SEVENTEENTH BIENNIAL REPORT
TO THE GOVERNOR AND THE LEGISLATURE
OF THE STATE OF CALIFORNIA
(For the Period July 1, 1964, to June 30, 1966)

To RONALD REAGAN, Governor
and to the Members of the Legislature:

The California Horse Racing Board herewith presents its biennial report covering the period July 1, 1964, through June 30, 1966, pursuant to the provisions of Section 19441 of the Business and Professions Code of the State of California. This report will be the 17th biennial report which has been made by the racing board since horseracing has been legalized in California.

**COMPOSITION OF THE CALIFORNIA
HORSE RACING BOARD**

The California Horse Racing Board consists of three members, appointed by the Governor. Each member holds his office for a four-year term, no more than one seat falling vacant during a single year. The members serve without compensation but are reimbursed for their traveling expenses.

The board meets periodically with its meetings open to the public. Normally meetings are held monthly.

INTRODUCTION

OBJECTIVES AND FUNCTIONS

The California Horse Racing Board supervises all horserace meetings in California at which there is parimutuel wagering. It promulgates rules and regulations which govern race meetings and the activities of the licensees. It has investigative powers to enforce compliance with the rules and regulations.

The board is a constitutional agency. In addition to its members, the board staff consists of a secretary, an investigative group of 7, a licensing group of 5, plus accounting and clerical for a total of 18 employees. Several of the positions are assigned to be in attendance at northern California tracks. The remainder work out of the board's headquarters office, which is in Los Angeles.

1. Administration

“Jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board.” (Section 19420 Business and Professions Code.)

General

Administration includes the supervisory functions, and the staff, fiscal and business services required for all departmental programs. The area of administration and supervision extends from the board through the Secretary of the Board.

- A. Licensing of racing associations.
- B. Licensing of others (occupational).
- C. Appointment of officials.
- D. Designation of racing days and charity days.
- E. Acts as a quasi-judicial body in matters pertaining to races. (Board normally meets each month with its meetings open to the public.)

Fiscal

- A. Responsible for the state collecting its proper share of the revenue derived from horseracing, in accordance with the Business and Professions Code. Books and records are maintained in the Los Angeles office, with license clerks employed at the racetracks acting as collection agents and depositing the daily proceeds with the State Treasury. Approximately \$50,000,000 will be collected for the 1966-67 fiscal year.
- B. The state's revenue from horseracing is derived principally from fees based upon a percentage of the parimutuel wagering pools, breakage and unclaimed tickets. There is also a relatively small amount of revenue for occupational licenses issued to owners, trainers, jockeys and others, fines and miscellaneous. The proceeds from 4 percent of the parimutuel wagering and from the occupational license fees are deposited in the Fair and Exposition Fund. Proceeds from parimutuel fees in excess of 4 percent, and all other revenues, are deposited in the General Fund.

BREAKDOWN CHART
METHOD OF PARIMUTUEL WAGERING

<i>Amount wagered</i>	<i>Total takeout</i>	<i>State receives</i>	<i>Track receives</i>
1st \$10,000,000-----	14%	5%	9%
2nd 10,000,000-----	14	6	8
Over 20,000,000 to 75,000,000-----	14	7	7
Over 75,000,000 to 125,000,000-----	14	7.5	6.5
Over 125,000,000-----	14	8	6

- C. Responsible for maintenance of accounts and records of operating budget.
- D. Analysis of financial condition of racing associations.

II. Licensing

- A. Provides for the licensing of every person who participates in every phase of horseracing. This includes officials, horse owners, jockeys, veterinarians, exercise boys, and grooms, to name but a few of those required to obtain licenses, pursuant to Section 19510 of the Business and Professions Code.

- B. The duration of a license issued by the board is one year provided it is not revoked for cause prior to that time. The board maintains files and records to identify each licensee. All applications and copies of licenses issued are filed in the main office of the board.
- C. Will provide for the collection of state revenue of approximately \$85,300 which more than covers the direct cost of the licensing program for the 1966-67 fiscal year.

*III. Enforcement**Investigation*

- A. Provides for the investigator to determine compliance with the rules and regulations of the California Horse Racing Board and the Horse Racing Law, Business and Professions Code, Chapter 4, Division 8, at the various racetracks located throughout most of the state. They investigate, inspect and report any irregularities in the conduct of a race meet, thereby establishing a preventive control and a protection to the betting public and the state's interest.
- B. Upon receipt of an application, investigates the prospective licenses to determine whether he conforms to the board requirements, whether he has previously held a license that has been suspended or revoked for cause, and whether he is of good moral character.
- C. They provide and gather investigation data and evidence required for matters to be heard before the board.

HORSERACING REVENUES

The state's revenues from horseracing are derived from licensee fees on a percentage of the parimutuel pool wagers at each racetrack, breakage of winning ticket amounts to the nearest 10 cents of each dollar, and escheated unclaimed parimutuel tickets. There is also small amount of revenue from occupational licenses issued to owners, trainers, jockeys, and others.

The proceeds from 4 percent of the parimutuel wagering and from occupational license fees are deposited in the Fair and Exposition Fund. Proceeds from parimutuel fees in excess of 4 percent, and all other revenues (i.e., breakage, unclaimed parimutuel tickets, fines and miscellaneous) are deposited in the General Fund.

In accordance with the provisions of the Horse Racing Law, the revenues deposited in the Fair and Exposition Fund are appropriated, first, for support of the Horse Racing Board and for costs incurred by the Department of Agriculture in supervising, and by the Department of Finance in auditing, all fairs. The Horse Racing Law also provides for annual appropriations totaling not to exceed \$8,015,000 for promotion and encouragement of agricultural fairs and citrus fruit fairs and expositions, to be expended in accordance with the specifications contained therein. The law further provides that revenues in excess of the amounts appropriated shall be transferred to the General Fund at the end of each calendar month.

The California Horse Racing Board was responsible for collecting \$47,560,370 and \$47,442,605 in state revenues for the 1964-65 and 1965-66 fiscal years, respectively.

Certified public accountants approved by the board audited and certified all the parimutuel sales, calculations and payoffs.

The chart below provides an accounting of the state's revenue with its resulting low cost of operations:

REVENUE REMITTED TO THE STATE TREASURY FOR THE FISCAL YEAR ENDED JUNE 30, 1966, AS COMPARED TO PRIOR YEAR PROCEEDS

	1965-66	1964-65
Fair and exposition
