1500.1. Random Drug Testing.

(a) To ensure the safety and integrity of horse racing, jockeys, apprentice jockeys and drivers are subject to random drug testing, as well as testing based upon reasonable suspicion, as provided in this Division. Failure to submit to or to complete a drug test at the time, location, and manner directed by the Board or its representatives shall constitute a refusal to be tested. A jockey, apprentice jockey or driver who fails to submit to or to complete a drug test shall immediately be prohibited from riding or driving in any race at a facility under the jurisdiction of the Board until a negative test result is achieved.

(1) Random drug testing shall be conducted at the direction of the Executive Director on an unannounced basis before or after the jockey's or driver's performance of duties. The names of all jockeys, apprentice jockeys or drivers who appear on the official program the day random drug testing is conducted shall be placed in a secured container which shall be in the custody of the supervising investigator. Prior to the first race of the program, the supervising investigator shall draw nine names. If a name is selected more than once during a race meeting, it shall be eliminated and another selection made.

(2) Representatives of the Jockey's Guild or the California Harness Horsemen's Association may attend and witness the random selection of names.

(3) For race meetings with duration of up to five months, random drug testing shall occur at least once during the course of the meeting. For the purposes of this regulation, the Northern California fair circuit shall be considered as one race meeting.

(4) For race meetings with duration of six or more months, random drug testing shall occur at least twice during the course of the meeting.

(b) Each urine specimen received from a jockey, apprentice jockey or driver shall be divided into two separate parts. One portion shall be designated as the official jockey/driver test sample and shall be tested by a Board approved official laboratory. The remaining portion of the specimen shall be known as the jockey/driver split sample and shall be available for testing at a Board approved independent laboratory upon the request of the individual who provided the specimen. The Board makes no guarantees as to the amount of the specimen that will be available for the jockey/driver split sample. All specimens taken by representatives of the Board are under the jurisdiction of and shall remain the property of the Board at all times.

(1) For the purposes of this regulation "Board approved official laboratory" and "Board approved independent laboratory" means a California laboratory certified by the United States Department of Health and Human Services under the National Laboratory Certification Program as meeting the minimum standards to engage in urine drug testing for federal agencies. A list of certified laboratories shall be available at the CHRB headquarters office.

(2) Each urine specimen shall be tested for the following prohibited drugs or classes of drugs:

(A) Marijuana metabolites.

(B) Cocaine metabolites.

(C) Amphetamines.

(D) Opiate metabolites.

(E) Phencyclidine (PCP).

(c) The Board approved official laboratory shall immediately and confidentially report to the Executive Director or his designee any positive finding for any of the drugs or classes of drugs described in subsection (b)(2)(A) through (b)(2)(E) of this regulation. The Board approved official laboratory shall also transmit a confidential written report of the finding to the Executive Director within five working days after the notification is made.

(d) When the Executive Director or his designee is notified of a positive finding by the Board approved official laboratory, the Executive Director or his designee shall notify a supervising investigator. The supervising investigator shall confidentially notify the jockey, apprentice jockey or driver who shall:

(1) Immediately be prohibited from riding or driving in any race at a facility under the jurisdiction of the Board, and

(2) Shall have 72 hours from the date he or she is notified to request that the jockey/driver split

sample of the official jockey/driver test sample that was found to contain a prohibited drug or class of drug, be tested by an Board approved independent laboratory.

(e) If the jockey, apprentice jockey or driver wishes to have the jockey/driver split sample tested, he or she shall comply with the following procedures:

(1) The request shall be made on the form CHRB-217 (New 3/11) Request to Release Jockey/Driver Split Sample, which is hereby incorporated by reference. Form CHRB-217 shall be made available at all CHRB offices, and at the CHRB website.

(2) The jockey, apprentice jockey or driver requesting to have the jockey/driver split sample tested shall be responsible for all charges and costs incurred in transporting and testing the jockey/driver split sample. By signing CHRB-217 the jockey, apprentice jockey or driver certifies he or she has made arrangements for payment to the designated independent Board approved laboratory for laboratory testing services.

(3) Verification of payment for costs incurred in transporting and testing the jockey/driver split sample must be received by the CHRB within five working days from the CHRB receipt of CHRB-217. If such verification of payment is not received, the jockey/driver split sample will not be released or shipped to the designated Board approved independent laboratory and the jockey, apprentice jockey or driver will have relinquished his/her right to have the split sample tested. If a complaint issues, the only test results that will be considered will be the results from the Board approved official laboratory.

(f) Upon receipt of a valid request on CHRB-217, CHRB-217A (New 3/11) Authorization to Release Jockey/driver Split Sample Evidence, which is hereby incorporated by reference, shall be completed and the Board shall ensure that the jockey/driver split sample is sent to the designated Board approved independent laboratory for testing.

(1) If the findings by the Board approved independent laboratory fail to confirm the findings of a prohibited drug or class of drug as reported by the Board approved official laboratory, it shall be presumed that a prohibited drug or class of drug was not present in the official jockey/driver test sample.

(g) A jockey, apprentice jockey or driver who fails to request the testing of the jockey/driver split sample in accordance with the procedures specified in this rule shall be deemed to have waived his or her right to have the split sample tested.

(h) Unless or until the Board files an official complaint or accusation, results of the official jockey/driver test sample and the jockey/driver split sample shall be, and shall remain confidential. No test results may be released to any person or organization unless such release is explicitly required under this regulation. Only the Executive Director or the Executive Director's designee, the Board, and the jockey, apprentice jockey or driver shall receive the results.

(i) The Board may take into consideration the possession of a valid and current Medical Marijuana Program Identification Card issued in accordance with the Medical Marijuana Program of the California Department of Public Health in determining whether or not to file an official complaint or accusation against a jockey, apprentice jockey or driver who tests positive for marijuana metabolites.

(j) For the purposes of this regulation, random drug testing shall be accomplished by the taking of urine specimens; however, the Board retains the right to direct a jockey, apprentice jockey or driver to submit to a drug test by methods including, but not limited to, blood, hair

follicle or skin.

(a) Driver's fees in the absence of a contract or special agreement are \$20.00 or 5% of the purse earned, whichever is greater.

(b) The purpose of this rule is not to set a minimum or maximum fee. It provides a fee if the parties have not made a written agreement to the contrary.

(c) A driver's fee is considered earned when the horse he has been engaged to drive leaves the paddock for the post. If there is a substitution of drivers after the fee is earned, no additional driver fee or double driver fee need be paid except when ordered by the stewards.

(d) In this rule "Purse Earned" means the amount paid the winning horse less the fees paid by the owner to enter the horse in the race.

(e) If the parties agree on the fee to be paid the driver, a contract or agreement in writing signed by the driver or his agent and the owner or his authorized agent specifying the agreed upon fee shall be delivered to the paymaster of purses before the running of the race in question. The

paymaster of purses shall debit the owner's purse account under the contract or written agreement. If no contract or written agreement is submitted before the running of the race in question, the paymaster of purses shall debit the owner's purse account under the fee scale set forth in this rule.

1844.1 Suspension of Authorized Medication.

(a) After a public meeting that has been noticed in accordance with Government Code section 11125(a), the Board may for any cause temporarily suspend the authorized administration to a

horse entered to race of any drug, substance or medication that is otherwise permitted under Rule 1844, Authorized Medication.

(b) The temporary suspension of the authorized administration of a drug, substance or medication may be for a race, breed, or race meeting, provided all horses in the same race compete under the same conditions.

(c) The Board shall notify in writing the racing association and the trainer's organization of any temporary suspension of authorization to administer a drug, substance or medication to a horse entered to race. The written notification shall at minimum:

- (1) State the authorized medication whose use is temporarily suspended,
- (2) The period of time for which the use of the authorized medication is temporarily suspended, and

HISTORY:

1. New rule filed 7-21-11; effective 7-21-11.

1845. Authorized Bleeder Medication.

Authorized bleeder medication for the control of exercised induced pulmonary hemorrhage (EIPH) may be administered to a horse on the authorized bleeder medication list.

(a) A horse is eligible to race with authorized bleeder medication if the licensed trainer and/or veterinarian determines it is in the horse's best interest. If a horse will race with authorized bleeder medication, form CHRB 194 (New 08/04), Authorized Bleeder Medication Request, which is hereby incorporated by reference, shall be used to notify the official veterinarian prior to entry.

(b) The official laboratory shall measure the specific gravity of post-race urine samples to ensure samples are sufficiently concentrated for proper chemical analysis. The specific gravity of such samples shall not be below 1.010.

(c) If the specific gravity of the post-race urine sample is determined to be below 1.010, or if a urine sample is not available for testing, quantitation of furosemide in serum or plasma shall then be performed. Concentrations may not exceed 100 nanograms of furosemide per milliliter of serum or plasma.

(d) A horse qualified to race with authorized bleeder medication shall be assigned to a pre-race security stall prior to the scheduled post time for the race in which it is entered, and shall remain there until it is taken to the receiving barn or the paddock to be saddled or harnessed for the race. While in the security stall, the horse shall be in the care, custody, control and constant view of the trainer, or a licensed person assigned by the trainer. The trainer shall be responsible for the condition, care and handling of the horse while it remains in the security stall. The official

veterinarian may permit a horse to leave the security stall to engage in track warm-up heats prior to a race.

(e) A horse qualified for administration of authorized bleeder medication must be treated on the grounds of the racetrack where the horse will race no later than four hours prior to post time of the race for which the horse is entered. The authorized bleeder medication, furosemide, shall be administered by a single intravenous injection only, in a dosage of not less than 150 mg. or not more than 500 mg. A horse racing with furosemide must show a detectable concentration of the drug in the post-race serum, plasma or urine sample. The veterinarian administering the bleeder medication shall notify the official veterinarian of the treatment of the horse. Such Notification shall be made using CHRB form-36 (New 08/04), Bleeder Treatment Report, which is hereby incorporated by reference, not later than two hours prior to post time of the race for which the horse is entered. Upon the request of a Board representative, the veterinarian administering the authorized bleeder medication shall surrender the syringe used to administer such medication, which may then be submitted for testing.

(f) A horse placed on the official authorized bleeder medication list must remain on the list unless the licensed trainer and/or veterinarian requests that the horse be removed. The request must be made using CHRB form 194 (New 08/04), and must be submitted to the official veterinarian prior to the time of entry. A horse removed from the authorized bleeder medication list may not be placed back on the list for a period of 60 calendar days unless the official veterinarian determines it is detrimental to the welfare of the horse. If a horse is removed from the authorized bleeder medication list a second time in a 365-day period, the horse may not be placed back on the list for a period of 90 calendar days.

(g) If the official veterinarian observes a horse bleeding externally from one or both nostrils during or after a race or workout, and determines such bleeding is a direct result of EIPH, the horse shall be ineligible to race for the following periods:

- First incident—14 days;
- Second incident within 365-day period—30 days;
- Third incident within 365-day period—180 days;
- Fourth incident within 365-day period—barred for racing lifetime.

For the purposes of counting the number of days a horse is ineligible to run, the day after the horse bled externally is the first day of such period. The voluntary administration of authorized bleeder medication without an external bleeding incident shall not subject a horse to the initial period of ineligibility as defined under this subsection.

1846. Racing Soundness Examination.

Each and every horse entered to race shall be subjected to a veterinary examination for racing soundness and health on race day not later than two hours prior to official post time for the race in which the horse is to compete. Such an examination shall be referred to as the "Racing Soundness Exam".

(a) The examination shall include but not be limited to close inspection of the eyes, examination of the legs, recording of the temperature of the horse and observation of the horse at rest and while in motion.

(b) All such examinations shall be conducted in or near the stall to which the animal is assigned and shall be conducted by the Official Veterinarian or the Racing Veterinarian.

(c) The Official Veterinarian shall keep or cause to be kept a continuing health and racing soundness record of each horse so examined.

1846.5. Postmortem Examination.

(a) Every horse which suffers a fatal injury on the racetrack in training or in competition, or which dies or is euthanized within an area under the jurisdiction of the Board, shall undergo a postmortem examination at a diagnostic laboratory which is under contract with the Board to determine the injury or sickness which resulted in euthanasia or natural death.

(b) Test samples may be obtained from the carcass upon which the postmortem examination is to be conducted and sent to the diagnostic laboratory for testing for foreign substances or their metabolites, and natural substances at abnormal levels. When practical, test samples shall be procured prior to euthanasia.

(c) The costs associated with transportation to the diagnostic laboratory of any horse which has died under the provisions of subparagraph (a) shall be the responsibility of the racing association conducting the meeting where the death occurred or the training center or racetrack where death occurred when no meeting is in progress. The services of the official veterinarian and the laboratory testing of postmortem samples for standard necropsy and special equine necropsy examinations shall be made available by the Board without charge to the owner. The cost of any additional necropsy examination(s) requested by the owner or trainer are the responsibility of the requesting individual.

(d) Requests for each postmortem shall be filed with the official veterinarian by the owner's or trainer's veterinarian within one hour of the death and shall be submitted on a Necropsy Submission Form, CHRB-72, (Rev. 6/04), hereby incorporated by reference, and which is available at all official veterinarian offices. The trainer is co-responsible to supply all information to complete CHRB-72.

(e) If the official veterinarian is not available, the owner's or trainer's veterinarian must phone the diagnostic laboratory within one hour of the death and fax CHRB-72 to the laboratory as notification that the horse is due for necropsy. On the official veterinarian's next scheduled work day, the owner's or trainer's veterinarian shall give the original CHRB-72 to the official

veterinarian.

(f) The racing association, racetrack or training center will notify the transporter within one hour of death to have the horse conveyed to the designated laboratory for necropsy.

(g) Upon completion of the postmortem examination the diagnostic laboratory shall file a written report with the Executive Director, the Equine Medical Director and the official veterinarian.

(h) Each owner and trainer accepts responsibility for the postmortem examination provided herein as a requisite for maintaining an occupational license.

1850. Posterior Digital Neurectomy.

(a) Notwithstanding the prohibition against "nerving," a horse upon which a posterior digital neurectomy has been performed, commonly known as "heel nerving" is not ineligible to race, and is not subject to the prohibitions in this article pertaining to nerving, provided:

(1) the official veterinarian is satisfied that the loss of sensation to such horse due to the posterior digital neurectomy will not endanger the safety of any horse or rider,

(2) the prior approval of the official veterinarian has been obtained if the horse is on the grounds of a racing association,

(3) the racing secretary is notified of such nerving at the time such horse is admitted to the grounds of a racing association,

1853. Examination Required.

(a) The official veterinarian shall examine each horse that is scheduled to race to determine its fitness to start. The horse identifier shall examine each horse to identify such horse from the Board's identification record and the photographs, record of pedigree, tattoo or brand number and such other points of identification as may be available. (a) In addition to the blood and urine official test samples transmitted to the official laboratory for testing as provided in Rule 1859 of this Article, the Board shall maintain a portion of the official test sample for each horse tested if sufficient sample is available after the official test samples are taken. That portion shall be designated the split sample. The Board makes no guarantee as to the amount of sample which will be available for the split sample. All samples taken by representatives of the Board are under the jurisdiction of and shall remain the property of the Board at all times. The Board shall ensure the security and storage of the split sample.

(b) When the Executive Director or the Executive Director's designee is notified of a finding by the official laboratory that a test sample from a horse participating in any race contained a prohibited drug substance as defined in this Article, the Executive Director, after consulting with the Equine Medical Director or the Equine Medical Director's designee as to the presence of the prohibited drug substance shall notify a Supervising Investigator. The owner and the trainer shall be confidentially notified of the finding by a Supervising Investigator or his/her designee and the owner and trainer shall each have 72 hours from the date he or she is notified to request that the split sample of the official test sample that was found to contain the prohibited drug substance(s) be tested by an independent Board-approved laboratory.

(c) If the owner or trainer wishes to have the split sample tested, he or she shall comply with the following procedures:

(1) The request shall be made on CHRB-56, (Rev. 5/97), Request to Release Evidence, which is hereby incorporated by reference. CHRB-56 shall be made available at all CHRB offices.

(3) Verification of payment for costs incurred in transporting and testing the split sample must be received by the CHRB within five (5) working days from the CHRB receipt of CHRB-56. If such verification of payment is not received, the split sample will not be released or shipped to the Board-approved laboratory designated by the owner or trainer to test the split sample and the owner and trainer will have relinquished his/her right to have the split sample tested. If a complaint issues, the only test results that will be considered will be the results from the Board's official laboratory.

(d) Upon approval by the Executive Director or the Executive Director's designated representative of a valid request on CHRB-56, CHRB-29 (Rev. 5/97), Authorization to Release Split Sample Urine Evidence, or CHRB-29A (Rev. 5/97), Authorization to Release Split Sample Blood Evidence, which are hereby incorporated by reference, shall be completed and the Board shall ensure that the split sample is sent to the designated laboratory for testing.

(1) If the findings by the independent Board-approved laboratory fail to confirm the findings of the prohibited drug substance as reported by the official laboratory, it shall be presumed that the prohibited drug substance was not present in the official sample.

(2) If the findings by the independent Board-approved laboratory confirm the findings of the prohibited drug substance as reported by the official laboratory, the Executive Director shall report these findings to the Board within 24 hours after receiving confirmation of the prohibited drug substance in the split sample.

(e) If the owner or trainer fails to request the testing of the split sample in accordance with the procedures specified in this rule, they shall be deemed to have waived their rights to have the split sample tested.

(f) Results of the official test sample and the split sample shall be, and shall remain, confidential and shall be provided only to the Executive Director or the Executive Director's designee, the Board, the Equine Medical Director or the Equine Medical Director's designee, and to the owner and trainer, unless or until the Board files an official complaint or accusation.

(c) A report of gelding or castration will include the name of the veterinarian performing the alteration and the date of the alteration, and shall be recorded on the official registration certificate and the official horse identification record of the horse.

(d) A trainer who enters a horse, or who causes a horse to be entered on his behalf, is responsible for ensuring that the true sex of the entered horse is listed on its certificate of registration on file in the racing office.

(1) If the true sex of a horse is not correctly identified in the official program for the race in which the horse is entered, the trainer of the horse shall be subject to a minimum fine of \$1,000.

No licensee or employee of a racing association or its concessionaires shall knowingly or designedly by false representation attempt to, or persuade, procure, or cause another person to wager on a horse in a race to be run in this State or elsewhere; nor shall any licensee or employee of a racing association or its concessionaires ask or demand compensation as a reward for any racing selection or purported racing prediction provided to any person for wagering purposes. This shall not apply to the vending of newspapers or to other publications approved by the Board.

1926. Entrance to Jockey Room Prohibited.

Except with permission of the stewards or the Board, no person shall be permitted entrance into the jockey room or driver's room from one hour before post time for the first race until after the last race other than jockeys, drivers, their attendants and valets, racing officials and security officers on duty, and association employees performing required duties.

1927. Fire Prevention.

Associations shall make adequate provision for fire prevention, protection against fire, and fire suppression within the inclosure. Before any license is granted to any association, each applicant therefor must inform the Board, in detail, of the fire prevention facilities at or available to its inclosure, and particularly its stable area.

When a licensee is unable to stable all the horses participating at its meeting on its grounds, such licensee must advise the Board of the facilities for fire prevention at the additional location where such excess number of horses will be stabled.

A written clearance from the fire authority having jurisdiction, stating that an inspection has been made of the inclosure and any additional location where any excess number of horses will be stalled and that the facilities conform with a reasonable standard of fire safety, shall be filed with the Board prior to the commencement of a race meeting. Such inspection shall have been made within 45 days prior to the commencement of the meeting.

For the purposes of this regulation, a reasonable standard of fire safety shall require that each building, barn or structure which is used by an association for the stabling of horses or human habitation, be equipped with an automatic sprinkler system and an automatic fire alarm system, and that the stable area grounds, including any additional location where any excess number of horses will be stabled, be patrolled by a watchman during the hours of darkness. The type and installation of automatic sprinkler and automatic fire alarm systems shall be of such quality as to afford the protection required by this regulation as determined and approved by the fire authority having jurisdiction. Portable structures or sheds fully open on at least one side, with the approval of the fire authority having jurisdiction, and trailer coaches, campers and unroofed stalls are exempted from the automatic sprinkler and fire alarm requirement, so long as they are located within the effective operating distance of exterior wet standpipe fire hose streams and within 150 feet of a manual fire alarm box.

Any association whose stable area, including any additional location where any excess number of horses will be stabled, does not conform with a reasonable standard of fire safety as defined in this regulation may petition the Board for an extension of time within which to comply with this regulation or exemption from such requirements. In reviewing any such petition, the Board shall take into consideration any written recommendations from the fire authority having jurisdiction as well as all other matters pertinent to the petition, including the fact that the Board recognizes that the physical structure of each racing inclosure is unique and, as such, inherent with its own particular problems. Any extension of time or exemption granted by the Board shall be in writing

and may be on such conditions as the Board may deem appropriate.

1928. Fire Regulations.

(a) Every association shall post in its stable and backstretch worker housing areas the fire regulations applicable on its grounds. The association shall also post:

(1) its emergency evacuation plan, which shall state the nearest exit in case of fire or other emergency,

(2) the location of the nearest fire alarm box, and

(3) the telephone number of the fire department or other pertinent instructions as to the method for reporting a fire in the area.

(b) The notices shall be in English and Spanish, and posted no more than 100 feet apart or as approved by the local fire authority.

(c) No person shall violate the posted fire regulations.

1954. Parimutuel Pools.

The association shall provide, win, place and show pools in any race in which there are five or more separate wagering interests which are obligated to start. The association shall provide win and place pools where there are four separate wagering interests which are obligated to start. The association shall provide a win pool only in any race where less than four separate wagering interests are obligated to start. Upon a showing of good cause, the Board may waive the requirement for a place or show pool in any race.

1954.1. Parlay Wagering on Win, Place or Show.

(a) The parlay is not a separate pari-mutuel pool, it is a series of wagers (consisting of legs) combining wagering entries in Win, Place or Show pools. The initial amount wagered constitutes the wager on the first leg, and if successful, the payout from the first leg constitutes the wager on the second leg, etc.

(b) A parlay wager is limited to Win, Place or Show which have a corresponding pool conducted on the race selected. The wager must combine at least two races but not more than six races. The races in a parlay must be in chronological order but do not need to be consecutive races or combine the same type pool.

(c) A parlay wager may only be on one pool and one wagering interest per leg and cannot combine wagers on races on other days.

(d) Payouts included as wagers in subsequent races and the final payout to the parlay wagerer shall be broken to the nearest dime. Parlay breakage shall be reported separately and added to regular breakage at the end of the day for the purpose of taxation and distribution.

(e) Parlay payouts will be included as wagers in subsequent pools by the track operator so the amount of such wagers, including their impact on the wagering odds, will be displayed. Wager totals in such pools shall be displayed in truncated fashion, to the lowest dollar.

(f) Parlay wagers may be cancelled by the ticket holder, in accordance with track policy, only before the start of the first parlay leg in which a parlay selection starts. Parlay wagers not cancelled must be completed or terminated by operation of these rules in order to be entitled to a payout.

(g) If a wagering interest in a parlay is scratched, which includes being declared a non-starter for wagering purposes, or if a wagering interest is designated to run for purse only in accordance with Rule 1974 of this article, or a race or pool is scratched or cancelled, the parlay shall consist of the remaining legs. The parlay terminates if there are no remaining legs.

HISTORY:

1. Amendment filed 12-23-96; effective 1-22-97.

1957. Daily Double.

(a) The Daily Double is a separate pari-mutuel pool established on two (2) races. The pool consists of amounts wagered on the selection of the winning horse of both races. It is not a parlay and has no connection with or relation to other pools conducted by the association or to rules governing the distribution of other pools.

(b) A valid Daily Double ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Daily Double provisions and rules contained in this Article.

(c) The association shall distribute the net pool to holders of valid tickets that correctly selected the winner of both races. If no ticket selected the winner of both races, the net pool shall be distributed as a place pool among tickets that included the winner of the first race and tickets that included the winner of the second race.

(d) If no ticket included the winner of the first race the net pool shall be distributed equally among tickets that included the winner of the second race; and, if no ticket included the winner of the second race the net pool shall be distributed equally among tickets that included the winner of the first race.

(e) If no ticket included the winner of either race, the net pool shall be distributed equally among tickets selecting the second place finishers of both races.

(f) The association shall refund the entire pool if no ticket requires a payout or if the first race is cancelled.

(g) If the second race is cancelled after the first race has been completed, the net pool shall be distributed as a single price pool among tickets selecting the winner of the first race.

(h) Before the first race is run, any money wagered on a horse in either race that is scratched, excused by the stewards prevented from racing or is designated to run for purse only in accordance with Rule 1974 of this article shall be deducted from the pool and refunded.

(i) If, after the first race is completed, any horse is scratched, excused by the stewards or prevented from racing because of the failure of the stall doors of the starting gate to open in the second race, or designated to run in the second race for purse only in accordance with Rule 1974 of this article, all tickets including such horse(s) shall be deducted from the pool, and the pool(s), thus formed shall be distributed as a straight pool(s) among tickets combining the winner of the first race with such horse(s).

(j) If a dead heat occurs in either race the net pool is figured as a place pool. Example: Number eight (8) and five (5) dead heat in the first race, and number three (3) wins the second race, the pool would be divided and apportioned to tickets bearing eight (8) and three (3), and five (5) and three (3).

1958. Quinella.

(a) The Quinella is not a parlay and has no connection with or relation to the win, place and show pools shown on the totalizator board. All tickets on the Quinella will be calculated in a separate pool.

(b) All Quinella tickets will be for the win and place combination only. When purchasing a Quinella ticket two horses are selected, which must finish 1-2, or 2-1. For example, if numbers 3 and 6 are selected they must come in 3, first and 6, second, or 6, first and 3, second.

(c) Entries or field horses in a race comprising the Quinella shall race as single wagering interests for the purposes of mutuel pool calculations and payouts to the public. If, in the event that any part of the entry or the field is a starter, there shall be no refund to persons wagering on such entry or field. In the event any part of an entry or the field finishes first, the order of finish of all other horses making up such entry or field will be disregarded in determining which horse finished second for the purpose of this rule.

(d) Should any horse or horses entered in a Quinella race be scratched or excused by the Stewards after wagering has commenced or should any horse or horses be prevented from racing because of the failure to stall doors of the starting gate to open, all tickets including such horse or horses shall be deducted from the Quinella Pool and money refunded to the purchasers of tickets on the horse or horses so excused or prevented from racing.

(e) Should there be no tickets sold on the winning combination in a Quinella race, any and all Quinella tickets bearing the number of the individual win horse and any and all Quinella tickets bearing the number of the individual place horse shall be deemed winning tickets and the payout shall be calculated as a place pool.

(f) Should there be no tickets sold on the winning combination in a Quinella race and should there be no Quinella tickets sold bearing the number of the individual win horse, any and all Quinella tickets bearing the number of the individual place horse shall be deemed winning tickets and the payout shall be calculated as a win pool.

(g) Should there be no tickets on the winning combination in a Quinella race, and should there be no Quinella tickets sold bearing the number of the individual place horse, any and all Quinella tickets bearing the number of the individual win horse shall be deemed winning tickets and the payout shall be calculated as a win pool.

(h) Should there be no tickets on the winning combination in a Quinella race, and should there be no Quinella tickets sold bearing the number of the individual win horse, and should there be no Quinella tickets sold bearing the number of the individual place horse, the Quinella shall be deemed "No Contest" and all money in the Quinella shall be promptly refunded.

(i) Should, after an official start is effected, only one horse finish the Quinella race, the total money is figured as a win pool, with those who have picked that one horse in the race participating in the pool.

(j) Should a two horse dead-heat for win result in a Quinella race, the two horses involved in the dead-heat shall be winners of the Quinella race.

(k) Should a multiple dead-heat for win result in a Quinella race, all horses involved in the dead-heat shall be winners of the Quinella race and payouts figured accordingly.

Example: Should numbers 1, 3 and 5 dead-heat for win, the winning Quinella combinations would be 1-3, 1-5, 3-1, 3-5, 5-1 and 5-3. The net pool after deducting the amounts wagered on the winning combinations will be equally distributed in payout calculations on the winning combinations.

(l) Should a two-horse dead-heat for place result in a Quinella race, the total pool is calculated as a place pool.

(m) Should a multiple dead-heat for place result in a Quinella race, all combinations coupling the winning horse with the individual place horses shall be winners of the Quinella race and payouts calculated accordingly.

(b) A Special Quinella race shall be given a distinctive name to be selected by the association conducting such race, such as "Perfecta" or "Exacta," subject to the approval of the Board.

(c) All Special Quinella tickets will be for the win and place combination only. Each person purchasing a Special Quinella ticket shall designate the exact order in which the first two horses will finish in a Special Quinella race. For example, if number 3 is selected to finish first and number 6 is selected to finish second, they must come in number 3, first and number 6 second in order to win.

(d) Should any horse or horses entered in a Special Quinella race be scratched or excused by the stewards after wagering has commenced or should any horse or horses be prevented from racing because of the failure of the stall doors of the starting gate to open, or if a horse is designated to run for purse only in accordance with Rule 1974 of this article, all tickets including such horse or horses shall be deducted from the Special Quinella Pool and money refunded to the purchasers of tickets on the horse or horses so designated, excused or prevented from racing.

(e) In the event that no ticket is sold on the winning combination of a Special Quinella Pool, the net pool shall be distributed equally among holders of tickets selecting the winning horse to finish first and holders of tickets selecting the second place horse to finish second.

(f) In the event of a dead-heat between two horses for first place, the net pool shall be calculated and distributed as a place pool to holders of the winning combinations.

(g) In the event of a dead-heat for second place, if no ticket is sold on one of the two winning combinations, the entire net pool shall be calculated as a win pool and distributed to those holding tickets on the other winning combinations. If no tickets combine the winning horse with either of the place horses in the dead-heat the Special Quinella Pool shall be calculated and distributed to holders of tickets designating the winning horse or either of the place horses according to their respective interest in the net pool.

(h) In the event of a dead-heat among three or more horses for first place, the net pool shall be calculated and distributed to holders of tickets designating any two of the horses participating in the dead-heat according to their respective interest in the net pool.

(i) In the event that no ticket is sold that would require distribution to any winner as above defined the Special Quinella shall be deemed "No Contest" and all money in the Special Quinella shall be promptly refunded.

(a) In the event the error results in an over-payment to ticket holders the association shall be responsible for such payment.

(b) In the event the error results in an under-payment to ticket holders:

(1) The association shall accept timely claims for such under-payment, shall investigate such claims and shall pay each claim, or a part thereof, which it determines to be valid, and shall notify the claimant if his claim is rejected as invalid.

(2) Any person whose claim is rejected by the association may, within 15 days from the date he received the notice of rejection, request the Board to determine the validity of the claim. The failure to file such request with the Board within the said time shall constitute a waiver of the claim.

(3) A hearing shall be held on each such rejected claim timely filed with the Board. The Board shall give notice of such hearing to the claimant and the association. The Board may determine a claim to be valid, in whole or in part, and thereafter order the association to pay to the claimant the amount of the claim determined to be valid, or may deny the claim in whole or in part. Any such determination shall be final and binding on all parties.

(4) If no valid claims are presented for the amount of the under-payment or any part thereof, the amount of the under-payment shall be paid to the Board.

When a race results in a dead heat, the dead heat shall not be run off. When two horses run a dead heat for first place, both win and place pools shall be distributed as place pools; when two horses run a dead heat for second, one-half the place pool shall be distributed among the holders of place tickets on the winning horse, and one-quarter of the place pool shall be distributed among the holders of place tickets on each of the two horses finishing second. In each such case, the show pool shall be distributed among the holders of tickets for show on the first three horses which finish. In the event of a dead heat for show, one-third of the show pool will be distributed

among holders of tickets on the horses which dead heat for third.

(c) If a horse is removed from the wagering pool to start in a race as a non-wagering interest for purse only and is disregarded for pari-mutuel purposes, the circumstances shall be announced over the public address system at the time the action is taken and thereafter to adequately inform the public. The racing association shall also inform off-track wagering outlets at the time such action is taken.

1975. Evidence of Pool Distribution.

In the event of loss by the association, its agent or employees, of any evidence of proper distribution of parimutuel pools, including, but not limited to, parimutuel tickets which have been cashed, outs ledgers, parimutuel machine recording registers, or cashier out-slips, the association shall file with the Board within 72 hours of the discovery of the loss a report and supporting affidavits. The Board may approve the report of loss without hearing or may hear the matter in its discretion.

1976. Unlimited Sweepstakes.

(a) The Unlimited Sweepstakes pari-mutuel pool is not a parlay and has no connection with or relation to any other pari-mutuel pool conducted by the association, nor to any win, place and show pool shown on the totalizator, nor to the rules governing the distribution of such other pools.

(b) An Unlimited Sweepstakes pari-mutuel ticket shall be evidence of a binding contract between the holder of the ticket and the association and the said ticket shall constitute an acceptance of the Unlimited Sweepstakes provisions and rules contained in article 18.

(c) An Unlimited Sweepstakes may be given a distinctive name by the association conducting the meeting, subject to approval of the Board.

(d) The Unlimited Sweepstakes pari-mutuel pool consists of amounts contributed for a selection for win only in each of nine races designated by the association with the approval of the Board.

Each person purchasing an Unlimited Sweepstakes ticket shall designate the winning horse in each of the nine races comprising the Unlimited Sweepstakes.

(e) The Unlimited Sweepstakes pari-mutuel pool shall be calculated as follows:

(1) One hundred percent (100%) of the net amount in the pari-mutuel pool subject to distribution among winning ticket holders shall be distributed among the holders of pari-mutuel tickets which correctly designate the official winner in each of the nine races comprising the Unlimited Sweepstakes.

(2) In the event there is no pari-mutuel ticket properly issued which correctly designates the official winner in each of the nine races comprising the Unlimited Sweepstakes, twenty-five percent (25%) of the net amount in the pari-mutuel pool shall be distributed among the holders of pari-mutuel tickets which correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes, and the remaining seventy-five percent (75%) of the net amount in the pari-mutuel pool shall not be distributed as provided above but shall be retained by the association as distributable amounts and shall be carried over and included in the Unlimited Sweepstakes pari-mutuel pool for the next succeeding racing date as an additional net amount to be distributed as provided in subsection (e)(1).

(f)(1) Except as provided in subsection (j) and subsection (l), should no distribution be made pursuant to subsections (e)(1), then the distributable pool and all monies accumulated therein shall be carried over until that amount equals or exceeds five million dollars (\$5,000,000) or such lesser amount as the racing association designates to the Board at the time it files its license application with the Board.

(2) Once the pool and all monies accumulated therein equals or exceeds five million dollars, or such lesser amount designated by the racing association pursuant to subsection (f)(1), that amount shall be distributed on the next racing day as provided in subsection (e)(1); but if no holder of pari-mutuel tickets correctly designates the official winner in each of the nine races comprising the Unlimited Sweepstakes, then seventy-five percent (75%) of the pool shall be distributed among the holders of pari-mutuel tickets which correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes. The remaining twenty-five percent (25%) of the pool shall be distributed to those holders of pari-mutuel tickets which correctly designate the next greatest number of official winners.

(g) In the event an Unlimited Sweepstakes ticket includes a selection in any one or more of the races comprising the Unlimited Sweepstakes that is scratched, excused or determined by the stewards to be a nonstarter in the race, or if in a race comprising the Unlimited Sweepstakes any selection is designated to run for purse only in accordance with Rule 1974 of this article, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start of the race, will be substituted for the nonstarting or the designated selection for all purposes, including pool calculations and payouts.

(h) In the event of a dead heat for win between two or more horses in any Unlimited Sweepstakes race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(i)(1) In the event that all nine races comprising the Unlimited Sweepstakes are cancelled or declared as no contest, all pari-mutuel tickets held on the Unlimited Sweepstakes for that day or night shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety for that day or night and any retained distributable amounts carried over from any prior Unlimited

Sweepstakes pool pursuant to subsection (e)(2) shall be carried over to the next succeeding racing date of that meeting.

(2) In the event that fewer than nine, but no more than three, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the stewards declaring one or more races as no contest, the pool for that racing day shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety as provided in subsection (i)(1).

(3) In the event that fewer than nine, but no fewer than four, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the stewards declaring one or more races as no contest, one hundred percent (100%) of the net amount in the pari-mutuel pool for that day or night, exclusive of any retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (e)(2), shall be subject to distribution among holders of pari-mutuel tickets which correctly designate the most winners in the completed races of the Unlimited Sweepstakes. The retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (e)(2) shall be carried over to the next succeeding racing date of that meeting.

(j)(1) Should no distribution be made pursuant to subsection (e)(1) on the last day of the association's race meeting, then the distributable pool and all monies accumulated therein shall be distributed on that day. Seventy-five percent (75%) of the pool shall be distributed among holders of pari-mutuel tickets which correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes. The remaining twenty-five percent (25%) of the pool shall be distributed to those holders of pari-mutuel tickets which correctly designate the next greatest number of official winners.

(2) In the event that an association is unable to distribute the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (e)(2) by the end of its race meeting due to cancellation of the final day(s) or night(s) of racing or any other reason, the retained distributable amount shall be carried forward to the next race meeting having an Unlimited Sweepstakes at the same location and of the same breed of horse as the racing association that generated the retained distributable amount. The retained distributable amount shall be included in the Unlimited Sweepstakes pool for the first day or night of racing at the subsequent race meeting.

(k) No pari-mutuel ticket for the Unlimited Sweepstakes pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the nine races comprising the Unlimited Sweepstakes, except for such refunds on Unlimited Sweepstakes tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Unlimited Sweepstakes pool or the number or amount of tickets selecting winners of Unlimited Sweepstakes races until such time as the stewards have determined the last race comprising the Unlimited Sweepstakes each day to be official.

(l) The racing association may, at its election, designate to the Board, at the time it files its license application with the Board, one or more racing days (nights) during its racing meeting on which the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (e)(2), shall be distributed as provided in subsection (f)(2), even though the retained amount is less than the amount specified in or designated by the racing association pursuant to subsection (f)(1).

1976.8. Place Pick (n).

(a) The Place Pick (n) is a separate pari-mutuel pool established by the association on a designated number of races. The pool consists of amounts wagered on a horse to finish first or second in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, except for the provisions in subsection (e), or to rules governing the distribution of other pools.

(b) A valid Place Pick (n) ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Place Pick (n) provisions and rules contained in this Article.

(c) A Place Pick (n) may be given a distinctive name by the association conducting the meeting, subject to Board approval.

(d) If a ticket in any Place Pick (n) race designates a selection that is scratched, excused or determined by the stewards to be a nonstarter in the race, or designates a selection that runs for purse only in accordance with Rule 1974 of this article, the association may substitute the actual favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race, or may allow patrons the option of selecting an alternate wagering interest. The actual favorite or the alternate wagering interest will be substituted for the non-starting selection or the selection designated to run for purse only for all purposes.

(e) In a dead heat for win between two or more horses, only the horses in such dead heat shall be considered winning horses.

(2) Except as provided in subsection (e), a dead heat for second between two or more horses, all such horses together with the horse which finished first shall be considered winning horses.

(f) The association shall distribute the net pool to holders of valid tickets that correctly selected the most first or second place finishers.

(g) All tickets shall be refunded if all races comprising the Place Pick (n) are cancelled or declared as no contest. The entire pool shall be refunded if less than four races are completed and if four or more races are completed the net pool shall be distributed pursuant to subsection (f).

(h) After wagering closes on the first race comprising the Place Pick (n) no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Place Pick (n) or the number or amount of tickets that selected winners of Place Pick (n) races until the stewards declare the last race official.

(i) If the racing surface changes from turf to dirt or dirt to turf in any race of a Place Pick (n), and such change is not announced to the public before the close of wagering on the Place Pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the Place Pick (n).

1976.9. Pick (n) Pool.

(a) The Pick (n) requires selection of the first-place finisher in each of a number of races designated by the association. The association shall designate the percentage of the net pool considered the major share, and the percentage of the net pool considered the minor share, if any. The number of races comprising a Pick (n) must be at least four but no more than ten. Subsequent changes to the Pick (n) shall be requested in writing by the association. The Board or its designated representative shall respond in writing to such requests within five working days of their receipt at Board headquarters.

(b) The major share of the net Pick (n) pool, along with the Pick (n) carryover, shall be distributed to ticket holders that selected the first-place finisher in each of the Pick (n) races, based upon the official order of finish, and the minor share of the net Pick (n) pool shall be distributed as a win pool to ticket holders whose selection finished first in the second greatest number of Pick (n) races; if there are no wagers selecting the first place finisher in each of the Pick (n) races, then:

(1) The minor share of the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races, and

(2) The major share of the net Pick (n) pool shall be retained by the association and added to the corresponding Pick (n) pool of the next performance. The additional Pick (n) pool resulting from such a carryover shall be termed the "Pick (n) carryover."

(c) In a dead heat for first in any of the Pick (n) races, all horses in the dead heat for win shall be considered winning horses to calculate the pool.

(d) If a wagering interest in any of the Pick (n) races is scratched, or is designated to run for purse only in accordance with Rule 1974 of this article, the association may substitute the favorite for the scratched or designated wagering interest, determined by total amounts wagered in the win pool at the close of wagering on that race, or allow patrons the option of selecting an alternate wagering interest. The favorite or alternate wagering interest shall be substituted for the scratched wagering interest, or horse designated to run for purse only, for all purposes. If the association elects to substitute the favorite and the win pool total is identical for two or more horses, the horse with the lowest program number is used. The totalizator shall produce written reports showing each of the wagering combinations with substituted wagering interests that became winners as a result of the substitution, in addition to the normal winning combination, at the end of each race where substitutions occur.

(e) The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:

- (1) Three or more races included as part of a Pick 4, Pick 5 or Pick 6 are canceled or declared no contest; or
 - (2) Four or more races included as part of a Pick 7, Pick 8 or Pick 9 are canceled or declared no contest; or
 - (3) Five or more races included as part of a Pick 10 are canceled or declared no contest.
- (f) If at least one race included as part of a Pick (n) is canceled or declared no contest, but fewer than the number specified in subsection (e), the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.
- (g) The Pick (n) carryover may be capped at an amount designated by the association, with Board approval. If, at the close of any performance, the carryover equals or exceeds the designated cap, it will be frozen until it is won or distributed under other provisions of this rule. After the carryover is frozen, 100% of the net pool shall be distributed to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance.
- (h) Permission to distribute the Pick (n) carryover on a specific date and performance shall be obtained from the Board. The mandatory payout request must contain the intended date and performance for the distribution.
- (i) If the Pick (n) carryover is designated for distribution on a specified date and performance in which no wager selects the first-place finisher in each of the Pick (n) races, the entire pool including the carryover shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
- (1) With written approval from the Board as provided in subsection (h); or
 - (2) With written approval from the Board when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued; or
 - (3) On the closing performance of the meet or split meet.
- (j) If the Pick (n) carryover must be carried over to the corresponding Pick (n) pool of a subsequent meet, it shall be deposited in an interest-bearing account approved by the Board. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance designated by the association, with Board approval.
- (k) With Board approval, the association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.
- (l) No ticket for the Pick (n) pool shall be sold, exchanged or canceled after the close of wagering in the first race comprising the Pick (n), except for refunds required by this rule.
- (m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is prohibited. The totalizator will be programmed to suppress all information related to Pick (n) wagering

activity until the conclusion of the final race except for the following:

(l) Total amount of the net pool at the close of Pick (n) wagering.

(2) Information regarding possible Pick (n) payouts for each of the runners when the last race of the Pick (n) pool is the only race remaining to be run.

(n) If the racing surface changes from turf to dirt or dirt to turf in any race of a Pick (n) pool, and such change was not announced to the public before the close of wagering on the Pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the Pick (n) pool.

1977. Pick Three.

(a) The Pick Three is a separate pari-mutuel pool established on three consecutive races. The pool consists of amounts wagered on the winning horse in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, or to rules governing the distribution of other pools.

(b) A valid Pick Three ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Pick Three provisions and rules contained in this article.

(c) The association shall distribute the net pool to holders of valid tickets that correctly selected the winners in all three races.

(d) In a dead heat for win between two or more horses in any of the Pick Three races, all such horses shall be considered winning horses in that race for calculating the pool. The payout shall reflect the proportionate amount of money wagered on each winning combination.

(e) If no ticket selected the winner in all three races, the net pool shall be paid for tickets that selected the winner in any two races; and if no ticket selected two winners the net pool shall be paid for tickets that selected the winner of any one race. The association shall refund the entire pool if no ticket selected the winner of any one race.

(f) If one of the races is cancelled, the net pool shall be distributed as provided in subsection (e). If more than one race is cancelled the association shall refund the entire pool.

(g) If a wagering interest is scratched (which hereinafter includes being declared a non-starter) from any leg of the Pick Three prior to the running of the first leg, or if a wagering interest is designated to run for purse only in accordance with rule 1974 of this article, all wagers containing such scratched or designated wagering interests shall be refunded.

(h) If a wagering interest is scratched or designated to run for purse only from the second leg after the start of the first leg, a consolation payout shall be computed for those wagers combining the winners of the first and third legs with such scratched or designated horse(s) as follows: The amount represented by wagers on combinations involving horse(s) scratched or designated to run for purse only from the second leg shall be deducted from the gross pool. The resulting pool, net of takeout, shall be distributed as a win pool among tickets combining the winners of the first and third legs with horse(s) designated to run for purse only or scratched from the second leg.

- (m) In the event of a dead heat for win between two or more horses in any Select Four race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.
- (n) No pari-mutuel ticket for the Select Four pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the four races comprising the Select Four, except for such refunds on Select Four tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Select Four pool or the number or amount of tickets selecting winners of Select Four races until such time as the stewards have determined the last race comprising the Select Four to be official. Standardbred stallions shall be nominated annually to the official registry by application in such form prescribed by the Board accompanied by a nomination fee determined by the Board and by a true and correct copy of the Registration Certificate issued to the nominated stallion by the United States Trotting Association.

(a) The eligibility and nomination of a previously registered stallion may be renewed upon the submission of a nomination application form and the nomination fee determined by the Board.

2058. Duties of a Racing Association or Fair Offering Simulcast Wagering.

(a) A racing association or fair may simulcast its racing program as the host association and/or any other association or fair racing programs as an authorized user either by forming its own simulcast organization as defined in Rule 2059 of this division or by acting on its own behalf by contracting with each individual fair or racing association simulcast facility or by contracting with an existing simulcast organization. If the association or fair acts on its own behalf, it is responsible for all of the provisions outlined in Rule 2060 of this division.

(b) A host association is responsible for the content and broadcast quality of its simulcast and shall use all reasonable effort to present a simulcast which offers viewers an exemplary depiction of its racing program, e.g., pre-race activities such as the paddock area, pony riders and racehorses on the track, the starting gate, the actual race in its entirety and post race activities such as the replay of the race, the finish line showing the horses crossing in slow motion, any replay where there is an inquiry by the stewards, the winner's circle and excerpts of the race. A periodic display of wagering information shall be shown, e.g., the odds information, win, place and show pools and the probable payouts on different types of wagers on the screen and scanning of the tote board on an intermittent basis. The simulcast shall contain continuity programming between horse racing events, e.g., display of the paddock and walking ring, replays of the previous race, the horses and outriders, odds information and overall activity at the track.

(c) Simulcasts must be encrypted using a time displacement decoding algorithm encryption system. If new technology is available, approval by the Board's Pari-mutuel Operations Committee must be obtained before its use by a simulcast facility. Approval shall be requested in writing to the Board. The Board shall act to approve the request at its next regularly scheduled Pari-mutuel Operations Committee meeting if the request is received two weeks before the meeting date.

(d) The content of every simulcast video will contain a digital display of the calendar date, time of day, name of the racetrack from where it emanates and the number of the race being displayed. All replays of races will be so designated on the video image.

(e) Every host association shall make its totalizator system available for common pooling of pari-mutuel amounts from guest associations with pari-mutuel pools. All wagers made available by a host association shall be made available to all simulcast facilities.

(f) If the host association is authorized by the Board to simulcast a feature race for wagering use by any California racing association, fair or simulcast facility, and is authorized, under Section 19601(a)(3) of the Business and Professions Code, not to combine the wagers made at the other association, fair or facility with its own pari-mutuel pools, the association shall nevertheless pay the license fee on all amounts wagered on the feature race based on the license fee schedule applicable to its race meeting.

(g) A facsimile (FAX) machine must be available at all times in the totalizator room for ease of administration when pools are merged with other simulcasting facilities.
