and number of horses entered in each race to be tested.
Upon implementation of CHRB Rule 1843.6, applicant will follow CHRB staff directives to insure compliance with the new law.

 - B. Plan for enhanced surveillance for trainers with high-test results **Upon implementation of CHRB Rule 1843.6, applicant will follow CHRB staff directives to insure compliance with the new law.**

 - C. Plan for detention barns for repeat offenders. **Upon implementation of CHRB Rule 1843.6, applicant will follow CHRB staff directives to insure compliance with the new law.**

 - D. Number of security personnel assigned to the TCO2 program.
As needed per the advice of CHRB staff.

- C. Describe the electronic security system:
 1. Location and number of video surveillance cameras for the detention barn and stable gate.
See 2C above, there is a camera at each of our two stable gates.

 - D. For night racing associations: Describe emergency lighting system: **The track lighting system, which is used primarily for Friday night racing is on a preferred electrical current provided by Southern California Edison. Additionally we have an emergency lighting system powered by two**

karolite 125 k.w. 277/480 volt generators which are activated and placed on line during the running of every race run after dark.

12. EMERGENCY SERVICES

- A. Name, address and emergency telephone number of the ambulance service to be used during workouts and the running of the races: **Huntington Ambulance Service, Box 145 Sunset Beach, California 562/904-1550**
- B. Name, address and emergency telephone number of the ambulance service to be used during workouts at auxiliary sites: **Santa Anita -Huntington Ambulance Service Box 145 Sunset Beach, California (562) 904-1550 Pomona – Event Medical, EMS Los Alamitos, CA 714/821-6166 San Luis Rey Downs – North County Fire Protection District Fallbrook, CA 760/723-2005**
- C. Attach a fire clearance from the fire authority having jurisdiction over the premises. **Inspection scheduled for September 28, 2005.**
- D. Name of the workers' compensation insurance carrier for the association and the number of the insurance policy (if self-insured, provide details): **American Home Assurance Company #WC3420311**
- E. Attach a Certificate of Insurance for workers' compensation coverage. The CHRB is to be named as a certificate holder and given not less than 10 days' notice of any cancellation or termination of insurance that secures the liability of the association for payment of workers' compensation. **Attached**

13. CONCESSIONAIRES AND SERVICE CONTRACTORS

Names and addresses of all persons to whom a concession or service contract has been given, **other than those already identified**, and the goods and/or services to be provided by each: **See Attachment "E"**

14. ON-TRACK ATTENDANCE/FAN DEVELOPMENT

- A. Describe any promotional plans:

Date	Promotion
Wednesday, November 9	Senior Day/Scratcher Card Day
Thursday, November 10	Senior Day/Scratcher Card Day
Friday, November 11	Veterans' Day (free admission for active or retired military)
Friday Night Concert Series – Band TBD

8 seat Box	\$2,600	Corporate Membership	\$ 2,400
8 seat SuperBox	\$3,000	Guest	\$ 12

***Includes Spring/Summer, Fall Meets and Simulcast**

C. Describe any "package" plans such as combined parking, admission and program:
Admission includes parking and program.

16. JOCKEYS/DRIVERS' QUARTERS

A. Check the applicable amenities available in the jockeys/drivers' quarters:

<input checked="" type="checkbox"/> Corners (lockers and cubicles)	How many	80
<input checked="" type="checkbox"/> Showers	<input checked="" type="checkbox"/> Steam room, sauna or steam cabinets	<input checked="" type="checkbox"/> Lounge area
<input checked="" type="checkbox"/> Masseur	<input checked="" type="checkbox"/> Food/beverage service	<input checked="" type="checkbox"/> Certified platform scale

B. Describe the quarters to be used for female jockeys/drivers: **Separate quarters including restroom facilities, showers, cubicles, scale, televisions, couch, food services, etc.**

17. BACKSTRETCH EMPLOYEE HOUSING

- A. Inspection of backstretch housing was completed by (the most recent inspections at the submission of the application) **Robert S. Nieto – CHRB on 2/2/05.**
- B. Number of rooms used for housing on the backstretch of the racetrack: **Approximately 450**
- C. Number of restrooms available on the backstretch of the racetrack: **77 including: 155 toilets, 81 urinals and 167 sinks.**
- D. Estimated ratio of restroom facilities to the number of backstretch personnel: **Minimum of 1 to 10 including non-resident personnel.**

18. TRACK SAFETY

- A. Total distance of the racecourse - measured from the finish line counterclockwise (3' from the inner railing) back to the finish line: **Main Track - 1 mile & 1/8 – 5,940 feet, Turf Track – 1 mile 165 feet – 5,445 feet**
- B. Describe the type(s) of materials used for the inner and outer railings of the race course, the type of inner railing supports (i.e., metal gooseneck, wood 4" x 4" uprights, offset wood 4" x 4" supports, etc.), the coverings, if any, on the top of the inner railing, and the approximate height of the top of the inner railing from the level of the race course. **Main Track – inner rail sheet metal panel covering over metal goosenecks supports – 40” in height, outer rail – metal uprights. Turf Course – inner rail – Fontana turf rail 40” in height, outer rail – metal uprights.**
- C. Name of the person responsible for supervision of the maintenance of the racetrack safety standards pursuant to CHRB Rule 1474: **Dennis Moore**
- D. Attach a Track Safety Maintenance Program pursuant to CHRB Rule 1474. **On File.**
- E. If the association is requesting approval to implement alternate methodologies to the provisions of Article 3.5, Track Safety Standards, pursuant to CHRB Rule 1471, attach a Certificate of Insurance for liability insurance which will be in force for the duration of the meeting specified in Section 2. The CHRB is to be named as a certificate holder and given not less than 10 days' notice of any cancellation or termination of liability insurance. Additionally, the CHRB must be listed as additionally insured on the liability policy at a minimum amount of \$3 million per incident. The liability insurance certificate must be on file in the CHRB headquarters office prior to the conduct of any racing. **N/A**

19. DECLARATIONS

- A. All labor and lease agreements and concession and service contracts necessary to conduct the entire meeting have been finalized except as follows (if no exceptions, so state): **Applicant will assume terms of agreements now in place.**
- B. Attach each horsemen's agreement pursuant to CHRB Rule 2044. **On File.**
- C. Attach a lease agreement permitting the association to occupy the racing facility during the entire term of the meeting. (In the absence of either a lease agreement or a horsemen's agreement, a request

for an extension pursuant to CHRB Rule 1407 shall be made). **On File.**

D. All service contractors and concessionaires have valid state, county or city licenses authorizing each to engage in the type of service to be provided and have valid labor agreements, when applicable, which remain in effect for the entire term of the meeting except as follows (if no exceptions, so state): **No exceptions**

E. Absent natural disasters or causes beyond the control of the association, its service contractors, concessionaires or horsemen participating at the meeting, no reasons are believed to exist that may result in a stoppage to racing at the meeting or the withholding of any vital service to the association except as follows (if no exceptions, so state): **No exceptions**

NOTICE TO APPLICANT: Pursuant to CHRB Rules 1870 and 1871, the CHRB shall be given 15 days' notice in writing of any intention to terminate a horse racing meeting or the engagements or services of any licensee, approved concessionaire, or approved service contractor.

20. CERTIFICATION BY APPLICANT

I hereby certify under penalty of perjury that I have examined this application, that all of the foregoing statements in this application are true and correct, and that I am authorized by the association to attest to this application on its behalf.

**STAFF ANALYSIS
LICENSE AMENDMENT**

REGULAR BOARD MEETING
OCTOBER 6, 2005

Background:

At the August 2005 Board meeting the license application for the upcoming Pacific Racing Association meet was approved. Prior to the completion of the race dates process for 2006, the license contained the dates October 19, 2005 through January 29, 2006. However, during the 2006 dates allocation and approval process, the 2006 race dates for Bay Meadows and Pacific Racing were reversed causing Bay Meadows to commence their 2006 racing year on December 26, 2005 thus overlapping the dates in the prior Pacific Racing application.

Therefore, in order to adjust for the recently approved dates schedule, the license approved in August must be revisited so that Pacific Racing's race dates for the upcoming meet can be amended to October 19, 2005 through December 19, 2005.

Recommendation:

Staff recommends that the Board approve this item.

CALIFORNIA HORSE RACING BOARD

OCTOBER 6, 2005

REGULAR BOARD MEETING

There is no board package material for Item 3 & Item 4

STAFF ANALYSIS
PROPOSED ADDITION OF EMERGENCY RULE
1920.1 HEIGHTENED SURVEILLANCE

Regular Board Meeting
October 6, 2005

BACKGROUND

Business and Professions (B&P) Code Section 19420 provides that jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board (Board). B&P Code Section 19440 states The Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of Horse Racing Law. Responsibilities of the Board shall include, but not be limited to, adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. B&P Code Section 19580 provides that the Board shall adopt regulations to establish policies, guidelines, and penalties relating to equine medication to preserve and enhance the integrity of horse racing in California. The ad hoc medication committee (committee) has concluded that abnormal changes in some horses' winning patterns, unusually high winning percentages, and routine drug test results near a prohibited level, were resulting in at least the perception that some horses are receiving medications or other treatments that are prohibited by California Horse Racing Law. However, such horses often do not test positive in post-race blood or urine tests. The committee felt the unusual patterns were causing the perception of an uneven playing field, and were contributing to the decline in attendance and wagering on horse racing. To immediately address the perception of unfairness and halt the decline in on-track attendance and wagering on horse races the committee proposed to add, as an emergency regulation, Rule 1920.1, Heightened Surveillance.

ANALYSIS

Rule 1920.1 provides that any horse, stable or trainer that is on the premises, as defined by Rule 1420(q), shall, in the sole and absolute discretion of the Board, be subject to heightened surveillance during the period of ten days immediately preceding, and during any race meeting. Heightened surveillance may include, but is not limited to: observation by Board staff, stewards or persons affiliated with or retained by the racing association; requiring any horse to be stabled in a stall that is better situated for monitoring by enforcement staff; requiring any horse to be stabled in a stall that has within it monitoring device(s), including, but not limited to, audio, video, or any other means determined by the Board, and any or all persons or devices utilized for the purposes may use recording devices in connection with such surveillance; having the horse stabled in a stall which has on-premises security; or requiring a horse to be placed in a detention area designated by the Board. An owner, trainer, or any person having control of a horse, who refuses to permit the horse to be placed under

heightened surveillance may be barred from the premises, fined, suspended, or otherwise disciplined by the Board.

The committee determined that Rule 1920.1 should be submitted to the Office of Administrative Law (OAL) as an emergency regulation. This requires that the Board adopt the regulation as an emergency, and reduces the OAL review period from 30 working days to 10 calendar days. If OAL agrees with the Finding of Emergency the regulation becomes effective upon filing with the Secretary of State, but must be followed within 120 days of the effective date by a “certificate of compliance” that certifies the Board completed the regular rulemaking process for Rule 1920.1. The emergency regulation is no longer effective if the regular rulemaking process is not completed within 120 days.

RECOMMENDATION

Staff recommends the Board adopt the emergency regulation as presented.

CALIFORNIA HORSE RACING BOARD
TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 17. FIRE PREVENTION AND SECURITY
PROPOSED ADDITION OF
RULE 1920.1. HEIGHTENED SURVEILLANCE

Regular Board Meeting
October 6, 2005

1920.1. Heightened Surveillance.

(a) Any horse, stable or trainer that is on the premises, as defined by Rule 1420, subsection (q), shall, in the sole and absolute discretion of the Board, be subject to heightened surveillance during the period of ten days immediately preceding, and during, any racing meeting. Such heightened surveillance may include, but need not be limited to, the following: observation by Board staff, stewards or persons affiliated with or retained by the racing association; requiring any horse to be stabled in a stall that, in the sole discretion of the Board, is better situated for monitoring by enforcement staff; requiring any horse to be stabled in a stall that has within it monitoring device(s), including, but not limited to, audio, video, or any other mean determined by the Board, and any or all persons or devices utilized for these purposes may utilize recording devices in connection with such surveillance; having the horse stabled in a stall which has on-premises security; or requiring a horse to be placed in a detention area designated by the Board.

(b) Any owner, or trainer, or other person responsible for a horse who refuses to subject any horse under his ownership or care to such heightened surveillance may be barred from the premises, fined, suspended, or otherwise disciplined by the Board as the Board deems appropriate.

Business and Professions Code.

STAFF ANALYSIS
PROPOSED AMENDMENT OF
RULE 1977. PICK THREE

Regular Board Meeting
October 6, 2005

BACKGROUND

Business and Professions (B&P) Code Section 19440 states the Board shall have all powers necessary and proper to enable it to adopt rules and regulations for the protection of the public and the control of horse racing. B&P Code Section 19590 provides that the Board shall adopt rules governing, permitting, and regulating pari-mutuel wagering on horse races under the system known as the pari-mutuel method of wagering. At the February 2005 Pari-Mutuel Operations Committee meeting a proposal to amend Rule 1977, Pick Three, was heard. The proposed amendment was based on recommendations made by the National Thoroughbred Racing Association (NTRA) Players Panel (Panel), an advisory body charged with making policy recommendations of importance to bettors. The NTRA Panel recommended the Pick Three be amended to eliminate the practice of substituting the off-time favorite for a horse that is scratched, excused or determined by the stewards to be a nonstarter in a race constituting the Pick Three wager. The Panel argued substituting the off-time favorite was unfair to persons placing wagers, as such persons were often wagering against the favorite. The proposed amendment of Rule 1977 was heard for adoption at the September 2005 Regular Board Meeting, but was continued to another meeting.

ANALYSIS

The proposed amendment of Rule 1977 eliminates the practice of substituting the off-time favorite for a horse scratched from any leg of the Pick Three prior to the running of the first leg. Instead, all wagers containing such horse(s) shall be refunded. If a horse is scratched from the second leg after the start of the first leg, or from the third leg, after the start of the second leg, a consolation payout is paid to holders of tickets that combine the winners of the completed legs and the scratched wagering interest(s). In addition, a consolation payout is provided if wagering interests are scratched from the second and third leg of the Pick Three after the start of the first leg.

RECOMMENDATION

No comments were received during the 45-day public comment period. Staff recommends the Board adopt the proposed amendment to Rule 1977 as presented.

CALIFORNIA HORSE RACING BOARD
TITLE 4. CALIFORNIA CODE OF REGULATIONS
ARTICLE 18. PARI-MUTUEL WAGERING
PROPOSED AMENDMENT OF
RULE 1977. PICK THREE

Regular Board Meeting
October 6, 2005

1977. Pick Three.

(a) The Pick Three is a separate pari-mutuel pool established on three ~~(3)~~ consecutive races. The pool consists of amounts wagered on the winning horse in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, ~~except for the provisions in subsection (h),~~ or to rules governing the distribution of other pools.

(b) A valid Pick Three ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Pick Three provisions and rules contained in this Aarticle.

(c) A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of such entry starts for pari-mutuel purposes in accordance with Rule 1974.

(d) The association shall distribute the net pool to holders of valid tickets that correctly selected the winners in all three ~~(3)~~ races.

(e) In a dead heat for win between two ~~(2)~~ or more horses in any of the Pick Three races, all such horses shall be considered winning horses in that race for calculating the pool. The payout shall reflect the proportionate amount of money wagered on each winning combination.

(f) If no ticket selected the winner in all three (3) races, the net pool shall be paid for tickets that selected the winner in any two (2) races; and if no ticket selected two (2) winners the net pool shall be paid for tickets that selected the winner of any one (1) race. The association shall refund the entire pool if no ticket selected the winner of any one (1) race.

(g) If one (1) of the races is cancelled, the net pool shall be distributed as provided in subsection (f). If more than one (1) race is cancelled the association shall refund the entire pool.

~~(h) A ticket designating a selection that was scratched, excused or determined by the Stewards to be a nonstarter in the race, shall have the favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race, substituted for the nonstarting selection for all purposes. If a wagering interest is scratched (which hereinafter includes being declared a non-starter) from any leg of the Pick Three prior to the running of the first leg, all wagers containing such scratched wagering interests shall be refunded.~~

(i) If a wagering interest is scratched from the second leg after the start of the first leg, a consolation payout shall be computed for those wagers combining the winners of the first and third legs with such scratched horse(s) as follows: The amount represented by wagers on combinations involving horse(s) scratched from the second leg shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winners of the first and third legs with horse(s) scratched from the second leg.

(j) If a wagering interest is scratched from the third leg after the start of the second leg, a consolation payout shall be computed for those wagers combining the winners of the first and second legs with such scratched horse(s) as follows: The amount represented by wagers on

combinations involving horse(s) scratched from the third leg shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winners of the first and second legs with horse(s) scratched from the third leg.

(k) If wagering interests are scratched from both the second and third legs after the start of the first leg, a consolation payout shall be computed for those wagers combining the winner of the first leg with horse(s) scratched from both the second and third legs as follows: The amount wagered on the winner of the first leg combined with all other horse(s) scratched from the second and third legs shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winner of the first leg with horse(s) scratched from both the second and third legs.

(l) After wagering closes on the first race of the Pick Three no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Pick Three races or the number or amount of tickets that selected winners of Pick Three races until the Stewards declare the last race official. After the second of the three (3) races, the association may display potential distributions dependent upon the outcome of the third race.

Business and Professions Code.

STAFF ANALYSIS
REPORT BY SCIENTIFIC GAMES ON NET POOL PRICING

REGULAR BOARD MEETING
OCTOBER 6, 2005

Background:

When California racing associations conduct their race meets they are currently using two takeout rates: one for WPS and one for Exotic wagers (by law, *each breed* of racing has different takeout rates, but only two rates: WPS and Exotics). Jurisdictions outside of California that wish to participate in our pools by commingling their wagers into the California pools use our takeout rates (not theirs) when commingling in our pools. Similarly, when California associations offer wagers on out-of-state races to their patrons, those wagers are subject to the takeout rates in the out-of-state jurisdiction. Generally speaking, California takeout rates are some of the lowest in North America thus making our pools attractive to some big bettors who are sensitive about such differences.

Paragraph "c" of Section 19602 of the Business and Professions Code is included with this item. It requires out-of-state jurisdictions to use the California takeout when commingling into our pools. However, paragraph "c" does permit the Board to allow the out of state jurisdiction to use their particular takeout rates if their law does not allow it to use ours AND the Board "determines it to be in the public interest of this state to do so".

For several years now, some out-of-state wagering networks have been offering Net Pool Pricing (NPP). This simply means that the totalizator system uses software that allows the system to operate with multiple takeout rates. Thus a commingled pool with several jurisdictions placing wagers into the pool can allow each jurisdiction to use their own unique takeout rates thereby increasing the complexity of the pari-mutuel calculation. The first and most obvious result is that jurisdictions with higher takeouts contribute less to the net pool and therefore winning wagers from that jurisdiction are paid less when the pool is calculated.

Also noteworthy is that NPP can allow for the use of different currencies. Thus the considerable interest by Canadian tracks and Magna tracks to have their tote supplier (Scientific Games Racing - SGR) implement NPP in California so that they can commingle wagers and adjust not only for the multiple takeout rates in Canada but also the currency exchange rate. Of course, once the Canadian tracks have been digested into the California system it is only a matter of time before other states and countries can also request to be included in our pools using their own takeout rates and/or unique currency exchange rates.

Included with this item is information regarding many aspects of NPP provided by Magna and their Canadian partner, Woodbine. Of note is a page of "Frequently Asked Questions" about NPP and also a rather hair-raising example of a NPP calculation.

Recommendation:

Staff recommends that the Board hear from Scientific Games Racing regarding this matter.

Section 19602

— 62 —

to the consent of the host association and applicable federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) (1) Except as provided in paragraph (2), any racing association described in subdivision (a), when it authorizes betting systems located outside of this state to accept wagers on a race, shall pay a license fee to the state in an amount equal to 8 percent of the total amount received by the association from the out-of-state betting system. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the license fee shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2. The remaining amount received by the association shall be distributed to the association that conducts the racing meeting and to horsemen participating in that racing meeting as follows: 50 percent to the association as commissions, and 50 percent to the horsemen as purses. All rents, costs, and fees shall be deducted pursuant to a contract between the association that conducts the racing meeting and the horsemen participating in the racing meeting. Notwithstanding any other provision of law, racing associations may form a partnership, joint venture, or any other affiliation in order to negotiate terms and conditions of agreements with out-of-state betting systems.

(2) A thoroughbred association that hosts the series of races known as the "Breeder's Cup" shall not be required to pay to the state the license fees required pursuant to paragraph (1). Amounts received by the association from out-of-state betting systems as wagers on Breeder's Cup races shall be distributed as follows: 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the meeting.

(c) With the permission of the board, wagers accepted by betting systems located outside of this state may be, but are not required to be, included in the parimutuel pool of the association that conducts the racing meeting in this state. If the wagers accepted by betting systems located outside of this state are included in the parimutuel pool of the association that conducts the racing meeting in this state, the betting system located outside of this state shall, if permissible under applicable law, deduct from the total amount handled in each conventional and exotic parimutuel pool the same total percentages deducted pursuant to Article 9.5 (commencing with Section 19610) by the association that conducts the racing meeting in this state. If the laws of the jurisdiction in which the betting system is located do not permit the betting system to deduct the same percentages as are deducted by the association that conducts the racing, the board may, nonetheless, permit the inclusion of those out-of-state wagers in the association's parimutuel pool if the board determines it to be in the public interest of this state to do so.

(d) If wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state are combined in a parimutuel pool, both deduct from the pool the same percentages as are deducted from the pool on the basis of the wagers accepted by betting systems located in this state.

(e) If wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state are combined in a parimutuel pool, the percentages deducted from the pool shall be based on the basis of a calculation of the wagers accepted by betting systems located in this state.

(f) Breakage on wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state shall be deducted from the pool as a combined percentage of the wagers accepted by betting systems located in this state.

(g) If wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state are included in a parimutuel pool, funds in the pool shall be distributed to wagers accepted by betting systems located in this state and wagers accepted by betting systems located outside of this state in the same proportion as the wagers accepted by betting systems located in this state are to the wagers accepted by betting systems located outside of this state.

19603. Notwithstanding any other provision of law, wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state may be combined in a parimutuel pool, and may be deducted from the pool the same percentages as are deducted from the pool of state, except that the percentages deducted from the pool shall be based on the basis of a calculation of the wagers accepted by betting systems located in this state.

19604. Notwithstanding any other provision of law, wagers accepted by betting systems located outside of this state and wagers accepted by betting systems located in this state may be combined in a parimutuel pool, and may be deducted from the pool the same percentages as are deducted from the pool of state, except that the percentages deducted from the pool shall be based on the basis of a calculation of the wagers accepted by betting systems located in this state.

Net Pool Pricing

Introduction

The 30% withholding tax on foreign winning pari-mutuel wagers was eliminated by the U.S. to enable the large amount of money wagered outside the country to be commingled. For further expansion to occur, one of the requirements is to change to the tote calculating package that is most commonly used in the United States. This upgrade to NPP (Net Pool Pricing) enables U.S. tracks to deal with foreign tax rates and currency values.

This pricing package accomplishes this by commingling Net Pools (subtracting association retention and taxes from the gross pool) as opposed to commingling the Gross Pools. This not only overcomes the barriers indicated with the standard pricing calculation, but it is arguably a more accurate method of calculation. This may result in slightly different pricing results for the Place and Show pools particularly in situations where one of the horses on the board has been bet down significantly.

Net Pool Pricing allows each jurisdiction participating in the pool to offer different retention rates (also known as takeout rates) than the host track should they choose or be regulated to do so. For example, if a participant chooses to use a higher takeout than the host track, they will have proportionately less weighting in the commingled pool than wagers with a lower takeout rate. Therefore, jurisdictions using a higher retention offer a lower payout to their customers and the remainder of the network is not affected. This also would work the other way should the participant use a lower takeout, and their respective prices would be higher than the host track. Any changes to these takeout rates would likely be subject to the host track and possibly regulatory approvals.

Frequently Asked Questions

- ❖ **Why do I need to change to Net Pool Pricing in order to commingle wagers from Canada?**
 - *Since some countries such as Canada have different legal deductions, takeouts, breaks and currency, Net Pool Pricing is needed to combine their wagers and accurately calculate prices throughout the network.*

- ❖ **Will changing to Net Pool Pricing affect the way prices are calculated?**
 - *Yes, the algorithm used to calculate the prices is different under Net Pool Pricing. You should see little to no changes in prices under single priced pools such as Win, Ex, & Tri. Long shots tend to pay a little more and favourites tend to pay a little less in multi-priced pools such as Place and Show. However, amount paid out to the public is relatively the same.*

- ❖ **Why can't I hand calculate the prices from the pool values on the tote board?**
 - *Since Net Pool Pricing uses a complex algorithm to calculate the prices there are many other variables that affect the calculation of the price which are not displayed on the tote board.*

- ❖ **Why do some jurisdictions display different prices than the host track?**
 - *If a jurisdiction chooses to or is required to use different takeout rates and or breakage, prices at that jurisdiction will vary from the host. Jurisdictions using a higher takeout rate, will be displaying lower prices than the host.*

- ❖ **Has Net Pool Pricing Been Proven to Work?**
 - *Yes, Canadian racetracks have been using Net Pool Pricing since the Breeder's Cup was hosted by Woodbine in 1996. Customers betting on Woodbine in the U.S. have already been exposed to this calculation method. Many states have since adopted Net Pool Pricing in their regulations including the RCI Model Rules.*

- ❖ **Is Net Pool Pricing more susceptible to minus pools?**
 - *Due to the nature of the algorithm used in Net Pool Pricing on a split pool such as Place or Show, a heavy favourite will not drive the value down on the remaining runners as much as it does using the standard pricing method. This may result in the favourite paying \$2.10 and the other horses paying more which is more favourable to the betting public. The negative break is then attributed to the wager and that association who bet down the favourite.*

- ❖ **How can pools from two different currencies be merged together?**
 - *Net Pool Pricing allows for pools in different currencies to be merged together by applying a daily exchange rate before the foreign currency enters the pools and again to the prices before being paid to the public.*

RCI Model Rules of Racing

Net Pool Pricing is also defined in the RCI model rules and gives the following examples of how Net Pool Pricing differs from Gross Pool Pricing on the Win pool and Show pool. Note that the SHW pool's prices differ slightly from the two calculation methods. Spreadsheets illustrating how NPP is used in a multi-commission environment are also available upon request:

WIN POOL (SINGLE PRICE POOL)

Standard Price Calculation

Gross Pool:	=Sum of Wagers on all Betting Interests - Refunds

Communications Plan

Since Net Pool Pricing results do vary somewhat from the Standard Pricing Model we suggest that you inform your public before implementation. Arlington Park was kind enough to share the following communication plan, which proved to be very effective:

TV Crawl...

Arlington Park is now using the Net Pool method of calculating prices. Visit our Web site at www.arlingtonpark.com for more information.

Program

To Our Guests,

Arlington Park has adopted the **net pool method** of pricing to allow race fans in Canada and, prospectively, other countries to wager into Arlington Park mutuel pools. As international wagering becomes more prevalent, other racetracks will move to net pool pricing, and Arlington Park is proud to be one of the first Thoroughbred tracks to do so.

While allowing for potentially larger pools, prices on pools with multiple winners (place and show, or any pool with a dead-heat) may calculate to a slightly different payout than under standard pricing. The favorites may pay a little less, and the long shots a little more, but in all cases the total amount of monies paid out to the wagering public remains the same.

Arlington Park is committed to being the industry leader in bringing new innovations and wagering opportunities to our guests. We appreciate your continued support of Arlington Park racing.

More information can be found at our Web site, www.arlingtonpark.com

Website

An Explanation of Net-Pool Pricing:

Historically, prices on pari-mutuel races have been calculated by dividing the GROSS amount of winning bets by the net pool. The net pool is the total amount of wagers reduced by the commission rate, or take-out. This process returns a fair price provided all wagers were made using the same take out. Not all international jurisdictions, however, are allowed by local law to wager into U.S. pools using the local take-out rates, and must use the standard take-out rate for their locality. They have, therefore, been forbidden from wagering into our pools.

To accommodate multiple take-out rates, the Net-Pool pricing model was established in approximately 1995. Under the Net-Pool pricing model, the payouts are calculated by dividing NET amount of winning bets, (rather than the GROSS amount as in Standard Pricing) by the net pool. Each locality then multiplies the payout by the compliment of the commission rate (1-commission rate) to arrive at the local payout.

This process weights each wager according to the local commission rate, as the higher the local commission rate (take-out), the lower the local price. For example, \$100 bet at 17-percent commission is worth \$83, and \$100 bet at 18-percent commission is worth \$82. The payout at the locality with a 17-percent commission rate will therefore be slightly higher than the payout at the locality with an 18-percent commission rate.

Place and Show Pools:

For most pools and payouts, if all localities were using the same take-out rate, the prices would be identical under both the Standard and Net-Pool pricing models. But in any multiple winning runner pool (Place and Show and any other pool in which a dead-heat creates two or more different payouts), the Net-Pool model distributes the same amount of winnings slightly differently. This is a function of allocating the profits to the different winners based on their NET winnings rather than their GROSS winnings. The total amount of monies paid out will not change, but the

net effect, in these cases, is that the favorites will pay a little less, while long shots will pay a little more.

\$2.10 Payouts and Minus Pools:

Fans will notice that show pools with a heavy favorite that you would expect to return \$2.10 for all three runners, now may now pay significantly higher on the two non-favorite horses. This is because that even though the payout on the favorite is reduced to a number even farther below the minimum \$2.10 payout, it still must return \$2.10. But the other horses are not participating in the minus pool as they were under the Standard Pricing model.

Calculating Projected Payouts using Tote Board Information:

One of the results of the Net Pool pricing model is that one can no longer accurately calculate the payouts using only the information available on the tote board. This is true for all pools, including the Win pool. The reason for this is one needs to know the commission rate of the wagers on each runner in each pool to determine the true NET pool and NET winning wagers. (The tote odds continue to be accurate, as the tote has all of the necessary information to properly calculate and display the current odds / payouts.

Introduction

Woodbine Entertainment Group on behalf of Racetracks of Canada proposes to wager on Santa Anita and the other Southern California tracks on a commingled pool basis. In order for Canada to join these pools, the host track must operate using Net Pool Pricing (NPP). This is a requirement primarily to facilitate the different tax structures currently in place throughout the provinces in Canada.

Common Pool Experience

Common pool with US tracks has gone over quite well so far from both an operation standpoint as well as a business volume standpoint. We have seen a \$900,000 increase in handle on the Chicago harness tracks since we have gone to US common pool wagering with them. This is from increases in year over year handle, races we can offer per card, and number of cards taken.

Arlington Park, our largest thoroughbred racetrack operating in a commingled environment thus far has seen a handle increase of 17% or \$1.3 million over last year since we started on August 10. It is even more impressive because we were down about 4% prior to August 10. We are prepared to start with Keeneland on October 7 and anticipate similar results.

State Approvals

The following states have already granted approval to licensed racetracks within their jurisdiction to use Net Pool Pricing allowing Canadian racetracks to commingle pools:

1. Illinois
2. Kentucky
3. Ohio
4. South Africa
5. Delaware
6. West Virginia
7. Iowa
8. Washington

Many other states not listed here are either in the process of reviewing Net Pool Pricing or have not yet been asked whether or not they support it.

Racetrack Approvals

The following racetracks have allowed Canadian tracks to commingle into their pools using Net Pool Pricing thus far:

1. Arlington Park
2. Balmoral Park
3. Maywood Park
4. Hawthorne Racecourse
5. Mountaineer (waiting for tote software)

6. Northfield Park
7. Delaware County Fair
8. Dover Downs
9. Harrington Raceway
10. Prairie Meadows
11. Emerald Downs
12. Phumelela
13. The Red Mile
14. Keeneland (start date Oct 7, 2005)
15. Turfway (start date Nov 27, 2005)
16. Churchill (start date Oct 30, 2005)

Commission Takeouts

The following commission rates will apply to all sources WEG will be settling on behalf of which include Woodbine, Mohawk, all WEG teletheatres and all Canadian HPI (Horse Player Interactive) account wagering regions:

STAFF ANALYSIS
STAFF REPORT ON END-OF-MEET RESULTS

REGULAR BOARD MEETING
OCTOBER 6, 2005

Background:

This item contains end-of-meet reports for recently concluded race meets. Staff is prepared to answer questions regarding the information presented.

Recommendation:

This item is for information and discussion.

END-OF-MEET OUTLINE SUMMARY

For the California Horse Racing Board meeting, October 6, 2005. This report includes a summary for the following racing meetings: DEL MAR THOROUGHBRED CLUB and the CALIFORNIA STATE FAIR HARNESS.

Del Mar Thoroughbred Club
July 20 – September 7, 2005
Race days: 43

AVERAGE DAILY STATISTICS

	PERCENTAGE CHANGE
Ave. Daily handle	4.73%
Ave. On-track	6.12%
Ave. Off-track	-1.85%
Ave. Interstate-exported	2.92%
Ave. ADW	24.00%
Ave. Daily attendance-Calif.	-4.00%
Ave. On-track	-0.27%
Ave. Off-track	-10.03%

California State Fair Harness Racing at Sacramento
August 6 – September 17, 2005
Race days: 24

AVERAGE DAILY STATISTICS

	PERCENTAGE CHANGE
Ave. daily handle	-62.25%
Ave. On-track	-76.50%
Ave. Off-track	-53.29%
Ave. Interstate-exported	-80.72%
Ave. ADW	-50.00%
Ave. daily attendance-Calif.	-57.16%
Ave. On-track	-90.60%
Ave. Off-track	-5.91%
