CHRB ENHANCES SEARCH CAPABILITIES FOR RULINGS

The CHRB website (<http://www.chrb.ca.gov/>) now allows the public to instantly search through more than 16,000 rulings by stewards using keywords and other search criteria. This improvement is one intermediate step in the transition to a completely updated database for internal and public use.

To search for rulings, click the Administrative Actions tab at the top of the homepage, then select Stewards Rulings from the dropdown menu. The search can be specific for any racetrack and date or for all rulings. The Search/Filter allows for even greater specificity using rule numbers, names of horses or licensees, and even keywords, including particular medications.

This upgrade is part of an ongoing CHRB effort to improve technological capabilities.
