FIFTEENTH BIENNIAL REPORT

TO THE GOVERNOR AND THE LEGISLATURE
OF THE STATE OF CALIFORNIA

(For the Period July 1, 1960, to June 30, 1962)

*To EDMUND G. BROWN, Governor
and to the Members of the Legislature:*

The California Horse Racing Board herewith presents its biennial report covering the period July 1, 1960 through June 30, 1962, pursuant to the provisions of Section 19441 of the Business and Professions Code of the State of California. This report will be the fifteenth biennial report which has been made by the Racing Board since horse racing has been legalized in California.

INTRODUCTION

HISTORICAL AND LEGAL BACKGROUND OF RACING IN CALIFORNIA

Both harness racing and thoroughbred racing flourished in California at the turn of the century. Shortly after 1900 a number of new race tracks were built in California and California became a center of breeding and racing activities. However, with increased activity and success, abuses developed and because of abuses in California, and reports of corrupt practices throughout the nation, California followed the lead of New York and in 1909 declared horse racing with wagering on its results to be illegal.

The period between 1909, and 1933 when an initiative measure passed to relegalize such racing, there were three unsuccessful attempts to have the people vote to re-establish racing on a legal basis. The 1933 measure, in order to get the support of the people, wrote many safeguards into the law and gave complete jurisdiction and supervision over all racing activities to the State of California, acting through the California Horse Racing Board, a three-member commission appointed by the Governor. Whereas previously race tracks had acted autonomously and the stewards had complete and final authority over all race meetings, the California law transferred this authority to the centralized body, the commission. It gave the commission full and final authority over all aspects of all race meetings upon the result of which pari mutuel wagering was conducted. In fact the very existence of the stewards was only noted in passing in one section of the law which required that any fines or penalties imposed by them go to the general fund of the State Treasury. However the law did give the board wide discretion in rule-making powers, and pursuant to these powers the board passed rules establishing the authority of the stewards but making the stewards strictly and completely responsible to the board for all their actions.

The authority of the boards and consequently the derivative authority of the stewards, were further prescribed in California in 1945 by the passage of the Administrative Procedure Act, an act patterned somewhat after the plan of the Federal Administrative Procedure Act. Prior to 1945 many abuses had grown into the administrative practices of all state agencies and there was a movement to abolish all administrative hearing and disciplinary powers. A compromise was reached when the Administrative Procedure Act was enacted which set down procedural and other safe-guards for all persons dealing with administrative agencies. All of the quasi-legislative, or rule-making, powers of the California Horse Racing Board are now subject to the procedures outlined in the Administrative Procedure Act. In addition, if the Horse Racing Board seeks to revoke the license of any licensee, it must proceed in accordance with the procedural of the Administrative Procedure Act. Only if the Board suspends for a period of one year or less is it exempt from the provisions of that Act.

COMPOSITION OF THE CALIFORNIA HORSE RACING BOARD

The California Horse Racing Board consists of three members, appointed by the Governor. Each member holds his office for a four year term, no more than one seat falling vacant during a single year. The members serve without compensation but are reimbursed for their traveling expenses.

The Board meets periodically with its meetings open to the public. Normally meetings are held monthly.

PARI MUTUEL WAGERING

California, in 1933, created an exception to the State's prohibition of wagering to allow pari mutuel betting within a horse track enclosure where a racing meeting is being conducted. The law was immediately challenged as unconstitutional and discriminating since all forms of wagering were not allowed especially on such events as dog racing. The Courts upheld the validity of pari mutuel wagering at horse racing events under the State's police power. This power enables the State to prohibit such activities altogether or to permit it in specific locations and prescribe rules under which it must operate.

Pari mutuel wagering has been defined as a system or pool in which each bettor lays a fixed sum on the contestant he selects. Those who choose the winner divide the entire stake less a percentage to the person who furnishes the pool tickets. The odds are determined by the quantum of bets placed on the several entries.

Only the pari mutuel method of wagering is allowed in California. All other methods are strictly forbidden. This is further qualified by restricting the wagering to pools operated by the licensee at a track where a meeting is being conducted and restricted it to within the enclosed area of the track.

Soon after the law was enacted many persons sought to evade the law against bookmaking by acting as agents or brokers for people wishing to place bets and carrying the people's money to the track to

bet it for them. Such attempts were quickly thwarted by the courts. It was held that betting was only allowed within the track enclosure and was to be done by the person placing the bet himself. The criminal laws prohibiting bookmaking still applied in all instances except pari mutuel betting at the track.

The responsibility for regulating pari mutuel betting rests with the California Horse Racing Board. The Board through this power and its complete control over the licensing of an association to conduct the racing meeting, who is required by statute to run the pari mutuel system, has complete control over what types of pools shall be allowed. Accordingly the board requires all forms of wagering to be approved by it before they may be used.

Every licensee conducting a horse racing meeting must provide a place where it may conduct pari mutuel wagering. The licensee must use totalizator or other equipment which is approved by the board. The licensee is allowed to deduct as a commission 9% of the first ten million dollars handled in the pari mutuel pools during the period of its license. The commission allowed on amounts over the ten million figure decreases proportionately to the amount involved to 6% of that collected. The licensee association also takes half of the "breakage" (i.e., odd cents which exceed a multiple of 10¢ on each dollar payable to a person winning a pari mutuel pool).

The license fee charged by the State is also determined by the amount of money handled through pari mutuel wagering. Fees received by the State are specifically designated to support State fairs, expositions, and agricultural districts, the State Polytechnic College, and any amounts in excess of those appropriated by statute above go into the general fund of the State.

Any person who does not claim his winnings from a pari mutuel pool during a racing meeting may do so up to sixty days after the meeting closes.

HORSE RACING REVENUES

The State's revenues from horse racing are derived from licensee fees based on a percentage of the pari mutuel pool wagers at each race track, breakage of winning ticket amounts to the nearest 10 cents of each dollar, and escheated unclaimed pari mutuel tickets. There is also a small amount of revenue from occupational licenses issued to owners, trainers, jockeys, and others.

The proceeds from 4 percent of the pari mutuel wagering and from occupational license fees are deposited in the Fair and Exposition Fund. Proceeds from pari mutuel fees in excess of 4 percent, and all other revenues (i.e., breakage, unclaimed pari mutuel tickets, fines and miscellaneous) are deposited in the General Fund.

In accordance with the provisions of the Horse Racing Law as amended by the 1959 Legislature, the revenues deposited in the Fair and Exposition Fund are appropriated first for support of the Horse Racing Board and for costs incurred by the Department of Finance in supervising and auditing all fairs. The Horse Racing Law also provides for annual appropriations for promotion and encouragement of agricultural fairs and citrus fruit fairs and expositions, to be expended

under the control of the Department of Finance in accordance with the specifications contained therein. The law provides further that revenues in excess of the amounts appropriated shall be transferred to the General Fund at the end of each calendar month.

The California Horse Racing Board was responsible for collecting \$37,330,906.30 and \$38,204,904.11 in State Revenues for the 1960-1961, and 1961-1962 Fiscal Years, respectively.

Certified Public Accountants approved by the Board audited and certified the pari mutuel sales, calculations and pay-offs throughout the 1962 meeting.

The chart below provides an accounting of the State's Revenue with its resulting low cost of operations:

	1960-61 Fiscal Year	1961-62 Fiscal Year	Increase
Revenue to State	\$37,330,906	\$38,204,904	+2.3%
Cost to operate Racing Board	—190,460	—193,685	+1.6%
Net to State	\$37,140,446	\$38,011,219	+2.3%
Operating Cost—percent relationship to Revenue	0.5%	0.5%	0%

The Board expresses its gratitude to the Attorney General of California for representation in the person of Conrad Lee Klein, Deputy Attorney General in the hearing conducted by the Board. A total of 24 Regular Board Meetings and 7 Special Hearings were held during the 2-year period. A total of 111 cases were heard of which 42 were suspensions or denials and 2 revocations.

June 25, 1962	Los Angeles

The Los Alamitos Race Course application for 14 days of Thoroughbred horse racing was submitted to the Board February 14, 1961. Subsequently public hearings were held commencing on October 1, 1961 for the proponents and later hearings for the opponents. There were approximately 7 hearings devoted to the request of this application. A total of 1143 pages were transcribed for the entire proceeding. Both parties have filed briefs and the matter is currently under consideration before this Board.

Hearings regarding the above were held on the following dates:

October 17, 1961	Santa Ana, Calif.
October 18, 1961	Santa Ana, Calif.
October 19, 1961	Santa Ana, Calif.
November 20, 1961	Los Angeles, Calif.
February 26, 1962	Los Angeles, Calif.
February 27, 1962	Los Angeles, Calif.
March 19, 1962	Los Angeles, Calif.

ACTIVITIES OF THE NATIONAL ASSOCIATION OF STATE RACING COMMISSIONERS

During the past two years the members of the California Horse Racing Board have been very active in the proceedings of the National Association of State Racing Commissioners. Such participation has not only lent strength to the organization as a whole, but is of extreme importance in maintaining the high standards of racing enjoyed in California.

The organization consists of twenty-nine regular members and two associate members in jurisdictions where thoroughbred racing with pari mutuel wagering is conducted. Actually, the organization is international in membership since Mexico, Ontario, Canada, and Puerto Rico are regular members. The purposes of this organization are:

- (A) To discuss and to study the problems of State supervision of racing.
- (B) To promulgate and to recommend to State Boards and Commissions rules and regulations for the effective conduct of race meetings under State control.
- (C) To encourage the adoption by State Boards and Commissions of uniform procedures and reciprocity in enforcing rules, regulations and penalties imposed by the authority of the various State Boards and Commissions.
- (D) To assist all State Boards and Commissions, members and non-members, of this organization, in the performance of their duties.
- (E) To encourage forceful and honest nationwide control of racing for the protection of the public.
- (F) To assemble and disseminate pertinent information and data concerning racing for the improvement of the service rendered to the public by this association and for the benefit and guidance of State Boards and Commissions.
- (G) To do generally whatever may be necessary or proper to achieve and to maintain public confidence in racing.

The twenty-seventh Annual Convention of the National Association of State Racing Commissioners was held in Toronto, Canada, June 7 through June 10, 1961. Mr. Neil J. Curry, Chairman of the California Horse Racing Board was Third Vice-President, a member of the Illegal Practices Committee, the Uniform Rules and Procedures Committee and Chairman of the Thoroughbred Research Study Committee. Board Member Edgar A. Hills, served on the Public Safety and Security Committee, and Board Member Robert F. Driver was on the Judiciary Committee. The California Board submitted a report on the compilation of legal decisions and rulings relating to licensed horse racing. The report was enthusiastically received and the Board appreciates the diligent effort put into this report by the office of the California Attorney General, Chief Deputy Attorney General Richard R. Rogan, Deputy Attorney General Conrad Lee Klein and Deputy Attorney General N. Gregory Taylor. In the Toronto proceedings tremendous strides were

made in the adoption of a more realistic and practical uniform medication rule. Membership dues were also increased on a graduated scale based on the revenues produced by each State, thereby assuring continued solvency of the organization.

The twenty-eighth Annual Convention was held in Los Angeles, California, March 4 through March 8, 1962. At this convention Mr. Curry was Second Vice-President and Chairman of the Uniform Rules and Procedures Committee. Mr. Hills was a member of the Illegal Practices Committee and Mr. Driver was Chairman of the Information and Public Relations Committee. The delegates were graciously greeted by Honorable Edmund G. Brown, Governor and the Honorable Stan Mosk, Attorney General of California. Such an auspicious beginning signaled what was acclaimed the most successful and productive convention held to date. It was also the largest in attendance in its history. The Board is sincerely proud of our local organizations, the Racing Associations of Southern California and the Harry Curland Catering Company, for their invaluable contribution to the success of the convention in true California tradition.

During the Los Angeles proceedings the association voted unanimously for the adoption of the Uniform Medication Rule, however further research was recommended under the chairmanship of Mr. Curry. Other recommendations adopted concerned the corporate ownership of horses, enforcement of provisions of apprentice jockey contract, limitation on number of horses entered by a trainer, provision for the Steward to sound the off-bell and various other recommendations covering all phases of racing.

Since the association's inception substantial uniformity has been attained in many critical areas of horse racing. This is a remarkable achievement in itself in view of the varying governing statutes in each jurisdiction. Horse racing has become more and more an interstate and even an international industry. Therefore, the greater degree of uniformity in rules regarding ownership, licensing, policing and administration, the healthier the industry for California.

CONCLUSION

We members of this Board, in rendering this report, do so with sincere desire and purpose of fully meeting its duty and obligation in furthering and preserving the sport and business of racing that it believes has been of great benefit to the people of the State of California.

The Board expresses appreciation for the cooperation and service rendered by the Governor, the State Attorney General, the State Legislature and other Public officials, as well as the various track operating Law Enforcement Agencies, the Thoroughbred Racing Protective Bureau, the Press, Television, Radio, and the Board employees.

Respectfully,

MR. NEIL J. CURRY, *Chairman*
MR. EDGAR A. HILLS, *Member*
MR. ROBERT F. DRIVER, *Member*

CHARLES L. HARMAN, *Secretary*
