**NOTE: Government Code section 11340.85 requires the Board to post all notices, initial statement of reasons and texts of rules noticed to the public until 15 days after the proposed regulations are filed with the Secretary of State by the Office of Administrative Law.**

CALIFORNIA HORSE RACING BOARD  
TITLE 4, DIVISION 4, CALIFORNIA CODE OF REGULATIONS  
NOTICE OF PROPOSAL TO ADD  
RULE 1489.1. SUSPENSION OF LICENSE DUE TO DELINQUENT TAX DEBT

The California Horse Racing Board (Board/CHRB) proposes to add the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

### PROPOSED REGULATORY ACTION

The Board proposes to add Rule 1489.1, Suspension of License Due to Delinquent Tax Debt, to comply with the provisions of Business and Professions Code section 494.5. The proposed regulation requires the Board to mail a preliminary notice of intent to suspend, or withhold issuance or renewal of license to current licensees or applicants for license whose name appears on the Board of Equalization (BOE) or the Franchise Tax Board (FTB) 500 largest tax delinquencies lists. If, within 90 days of the mailing of the preliminary notice, the Board receives a notice of release from the BOE or FTB the licensee will not be suspended and the temporary license may become permanent. If no such release is received within 90 days, the license is suspended or the temporary license is terminated and the license fees forfeited. Upon receipt of a notice of compliance, the proposed regulation requires that a suspended license be reinstated within five working days.

### PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, June 28, 2012**, or as soon after that as business before the Board will permit, at the **Hollywood Park Race Track, 1050 South Prairie Avenue, Inglewood, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

### WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. The written comment period closes at **5:00 p.m., on June 4, 2012**. The Board must receive all comments at that time; however, written comments may still be submitted at the public hearing. Submit comments to:

## AUTHORITY AND REFERENCE

Authority cited: Sections 494.5, 19440, 19510, 19520, and 19704, Business and Professions Code. Reference: 494.5, 19510, 19520, and 17904, Business and Professions Code.

Business and Professions Code sections 494.5, 19440, 19510, 19520, and 19704 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific sections 494.5, 19510, 19520, and 17904, Business and Professions Code.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 494.5(a)(1) states that except as provided in paragraphs (2), (3), and (4) of this section, a state governmental licensing entity shall refuse to issue, reactivate, reinstate, or renew a license and shall suspend a license if a licensee's name is included on a certified list. Business and Professions Code section 494.5(e)(2)(A) requires the state governmental licensing entity to issue a temporary license valid for a period of 90 days to any applicant whose name is on a certified list if the applicant is otherwise eligible for a license. Business and Professions Code section 494.5(b)(1) provides that "Certified list" means either the list provided by the State Board of Equalization or the list provided by the Franchise Tax Board of persons whose names appear on the lists of the 500 largest tax delinquencies pursuant to section 7063 or 19195 of the Revenue and Taxation code, as applicable. Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include, but not be limited to, licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with pari-mutuel wagering. Business and Professions Code section 19510 states no person required to be licensed may participate in any capacity in any horse race meeting without a valid and unrevoked license. Business and Professions Code section 19461 states every license granted under this chapter is subject to suspension or revocation by the Board in any case where the Board has reason to believe that any condition regarding it has not been complied with, or that any law, including the Labor Code and the regulations adopted there under, or any rule or regulation of the board affecting it has been broken or violated. Business and Professions Code section 19520 provides that every person not required to be licensed who participates in, or has anything to do with the racing of horses shall be licensed by the Board pursuant to rules and regulations that the Board may adopt, and upon the payment of a license fee fixed and determined by the Board.

Assembly Bill (AB) 1424, statutes of 2011, requires the suspension of occupational, professional and drivers licenses for debtors appearing on the top 500 largest tax delinquencies lists for Franchise Tax Board (FTB) and Board of Equalization (BOE). Under AB 1424, the FTB and BOE are required to submit a list of names of persons appearing on their 500 largest tax delinquencies lists to licensing agencies. The licensing agencies are required to determine if the name of a licensee appears on the lists. If so, the licensing agency must provide the licensee or applicant for license preliminary notice of its intent to suspend, withhold or refuse renewal of license. If an applicant for license appears on the list, he may only be granted a 90-day temporary license. Within at least 90 days of the preliminary notice of intent to suspend, withhold or refuse renewal of license, the licensing agency shall suspend the occupational license or terminate the temporary license unless the BOE or

FTB provides the Board with the licensee's or applicant's compliance. When the licensee has complied with the tax obligation, the BOE or FTB shall mail a release form to the licensee, as well as the appropriate state governmental licensing entity. The CHRB would have five working days to process the release.

Pursuant to AB 1424, Chapter 455, Statutes of 2011, the Board proposes to add Rule 1489.1, Suspension of License Due to Delinquent Tax Debt. Subsection 1489.1(a) states that no person may be issued a permanent license if his or her name appears on the certified lists provided by BOE or FTB. This informs applicants that failure to pay a significant tax obligation which results in the applicant's name being placed on the BOE or FTB certified lists will prevent them from obtaining a permanent license with the Board. Subsection 1489.1(b) states that licensees or applicants whose names appear on the lists shall be notified by the Board immediately that their licenses may be suspended or the issuance or renewal of the licenses withheld. This informs the licensee or the applicant that unless their tax delinquencies are resolved, their occupational licenses may be subject to suspension, or the issuance or renewal of their license may be withheld. Subsection 1489.1(b) states how the Board will notify the licensee or applicant; by certified mail. This is in keeping with the statute and makes specific AB 1424 by setting the requirements for when and how the Board must notify licensees and applicants. Subsection 1489.1(c) states that a licensee or applicant whose name appears on the lists shall, 90 days after the Board issues a preliminary notice of intent, be subject to suspension of license, or denied a permanent license, unless the BOE or FTB provides the Board with the licensee's or applicant's compliance. This is in compliance with AB 1424. Licensees and applicants are notified of the allotted period of time before they may expect a suspension of license if tax delinquencies are not resolved. Subsection 1489.1(c)(1) informs suspended licensees when they may expect to have their license reinstated once the Board has been notified of their compliance. This allows licensees and applicants to be informed of how soon they may participate in horse racing activities. Subsection 1489.1(c)(2) describes what occurs if the tax delinquency with BOE or FTB is not resolved. It states that a temporary license is valid for a period of 90 days and that the temporary license will be terminated with the loss of the fee if the applicant does not comply. This gives a time frame of when a licensee or applicant must resolve the tax delinquency if he or she does not wish to have the temporary license terminated or license fee forfeited. Subsection 1489.1(d) defines "certified list". This eliminates any unnecessary confusion. It is important for licensees and applicants to know exactly what list the Board is referencing.

#### POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

The proposed regulation promotes fairness. Individuals who obey tax laws will receive permanent licenses, and those that do not comply with the law and have tax obligations significant enough to be placed on the BOE or FTB certified lists will have his/her license suspended or terminated.

Consistency with Existing State Regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

#### DISCLOSURE REGARDING THE PROPOSED ACTION/RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary costs or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed addition of Rule 1489.1 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed amendment of Rule 1489.1 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

Effect on small businesses: none. The proposal to add Rule 1489.1 does not affect small businesses because horse racing is not a small business under Government Code Section 11342.610.

The addition of Rule 1489.1 will benefit California by promoting fairness. Individuals who obey tax laws will receive permanent licenses, and those that do not comply with the law and have tax obligations significant enough to be placed on the BOE or FTB certified lists will have his/her license suspended or terminated.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

## CONTACT PERSON

Inquiries concerning the substance of the proposed action and requests for copies of the proposed text of the regulation, the initial statement of reasons, the modified text of the regulation, if any, and other information upon which the rulemaking is based should be directed to:

## AVAILABILITY OF INITIAL STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATION

The Board will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its offices at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulation, and the initial statement of reasons. Copies may be obtained by contacting Erica Ward, or the alternative contact person at the address, phone number or e-mail address listed above.

## AVAILABILITY OF MODIFIED TEXT

After holding a hearing and considering all timely and relevant comments received, the Board may adopt the proposed regulation substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text, with changes clearly marked, shall be made available to the public for at least 15 days prior to the date on which the Board adopts the regulations. Requests for copies of any modified regulations should be sent to the attention of Erica Ward at the address stated above. The Board will accept written comments on the modified regulation for 15 days after the date on which it is made available.

## AVAILABILITY OF STATEMENT OF REASONS:

Requests for copies of the final statement of reasons, which will be made available after the Board has adopted the proposed regulations in their current or modified form, should be sent to the attention of Erica Ward at the address stated above.

## BOARD WEB ACCESS

The Board will have the entire rulemaking file available for inspection throughout the rulemaking process at its web site. CALIFORNIA HORSE RACING BOARD  
TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 4. OCCUPATIONAL LICENSES  
PROPOSED ADDITION OF  
RULE 1489.1. SUSPENSION OF LICENSE DUE TO DELINQUENT TAX DEBT

### 1489.1. Suspension of License Due to Delinquent Tax Debt.

(a) No licensee, applicant for license, renewal of license or registration, or any person required to obtain an occupational license from the Board may be issued a permanent license, or reactivate, reinstate or renew a permanent license if his or her name appears on the certified list provided by the California State Board of Equalization (BOE) or the Franchise Tax Board (FTB).

(b) If the name of a licensee or applicant for license appears on the BOE or FTB certified list the Board shall immediately provide the licensee or applicant for license with preliminary notification that:

(1) The license shall be suspended, or

(2) The issuance or renewal of the license shall be withheld.

The preliminary notification shall be made by certified mail to the licensee's or applicant's last given place of residence as provided under Business and Professions Code section 494.5(e)(2).

(c) In accordance with the provisions of Business and Professions Code section 494.5(f)(1), a licensee or applicant for license whose name appears on the certified list shall, 90 days after the Board issues a preliminary notice of intent to suspend or withhold issuance or renewal of license, be subject to suspension of license, or denial of a permanent license, unless and until the BOE or the FTB provides the Board with notice of the licensee's or applicant's compliance.

(1) A license suspended due to delinquent tax debt shall be reinstated within five business days following receipt by the Board of a notice of compliance from the BOE or the FTB.

(2) A temporary license issued to an applicant whose name appears on the certified list shall be valid for a period of 90 days and thereafter shall be terminated unless the Board has received a notice of compliance from the BOE or the FTB. In the event of termination of a temporary license, the occupational license fee shall be forfeited.

(d) For the purposes of this regulation “certified list” means the list provided by the BOE or the FTB of persons whose names are on the lists of the 500 largest tax delinquencies as provided under section 7063 or 19195 of the Revenue and Taxation Code.

CALIFORNIA HORSE RACING BOARD  
TITLE 4, DIVISION 4, CALIFORNIA CODE OF REGULATIONS

NOTICE OF PROPOSAL TO ADD  
RULE 1581.2. PROHIBITION ON ENTERING OF PREGNANT MARES BEYOND 120 DAYS  
GESTATION.

The California Horse Racing Board (Board/CHRB) proposes to add the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The proposed addition of Rule 1581.2, Prohibition on Entering of Pregnant Mares Beyond 120 Days Gestation, would prohibit the racing of pregnant mares beyond 120 days of gestation.

PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, August 23, 2012**, or as soon after that as business before the Board will permit, at the **Del Mar Surfside Race Place, 2260 Jimmy Durante Blvd., Del Mar, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. The written comment period closes at **5:00 p.m., on July 30, 2012**. The Board must receive all comments at that time; however, written comments may still be submitted at the public hearing. AUTHORITY AND REFERENCE

Authority cited: Sections 19420, 19440, and 19562, Business and Professions Code. Reference: 19562, Business and Professions Code.

Business and Professions Code sections 19420, 19440, and 19562 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific section 19562, Business and Professions Code.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in California and over all persons or things having to do with such meetings is vested in the California Horse Racing Board (Board). Business and Professions Code section 19440 states responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 states the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in California.

The Board proposes the addition of Rule 1581.2 which would prohibit the racing of pregnant mares beyond 120 days of gestation. The Board believes it is necessary to adopt Rule 1581.2 to protect the health and safety of the mare and her foal. Rule 1581.2 is consistent with past Board initiatives aimed at the welfare of the horse such as Rule 1902.5, Animal Welfare, which provides that no person under the jurisdiction of the Board shall alone, or in concert with another person, permit or cause an animal under his control or care to suffer any form of cruelty, mistreatment, neglect or abuse. Rule 1581.2 would put California in line with other international jurisdictions and with the International Group of Specialist Racing Veterinarians (IGSRV) Welfare Guidelines for Horseracing. The IGSRV produced the Welfare Guidelines for Horseracing to assist individual racing jurisdictions in promoting the welfare of horses. One of the IGSRV's principles for the ethical management of horses provides that mares should not be raced beyond 120 days of pregnancy. Other international jurisdictions' guidelines that share the same principle are the Hong Kong Jockey Club Rule 146 (7), the British Horse Racing Authority, and the Australian Welfare Guidelines. Dr. Rick Arthur, CHRB Equine Medical Director, has reported that the International Federation of Horseracing Authorities (IFHA) is also in the process of adding the same 120 day provision in Article 6 of its animal welfare standards.

## POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

The proposed addition of Rule 1581.2 promotes the protection of horse health and safety. The health and safety of the mare and foal is put in jeopardy if the mare races beyond 120 days gestation. Race horses are valuable and keeping them healthy protects the economic interest of the owners and ensures that there is adequate racing stock. If the horses' health and safety are protected, the jockeys who ride the horses will in turn have their health and safety protected as well. If the pregnant mares entered to race are not having health issues, the public will have more confidence in California horse racing and see it as a sport that cares, which may result in an increase of attraction to the sport. An increase attraction could result in an increase in wagering which will have a positive economic impact on the industry.

Consistency with Existing State Regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

## DISCLOSURE REGARDING THE PROPOSED ACTION/RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed addition of Rule 1581.2 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed addition of Rule 1581.2 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California. The proposed addition of Rule 1581.2 will benefit California by protecting horse health and safety. The health and safety of the mare and foal is put in jeopardy if the mare races beyond 120 days gestation. Effect on small businesses: none. The proposal to add Rule 1581.2 does not affect small businesses because horse racing is not a small business under Government Code Section 11342.610.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

CALIFORNIA HORSE RACING BOARD  
TITLE 4, DIVISION 4, CALIFORNIA CODE OF REGULATIONS

NOTICE OF PROPOSAL TO AMEND  
RULE 1656, ERRORS WHICH INVALIDATE CLAIM

The California Horse Racing Board (Board) proposes to amend the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The Board proposes to amend Rule 1656, Errors Which Invalidate Claim, to provide that if the name of the new trainer, or the claiming race number or the date of the claiming race are not correctly specified on a claim form, CHR-11 (REV. 8/00) Agreement to Claim, the claim shall be invalid.

PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, August 23, 2012**, or as soon after that as business before the Board will permit, at the **Del Mar Surfside Race Place, 2260 Jimmy Durante Boulevard, Del Mar, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. AUTHORITY AND REFERENCE

Authority cited: Sections 19420, 19440 and 19562, Business and Professions Code. Reference: Sections 19408.2 and 19562, Business and Professions Code.  
Business and Professions Code sections 19420, 19440 and 19562 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific sections 19408.2 and 19562, Business and Professions Code.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19408.2 states a “claiming race” means a race in which any horse entered therein may be claimed in conformity with the rules established by the Board. Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in this state where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include, but not be limited to: adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in this state.

A claiming race is a race in which any of the horses entered may be purchased (claimed) out of the race by any person who is eligible to claim a horse at that meeting. Eligible persons are licensed horse owners or persons who hold “horse owner by open claim” certificates. To claim a horse, the interested party must ensure sufficient funds are on deposit with the paymaster of purses at the track where the horse is to be claimed. In addition, the interested party must properly complete the claim form CHRB-11 (REV. 8/00) Agreement to Claim. The properly completed form has to be dropped into the claiming box within a specified time. The moment the gate opens the person who has claimed the horse becomes its owner. However, if the horse wins the race or earns money, the purse goes to the owner who entered it in the race. If more than one person has put in a claim for the same horse, they “shake” for it (draw lots). The person who wins the shake becomes the owner.

Board Rule 1656 lists errors that may be made on a claim form which will invalidate the claim. The list of possible errors covers most of the information required on a claim form, but it leaves out several items. Rule 1656 also gives the stewards the discretion to invalidate a claim if the form is so defective they cannot approve its validity. So, if there is an error on a claim form that is not listed under Rule 1656, the stewards could void the claim, or they could let it stand. The discretion Rule 1656 provides the stewards has resulted in disputed claims, especially when there are multiple claimants, and the stewards decide to ignore an error that is not listed in Rule 1656. Disputed claims must be resolved in formal stewards’ hearings. A recent stewards’ decision regarding an error on a claim form resulted in the determination by the Board that it is necessary to amend Rule 1656 to make the regulation more specific regarding errors that will invalidate a claim. In January 2012 the stewards allowed a claim to stand despite the entry of an erroneous date for the claiming race. After a formal hearing was held on the disputed claim, the stewards reversed their decision and awarded the horse to another party who also submitted a claim. To help prevent such disputes, the Board proposes to amend Rule 1656 to specify additional fields that must be properly filled out on the claim form for the claim to be valid. The proposed amendment of Rule 1656 requires that the name of the new trainer, the claiming race number and the date of the claiming race must be correctly entered on the claim form for the claim to remain valid. The name of the new trainer is important because the trainer usually represents the owner at the racetrack and is more likely to be available to the stewards if there are any questions. The correct claiming race number is important, as there is usually more than one claiming races in a program. Although there should be no questions regarding the correct claiming race number, because no horse could be entered in more than one claiming race in a single program, an erroneous entry is enough to cause the claim to be disputed if there is more than one claimant. Finally, the proposed amendment states the date of the claiming race must be correct. This also may cause a

dispute if there is more than one claimant. The agreement to claim is not a large form, and it requires only minimal information. Proof reading the claim form would take no more than a minute or two. The correct information regarding the claiming race, including its time and date, is readily available to owners and trainers and is printed in the condition book for the race meeting and in the daily programs. Owners and trainers know that a mistake on the claim form can invalidate a claim. Therefore, there is no valid reason to submit incorrect information. The proposed amendment of Rule 1656 also incorporates by reference the claim form CHRB-11 (REV. 8/00) Agreement to Claim. The same form is used at every California racetrack and it is also available at Board headquarters office. The form is being incorporated by reference so persons who use Rule 1656 will know which form they must use to claim a horse.

#### POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. By amending Rule 1656 the Board will provide clarity regarding the claiming process. Persons who claim horses will know that a claim is subject to being declared invalid if they do not ensure the claim form is properly completed prior to its submission. This may result in fewer disputed claims, as there would be no questions about the consequences of an incorrect name, date or race number. This will also have the benefit of providing consistency and fairness for persons who claim horses. By incorporating the form CHRB-11 (REV. 8/00) Agreement to Claim in Rule 1656, the proposed regulation will have the benefit of providing openness in the operation of the Board, as prospective claimants will know what form must be filled out to claim a horse.

Consistency with existing state regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

#### DISCLOSURE REGARDING THE PROPOSED ACTION

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary cost or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed amendment to Rule 1656 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed amendment to Rule 1663 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

This regulation will have a positive effect on California's horseracing industry by clarifying the consequences of improperly filling out the form CHRB-11 (REV. 8/00) Agreement to Claim. The proposed regulation will also reduce the number of disputed claims.

Effect on small businesses: none. The proposal to amend Rule 1663 does not affect small businesses because horse racing associations in California are not classified as small businesses under Government Code Section 11342.610. Rule 1656 states that a claimant must properly complete the form CHRB-11 (REV. 8/00) Agreement to Claim. The regulation also incorporates by reference the form CHRB-11 (REV. 8/00) Agreement to Claim, so that prospective claimants will know which form must be submitted to claim a horse.

## RESULTS OF ECONOMIC IMPACT ANALYSIS

The results of the Board's Economic Impact Assessment as required by Government Code section 11346.3(b) are as follows:

There will be no impact on the creation or elimination of jobs within the state, the creation of new businesses or the elimination of existing businesses or the expansion of businesses in California. However, the proposed regulation will have a positive effect on the economic health of California's horseracing industry by increasing fairness in the claiming process, reducing the number of disputed claims, and by clarifying which form must be submitted to claim a horse. There will be no benefits to the health and welfare of California residents, worker safety, and the state's environment.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

## CONTACT PERSONS

## AVAILABILITY OF INITIAL STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATION

The Board will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its offices at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulation, and the initial statement of reasons. Copies may be obtained by contacting Harold Coburn, or the alternate contact person at the address, phone number or e-mail address listed above.

## AVAILABILITY OF MODIFIED TEXT

After holding a hearing and considering all timely and relevant comments received, the Board may adopt the proposed regulation substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text, with changes clearly marked, shall be made available to the public for at least 15 days prior to the date on which the Board adopts the regulations. Requests for copies of any modified regulations should be sent to the attention of Harold Coburn at the address stated above. The Board will accept written comments on the modified regulation for 15 days after the date on which it is made available.

## AVAILABILITY OF FINAL STATEMENT OF REASONS

Requests for copies of the final statement of reasons, which will be available after the Board has adopted the proposed regulation in its current or modified form, should be sent to the attention of Harold Coburn at the address stated above.

CALIFORNIA HORSE RACING BOARD  
TITLE 4, DIVISION 4, CALIFORNIA CODE OF REGULATIONS

NOTICE OF PROPOSAL TO AMEND  
RULE 1663, ENTRY OF CLAIMED HORSE

The California Horse Racing Board (Board) proposes to amend the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The Board proposes to amend Rule 1663, Entry of Claimed Horse, to provide that if a horse is entered in a claiming race within 25 days of being claimed: 1) A horse that won the claiming race from which it was claimed shall start in a claiming race for at least 25 percent more than the price at which it was claimed, and 2) A horse that did not win the claiming race from which it was claimed shall start at a price equal to, or greater than, the price at which it was claimed. The proposed amendment will also delete the current subsections 1663(b) and (b)(1).

PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, April 26, 2012**, or as soon after that as business before the Board will permit, at the **Hollywood Park Race Track, 1050 South Prairie Avenue, Inglewood, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. The written comment period closes at **5:00 p.m. on April 23, 2012**. The Board must receive all comments at that time; however, written comments may still be submitted at the public hearing. Submit comments to:

AUTHORITY AND REFERENCE

Authority cited: Sections 19420 and 19440, Business and Professions Code. Reference: Section 19562, Business and Professions Code.

Business and Professions Code sections 19420 and 19440 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific section 19562, Business and Professions Code.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in this state where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board. Business and Professions Code section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include, but not be limited to: adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562 provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in this state.

A claiming race is a race in which any of the horses entered may be purchased (claimed) out of the race by any person who is eligible to claim a horse at that meeting. Eligible persons are licensed horse owners or persons who hold "horse owner by open claim" certificates. To claim a horse, the interested party must ensure sufficient funds are on deposit with the paymaster of purses at the track where the horse is to be claimed. In addition, the interested party must properly complete a claim form that has to be dropped into the claiming box within a specified time. The moment the gate opens the person who has claimed the horse becomes its owner. However, if the horse wins the race or earns money, the money goes to the owner who entered it in the race. If more than one person has put in a claim for the same horse, they "shake" for it (draw lots). The person who wins the shake becomes the owner.

The Board proposes to amend Rule 1663 to modify the conditions under which a horse claimed in a claiming race may start in another claiming race within 25 days of the original claim. Rule 1663 currently states that any horse that starts in a claiming race within 25 days of being claimed shall run for a price that is at least 25 percent more than the price at which it was claimed. The required 25 percent increase in the claiming price within 25 days of being claimed is known as "jail time". This is because not all claimed horses are capable of running in a higher level race, so they are often kept in the barn until the 25-day period is ended. Some form of this prohibition is in effect in most horseracing jurisdictions. The proposed amendment would add a new subsection 1663(b) and (b)(1) to provide that if a claimed horse is entered in a claiming race within 25 days of being claimed, and it won the race from which it was claimed, it shall start for at least 25 percent more than the amount for which it was claimed. This will have the effect of requiring only winning claimed horses to run in a subsequent claiming race (within 25 days of being claimed) for an amount greater than the price at which they were claimed. This will release all other claimed horses to run in accordance with a new subsection 1663(b)(2), which provides that a horse that did not win the claiming race from which it was claimed shall start in another claiming race within 25 days of the date it was claimed for the same amount at which it was claimed, or more. This means that within 25 days of being claimed, the horse does not have to run back at an increased price, and may start in a claiming race for at least the same price at which it was previously claimed. At the end of the 25 day jail time, all claimed horses may be entered in a claiming race for any price. This is current practice, and it will continue as such.

The Board believes the proposed amendment to Rule 1663 will encourage trainers to run claimed horses back sooner, rather than leaving the horses in barns for weeks at a time. Many trainers currently wait-out the 25 day

period because they do not believe the horses they claimed would be able to compete in a higher level claiming race. The proposed amendment may help racing associations by increasing the number of horses available to race, which will increase the fields (number of horses in a race) and provide more wagering opportunities. In turn, the entire industry would benefit because increased wagering opportunities result in a larger handle, which provides income to the tracks and horsemen in the form of commissions and purses. (The handle is the total amount wagered on a race, a portion of which is reserved by statute for track commissions and purses).

The proposed amendment will delete the current subsection 1663(b) because the industry believes the 60-day jail time is unnecessary and burdensome. The Board agreed with the industry and has temporarily suspended the subsection by applying the provisions of Board Rule 1406, Suspension of Rule. In addition, the current subsection 1663(b)(1) has been deleted, as the proposed elimination of the current subsection 1663(b) eliminates the need for the California Fair Circuit to be considered one race meeting for the purposes of claiming. This will allow horsemen to freely move horses claimed in California to other states for racing purposes.

#### POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. By amending Rule 1663 the Board will honor its commitment to the continued economic health and well being of California's horseracing industry. It is anticipated that the amendment of Rule 1663 will free trainers and owners to enter claimed horses in upcoming claiming races that are equal in value to the race from which they were claimed, rather than having to withhold such horses until the traditional 25-day jail time has lapsed. The benefit of running horses back sooner is that racing associations will have fewer problems filling races. Full races result in more wagering activity from California residents and out-of-state horseracing fans. Increased wagering translates to higher purses and commissions. The ability to run back a claimed horse within 25-days of the claim will encourage trainers to keep such horses in California, which will benefit the entire industry. A healthy horseracing industry benefits the communities in which California racetracks are located, and promotes agriculture and breeding of horses in this State.

Consistency with existing state regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

#### DISCLOSURE REGARDING THE PROPOSED ACTION

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary cost or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed amendment to Rule 1663 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed amendment to Rule 1663 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

This regulation will have a positive effect on the economic health of California's horseracing industry by allowing claimed horses to run-back in claiming races of equal or greater value as soon as the trainer or owner believes the horse is ready to compete. This will help the industry fill claiming races, and potentially increase commissions and purses.

Effect on small businesses: none. The proposal to amend Rule 1663 does not affect small businesses because horse racing associations in California are not classified as small businesses under Government Code Section 11342.610. Rule 1663 states the conditions under which a horse claimed out of a claiming race may start in a subsequent race, and may be run back in a claiming race or run out-of-state. The regulation also provides the conditions under which a claimed horse may be removed from the grounds of the racing association where it was claimed.

## RESULTS OF ECONOMIC IMPACT ANALYSIS

The results of the Board's Economic Impact Assessment as required by Government Code section 11346.3(b) are as follows:

There will be no impact on the creation or elimination of jobs within the state, the creation of new businesses or the elimination of existing businesses or the expansion of businesses in California. However, the proposed regulation will have a positive effect on the economic health of California's horseracing industry by allowing claimed horses to run-back in claiming races of equal or greater value as soon as the trainer or owner believes the horse is ready to compete. This will help the industry fill claiming races, and potentially increase commissions and purses in some instances.

There will be no benefits to the health and welfare of California residents, worker safety, and the state's environment.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

AUTHORITY AND REFERENCE

Authority cited: Sections 19440, 19461 and 19580, Business and Professions Code. Reference: 19461, 19580, 19581 and 19582, Business and Professions Code, and section 11425.50, Government Code.

Business and Professions Code sections 19440, 19461 and 19580 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific sections 19461, 19580, 19581 and 19582, Business and Professions Code, and section 11425.50, Government Code.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19461 states every license granted under this chapter is subject to suspension or revocation by the Board in any case where the Board has reason to believe that any condition regarding it has not been complied with, or that any law, or any rule or regulation of the Board affecting it has been broken or violated. Business and Professions Code section 19580 provides the Board shall adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in the state. Those policies, guidelines and penalties shall include, at a minimum, the provisions set forth in this article. Business and Professions Code section 19581 states no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the Board has, by regulation, specifically authorized the use of the substance and the quantity and the composition thereof. Business and Professions Code section 19582 states violations of section 19581, as determined by the Board are punishable as set forth in regulations adopted by the Board. The Board may classify violations of section 19581 based on each class of prohibited drug substances, prior violations within the previous three years, and prior violations within the violator's lifetime. The Board may provide for the suspension of a license for not more than three years, except as provided in subdivision (b), or a monetary penalty of not more than one hundred thousand dollars, or both, and disqualification from purses, for a violation of section 19581. The actual amount of the monetary penalty imposed pursuant to this paragraph shall be determined only after due consideration has been given to all the facts, circumstances, acts, and intent of the licensee, and shall not be solely based on the trainer-insurer rule, as established in section 1843 and 1887 of Title 4 of the California Code of Regulations. The punishment for second and subsequent violations of section 19581 shall be greater than the punishment for a first violation of section 19581 with respect to each class of prohibited drug substances, unless the administrative law judge, in findings of fact and conclusions of law filed with the Board, concludes that a deviation from this general rule is justified. A third violation of section 19581 during the lifetime of the licensee, determined by the Board to be at a class I or class II level, may result in the permanent revocation of the person's license. The administrative law judge shall, after consideration of the circumstances surrounding a violation specified in paragraph (1), file a decision with the Board that includes findings of fact and conclusions of law. Any person whose license is suspended or revoked pursuant to this section shall not be entitled to receive any material benefit or remuneration in any capacity or from any business activity permitted or allowed by the license during any period of its suspension or revocation. The penalties provided by this section are in addition to any other civil, criminal, and administrative penalties or sanctions provided by law, and do not supplant, but are cumulative to, other penalties or sanctions. Business and Professions Code section 19461 provides that every license granted under this chapter is subject to suspension or revocation by the Board in any case where the Board has reason to believe that any condition regarding it has not been complied with, or that any law, or any rule or regulation of the Board affecting it has been broken or violated. All proceedings to revoke a license shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code. Government Code section 11425.50 states the decision shall be in writing and shall include a statement of the factual and legal basis for the decision.

The Board proposes to amend Rule 1843.3 to change the time periods for Category “B” medication violations in cases of an owner’s or trainer’s second and third offense. The Rule currently provides for increased penalties if a second offense occurs within 365 days of a first offense, or a third offense occurs within 365 days of a second offense. The Board believes it is necessary to lengthen the period of time within which licensees may receive increased penalties for second and third Category “B” medication violations because it is possible to have multiple violations over a long period of time, and still only receive a minimum 30-day suspension under the Category “B” first offense. This is because there is only a 365-day period in which a subsequent Class “B” violation may result in an increased penalty. The proposed amendment to Rule 1843.3 will allow the Board to give appropriate penalties for repeat offenders by increasing the time period between offenses. The current 365-day period for a second Category “B” offense will be changed to two years, and the current 365-day period for a third offense will be changed to five years. The proposed increase in penalty time periods between violations does not mean persons with second or third offenses will automatically receive harsher penalties. Rule 1843.3(a) requires the Board of Stewards, the hearing officer or the administrative law judge to consider mitigating circumstances, as well as the penalties set forth in the regulation. If the hearing officer determines there are mitigating circumstances, deviation from the penalty guidelines may be appropriate, including lesser or no penalty. Lengthening the periods of time associated with second and third Category “B” medication violations simply provides the Board with more flexibility in considering the appropriate penalties for licensees who display a pattern of medication violations over time. The Board’s proposal to amend Rule 1843.3 is also in line with the recommendation of the Racing Medication and Testing Consortium (RMTC) recommendations. In August 2011 the RMTC board of directors adopted a recommendation to change the current 365-day period for Category “B” prohibited drugs to within two years in any jurisdiction for a second violation and within a five-year period in any jurisdiction for a third violation. The RMTC consists of 25 racing industry stakeholders and organizations that represent thoroughbred, standardbred, American Quarter Horse and Arabian racing. The organization works to develop and promote uniform rules, policies and testing standards at the national level. While the RMTC’s recommendations are not binding, the CHRB endorses the uniformity of regulations that seek to ensure the integrity of racing and the health and welfare of racehorses and participants, as well as the interests of the racing public.

## POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

Business and Professions Code section 19440 states that jurisdiction and supervision over meetings in this state where horse races with wagering on their results are held or conducted, or over all persons or things having to do with the operation of such meetings, is vested in the CHRB. The principal responsibilities of the Board include adopting rules and regulations for the protection of the public and the control of horseracing and pari-mutuel wagering, as well as administration and enforcement of all laws, rules and regulations affecting horseracing and pari-mutuel wagering. The proposed amendment of Rule 1843.3 will change the time periods associated with penalty guidelines for Category “B” Penalties. The time period for second offense Category “B” violations will change from 365 days to three years and for third offense Category “B” violations the time period will change from 365 days to five years. These changes will have several benefits for California’s horseracing industry. Lengthening the time periods under which repeat offenders may receive enhanced penalties for Class “B” medication violations promotes fairness in that licensees who may have one or two Class “B” violations during their entire career will not face the same penalties as a licensee who has a history of multiple drug violations over the space of a couple years. In addition, enhanced periods of suspension may act as a deterrent, which would level the playing field for the wagering public. The proposed amendment to Rule 1843.3 would also promote worker safety for jockeys, grooms and stable employees who work closely with horses.

Consistency with Existing State Regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

#### DISCLOSURE REGARDING THE PROPOSED ACTION

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary costs or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed amendment of Rule 1843.3 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed amendment of Rule 1843.3 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California.

Lengthening the time periods under which repeat offenders may receive enhanced penalties for Class “B” medication violations promotes fairness in that licensees who may have one or two Class “B” violations during their entire career will not face the same penalties as a licensee who has a history of multiple drug violations over the space of a couple years. In addition, enhanced periods of suspension may act as a deterrent, which would level the playing field for the wagering public. The proposed amendment to Rule 1843.3 would also promote worker safety for jockeys, grooms and stable employees who work closely with horses. This regulation will have act as a deterrent to those who might attempt to gain an advantage by the unauthorized use of medication and drug substances. The economic success of horseracing is dependent on its ability to ensure the integrity of the sport.

Effect on small businesses: none. The proposal to amend Rule 1843.3 does not affect small businesses because horse racing is not a small business under Government Code Section 11342.610. Rule 1843.3 provides penalty guidelines for violations due to the presence of a drug substance in an official test sample.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

## CONTACT PERSON

Inquiries concerning the substance of the proposed action and requests for copies of the proposed text of the regulation, the initial statement of reasons, the modified text of the regulation, if any, and other information upon which the rulemaking is based should be directed to:

CALIFORNIA HORSE RACING BOARD  
TITLE 4, CALIFORNIA CODE OF REGULATIONS  
ARTICLE 15, VETERINARY PRACTICES  
PROPOSED AMENDMENT OF  
RULE 1843.3. PENALTIES FOR MEDICATION VIOLATIONS

#### 1843.3. Penalties for Medication Violations.

(a) In reaching a decision on a penalty for a violation of Business and Professions Code section 19581, the Board, the board of stewards, the hearing officer or the administrative law judge shall consider the penalties set forth in subsections (d) and (e) of this Rule and any aggravating and mitigating circumstances. Deviation from these penalties is appropriate where the facts of the particular case warrant such a deviation, for example: there may be mitigating circumstances for which a lesser or no penalty is appropriate, and aggravating factors may increase the penalties beyond the minimum.

(b) Mitigating circumstances and aggravating factors, which must be considered, include but are not limited to:

(1) The past record of the licensee regarding violations of Business and Professions Code section 19581;

(2) The potential of the drug(s) to influence a horse's racing performance;

(3) The legal availability of the drug;

(4) Whether there is reason to believe the responsible party knew of the administration of the drug or intentionally administered the drug;

(5) The steps taken by the trainer to safeguard the horse;

(6) The steps taken by an owner to safeguard against subsequent medication violations including, but not limited to, the transfer of the horse(s) to an unaffiliated trainer;

(A) For the purpose of this regulation "unaffiliated trainer" means a trainer or an assistant trainer who is not related by blood, marriage or domestic partnership, or who is not or was never employed by the trainer from whose care such horse(s) were transferred.

(7) The probability of environmental contamination or inadvertent exposure due to human drug use or other factors;

(8) The purse of the race;

(9) Whether the drug found to be present in the official test sample was one for which the horse was receiving treatment as determined through the process described in Rule 1842 of this division;

(10) Whether there was any suspicious wagering pattern on the race;

(11) Whether the licensed trainer was acting under the advice of a licensed veterinarian.

(c) For the purpose of this regulation, the Board shall consider the classification of a drug substance as referred to in Rule 1843.2 of this division and the California Horse Racing Board (CHRB) Penalty Categories Listing By Classification, (1/08), which is hereby incorporated by reference, if a determination is made that an official test sample from a horse contained:

(1) Any drug substance, medication, metabolites or analogues thereof foreign to the horse, whose use is not expressly authorized in this division, or

(2) Any drug substance, medication or chemical authorized by this article in excess of the authorized level or other restrictions as set forth in the article.

(d) Penalties for violation of each classification level are as follows:

## CATEGORY “A” PENALTIES

Penalties for violations due to the presence of a drug substance in an official test sample, which CHRB drug classification is categorized as warranting a Category A penalty are as follows:

(e) Violations due to the presence of a drug substance in an official test sample, which CHRB drug classification is categorized as warranting a Category “D” penalty, may result in a written warning for a first offense to the licensed trainer and owner. A Category “D” penalty for a first offense may result in a written warning or fine that will remain on the licensee’s record for a period of two years. After the two year period, if

the licensee has had no further violations of CHRB Rule 1843, the Category “D” penalty will be expunged from the licensee’s record for penalty purposes.

(f) Any drug or its metabolite or analogue thereof found to be present in an official test sample that is not classified in Rule 1843.2 of this division shall be classified as a Class 1 substance and a Category “A” penalty until classified by the Board.

(g) The administration of a drug substance to a race horse must be documented by the treating veterinarian through the process described in Rule 1842 of this division.

(h) Any licensee found to be responsible for the administration of any drug substance resulting in a positive test may be subject to the same penalties set forth for the licensed trainer and his presence may be required at any and all hearings relative to the case.

(1) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category “A” shall be referred to the California Veterinary Medical Board (CVMB) for consideration of further disciplinary action.

(2) Any veterinarian found to be involved in the administration of any drug substance resulting in a positive test in Penalty Category “B” or “C” may be referred to the CVMB for consideration of further disciplinary action upon the recommendation of the Equine Medical Director, the board of stewards or hearing officers.

(i) A licensee who is suspended, or whose license is revoked, because of a medication violation is not able to benefit financially during the period of suspension or revocation. This includes, but is not limited to, ensuring that horses are not transferred to licensed family members.

(j) For the purpose of this regulation “licensed family members” means any person who holds an occupational license issued by the CHRB and who is related to the suspended licensee, or the licensee whose license is revoked, by blood, or by marriage or domestic partnership, or who is related by blood to the spouse or domestic partner of such licensee.

(l) For the purpose of this regulation, licensed trainers suspended 60 days or more, or whose license is revoked, shall be banned from all inclosures under the jurisdiction of the CHRB. In addition, during the period of suspension, or revocation, such trainer shall forfeit all assigned stall space and shall remove from the inclosures all signage, advertisements, training-related equipment, tack, office equipment, and any other property.

CALIFORNIA HORSE RACING BOARD  
TITLE 4, DIVISION 4, CALIFORNIA CODE OF REGULATIONS

NOTICE OF PROPOSAL TO AMEND  
RULE 1867. PROHIBITED VETERINARY PRACTICES.

The California Horse Racing Board (Board/CHRB) proposes to amend the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The Board proposes to amend Rule 1867, Prohibited Veterinary Practices, to add ractopamine and zilpaterol, or their metabolites or analogues, to the list of drug substances whose possession and/or use of on the premises of a facility under the jurisdiction of the Board is considered a prohibited veterinary practice.

PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, July 19, 2012**, or as soon after that as business before the Board will permit, at the **Del Mar Surfside Race Place, 2260 Jimmy Durante Blvd., Del Mar, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. The written comment period closes at **5:00 p.m., on July 16, 2012**. The Board must receive all comments at that time; however, written comments may still be submitted at the public hearing. Submit comments to:

AUTHORITY AND REFERENCE

Authority cited: Sections 19440, 19562, 19580, and 19582, Business and Professions Code. Reference: 19580, 19581, and 19582, Business and Professions Code.

Business and Professions Code sections 19440, 19562, 19580 and 19581 authorize the Board to adopt the proposed regulation, which would implement, interpret or make specific sections 19580, 19581, and 19582, Business and Professions Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19440 provides that the Board shall adopt regulations for the control of horse racing. Business and Professions Code section 19562 states the Board may prescribe rules and

regulations under which all horse races with wagering on their results shall be conducted in California. Section 19580 of the Business and Professions Code requires the Board to adopt regulations to establish policies, guidelines, and penalties relating to equine medication in order to preserve and enhance the integrity of horse racing in California. Business and Professions Code section 19581 states that no substance of any kind shall be administered by any means to a horse after it has been entered to race in a horse race, unless the board has, by regulation, specifically authorized the use of the substance and the quantity and composition thereof as specified. Section 19582 of the Business and Professions Code provides that violations of Section 19581, as determined by the Board, are punishable as set forth in regulations adopted by the board.

Board Rule 1867, Prohibited Veterinary Practices, states that an act or practice which may endanger the safety and welfare of the horse and rider/driver is a prohibited veterinary practice. The rule also identifies those acts, practices, drugs or substances that fall into the “prohibited practices” category. The Board proposes to amend Rule 1867 to add ractopamine and zilpaterol to the prohibited veterinary practices category. Ractopamine is a beta agonist similar to clenbuterol and albuterol, and is used as a feed additive to increase weight-gain in livestock. Ractopamine helps keep nutrients from going into fat stores so as to enhance muscle mass. It is not approved for use in horses. Zilpaterol is an adrenergic agonist drug used as a feed additive for cattle at slaughter age to produce rapid weight and muscle gain. Zilpaterol has anabolic properties, similar to the steroids some athletes take to build muscle and provide a performance edge. The Racing Commissioners International (RCI) lists ractopamine and zilpaterol as a Category III drug, or a drug that may or may not have a therapeutic use in horses and may have the potential to affect performance.

#### POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

The proposed amendment of Rule 1867 promotes fairness. The regulation prohibits trainers and owners from using ractopamine and zilpaterol which could give them an unfair advantage in a race. Prohibiting the drugs not only allows horses an equal chance of winning a race, but also promotes the protection of horse health and safety. Ractopamine and zilpaterol are approved for cattle and swine, not horses. If the horses’ health and safety are protected, the jockeys who ride the horses will in turn have their health and safety protected. In addition, if the horses entered to race are not having drug positives, the public will have more confidence in California horse racing and see it as an honest product, which may result in increased wagering. An increase in wagering will have a positive economic impact on the industry by increasing handle, which in turn increases purses and commissions.

Consistency with Existing State Regulations: The Board does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

#### DISCLOSURE REGARDING THE PROPOSED ACTION/RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary costs or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed amendment of Rule 1867 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed amendment of Rule 1867 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California. The proposed amendment of Rule 1867 will benefit California by promoting fairness. The regulation prohibits trainers and owners from using ractopamine and zilpaterol which could give them an unfair advantage in a race. Prohibiting the drugs not only allows horses an equal chance of winning a race, but also promotes the protection of horse health and safety. Ractopamine and zilpaterol are approved for cattle and swine, not horses. If the horses' health and safety are protected, the jockeys who ride the horses will in turn have their health and safety protected. In addition, if the horses entered to race are not having drug positives, the public will have more confidence in California horse racing and see it as an honest product, which may result in increased wagering. An increase in wagering will have a positive economic impact on the industry by increasing handle, which in turn increases purses and commissions.

Effect on small businesses: none. The proposal to amend Rule 1867 does not affect small businesses because horse racing is not a small business under Government Code Section 11342.610.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

## CONTACT PERSON

Inquiries concerning the substance of the proposed action and requests for copies of the proposed text of the regulation, the initial statement of reasons, the modified text of the regulation, if any, and other information upon which the rulemaking is based should be directed to:

#### AVAILABILITY OF MODIFIED TEXT

After holding a hearing and considering all timely and relevant comments received, the Board may adopt the proposed regulation substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text, with changes clearly marked, shall be made available to the public for at least 15 days prior to the date on which the Board adopts the regulations. Requests for copies of any modified regulation should be sent to the attention of Erica Ward at the address stated above. The Board will accept written comments on the modified regulation for 15 days after the date on which it is made available.

#### AVAILABILITY OF STATEMENT OF REASONS:

Requests for copies of the final statement of reasons, which will be made available after the Board has adopted the proposed regulation in its current or modified form, should be sent to the attention of Erica Ward at the address stated above.

#### BOARD WEB ACCESS

The Board will have the entire rulemaking file available for inspection throughout the rulemaking process at its web site. TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 15. VETERINARY PRACTICES  
PROPOSED AMENDMENT OF  
RULE 1867. PROHIBITED VETERINARY PRACTICES.

1867. Prohibited Veterinary Practices.

For purposes of this division, prohibited veterinary practices means:

(a) The possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication specified below, for which a recognized analytical method has not been developed to detect and confirm its administration; or the use of which may endanger the health and welfare of the horse, or the safety of the rider or driver, or alter equine performance.

(1) Erythropoietin (EPO) and analogs

(2) Darbepoietin and analogs

(3) Snake venom

(4) Snail venom

(5) Growth hormone and analogs

(6) Ractopamine and ractopamine metabolites or analogs.

(7) Zilpaterol and zilpaterol metabolites or analogs

(b) The possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication that has not been approved by the United States Food and Drug Administration (FDA) for use in the United States.

(c) The presence of any drug, substance or medication described in subsections (a)(1) through (a)(5), and subsection (b) of this regulation in any test sample obtained consistent with Rules 1858, 1859 and 1859.25 of this article, and the provisions of this article, shall apply to such sample in the same manner as if the horse were entered to race (See Title 4, California Code of Regulations, section 1843.3). The Board may grant an exception to this subsection if the person or persons seeking the exemption submits written documentation that demonstrates an FDA exemption has been obtained pursuant to Guide

1240.3025 of the FDA Center for Veterinary Medicine (CVM) Program Policy and Procedures Manual, which is hereby incorporated by reference. Guide 1240.3025 of the FDA CVM Program Policy and Procedures Manual may be obtained at the California Horse Racing Board's headquarters office.

## INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19420 provides that jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board. Business and Professions Code section 19433 states The Board may visit, investigate, and place expert accountants and such

other persons as it may deem necessary in the office, track, or other place of business of any licensee for the purpose of satisfying itself that its rules and regulations are strictly complied with. Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include, but are not limited to: (1) adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. (2) Administration and enforcement of all laws, rules, and regulations affecting horse racing and pari-mutuel wagering. (3) Adjudication of controversies arising from the enforcement of those laws and regulations dealing with horse racing and pari-mutuel wagering. (4) Licensing of each racing association and all persons, other than the public at large, who participate in a horse racing meeting with pari-mutuel wagering. Business and Professions Code section 19460 states that all licenses granted under this chapter are subject to all rules, regulations, and conditions prescribed by the Board, and shall contain such conditions as are deemed necessary or desirable by the Board for the best interests of horse racing and the purposes of this chapter. Business and Professions Code section 19461 provides that every license granted under this chapter is subject to suspension or revocation by the Board in any case where the Board has reason to believe that any condition regarding it has not been complied with, or that any law or any rule or regulation of the Board affecting it has been broken or violated. Business and Professions Code section 19590 states the Board shall adopt rules governing, permitting and regulating pari-mutuel wagering on horse races under the system known as the pari-mutuel method of wagering. Business and Professions Code section 19593 provides that no method of betting, pool making, or wagering other than by the pari-mutuel method shall be permitted or used by any person licensed under this chapter to conduct a horse racing meeting. Business and Professions Code section 19604.5 states notwithstanding any other law, rule, or regulation, exchange wagering by residents of California and residents of jurisdictions outside of California on the results of horse races conducted in California, and by residents of California on the results of horse races conducted outside of California, shall be lawful provided that all of the following apply: (1) Exchange wagering shall only be conducted by an exchange wagering licensee pursuant to a valid exchange wagering license issued by the Board. (2) No exchange wagering license shall accept exchange wagers on races conducted in California from a resident of California or a resident of a jurisdiction outside California, or conducted outside California from a resident of California, unless an exchange wagering agreement exists allowing these wagers. (3) Exchange wagering shall be conducted pursuant to and in compliance with the provisions of the Interstate Horseracing Act of 1978 (15 U.S.C. Sec. 3001 et seq.), as amended, this section, all applicable federal laws, and rules and regulations promulgated by the Board pursuant to this section. Government Code section 6254(k) states that except as provided in sections 6254.7 and 6254.13, nothing in this chapter shall be construed to require disclosure of records that are any of the following: (k) Records, the disclosure of which is exempted or prohibited pursuant to federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege. Government Code section 11523 provides that judicial review may be had by filing a petition for a writ of mandate in accordance with the provisions of the Code of Civil Procedure, subject, however, to the statutes relating to the particular agency. Except as otherwise provided in this section, the petition shall be filed within 30 days after the last day on which reconsideration can be ordered. The right to petition shall not be affected by the failure to seek reconsideration before the agency.

The Board proposes to add Article 27, Exchange Wagering. Article 27 is comprised of 25 proposed regulations related to the conduct of exchange wagering in California. The proposed addition of Article 27 is necessary to fulfill the provisions of Senate Bill (SB) 1072, Chapter 283, Statutes of 2010, which added Business and Professions Code section 19604.5 to require the Board to establish standards governing exchange wagering in California.

The Board proposes to add Rule 2086, Definitions, to provide definitions of terms related to exchange wagering. The Board has determined it is necessary to define exchange wagering terms, as it is a form of pari-mutuel wagering that is not familiar to California residents. Because exchange wagering terminology is unique, and because the wagering public generally turns to the Board's rules and regulations if there is a question of procedure or meaning, the Board has determined that some of the definitions found in Business and Professions

Code section 19604.5 must also be promulgated in Rule 2086. This will provide clarity for persons who may use the Board's regulations to engage in exchange wagering.

The Board proposes to add Rule 2086.1, Authorization for Exchange Wagering, which provides that exchange wagering may be conducted upon approval of the Board, as provided in Article 27, and under the provisions of Business and Professions Code section 19604.5(b)(2) to 19604.5(b)(7), inclusive. This makes it clear that exchange wagering will take place under Article 27, and specified sections of the Business and Professions Code. The Board has determined this is necessary because certain actions allowed under exchange wagering may seem to contradict other rules and regulations of the Board.

The Board proposes to add Rule 2086.5, Application for License to Operate Exchange Wagering. Rule 2086.5 requires an applicant to obtain a license from the Board prior to accepting any exchange wagers in California. This is consistent with Business and Professions Code section 19604.5(b)(1) which states that exchange wagering shall only be conducted by an exchange wagering licensee pursuant to a valid license issued by the Board. This is to ensure that entities offering exchange wagering are vetted and deemed suitable for license. The regulation provides that the applicant must complete an application as specified and as provided by the Board. Rule 2086.5 also sets the application fee, and sets the term of an exchange wagering license at two years from the date the license is issued, unless otherwise determined by the Board. Finally, Rule 2086.5 provides the timeframes which the applicant and the Board must meet to complete the application process. The application for license, CHRB-229 (New 05/12) Application for License to Operate Exchange Wagering, is incorporated by reference because it would be cumbersome or otherwise impractical to publish the document in the California Code of Regulations.

The Board proposes to add Rule 2086.6, Operating Plan Required. The proposed regulation requires an applicant for an exchange wagering license, or an applicant for renewal of an exchange wagering license, to submit a detailed operating plan at the time of application. The operating plan must provide a detailed report of the daily operation of the exchange, as well as information regarding the management of customer funds, technology systems information, document retention policies and other items relating to the operation of the exchange, as specified. The operating plan and any subsequent update are exempt from disclosure, as specified. This will inform the Board of how the exchange operator intends to conduct its routine business.

The Board proposes to add Rule 2086.7, Exchange Wagering Data, which requires an exchange provider to furnish the nonprofit horse racing data base designated by the Board with a data interface agreed upon by the nonprofit horse racing data base and the exchange provider. This is consistent with current practice; all California racetracks, simulcast facilities and advance deposit wagering providers participate in such a data interface.

The Board proposes to add Rule 2086.8, Monitoring Systems and Notification, to require that the exchange provider and the Board enter into an agreement for access to the provider's real-time monitoring system, as well as online documentation and training. In addition, Rule 2086.8 requires immediate notification of the Board of unusual wagering patterns and predetermined events, as well as criteria for anti money laundering procedures and monitoring account holders' telephone records.

The Board proposes to add Rule 2086.9, Financial and Security Audits Required, which requires the exchange provider to submit to the Board an annual financial statement for its California operations ninety days after the end of each calendar year. A financial statement is a necessary tool that is used by the Board to verify that the exchange provider is able to meet its financial obligations, and has the assets to maintain its business. In addition, on a calendar year bases the exchange provider shall undergo the Statement on Standards for Attestation Engagements 16 audits: Service Organization Controls (SOC) I and SOC II, which shall be submitted to the Board ninety days after the end of the calendar year.

The Board proposes to add Rule 2087, Suspending Markets, which provides that if the exchange provider has questions about the integrity and fairness of a market, it may suspend the market at any time, including after the race is declared official, but before winning wagers are credited. Exchange providers continually monitor races and exchange wagering in real time to ensure the integrity of the markets. This means the provider is usually the first party to detect unusual wagering patterns. If the provider notices any suspicious activity it must be able to act quickly, so the Board has determined it is necessary to allow the exchange provider to suspend a market at any time. Suspending a market will not affect the pari-mutuel pools conducted by the racetracks, advance deposit wagering providers or simulcast wagering facilities, as exchange wagering pools are separate. Rule 2087 also requires the exchange provider to immediately notify the Board if it suspends a market, and upon settlement of the market it must provide a written account of its actions, as specified. The account holder who believes a payout was inappropriately disrupted due to the suspension may make an appeal to the Board.

The Board proposes to add Rule 2087.5, Antepost Market. The regulation provides a definition of an antepost market, which is a wager unique to exchange wagering. The antepost (before post) wager is a single wager that includes two outcomes: the selected horse will run the race, and it will finish in the position of win, place or show (first, second or third). The antepost wager may be placed before a race is run.

The Board proposes to add Rule 2087.6, Cancellation of Matched Wagers. Business and Professions Code section 19604.5(k) provides that the Board may prescribe rules governing when an exchange wagering provider may cancel or void a matched wager. The Board has determined that there may be occasions when an exchange provider must cancel a matched wager. Rule 2087.6 allows the exchange provider to cancel matched wagers if required by law, or in its sole discretion and lists the circumstances under which a matched wager may be canceled. The circumstances include technological and human error, or circumstances that include breach of the exchange contract or the integrity or fairness of a market. The regulation also provides for notification of the Board when a matched wager is cancelled. Under Rule 2087.6, an account holder may submit a claim to the exchange provider if he or she believes a payout was improperly disrupted due to the cancellation of a matched wager.

The Board proposes to add Rule 2088, Declared Entries. The regulation provides that matched wagers on declared entries shall be voided, except in an antepost market. The declaration of a horse from a race automatically renders most matched wagers irrelevant. However, in the case of an antepost market, the declaration of the horse results in a payout to the account holder who laid the antepost wager. The Board determined it was necessary to add Rule 2088 to clarify this distinction.

The Board proposes to add Rule 2088.6, Cancellation of Unmatched Wagers. Rule 2088.6 states that the exchange provider may cancel an unmatched wager at any time before it is matched to form one or more identically opposing wagers. This is consistent with Business and Professions Code section 19604.5(j), which provides that an exchange wagering licensee may cancel or allow to be canceled any unmatched wagers, without cause, at any time.

The Board proposes to add Rule 2089, Errors in Payments of Exchange Wagers. Rule 2089 states what occurs when an error results in an overpayment, or what steps must be taken when an error results in an underpayment. Rule 2089 provides the timelines for an account holder to make a claim for underpayment, as well as the timelines the exchange provider must follow in responding to such claims. If the exchange provider rejects a claim for underpayment, Rule 2089 provides the procedures and timelines which the account holder must follow to request that the Board determine the validity of the claim.

The Board proposes to add Rule 2089.5, Requirements to Establish An Exchange Wagering Account, which specifies that an exchange wagering account is necessary to place exchange wagers, and that such accounts may be established by residents of California and residents of another jurisdiction if it is not unlawful under federal law or the law of that jurisdiction to place an exchange wager. This is consistent with Business and Professions Code section 19604.5(c). The proposed regulation provides that an exchange wagering account is necessary to

place exchange wagers and provides the minimum necessary information the exchange provider must obtain from an individual who wishes to open an account, and requires the exchange provider to verify such information. The regulation allows the provider to refuse to establish an account, or cancel or suspend a previously established account if any of the information is found to be false or incomplete. Rule 2089.5 also provides that the exchange provider shall comply with Internal Revenue Service reporting requirements, as specified; must record and retain all wagering conversations and transaction, as specified; must provide statements to account holders, as specified; and shall not divulge confidential information related to the placing of exchange wagers or the operation of the exchange, except with the consent of the account holder, or as otherwise required under the law.

The Board proposes to add Rule 2089.6, Deposits to an Exchange Wagering Account. The regulation describes how exchange wagering account holders may make deposits to their accounts. Rule 2089.6 requires that the name and billing address for any method of payment through which the account holder funds or transfers from an account shall be the same as the account holder's registered name and address. The rule also provides that an account shall bear no interest to the account holder, and the account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer.

The Board proposes to add Rule 2090, Posting Credits for Winnings from Exchange Wagers which provides that credit for winnings from matched wagers shall be posted to the account by the exchange provider after the race is declared official. This is consistent with Business and Professions Code section 19604.5(i)(1) which states the Board shall require the exchange provider to distribute all money in each pool at the conclusion of the race or races associated with the pool. In addition, it is consistent with current practice under Board Rule 1955, Distribution of Pools, which states that after the results of the race have been declared official, the pari-mutuel pools are subject to distribution to holders of pari-mutuel tickets entitled to share in the respective pools. However, Rule 2090 also allows the exchange provider to post credits for winnings from matched wagers as soon as the outcome of the wagers can be determined with certainty. This allows for payment of winnings for certain exchange wagers, such as antepost wagers.

The Board proposes to add Rule 2090.5, Debits to an Exchange Wagering Account. The proposed regulation describes how an exchange wagering account is debited when an account holder properly places an exchange wager. The exchange provider will determine if there are enough funds in the account to cover the maximum amount the account holder may be liable for. If there are sufficient funds, the account will be debited for the total maximum amount. The regulation provides that wagers may be accepted only during the days and times designated as operating by the exchange provider, and that the exchange provider may declare the system closed for receiving wagers on any race or closed for all exchange wagers.

The Board proposes to add Rule 2090.6, Withdrawals by Account Holder. The proposed regulation states how account holders may make withdrawals from their accounts, including procedures the exchange provider must take if there are not sufficient funds in the account, and how the funds may be transmitted to the account holder. Rule 2090.6 also specifies that the account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer of funds.

The Board proposes to add Rule 2091, Closing an Inactive Exchange Wagering Account. The regulation provides that the exchange wagering provider may close any exchange wagering account that has remained inactive for six months or longer. The six-month period is permissive, so the exchange provider may keep inactive accounts open well beyond the time allotted under Rule 2091. However, the rule provides clarity for the account holder and the exchange provider. Account holders who do not actively participate in exchange wagering for long periods of time know their accounts may be closed after six months of inactivity, and the exchange provider has the ability to expunge inactive accounts according to its business model. The six-month period is consistent with current advance deposit wagering practice under Rule 2073. If the exchange provider closes an inactive account, the funds remaining in the account must be returned to the account holder at the

address of record within five business days of closing the account. This is consistent with current advance deposit wagering practice under Rule 2073.

The Board proposes to add Rule 2091.5, Suspending an Exchange Wagering Account. The proposed regulation allows an exchange provider to suspend an exchange wagering account if the provider has reason to believe the account holder may have committed fraud in connection with exchange wagering or any action which threatens the integrity or fairness of exchange wagering, or is otherwise ineligible to hold the account. Rule 2091.5 requires the exchange provider to immediately notify the Board if it suspends an account due to fraud or actions that threaten the integrity or fairness of any exchange wagering.

The Board proposes to add Rule 2091.6, Powers of the Board to Review and Audit Records. The proposed regulation provides that the Board shall have access for review and audit of all records and financial information of an exchange provider. Rule 2091.6 specifies that the information concerning exchange wagering transactions and account holders shall be considered proprietary and shall not be disclosed, except as required by law.

The Board proposes to add Rule 2092, Exchange Wagers Placed After the Start of a Race, to provide that an exchange provider may accept wagers placed on a market after the start of a live race but before the results are declared official, subject to the approval of the Board and as reflected in the provider's operating plan. This is consistent with Business and Professions Code section 19604.5(k). Under Business and Professions Code section 19604.5(k) the exchange provider must also have the approval of the horsemen's organization responsible for negotiating purse agreements and the racing association or racing fair conducting the races. Such approvals may be obtained while negotiating the agreements required prior to licensing as required under Business and Professions Code sections 19604.5(b)(2) to 19604.5(b)(7), inclusive.

The Board proposes to adopt Rule 2092.5, Prohibitions on Wagers to Lay a Horse to Lose. Exchange wagering allows account holders to place wagers to lay an entrant in a horse race. This translates to wagering against the horse; or that it will lose. Business and Professions Code section 19604.5(3)(A) requires the Board to adopt a regulation that prohibits an owner, authorized agent, trainer, jockey, jockey's agent, driver, or stable employee from placing an exchange wager to lay any entrant in a horse race that is owned in whole or part by that owner or the owner represented by that authorized agent, trained by that trainer or stable employee, ridden by that jockey or the jockey represented by that jockey's agent or driven by that driver. The Board has determined that it is necessary to promulgate a regulation that prohibits additional parties from placing a wager on a horse to lose. This will clarify who may not place such a wager on a horse entered to race, and to ensure the integrity of horseracing.

The Board proposes to add Rule 2092.6, Suspension of Occupational License. The proposed regulation provides that the Board of Stewards may suspend the license of any licensee if it determines there is probable cause to believe the person has committed acts of fraud in connection with exchange wagering or any other action that threatens the integrity or fairness of any exchange wagering. Rule 2092.6 also states that the licensee may make an appeal to the Board, as specified.

The Board proposes to add Rule 2093, Certain Practices Related to Exchange Wagering. Rule 2093 fulfills the requirements of Business and Professions Code section 19604.5(e)(3), which requires the Board to promulgate certain regulations relating to exchange wagering. Rule 2093 requires the exchange provider to provide an account holder with information on the races on which wagering is available, as specified. The rule also requires the exchange provider to have the account holder making an exchange wager select the specific horse and race; prohibits the exchange provider from offering specified aids, such as an automatic quick pick, in the placing of a wager; and prohibits the exchange provider from displaying the results of an exchange wager through the use of specified technology, games or lotto.

## EVALUATION OF PROPOSED REGULATIONS' COMPATIBILITY AND CONSISTENCY WITH EXISTING STATE REGULATIONS:

The Board has conducted a search and has determined that the proposed addition of Article 27 and the proposed regulations are the only regulations dealing with exchange wagering in California horse racing. Therefore, the proposed regulations are neither incompatible nor inconsistent with existing state regulations.

### ANTICIPATED BENEFITS OF THE PROPOSED REGULATIONS:

The proposed addition of Article 27, exchange wagering, will implement the provisions of Business and Professions Code section 19604.5, which authorizes exchange wagering in California. The betting exchange is a business model for transacting wagers through an Internet Web site or by telephone. As in traditional pari-mutuel wagering, exchange wagering account holders wager against each other and not the wagering system operator. However, exchange wagering account holders propose their own prices or odds for each wager, which other account holders may accept or choose from other proposals. Once wagers have been matched on the exchange, the price or odds for those wagers are set. This form of pari-mutuel wagering is expected to have the benefit of attracting a new and younger demographic to California's horse racing industry. New horse racing fans that use exchange wagering may create a positive economic benefit for California racing associations in the form of increased commissions, and for California's horsemen in the form of increased purses. Improvements in the economic viability of California's horse racing industry will encourage owners and trainers to keep race horses in California, which will benefit the entire industry. A healthy horseracing industry benefits the communities in which California racetracks are located, and promotes agriculture and breeding of horses in this State. The proposed addition of Article 27 consists of 25 proposed regulations that will govern the conduct of exchange wagering in California. The regulations inform potential exchange wagering providers about the application process, and the Board's requirements for the administration of exchange wagering in California. This promotes openness and transparency for the exchange provider and exchange wagering account holders. The proposed regulations will also promote fairness in that the requirements to operate an exchange and to possess an exchange wagering account will be uniform.

### RESULTS OF THE ECONOMIC IMPACT ANALYSIS:

The adoption of the proposed regulations will not eliminate jobs within California. An unknown number of jobs may be created in California to the extent that exchange wagering providers are licensed to operate in this State. The adoption of the proposed regulations will not eliminate existing businesses within California. To the extent that exchange providers may operate in California, the regulations may create new businesses. The regulations may have a positive effect on the expansion of certain horse racing related businesses currently doing business within California. Because the betting exchange is a business model for transacting pari-mutuel wagers through an Internet Web site or by telephone the proposed regulations may have some benefit for the state's environment. Horse racing fans who wager through the betting exchange can wager from the convenience of their home, or anywhere they may connect with the Internet. This means exchange wagering account holders will not be forced to drive to traditional "brick and mortar" satellite wagering facilities or racetracks to place wagers. To the extent that exchange wagering account holders are not using automobiles to drive to "brick and mortar" wagering facilities, the environmental benefit will also have a positive benefit to the health and welfare of California residents.

### DISCLOSURE REGARDING THE PROPOSED ACTION

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Section 17500 through 17630: none.

Other non–discretionary costs or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed Rules will not have a significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

The adoption of the proposed regulations will not eliminate jobs within California. An unknown number of jobs may be created in California to the extent that exchange wagering providers are licensed to operate in this State. The adoption of the proposed regulations will not eliminate existing businesses within California. To the extent that exchange providers may operate in California, the regulations may create new businesses. The regulations may have a positive effect on the expansion of certain horse racing related businesses currently doing business within California.

Effect on small businesses: none. The proposal to adopt Article 27 does not affect small businesses because horse racing is not a small business under Government Code Section 11342.610.

## CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

## CONTACT PERSONS

Inquiries concerning the substance of the proposed action and requests for copies of the proposed text of the regulation, the initial statement of reasons, the modified text of the regulation, if any, and other information upon which the rulemaking is based should be directed to:

## AVAILABILITY OF INITIAL STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATION

The Board will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its offices at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulations, and the initial statement of reasons. Copies may be obtained by contacting Harold Coburn, or the alternative contact person at the address, phone number or e-mail address listed above.

## AVAILABILITY OF MODIFIED TEXT

After holding a hearing and considering all timely and relevant comments received, the Board may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed texts, the modified texts, with changes clearly marked, shall be made available to the public for at least 15 days prior to the date on which the Board adopts the regulations. Requests for copies of any modified regulations should be sent to the attention of Harold Coburn at the address stated above. The Board will accept written comments on the modified regulations for 15 days after the date on which they are made available.

## AVAILABILITY OF STATEMENT OF REASONS

Requests for copies of the final statement of reasons, which will be made available after the Board has adopted the proposed regulation in its current or modified form, should be sent to the attention of Harold Coburn at the address stated above.

## BOARD WEB ACCESS

The Board will have the entire rulemaking file available for inspection throughout the rulemaking process at its web site. ## SPECIFIC PURPOSE OF THE REGULATIONS

The Board proposes to add Article 27, Exchange Wagering, to fulfill the requirements of Business and Professions Code section 19604.5, which states notwithstanding any other law, rule, or regulation, exchange wagering by residents of California and residents of jurisdictions outside of California on the results of horse races conducted in California, and by residents of California on the results of horse races conducted outside of California, shall be lawful provided that all of the following apply: (1) Exchange wagering shall only be conducted by an exchange wagering licensee pursuant to a valid exchange wagering license issued by the Board. (2) No exchange wagering licensee shall accept exchange wagers on races conducted in California from a resident of California or a resident of a jurisdiction outside California, or conducted outside California from a resident of California, unless an exchange wagering agreement exists allowing these wagers. (3) Exchange wagering shall be conducted pursuant to and in compliance with the provisions of the Interstate Horseracing Act of 1978 (15 U.S.C. Sec. 3001 et seq.), as amended, this section, all applicable federal laws, and rules and regulations promulgated by the Board pursuant to this section. Article 27 contains 25 proposed regulations relating to the operation of exchange wagering in California.

**PROBLEM:** Senate Bill (SB) 1072, Chapter 283, Statutes of 2010, added Business and Professions Code section 19604.5 to require the Board to establish standards governing exchange wagering in California. Pursuant to SB 1072, The Board proposes to add Article 27, Exchange Wagering, to its rules and regulations. The proposed regulations that comprise Article 27 are intended to allow potential exchange wagering providers to apply for a license to operate exchange wagering in California; allow horse racing fans to open an exchange wagering account and participate in exchange wagering in California; and to provide for the oversight and administration of exchange wagering in California by the Board and by exchange providers.

## NECESSITY

The Board proposes to add Rule 2086, Definitions, to provide definitions of terms related to exchange wagering. The Board has determined it is necessary to define exchange wagering terms, as it is a form of pari-mutuel wagering that is not familiar to California residents. Because exchange wagering terminology is unique, and because the wagering public generally turns to the Board's rules and regulations if there is a question of procedure or meaning, the Board has determined that some of the definitions found in Business and Professions Code section 19604.5 must also be promulgated in Rule 2086. This will provide clarity for persons who may use the Board's regulations to engage in exchange wagering. Subsection 2086(n) is an example. The exchange wagering term "Lay" means to wager on a selected outcome not occurring in a given market. This is entirely new to California residents who currently engage in pari-mutual wagering, and if the term is not defined in the Board's rules governing exchange wagering, those attempting to understand Article 27, Exchange Wagering, may not know where to find its meaning. All definitions found in the proposed regulation are explanations of words or phrases used within the new Article 27.

The Board proposes to add Rule 2086.1, Authorization for Exchange Wagering. Subsection 2086.1(a) provides that exchange wagering may be conducted upon approval of the Board, as provided in Article 27, and under the provisions of Business and Professions Code section 19604.5(b)(2) to 19604.5(b)(7), inclusive. This makes it clear that exchange wagering will take place under Article 27, and specified sections of the Business and Professions Code. The Board has determined this is necessary because certain actions allowed under exchange wagering may seem to contradict other rules and regulations of the Board. An example of this is the proposed Rule 2092.5, Exchange Wagers Placed After the Start of a Race, which in accordance with Business and Professions Code section 19604.5(k), states exchange wagers may be allowed after the start of a race, as specified. However, Board Rule 1967, Closing of Wagering in a Race, requires the stewards to lock the pari-mutuel machines with the start of the race and close wagering in the race, after which no pari-mutuel tickets shall be sold for the race. The appearance of such conflicts is alleviated by stating that exchange wagering is authorized under Article 27 and in accordance with Business and Professions Code section 19604. Subsection 2086.1(b) states that despite subsection (a) of the regulation, a licensee may conduct exchange wagering on any horse race conducted outside of California where the licensee does not offer exchange wagering to residents of California. Most potential California exchange wagering providers currently offer exchange wagering in jurisdictions outside the United States. Subsection 2086.1 makes it clear that despite the requirement to hold a California exchange wagering license before the provider may offer exchange wagers to California residents, such a requirement does not preclude the entity from operating outside this state if its out-of-state operations do not offer such wagers to California residents.

The Board proposes to add Rule 2086.5, Application for License to Operate Exchange Wagering. Subsection 2086.5(a) states that a license must be obtained from the Board before exchange wagers may be accepted. This is consistent with Business and Professions Code section 19604.5(b)(1) which states that exchange wagering shall only be conducted by an exchange wagering licensee pursuant to a valid license issued by the Board. This is to ensure that entities offering exchange wagering are vetted and deemed suitable for license. It is also consistent with current Board practice, which requires racing associations, advance deposit wagering providers and simulcast operators to obtain a license from the Board prior to accepting wagers. Subsection 2086.5(b) provides the form number and title of the application for license to operate exchange wagering, and states that it may be obtained from the Board's headquarters office. The application for license, CHRB-229 (New 05/12) Application for License to Operate Exchange Wagering (CHRB-229), is incorporated by reference because it would be cumbersome or otherwise impractical to publish the document in the California Code of Regulations. Subsection 2086.5(b) also states that the timeline for filing the application is 90 days in advance of the scheduled start of exchange wagering. This is consistent with current Board requirements for filing an application for license to operate a live race meeting, an advance deposit wagering application, and a satellite or minisatellite wagering application. The 90-day period provides staff with time to vet the application and to schedule a hearing for approval. Subsection 2086.5(b) requires the applicant to provide a certified check in the

amount of \$1.4 million as a license fee to fulfill Business and Professions Code section 19604.5(e)(6), which provides that the Board may recover any costs associated with the licensing or regulation of exchange wagering from the exchange wagering licensee. The subsection states the Board may determine another amount is appropriate. This provides the Board with flexibility to adjust the license fee if it determines circumstances warrant such an action. This may occur if the Board determines it will adjust the term of license. Subsection 2086.5(b) requires the applicant to submit a detailed operating plan and proof that it has complied with the labor provisions of Business and Professions Code section 19604.5(f). The Board has determined the submission of an operating plan is necessary, as it will provide the Board with details about the exchange provider's business plan that may not be included in the application for license. This will help the Board in understanding the proposed day-to-day operation of the applicant. Business and Professions Code section 19604.5(f) requires the Board to deny an applicant a license unless it has entered into a contractual agreement with a bona fide labor organization that requested such an agreement 90 days prior to licensing. Therefore it is necessary for the Board to require confirmation of the applicant's compliance with the statute. Subsection 2086.5(c) states that the term of license shall be not more than two years from the date of issuance of the license. This is consistent with current Board practice regarding the term of license provided advance deposit wagering and minisatellite wagering entities. If the Board determines it is in the best interest of horseracing subsection 2086.5(c) allows the Board to modify the term of license. Subsection 2086.5(d) provides timelines for actions that must be taken by the Board and the applicant during the application process. This is necessary so the parties will know the deadlines they must meet in submitting and vetting applications for license to operate exchange wagering. The Board has 30 calendar days from receipt of the application to inform the applicant of deficiencies. This provides Board staff with time to vet the application and to work with the applicant to correct any problems. The Board must make a final determination on the application within 90 calendar days of its receipt. This provides the applicant with a date-certain for a decision regarding the application. If the application is denied, the applicant has 30 calendar days to request reconsideration. The Board shall respond in writing within 30 working days. If the request is denied, subsection 2086.5(d) states the applicant may file for judicial review in accordance with Government Code section 11523. All of the timelines contained in subsection 2086.5(d) are consistent with current Board practice. Racing associations must submit applications for license to operate a race meeting at least 90 days in advance. Advance deposit wagering providers and minisatellite wagering facilities must follow the same time constraints contained in subsection 2086.5(d).

Rule 2086.5 incorporates by reference the form CHRB-229. It is necessary to incorporate the form by reference as it would be cumbersome, unduly expensive, or otherwise impractical to publish the document in the California Code of regulations. The cover page of the CHRB-229 provides general information regarding the application and informs the applicant that it must supply complete and up-to-date responses. There is also information on the cover page on how to complete the application. The instructions will help to prevent confusing attachments, and repetitive responses.

Part 1 of the CHRB-229 is to be completed by the applicant. The type of entity must be identified, and the address and other contact information, such as telephone and website are required. This information is necessary so the Board will know who the entity/applicant is, and how to contact the facility. This is consistent with current practice, as all applicant entities must supply such information when applying for license to conduct a race meeting, to operate as a minisatellite wagering facility, or to operate as an advance deposit wagering provider.

Part 2 of the CHRB-229 requires the applicant to provide information regarding a contact person. This is necessary so the Board will have an individual to contact if there are issues with the application. This is consistent with current practice, which requires applicant entities to provide contact person information.

Part 3 of the CHRB-229 requires the applicant to provide the name and title, business name and address, and other contact information, such as telephone, fax, and email address of the California agent for receipt of service of process. This provides the Board with an individual contact if there are legal documents regarding the

business that need to be sent. This is consistent with current practice regarding application for license to operate as an advance deposit wagering provider.

Part 4 of the CHRB-229 requires the applicant to provide the name/title, email address, phone number, and CHRB license number of all the applicant's management personnel. This is necessary to provide the Board with the ability to determine who actually manages the exchange wagering entity and to verify such persons are licensed. This is consistent with current practice regarding application for license to operate as an advance deposit wagering provider.

Part 5 of the CHRB-229 requires the applicant to identify the dates it proposes to operate exchange wagering. This is necessary to inform the Board of when the applicant might apply for a renewal of license and captures the dates that the applicant will not be accepting wagers. This is consistent with current practice regarding applications for license to operate race meeting, and applications to operate a minisatellite wagering facility and as an advance deposit wagering provider.

Part 6 of the CHRB-229 requires the applicant to identify its business structure, and to identify all officers, directors, managers, as well as provide member or partner information. In addition, if a parent company, paired corporation or entity is involved, it must be listed. Entities that own 5 percent or more must provide full disclosure. This information is necessary because knowledge of the entity's business structure and the persons or entities involved with the applicant allows the Board to conduct a thorough investigation. This is consistent with current practice regarding applications for license to operate race meeting, and applications to operate a minisatellite wagering facility or to operate as an advance deposit wagering provider. Under "E" of Part 6, the applicant is required to attach its most recent annual financial statement, as well as other financial documents. The subsection indicates the items that must be included in the audited annual financial statement or financial report, including balance sheet, profit and loss statement, etc. The Board wishes to review such documents to determine the financial ability of the applicant to support a gaming activity. This is consistent with current practice regarding applications for license to operate race meeting, and applications to operate a minisatellite wagering facility or to operate as an advance deposit wagering provider.

Part 7 of the CHRB-229 requires the applicant to provide organizational information such as an organizational chart for the applicant company and the parent company, all jurisdictions in which the company will offer exchange wagering, what financial interests the applicant or parent company holds, contributions to the California horse racing industry, and whether any actions have been initiated against the applicant or its parent or subsidiary corporation in the last year. This information informs the Board of how the applicant entity is organized and if there have been any legal or financial issues with the entity. This information is necessary for the Board to be able to ensure the integrity of the exchange wagering entity. This requirement is consistent with current practice regarding an application for license to operate as a minisatellite wagering facility.

Part 8 of the CHRB-229 informs the applicant of the specific provisions identified under Business and Professions Code section 19604.5(b)(4) through (b)(7) that must be met before an exchange wagering provider may accept wagers on horse races from persons whose primary residence address is in California. This subsection spells out the licensing requirements the applicant must comply with before an exchange wagering provider may accept wagers and collects the documents required for licensing. Subsections A through E capture information regarding which wagers the applicant will accept. Subsections 1 and 2 of A through E collect a copy of the association/fair and horsemen agreements. If the applicant does not have the required documents to complete this section the applicant is asked to provide a status report on the outstanding documents. This is necessary to inform the Board if the applicant is in compliance with the provisions of Business and Professions code 19604.5 which is a requirement of licensure for a potential exchange wagering provider. These requirements are consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 9 of the CHRB-229 requires the applicant to comply with labor provisions identified under Business and Professions Code section 19604.5 (f)(1). Subsections A through D capture whether the applicant has a labor agreement, identifies the labor organization, states the term of the agreement and collects a copy of the labor document. If the applicant does not have the required documents to complete this section it is required to complete subsection E to determine if the applicant has been in contact with a labor organization and to collect a status report on the labor negotiations. This is necessary to inform the Board if the applicant is in compliance with the provisions of Business and Professions code 19604.5(f)(1) which is a requirement of licensure for a potential exchange wagering provider. These provisions are consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 10 of CHRB-229 requires the applicant to provide a listing of the procedures it will require to establish an account, collects a copy of the form and terms of agreement used to establish an account, including the name and address of the third party the applicant will use to verify the identity of the exchange wagering account applicant. This information is necessary so the Board will know that the provider is instituting safeguards to prevent minors from wagering. These provisions are consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 11 of CHRB-229 requires the applicant to identify the location of its physical plant. Information is collected on the call center location, the website address available for patrons to place wagers, and the location in which patrons can place a wager in person. This provides the Board with the address in which the applicant is doing business so that an investigation or audit may be performed.

Part 12 of CHRB-229 requires the applicant to provide a copy of its operating plan pursuant to CHRB proposed Rule 2086.6. This section collects a copy of the operating plan, detailed report of the daily operation of the exchange, description of policy to prevent commingling of account holders' funds, management policy of customer accounts including deposits, withdrawals, debits and credits, list of type of deposits that will be accepted, and collects what fees the applicant plans to charge the wagering party. This information is necessary for the Board to know because the Board is obligated to ensure integrity in exchange wagering. These provisions are consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 13 of CHRB-229 requires the applicant to attach a copy of its security access policy and safeguards pursuant to Business and Professions Code section 19604.5(d). Subsection A requires a description of the technology used to ensure identity verification when an account is established; collects information on the technology to ensure confidentiality of the wagering party's personal information; and captures information on how account holders will withdraw funds from their accounts. Subsection B requires a copy of the applicant's information security incident management policy, questions if the applicant has had any computer related security issues for the current and prior year with data, data storage or hardware. Subsection C collects information on the location of where physical and electronic data will be stored. This information is necessary so the Board can determine the applicant is providing safeguards to protect the bettors' personal information. These provisions are consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 14 of CHRB-229 subsection A through C require the applicant to identify the physical location of the its security oversight operation; collects a copy of an organizational chart providing chain of command and contact information; and captures what forensic and analytical tools will be used for the oversight of exchange wagering security. This information is necessary to demonstrate the applicant is actively providing safeguards to ensure player protection and integrity.

Part 15 of CHRB-229 requires the applicant to provide a listing including address and phone number of all organizations it will do business with to facilitate exchange wagering. This information is necessary so the Board is aware of whom the applicant has contracts and agreements with to assist in the conduct of its

exchange. This provision is consistent with current practice regarding an application to operate as an advance deposit wagering provider.

Part 16 of CHRB-229, subsections A through D, require the applicant to provide the name and address of the advertising agency it will use; describe marketing strategies planned for exchange wagering; and to identify the marketing contributions and innovative programs created by the applicant to invigorate the California horse racing industry. Subsection D collects data on the rebate programs that the applicant will offer. This information is necessary so the Board can follow the contributions the applicant is making to the California horse racing industry and will be informed about any rebates to account holders the provider may offer. These provisions are consistent with current practice regarding an application to operate a race meeting and an application to operate as an advance deposit wagering provider.

Part 17 of CHRB-229 requires the exchange wagering applicant to certify under penalty of perjury that the statements made on the CHRB-229 are true and correct. The certification requirement is consistent with current practice regarding applications for license to operate race meeting, and applications to operate a minisatellite wagering facility and as an advance deposit wagering provider.

Throughout the CHRB-229 are sections marked "Notice to Applicant." These sections provide information and statements regarding the application, responsibilities of various parties to the application, and approvals and contracts that must be in place for the conduct of the exchange wagering. The notices predominantly refer to Business and Professions Code section 19604.5, which enables the operation of exchange wagering in California, and is the basis for the application's requirements. They inform the applicants of their responsibilities under Business and Professions Code section 19604.5, and they help ensure compliance with the Board's requirements.

The Board proposes to add Rule 2086.6, Operating Plan Required. The proposed regulation requires an applicant for an exchange wagering license and any applicant for renewal of an exchange wagering license to submit a detailed operating plan at the time of application. Subsection 2086.6(a) calls for a detailed report of the daily operation of the exchange. This will inform the Board of how the exchange operator intends to conduct its routine business. Subsection 2086.6(b) through 2086.6(b)(2) asks for information regarding the management of customer accounts, including a policy to prevent commingling of funds and evidence of an established Federal Deposit Insurance Corporation (FDIC) insured bank account in which all funds are deposited. This ensures the exchange provider's funds are separated from the account holders' funds, and that funds held for account holders are protected to the limits provided by the FDIC. Subsection 2086.6(c) requires that the exchange wagering applicant provide information regarding technology and hardware and software systems. This shall include a data security policy, and a policy for notification of the Board and account holders of any unauthorized access compromising account holders' personal information. Exchange wagering relies heavily on technology, so it is necessary that the provider ensures data security. This requirement is also consistent with current Board regulations governing advance deposit wagering, which require the provider to establish security access policies and safeguards. Subsection 2086.6(d) requires the exchange wagering applicant to submit financial information demonstrating the financial resources to operate an exchange, as well as a budget detailing anticipated revenue, expenditures, and cash flows for the term of the license. This is necessary, as it will demonstrate to the Board that the applicant is solvent and has a business plan covering its anticipated revenues and expenditures. This is consistent with current Board practice regarding advance deposit wagering regulations, which require an applicant to supply financial data to demonstrate the resources to operate advance deposit wagering, as well as a detailed budget covering the anticipated month to month cash flows for the term of the license. Subsection 2086.6(e) requires the submission of the applicant's document retention policies including those related to account holder personal information. This is necessary so the Board can determine if the policies are adequate. Documents may be needed for investigations into unusual wagering patterns, and an adequate retention schedule will help protect the interests of account holders. Subsection 2086.6(f) requires the applicant to submit its customer complaint and resolution process. The exchange provider is the first entity account holders may turn to if they have a complaint, so it is necessary for the Board

to determine the provider's complaint process is adequate. This is in keeping with current Board practice, which requires racing associations to maintain a place where complaints or claims of violations of the Board's rules or laws may be filed. In addition, the Board maintains an 800-number for patron complaints and comments. The number is posted throughout the tracks and it is located on the back of every occupational license. Subsection 2086.6(g) requires the applicant to talk about programs for responsible wagering. Horseracing is a sport wherein fans may place pari-mutual wagers on the outcome of races; however, the Board realizes that some fans may have problems with gambling. Under current practice the Board encourages racing associations and other providers to direct those with such problems to seek help. Board rules governing advance deposit wagering require that all advertising for advance deposit wagering providers contain contact information for a recognized problem gambling organization. The Board is active on the advisory group of the Office of Problem Gambling, which discusses priorities and strategies for educating and training individuals engaged in problem gambling-related issues. The Board's website also provides a link for problem gamblers. Subsection 2086.6(h) requires the applicant to provide the requirements to establish exchange wagering accounts for persons whose principal residence is outside California. This will allow the Board to make comparisons to determine if in-state requirements are reasonable or out of line. Subsection 2086.6(i) provides that the operating plan and any subsequent changes are exempt from disclosure pursuant to Government Code section 6254(k) and non-disclosable to the public. This is necessary because the operating plans will contain proprietary information related to the operation of the exchange provider's business. This will allow for full disclosure to the Board without the prospect of such information being given to the exchange provider's competition.

The Board proposes to add Rule 2086.7, Exchange Wagering Data. Subsection 2086.7(a) requires an exchange provider to furnish the nonprofit horse racing data base designated by the Board with a data interface agreed upon by the nonprofit horse racing data base and the exchange provider. This is consistent with current practice; all California racetracks, simulcast facilities and advance deposit wagering providers participate in such a data interface. The purpose of the interface is pari-mutual accounting, as well as reporting and analysis of data related to exchange wagering. The nonprofit horse racing data base is CHRIMS, Inc. (CHRIMS), which is a data base system available to the Board, all racing associations and other subscribers within the horse-racing industry. CHRIMS is structured to provide the data needed by mutuel, racing and accounting departments within the track, as well as horsemen's associations. Using software tools that have been developed specifically for the task CHRIMS loads and balances California pari-mutuel data daily. The database numbers reflect what has actually taken place in California racing and can be used to project any changes that might affect racing statistics. The Board has determined that it is necessary for the exchange provider to provide a data interface, as without the participation of exchange wagering providers CHRIMS data would not be complete and the industry would have only a partial understanding of daily pari-mutuel activity. Subsections 2086.7(a)(1) through 2086.7(a)(1)(I) list the information to be provided the nonprofit horse racing data base.

The Board proposes to add Rule 2086.8, Monitoring Systems and Notification. Subsection 2086.8(a) provides that the exchange provider and the Board or a designee will enter into an agreement. An agreement is necessary to formalize the required exchange of information, and so the parties will have a clear understanding of what is expected. Subsection 2086.8(a)(1) states what the agreement shall entail. The agreement shall require the exchange provider to furnish the Board or its designee full access to the provider's real-time monitoring system that displays wagers over an agreed upon amount, including online documentation and training. Although some exchange wagers may be made in person, the vast majority will be made by an electronic medium, and all exchange wager information is subject to the monitoring system. It is necessary for the Board to have access to the monitoring system, so that it can monitor exchange wagering that meets the agreed upon thresholds, and if necessary conduct investigations into account holders' activities. Online documentation and training on the provider's monitoring system is necessary so that Board employees will understand how to use the software and understand the data. Subsections 2086.8(a)(2) and 2086.8(a)(3) require the exchange provider to immediately notify the Board by electronic mail of any unusual wagering patterns, or when predetermined events occur. This may include such things as sudden large increases over the amounts normally wagered by an account holder, or account holders who start wagering only on horses ridden by a particular jockey or trained by a

particular trainer. The Board believes it is necessary to be advised of such patterns so its investigative efforts may remain focused and used effectively. Notification by electronic mail will ensure there is a record of the communication. Additionally, electronic mail can be copied to more than one staff person. Subsections 2086.8(a)(2) and 2086.8(a)(3) state that the predetermined events must be set out in the operating plan. This is necessary to prevent the Board from being overwhelmed by notification of every little anomaly, and will allow the exchange provider and the Board to focus on meaningful events. Subsection 2086.8(a)(4) requires the exchange provider to establish and distribute criteria for anti money laundering procedures, including risk based systems for customer due diligence. This is necessary because gambling enterprises are venues through which persons may attempt to launder money. The Board believes a risk based system is required, as it is one that adapts to new and emerging hazards. Customer due diligence involves the determination of a customer's risks in terms of propensity to commit money laundering or identity theft; creating an expectation of a customer's transactional behavior; and monitoring a customer's transactions against expected behavior. Subsection 2086.8(a)(5) requires the exchange provider to establish and distribute criteria for monitoring telephone records of account holders. Exchange wagers may be placed by conventional land line telephones or by cell phones. All such transactions are recorded and retained by the exchange provider. The dissemination of criteria for monitoring telephone records of account holders is necessary so that account holders understand that transactions made by telephone are retained and may be subject to review. The Board must know the provider's criteria for monitoring telephone records so it may ensure such records are not abused, and so that it may have proper access to such records, if needed. Retaining telephone transactions will also provide protection for account holders, especially if there is a dispute over payment of funds.

The Board proposes to add Rule 2086.9, Financial and Security Audits Required. Subsection 2086.9(a) requires the exchange provider to submit to the Board an annual financial statement for its California operations ninety days after the end of each calendar year. Financial statements are necessary to provide a tool for the Board to verify that the exchange provider is able to meet its financial obligations, and has the assets to maintain its business. Requiring the licensee to provide financial statements is consistent with current Board practice, as racing associations, advance deposit wagering providers, minisatellite wagering entities, and other entities licensed by the Board must provide financial statements on a regular basis. Board Rule 1470, Accounting Practices and Responsibility, provides that the Board may require periodic audits to determine that associations have funds available to meet specified obligations. Subsection 2086.9(b) requires the exchange provider to undergo the Statement on Standards for Attestation Engagements 16 (SSAE 16) audits on a calendar year basis. The SSAE 16 audits consist of Service Organization Controls I (SOC I) and Service Organization Controls II (SOC II) reports. The reports shall be submitted to the Board ninety days after the end of the calendar year. The purpose of requiring exchange wagering providers to undergo the SSAE 16 audits is to assure California stakeholders that certain financial and internal control standards are met by the exchange entities. The SSAE 16 audit contains the requirements for a service auditor reporting on a service organization's controls for two types of engagements. An SOC I engagement reports on the fairness of the presentation of management's description of the organization's system and the suitability of the design of the controls to achieve the related control objectives included in the description as of a specified date. The SOC II engagement reports upon the fairness of the presentation of management's description of the service organization's system and the suitability of the design and operating effectiveness of the controls to achieve the related control objectives included in the description throughout a specified period. An example of another horse racing entity that undergoes an annual SOC audit is CHRIMS, the nonprofit horse racing data base. CHRIMS customers require that it undergo the audit because the data collected, and distributions calculated by CHRIMS account for a large portion of the customers respective revenue and expenses. Many horse racing associations also require their totalizator vendor to provide such audits. The Board's application for license to operate a race meeting requires the racing association to provide the name and contact information for the pari-mutuel audit firm engaged for the respective meeting. The pari-mutuel audits provide third party verification of the data collected and calculated by CHRIMS for wagering processed by California totalizator systems.

The Board proposes to add Rule 2087 Suspending Markets. Subsection 2087(a) provides that if the exchange provider has questions about the integrity and fairness of a market, it may suspend the market at any time,

including after the race is declared official, but before winning wagers are credited. Exchange providers continually monitor races and exchange wagering in real time to ensure the integrity of the markets. This means the provider is usually the first party to detect unusual wagering patterns. If the provider notices any suspicious activity it must be able to act quickly, so the Board has determined it is necessary to allow the exchange provider to suspend a market at any time. Subsection 2087(b) requires the provider to notify the Board immediately by electronic mail any time a market is so suspended. Notification by electronic mail will provide a record of the time and date of notification, and it will allow the exchange provider to give as much detail (beyond the minimum required under the regulation) as it believes is necessary. The Board wants immediate notification so it can determine if it needs to pay close attention to the suspicious activity, as reported by the provider. Subsection 2087(b) also requires the provider to submit to the Board a written account of the suspension upon settlement of the market, and subsections 2087(b)(1) through 2087(b)(5) list the minimum information such notification shall include. While the provider may determine it needs to suspend a market, it must ultimately make a settlement. The Board has determined that it is necessary to require a written report of the suspension, the results of the provider's investigation and how the market was settled. This will provide a record of the event, which the Board can use to take further action, if necessary, and it will also help the Board to determine that account holders were treated fairly. Subsection 2087(c) requires the exchange provider to settle the market upon completion of an investigation. The Board does not want account holders to be left in uncertainty. If there was no untoward activity, the exchange wagers must be settled as appropriate, or the provider must work with the Board to take further action. Subsection 2087(d) states that an account holder who believes a payout was inappropriately disrupted due to the suspension of the market may make a claim under Rule 2089, Errors in Payment of Exchange Wagers. This provides an avenue for account holders who might dispute the provider's settlement of the suspended market.

The Board proposes to add Rule 2087.5, Antepost Market. The antepost wager is unique to exchange wagering. Subsections 2087.5(a) through 2087.5(a)(2) describe the antepost (before post) wager, which is a single wager that includes two outcomes: the selected horse will run the race, and it will finish in the position of win, place or show (first, second or third). Every race has a "scratch time" which is the time by which the withdrawal of horses from a race are made; however, horses may be scratched as late as the post parade, or from the gate before the start of the race. An antepost wager can be made before the event; well before horses are declared from the race. If one "backs" an antepost wager, one is wagering the horse will run, and it will place in a win, place or show position. If one "lays" an antepost wager, one is wagering that the horse will be declared from the race, or if it does run it will not win, place or show. Antepost wagers are currently offered in jurisdictions that allow exchange wagering. The Board determined it was necessary to add Rule 2087.5 to define antepost wagers. Rule 2087.5 is consistent with current the Board practice of promulgating rules regarding the types of wagers horseracing entities may offer patrons.

The Board proposes to add Rule 2087.6, Cancellation of Matched Wagers. Business and Professions Code section 19604.5(k) provides that the Board may prescribe rules governing when an exchange wagering provider may cancel or void a matched wager. The Board has determined that there may be occasions when an exchange provider must cancel a matched wager. Rule 2087.6 allows the exchange provider to cancel matched wagers if required by law, or in its sole discretion. Subsections 2087.6(a)(1) through 2087.6(a)(4) list circumstances under which a matched wager may be canceled. The circumstances include technological and human error, or circumstances that include breach of the exchange contract or the integrity or fairness of a market. This allows the exchange provider to effectively manage its business in cases of errors, and it ensures the exchange can intervene where it detects possible dishonest activity. Subsection 2087.6(b) requires the exchange provider to notify the Board in writing if it cancels or voids a matched wager due to any of the circumstances listed in the regulation. The provider must inform the Board of its actions and the circumstances that resulted in the actions. This provides the Board with a record of the cancellation, and it allows the Board to determine if it needs to take further action. Subsection 2087.6(c) provides that an account holder who believes a payout was improperly disrupted due to the cancellation of a matched wager may submit a claim under Rule 2089, Errors in Payment of Exchange Wagers. This provides an avenue for account holders who might dispute the provider's actions in cancelling a matched wager.

The Board proposes to add Rule 2088, Declared Entries. The regulation provides that matched wagers on declared entries shall be voided, except in an antepost market. The declaration of a horse from a race automatically renders most matched wagers irrelevant. However, in the case of an antepost market, the declaration of the horse results in a payout to the account holder who laid the antepost wager. The Board determined it was necessary to add Rule 2088 to clarify this distinction.

The Board proposes to add Rule 2088.6, Cancellation of Unmatched Wagers. Rule 2088.6 states that the exchange provider may cancel unmatched wagers at any time. This consistent with Business and Professions Code section 19604.5(j), which provides that an exchange wagering licensee may cancel or allow to be canceled any unmatched wagers, without cause, at any time. The exchange operates by allowing account holders to postulate wagers in which the account holder sets the odds. For a wager to be matched, another account holder must accept the proposed odds. This can result in numerous unmatched wagers, as the odds offered are out of line with what most account holders will accept. Rule 2088.6 allows the exchange provider to manage the exchange and not be caught with numerous wagers that are unlikely to be matched. Cancellation of unmatched wagers may also be used in instances where the exchange provider believes it detects the potential for dishonest activity, or when an error has been made in posting the unmatched wager.

The Board proposes to add Rule 2089, Errors in Payments of Exchange Wagers. The regulation states what shall apply if an error occurs in the payment of amounts for exchange wagers. Subsection 2089(a) states that if the error results in an over-payment to the account holder, the exchange provider is responsible. This is consistent with current practice. Board Rule 1962, Payment for Errors, states that if the error results in an overpayment to ticket holders, the association shall be responsible. Subsections 2089(b)(1) through 2089(b)(4) describe the process for making claims of underpayment. Subsection 2089(b)(1) states the account holder shall make a claim within 30 calendar days from the date of the underpayment. This provides a clear time frame within which initial claims for underpayment may be made. The exchange provider must investigate the claim and pay the portion that it deems valid. If the claim is rejected, the exchange provider must notify the claimant in writing. This informs the exchange provider and the claimants of the steps that must be taken when a claim of underpayment is first made. Subsection 2089(b)(2) provides that any claim not filed within 30 calendar days of the underpayment shall be deemed waived and the exchange provider shall not have further liability. This is consistent with current practice, as Rule 1962 provides that if a claim for underpayment is not submitted to the racing association within 30 days of the date of the underpayment, it shall be deemed waived and the racing association shall have no further liability. The set period of time is necessary to let account holders know when they must act, and it provides certainty for the exchange provider who will not be subject to random claims months or years after the event. Subsection 2089(b)(3) states that persons whose claims are rejected by the exchange provider may, within 15 calendar days from the date of notice of rejection, request in writing that the Board determine the validity of the claim. This provides account holders with an appeal to the Board if they believe their claims were unjustly rejected by the exchange provider. The Board has determined it is necessary to have claims submitted in writing so there will be a record of the request. The subsection also states that if the request is not received within the 15 calendar days, the claim shall be considered waived. This provides firm timelines for the Board and the account holder and it prevents the submission of miscellaneous claims well after the event. Subsection 2089(b)(4) requires the Board to hold a hearing on each claim filed. Notice shall be given to the exchange provider and the claimant, and the Board's determination of the claim's validity or its denial of the claim is final and binding on all parties. This is consistent with current practice under Rule 1962.

The Board proposes to add Rule 2089.5, Requirements to Establish an Exchange Wagering Account. Subsection 2089.5(a) provides that an exchange wagering account is necessary to place exchange wagers, and that such accounts may be established by residents of California and residents of another jurisdiction if it is not unlawful under federal law or the law of that jurisdiction to place an exchange wager. This is consistent with Business and Professions Code section 19604.5(c). The subsection also provides that an account may be established in person, by mail, telephone or other electronic media. The account may not be assigned or transferred. This is consistent with current practice, as under Rule 2074, Requirements to Establish an Advance

Deposit Wagering Account with a California Entity, advance deposit wagering accounts may also be established in person, by mail or by other electronic media. Subsection 2089.5(b)(1) through 2089.5(b)(5) set forth the information required to establish an exchange wagering account. The information shall include: the applicant's full legal name; the applicant's principal residence address; telephone number; social security or tax identification number; and certification or proof of age. These requirements are also consistent with current practice under Rule 2074. The age requirement, in which an applicant must be at least 18 years of age, is also consistent with Business and Professions Code section 19604.5(c). The Board has determined that Rule 2089.5 is necessary to clearly inform applicants of the information they will need to supply to open an account. Subsection 2089.5(c) states that the provider shall employ electronic verification to validate the information provided at the time an account is established. The verification shall be conducted by a Board-approved national, independent, individual reference company, or another independent technology approved by the Board. This approval will occur at the time the exchange provider applies for a license to operate exchange wagering. This is consistent with current advance deposit wagering practices, which under Rule 2074 require independent electronic verification. In addition, Business and Professions Code section 19604.5(d) states that as part of the exchange wagering licensee's application, the Board shall approve security policies and safeguards to ensure player protection and integrity, including but not limited to, location and age verification confirmation for persons establishing exchange wagering accounts. Subsection 2089.5(d) states the exchange provider may refuse to establish an account or may cancel or suspend a previously established account, without notice if any information supplied is untrue or incomplete. This is necessary to ensure the submission of complete applications, and allows the provider to act where false information is supplied. This is also consistent with current practice under advance deposit wagering regulations, which allow the provider to refuse an account where the information provided is false or incomplete. Subsection 2089.5(d)(1) provides that within five business days the exchange provider shall return to the account holder any funds held in an account that it cancels. The Board has determined that it is necessary to let ex-account holders know how soon they may expect any funds remaining in cancelled accounts, and to provide direction to the exchange provider regarding the return of such funds. This is consistent with current practice under Board Rule 2073(a), Operation of an Advance Deposit Wagering Account for all Entities. Subsection 2089.5(e) provides that if the exchange provider or an affiliate is also licensed by the Board to conduct advance deposit wagering, the exchange provider or affiliate may verify the information on file for the existing advance deposit wagering accounts. This provides convenience for persons who hold a current advance deposit wagering account by streamlining the process to also open an exchange wagering account. Subsection 2089.5(f) states the exchange provider shall have the right to suspend or close any account at its discretion. This is consistent with current practice under Rule 2073(a) which allows the advance deposit wagering entity to close or suspend accounts. There are many reasons an exchange provider may wish to close or suspend an account, and the Board has determined the provider must be able to take such an action. Subsection 2089.5(g) states the account holder shall provide the exchange provider with a means of personal identification to be used by the account holder to access his account. This is the equivalent of a password, which is commonly used to identify users. Business and Professions Code section 19604.5(d) requires the Board to approve exchange wagering provider security safeguards to ensure player protection, which shall include the use of identifying factors to ensure security of individual accounts. This requirement is consistent with current advance deposit wagering Rule 2074(g), which requires a means of personal identification. The subsections also states the account is for the use of the account holder only. The account holder is responsible for the secrecy of the account number and means of personal identification, and must notify the exchange provider of any breach in security. This is necessary to maintain the integrity of each exchange wagering account, and it is consistent with current advance deposit wagering requirements under Rule 2073(h). Subsection 2089.5(h) states each account shall have a unique identifying account number. The account holder shall be informed of the assigned number and provided a copy of the provider's exchange wagering procedures, terms and conditions, and any other information that pertains to the operation of the account. The Board has determined the account holder must be fully informed at the time the account is opened. Subsection 2089.5(h) is consistent with current advance deposit wagering practice under Rule 2074(h), which requires the advance deposit wagering provider to inform applicants of such information at the time the account is opened. Subsection 2089.5(i) requires the exchange provider to comply with Internal Revenue Service requirements for reporting and withholding proceeds from exchange winnings, and to provide

account holders with a Form W2-G summarizing the required tax information. Upon the written request of the account holder, the exchange provider shall supply a summarized tax account of the account holder's wagering activities. These requirements are consistent with current advance deposit wagering provisions under Rule 2074(i). The Board has determined it is necessary place the requirements in Rule 2089.5 so the account holder will understand that the exchange provider is the entity that will furnish such information. Subsection 2089.5(j) requires the exchange provider to electronically record all wagering conversations, transactions or other wagering communications. The records of the communications shall be kept by the entity for at least 180 days, unless otherwise directed by the Board. Upon the request or order of the Executive Director, the exchange provider shall furnish the tapes and other records. The Board has determined it is necessary to record all such wagering transactions, and to retain such records for a certain period of time. The records may be used to assist in the conduct of investigations of wagering activities that may infringe on the integrity of horseracing. Conversely, the records may be used to protect the interests of account holders who may make claims to the Board against the exchange provider. The provisions of subsection 2089.5(j) are consistent with current advance deposit wagering requirements under Rule 2074(f). Subsection 2089.5(k) requires the exchange provider to forward an account activity statement to the account holder upon request. The statement shall be for the immediate 30 days prior to the request, and unless the account holder sends a written notice disputing the statement within 14 calendar days of the date of the statement, it shall be deemed correct. This subsection provides a timeframe within which an account holder must dispute a statement detailing account activities. The provision is consistent with current advance deposit wagering requirements under Rule 2074(i). Subsection 2089.5(l) provides that no confidential information related to the placing of an exchange wager, or the operation of the exchange wagering system may be divulged by an employee or agent of the exchange provider without the consent of the account holder, except to the account holder as required under Article 27, the Board or federal statute. The Board has determined that this provision is necessary to protect the confidentiality of the account holder. The provision is consistent with current advance deposit wagering requirements under Rule 2074(k).

The Board proposes to add Rule 2089.6, Deposits to an Exchange Wagering Account. The regulation describes how exchange wagering account holders may make deposits to their accounts. Subsection 2089.6(a)(1) through 2089.6(a)(3) provide that deposits may be in the form of cash; checks or wire or electronic transfer payable and remitted to the exchange provider, as well as charges made to an account holder's debit or credit card upon the account holder's direct and personal instruction if the use of the card has been approved by the exchange provider. These provisions allow for numerous ways to deposit funds to an exchange wagering account and are consistent with current advance deposit wagering practices under Rule 2076, Deposits to an Advance Deposit Wagering Account with all Entities. Subsection 2089.6(a)(4) requires that the name and billing address for any credit card, debit card, bank account or other method of payment through which an account holder funds an account shall be the same as the account holder's registered name and address. This is necessary to help ensure that the deposits are made from accounts belonging to the exchange wagering account holder, and that they are from a legitimate source. This provision is consistent with current practice under advance deposit wagering Rule 2076. Subsection 2089.6(b) provides that funds in an account shall bear no interest to the account holder. This is consistent with current practice under advance deposit wagering Rule 2073(c). The exchange provider is not a bank, and it is expected that exchange wagering account holders will not typically keep sums of money in an account. Instead, as with advance deposit wagering, the account holders deposit money in an account, wager, and then withdraw the winnings. Subsection 2089.6(c) states that the account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer, and that such charges may be deducted from the account holder's account. The Board has determined that the exchange wagering account holder shall be liable for such charges, as the account holder is able to choose how he or she will fund an account. The exchange provider does not require funds to be deposited in a manner that will result in such charges. In addition, this provision is consistent with current practice under advance deposit wagering Rule 2076(a)(4).

The Board proposes to add Rule 2090, Posting Credits for Winnings from Exchange Wagers. Subsection 2090(a) provides that credit for winnings from matched wagers shall be posted to the account by the exchange

provider after the race is declared official. This is consistent with Business and Professions Code section 19604.5(i)(1) which states the Board shall require the exchange provider to distribute all money in each pool at the conclusion of the race or races associated with the pool. In addition, it is consistent with current practice under Board Rule 1955, Distribution of Pools, which states that after the results of the race have been declared official, the pari-mutuel pools are subject to distribution to holders of pari-mutuel tickets entitled to share in the respective pools. Subsection 2090(b) provides that, notwithstanding Rule 1955, where the outcome of a matched wager can be determined with certainty by the exchange provider prior to the time that the race is declared official, the provider may settle the matched wager as soon as the outcome is determined with certainty. This allows for the settlement of antepost markets, which will be allowed under Rule 2087.5. In backing an antepost market, one wagers that a certain horse will run in the race, and that it will finish in the win, place or show position. If the horse is declared prior to the running of the race, the exchange wagering account holder who laid the market wins the wager. As soon as the horse is declared from the race the exchange provider knows with certainty that the account holder who laid the antepost market won, and the antepost market may be settled.

The Board proposes to add Rule 2090.5, Debits to an Exchange Wagering Account. The regulation describes how the exchange provider will make debits to an exchange wagering account. Subsection 2090.5(a) provides that upon receipt of a properly placed exchange wager, the exchange provider will determine if there are sufficient funds in the account holder's account to cover the maximum amount the account holder could be liable for based on the wager. If there are sufficient funds, the wager will be accepted. The exchange provider will debit the account holder's account the total maximum amount of the liability based on all wagers on races that have not been declared official. It is necessary for the exchange provider to determine if the exchange wagering account holds sufficient funds because Business and Professions Code section 19604.5(d) provides that an exchange provider may not accept a wager if the results of the wager would create a liability for the exchange wagering account holder that is in excess of the funds on deposit in the exchange wagering account. This is also consistent with current advance deposit wagering practice under Rule 2077(a)(2), Placing an Advance Deposit Wager with all Entities. The Board has determined that it is necessary for the exchange provider to debit the account holder's account the total maximum amount of the liability based on all wagers on races that have not been declared official so that funding for any subsequent wagers must come from other funds in the account; this prevents the creation of a liability in the account. This is also consistent with current advance deposit wagering practice under Rule 2077. Subsection 2090.5(b) states that exchange wagers shall be accepted only during exchange provider designated operating days and times. At the time of application for license the exchange provider must inform the Board of its hours of operation. Deviation from operation of the entity must be approved by the Board. This is also consistent with current advance deposit wagering practice under Rule 2073(e). Subsection 2090.5(c) provides that the exchange provider may at any time declare the system closed for receiving wagers on any race or closed for all exchange wagering. This allows for unforeseen technical difficulties and the exchange provider's business decisions. Flexibility is granted the exchange provider should equipment fail, or the exchange provider determined it is not in its best interest to card a particular race or race program. This is also consistent with current advance deposit wagering practice under Rule 2073(e).

The Board proposes to add Rule 2090.6, Withdrawals by Account Holder. The regulation describes how exchange wagering account holders may make withdrawals from their exchange wagering accounts. Subsection 2090.6(a) states the exchange provider shall complete withdrawals within five business days of the receipt of a request from the account holder. The request may be made by mail, telephone or other electronic media and must be accompanied by a valid account number and a means of personal identification. If the request is made by mail, it must include a signed completed withdrawal form. This provides account holders with several methods of withdrawing funds from their accounts. Requiring the exchange provider to complete the withdrawal within five business days gives the provider ample time to ensure there are sufficient funds in the account, and it provides the account holder with a timeline within which they may expect payment. These provisions are consistent with current advance deposit wagering practice under Rule 2078, Withdrawals from an Advance Deposit Wagering Account with all Entities. Subsections 2090.6(a)(1) through 2090.6(a)(2) provide

direction if the exchange wagering account contains sufficient funds, or if the exchange wagering account does not contain sufficient funds. Under subsection 2090.6(a)(1) if there are sufficient funds in the account the exchange provider shall send a check payable to the account holder in the amount requested. Under subsection 2090.6(a)(2), if there are not sufficient funds in the account, the exchange provider shall send a check payable to the account holder in the amount of the funds available to the address of record. These provisions are consistent with current advance deposit wagering practice under Rule 2078. Subsection 2090.6(a)(3) provides that the exchange provider may, at the direction of the account holder, use a wire or electronic funds transfer, including the automated clearing house system, in lieu of a check, to deliver funds withdrawn from an account to a monetary account controlled by the account holder. This will allow the exchange provider to provide the convenience of depositing funds in an exchange wagering account directly into monetary accounts controlled by the account holder. The provision is consistent with current advance deposit wagering practice under Rules 2076 and 2078. Subsection 2090.6(a)(3) states the account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer. The charges may be deducted from the account holder's account. The Board has determined that the exchange wagering account holder shall be liable for such charges, as the account holder is able to choose how he or she receive withdrawn funds. The exchange provider does not require funds to be withdrawn in a manner that will result in such charges. In addition, this provision is consistent with current practice under advance deposit wagering Rule 2078. Subsection 2090.6(b) provides that the exchange wagering account holder may withdraw funds in person with such identification as required by the exchange provider. This is consistent with conventional pari-mutuel practice and with current advance deposit wagering practice under Rule 2078.

The Board proposes to add Rule 2091, Closing an Inactive Exchange Wagering Account. The regulation provides that the exchange wagering provider may close any exchange wagering account that has remained inactive for six months or longer. The six-month period is permissive, so the exchange provider may keep inactive accounts open well beyond the time allotted under Rule 2091. However, the rule provides clarity for the account holder and the exchange provider. Account holders who do not actively participate in exchange wagering for long periods of time know their accounts may be closed after six months of inactivity, and the exchange provider has the ability to expunge inactive accounts according to its business model. The six-month period is consistent with current advance deposit wagering practice under Rule 2073. If the exchange provider closes an inactive account, the funds remaining in the account must be returned to the account holder at the address of record within five business days of closing the account. This lets the account holder know when he or she may expect the funds, and it is consistent with current advance deposit wagering practice under Rule 2073.

The Board proposes to add Rule 2091.5, Suspending an Exchange Wagering Account. The regulation allows the exchange provider to suspend an account under specified conditions. Subsection 2091.5(a) provides that the exchange provider may suspend an exchange wagering account if it has reason to believe the account holder may have committed acts of fraud in connection with exchange wagering or other actions with threaten the integrity or fairness of any exchange wagering, or if otherwise ineligible to hold the account. Integrity and fairness are vital to the continued health and success of the horseracing industry. Exchange wagering providers are acutely aware of the necessity to maintain the integrity of the exchange, so they constantly monitor every aspect of exchange wagering. The Board has determined that if the exchange wagering provider believes an account holder is acting in a manner that threatens the integrity or fairness of any exchange wagering, the provider must be able to act, so it is necessary to allow the provider to suspend accounts. If an account holder is otherwise ineligible to hold an account, the exchange provider must be able to suspend the account to prevent unauthorized wagering by the account holder. These provisions are consistent with Business and Professions Code section 19604.5(e)(1), which states the Board shall have full power to prescribe rules and regulations and conditions under which exchange wagering may be conducted in California, including the requirements for any person to participate in exchange wagering. The ability of the exchange provider to suspend exchange wagering accounts is also consistent with current advance deposit wagering practice under Rule 2073, which allows the provider to suspend advance deposit wagering accounts. Subsection 2091.5(b) requires the exchange provider to immediately notify the Board by electronic mail if it suspends an account due to fraud in connection

with exchange wagering or other actions which threaten the integrity of any exchange wagering. Immediate notification is necessary so the Board can determine if it needs to be involved in an investigation, and so the Board can take action against licensees, if necessary. Notification by electronic mail will leave a record of the time and date of the notification. Electronic mail also provides documentation that can be used by the Board in an investigation. The exchange provider must submit to the Board a written account of the suspension. Subsections 2091.5(b)(1) through 2091.5(b)(4) state the minimum required information to be included in the written report. This is necessary so that the reports will be uniform and will provide information the Board considers essential.

The Board proposes to add Rule 2091.6, Powers of the Board to Review and Audit Records. The regulation provides that the Board shall have access for review and audit, to all records and financial information of an exchange provider. The information shall be made available upon request from the Board to the extent disclosure is not prohibited by law. Board access to and use of information concerning wagering transactions and an account holder is considered proprietary to the exchange provider and shall not be disclosed, except as required by law. This is consistent with Business and Professions Code section 19604.5(e)(4), which provides that the Board shall have full power to prescribe rules, regulations, and conditions under which all exchange wagering licenses are issued or renewed in California including requiring an annual audit of the exchange wagering. Requiring such audits is consistent with current Board practice. The Board routinely requires audits of racing associations, advance deposit wagering organizations, and horsemen's organizations, as well as other horseracing related entities under its jurisdictions. Such audits are necessary to ensure the viability of such entities and to protect the interests of licensees and the public at large. While the Board may require regular audits of horseracing entities, it also recognizes the necessity of maintaining the confidentiality of certain proprietary information. Under Rule 2091.6, information regarding wagering transactions and account holders is considered proprietary. This is consistent with current Board practice.

The Board proposes to add Rule 2092, Exchange Wagers Placed After the Start of a Race. Subsection 2092(a) states that an exchange provider may accept wagers placed on a market after the start of a live race but before the results are declared official, subject to the approval of the Board and as reflected in the provider's operating plan. This is consistent with Business and Professions Code section 19604.5(k). Under Business and Professions Code section 19604.5(k) the exchange provider must also have the approval of the horsemen's organization responsible for negotiating purse agreements and the racing association or racing fair conducting the races. Such approvals may be obtained while negotiating the agreements required prior to licensing as required under Business and Professions Code sections 19604.5(b)(2) to 19604.5(b)(7), inclusive. Subsection 2092(b) states no exchange wagers shall be placed on a market after the conclusion of a live race. Subsection 2092(c) states exchange wagering on previously run races is prohibited. This is consistent with current industry practice. In addition, Business and Professions Code section 19604.5(e)(3)(B) requires the Board to adopt regulations with the provisions contained in subsections 2092(b) and 2092(c).

The Board proposes to adopt Rule 2092.5, Prohibitions on Wagers to Lay a Horse to Lose. Exchange wagering allows account holders to place wagers to lay an entrant in a horse race. This translates to wagering against the horse; or that it will lose. Business and Professions Code section 19604.5(3)(A) requires the Board to adopt a regulation that prohibits an owner, authorized agent, trainer, jockey, jockey's agent, driver, or stable employee from placing an exchange wager to lay any entrant in a horse race that is owned in whole or part by that owner or the owner represented by that authorized agent, trained by that trainer or stable employee, ridden by that jockey or the jockey represented by that jockey's agent or driven by that driver. The Board has determined that it is necessary to promulgate a regulation that prohibits additional parties from placing a wager on a horse to lose. This will clarify who may not place such a wager on a horse entered to race, and to ensure the integrity of horseracing. Subsection 2092.5(a) states that the person who owns a horse in whole or in part may not make a wager that lays the horse. This is consistent with current Board practice. Rule 1970, Wagering on Competing Horse, prohibits owners that have a horse entered to race from wagering on any horse competing in the same race. Subsections 2092.5(a)(1) through 2092.5(a)(6) list other persons who are associated with the horse entered to race and who may not place a wager to lay the horse. These prohibitions are consistent with current

practice under Board Rules 1692, Requirements for Horse, Trainer and Jockey; Rule 1970; and Rule 1971, Wagering by Jockey or Driver. Subsection 2092.5(b) states none of the persons listed in subsections 2092.5(a) through 2092.5(a)(6) shall instruct another person to lay a horse to lose on their behalf, or receive any part of any proceeds of such a lay. The Board has determined the provision is necessary to prevent persons associated with the race from damaging the integrity of the wagering exchange, and horseracing. Subsection 2092.5(c) provides that no exchange wagering account shall be used to lay a horse to lose, except by the account holder. All such wagers are presumed to be by and for the benefit of the account holder. The Board has determined this provision is necessary to prevent persons from using others' exchange wagering accounts to place wagers that would otherwise be prohibited. The restriction is consistent with current advance deposit wagering practice under Rule 2073(h).

The Board proposes to add Rule 2092.6, Suspension of Occupational License. Subsection 2092.6(a) states the Board of Stewards may suspend the license of any person if it determines there is probable cause to believe such persons may have committed acts of fraud in connection with exchange wagering or any other action or inaction which threatens the integrity or fairness of exchange wagering. Under the proposed Rule 2086.8, Monitoring Systems and Notification, the exchange entity must immediately notify the Board of any unusual wagering patterns or when certain predetermined events occur. If the exchange wagering entity suspects there is fraud, or any issues that raise questions about the integrity of a market, it may suspend markets under the proposed Rule 2087, Suspending Markets. The entity can take similar actions under the proposed Rule 2087.6, Cancellation of Matched Wagers, and the proposed Rule 2091.5, Suspending an Exchange Wagering Account. In each case, the exchange provider must provide notice to the Board of its actions and the reasons for such actions. This keeps the Board informed and if necessary it allows the Board to initiate an investigation into the exchange wagering activities of any licensees who may be involved. The Board has determined it is necessary to add Rule 2092.6 so that it may take action against the license of any licensee when it determines there is probable cause to believe that such person may have committed acts of fraud in connection with exchange wagering or any action which threatens the integrity or fairness of any exchange wagering. Probable cause refers to facts or evidence that could make a reasonable person believe that a crime or wrong doing has been committed. This requires that the Board meet a specific standard before it can take action. While allowing the Board to suspend a license, Rule 2092.6 also provides the licensee with certain safeguards. The Board may not suspend a license merely because it or the exchange provider suspects the licensee is involved in fraudulent exchange wagering activities; rather, the Board must have a level of reasonable belief, based on facts that can be articulated and that would lead a reasonable person to believe the charge is true. Suspension of a license by the Board of Stewards is consistent with current practice. Under Board Rule 1527, General Authority of Stewards, the stewards have general authority and supervision over all licensees and others attendant on horses, and also over the inclosures of any recognized meeting. Board Rule 1528, Jurisdiction of Stewards to Suspend or Fine, states the stewards may suspend the license of anyone whom they have the authority to supervise. Subsection 2092.6(b) provides that the licensee may make an appeal to the Board by complying with the provisions of Rule 1761, Appeal from Decision of Stewards. This provides another layer of protection for the licensee, and is consistent with current practice under Rule 1761, which sets forth the licensee's administrative appeal rights.

The Board proposes to add Rule 2093, Certain Practices Related to Exchange Wagering. Subsection 2093(a) states the exchange provider shall provide an account holder with information on the race, including the track where the race will take place and the names of the participating horses before the account holder may place an exchange wager. This is consistent with the requirements of Business and Professions Code section 19604.5(e)(3), which states the Board shall adopt the provision as a regulation. Subsection 2093(b) states the exchange provider shall require the account holder to select the specific race and horse when making a wager, and that the exchange provider may not offer automatic quick-pick or similar features to aid in the placing of an exchange wager. This is consistent with the requirements of Business and Professions Code section 19604.5(e)(3), which states the Board shall adopt the provision as a regulation. Subsection 2093(c) states the exchange provider shall not display the results of an exchange wager through the use of video or mechanical reels or other slot machine or casino game themes, including dice games themes or other games, as specified.

The subsection is consistent with the requirements of Business and Professions Code section 19604.5(e)(3), which states the Board shall adopt the provision as a regulation.

#### BENEFITS ANTICIPATED FROM THE REGULATORY ACTION.

The proposed addition of Article 27, exchange wagering, will implement the provisions of Business and Professions Code section 19604.5, which authorizes exchange wagering in California. The betting exchange is a business model for transacting wagers through an Internet Web site or by telephone. As in traditional pari-mutuel wagering, exchange wagering account holders wager against each other and not the wagering system operator. However, exchange wagering account holders propose their own prices or odds for each wager, which other account holders may accept or choose from other proposals. Once wagers have been matched on the exchange, the price or odds for those wagers are set. This form of pari-mutuel wagering is expected to have the benefit of attracting a new and younger demographic to California's horse racing industry. New horse racing fans that use exchange wagering may create a positive economic benefit for California racing associations in the form of increased commissions, and for California's horsemen in the form of increased purses. Improvements in the economic viability of California's horse racing industry will encourage owners and trainers to keep race horses in California, which will benefit the entire industry. A healthy horseracing industry benefits the communities in which California racetracks are located, and promotes agriculture and breeding of horses in this State. The proposed addition of Article 27 consists of 25 proposed regulations that will govern the conduct of exchange wagering in California. The regulations inform potential exchange wagering providers about the application process, and the Board's requirements for the administration of exchange wagering in California. This promotes openness and transparency for the exchange provider and exchange wagering account holders. The proposed regulations will also promote fairness in that the requirements to operate an exchange and to possess an exchange wagering account will be uniform.

#### TECHNICAL, THEORETICAL, AND/OR EMPIRICAL STUDY, REPORTS OR DOCUMENTS.

In proposing the addition of Article 27, the Board relied on the results of its economic impact analysis prepared pursuant to Government Code section 11346.3(b). The Board did not rely on any other technical, theoretical, and/or empirical study, reports or documents in proposing the addition of Article 27.

#### ALTERNATIVE TO THE PROPOSED REGULATORY ACTION THAT WOULD LESSEN ANY ADVERSE IMPACT ON AFFECTED PRIVATE PERSONS OR BUSINESSES.

The Board has determined that there were no alternatives considered which would be more effective in carrying out the purposes of the proposed regulations or would be more effective and less burdensome to affected private persons or businesses than the proposed regulations.

#### REASONABLE ALTERNATIVES TO THE PROPOSED REGULATORY ACTION.

Business and Professions Code section 19604.5(e)(2) provides that prior to the Board promulgating rules, regulations, and conditions under which exchange wagering may be conducted in California, the Board shall consider studies or comments submitted by interested parties on the impact of exchange wagering on pari-mutuel wagering. On August 2, 2011, the Board published a notice of intent to promulgate exchange wagering rules. The notice solicited written comments and studies concerning the impact of exchange wagering, and advised that all written materials would be used to develop rules and regulations that are in the best interest of the public and the California horse racing industry. The public notice period closed on September 26, 2011. During the notice period comments/proposed regulations were received from Global Betting Exchange (GBE), an Ireland-based entity with exchange wagering interests. The GBE comment proposed amending the Board's advance deposit regulations that comprise Article 26, Advance Deposit Wagering, to incorporate requirements for exchange wagering. The Board did not adopt the GBE proposal. Although advance deposit wagering and exchange wagering can be conducted via the Internet and telephone, there are fundamental differences in the

business models. The Board believed the GBE proposal would confuse patrons and potential exchange wagering providers, so it determined it would add Article 27, Exchange Wagering, rather than accept the GBE proposal. No subsequent alternative recommendations were made prior to the notice. The Board invites any interested party to submit comments which offer any alternative proposal.

TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 27. EXCHANGE WAGERING  
PROPOSED ADDITION OF  
RULE 2086. DEFINITIONS

2086. Definitions

As used in this article:

(a) “Back” means to wager on a selected outcome occurring in a given market.

(b) “Confidential information” means the following:

(1) the amount of money credited to, debited from, or present in any particular account holder's exchange wagering account;

(2) the amount of money wagered by a particular account holder on any races or series of races;

(3) the exchange wagering account number and personal identification number of an account holder;

(4) the identities of particular entries on which the account holder is wagering or has wagered; and

(5) unless otherwise authorized by the account holder, the name, address, and all other information in possession of the exchange provider that would identify the account holder to anyone other than the Board or the exchange provider.

(c) “Credits” means all positive inflow of money to an exchange wagering account.

(d) “Debits” means all negative outflow of money from an exchange wagering account related to a wager placed from such account.

(e) “Declared Entry” means a horse withdrawn from a race in which its entry has been accepted.

(f) “Deposit” means a credit of money to an exchange wagering account from an account holder.

(g) “Exchange” means a system operated by an exchange provider in which the provider maintains one or more markets in which account holders may back or lay a selected outcome.

(h) “Exchange wagering” means a form of pari-mutuel wagering in which two or more persons place identically opposing wagers in a given market, as provided under Business and Professions Code section 19604.5.

(i) “Exchange wagering account,” “account” means the account established with an exchange provider by a natural person participating in exchange wagering. An account may only be established or maintained with an exchange provider by a natural person.

(j) “Exchange wagering license applicant,” “applicant” means any entity including, but not limited to, corporations, partnerships, limited liability companies, limited partnerships, or individuals that file an application with the Board to conduct exchange wagering.

(k) “Exchange wagering license application” means the application form CHRB 229 (New 4/12), Application for License to Operate Exchange Wagering.

(l) “Exchange wagering licensee,” “exchange provider” means a person located within or outside of California that is authorized to offer exchange wagering to residents of California pursuant to Business and Professions Code section 19604.5 and this article.

(m) “Identically opposing wagers” means wagers in which one or more persons offer to lay a selected outcome at the same price at which one or more persons offer to back that same outcome, with the amount subject to the lay being proportionately commensurate to the amount subject to the back.

(n) “Lay” means to wager on a selected outcome not occurring in a given market.

(o) “Market” means, in relation to a given horse race or a given set of horse races, a particular outcome that is subject to exchange wagering as determined by an exchange provider.

(p) “Matched wager” means the wager that is formed when two or more persons are confirmed by the exchange provider as having placed identically opposing wagers in a given market on the exchange.

(q) “Means of personal identification” means the unique number, code, or other secure technology designated by an exchange wagering account holder to assure that only that account holder has access to his account.

(r) “Natural person” means a living, breathing human being, as opposed to a legal entity.

(s) “Net winnings” means the aggregate amounts payable to a person as a result of that person’s winning matched wagers in a pool less the aggregate amount paid by that person as a result of that person’s losing matched wagers in that pool.

(t) “Operating plan” means the plan submitted to the Board by an exchange provider detailing the proposed method of operation of the exchange.

(u) “Other electronic media” means any electronic communication device or combination of devices including, but not limited to, personal computers, the Internet, private networks, interactive television and wireless communication technologies, or other technologies approved by the Board.

(v) “Person” means any individual, partnership, corporation, limited liability company, or other association or organization.

(w) “Pool” means the total of all matched wagers in a given market.

(x) “Price” means the odds for a given exchange wager.

(y) “Unmatched wager” means a wager or portion of a wager placed in a given market within an exchange that does not become part of a matched wager because there are not one or more available exchange wagers in that market with which to form one or more identically opposing wagers.

(z) “Withdrawal” means a payment from an exchange wagering account by the exchange provider to the account holder.

RULE 2086.5. APPLICATION FOR LICENSE TO OPERATE EXCHANGE WAGERING  
2086.5. Application for License to Operate Exchange Wagering.

(a) Prior to any exchange wagers being accepted, the applicant for license to operate exchange wagering must obtain a license from the Board.

(b) An applicant must complete CHRB form 229 (New 02/12) Application for License to Operate Exchange Wagering, hereby incorporated by reference, which shall be available at the Board's headquarters office. The application must be filed not later than 90 days in advance of the scheduled start of operation. A certified check in the amount of \$1,400,000 payable to the California Horse Racing Board, or an amount to be determined by the Board to fulfill Business and Professions Code section 19604.5(e)(6), a detailed operating plan as described under Rule 2086.6, Operating Plan Required, and proof of the applicant's compliance with labor provisions of Business and Professions Code section 19604.5(f), must accompany the application.

(c) The term of the exchange wagering License shall be not more than 2 years from the date the exchange wagering license is issued, unless otherwise determined by the Board.

(d) The Board shall notify the applicant in writing within 30 calendar days from the receipt date if the application is deficient. No later than 90 calendar days following the receipt of the application, the Board shall make a final determination on the application. The Board may approve the application if, after reasonable investigation and inspection, as it deems appropriate, it determines that the applicant has demonstrated that exchange wagers placed through the exchange will be accurately processed and that there will be sufficient safeguards to protect the public and to maintain the integrity of the horse racing industry in this state. If the Board denies an application, the applicant has 30 calendar days, from the receipt of the Board's denial notification, to request a reconsideration of the Board's decision. The request must be in writing and sent to the Board's headquarters office. The Board shall respond in writing to the reconsideration request within 30 working days from the receipt date of the request. If reconsideration is denied, the applicant may file for judicial review in accordance with Government Code section 11523.

2086.6. Operating Plan Required.

As part of the exchange wagering license application, and any renewal application, the applicant shall submit a detailed operating plan in a format and containing such information as required by the Board. At a minimum, the operating plan shall address the following:

(a) A detailed report of the daily operation of the exchange.

(b) Management of customer accounts including deposits, withdrawals, debits and credits. This shall include:

(1) A policy to prevent commingling of funds; and

(2) Evidence of an established account with an Federal Deposit Insurance Corporation (FDIC) insured bank in which all funds of the account holders will be deposited. This shall include evidence that account holder's funds are segregated and held in a separate FDIC insured bank account of the exchange provider.

(c) Technology and hardware and software systems information, which shall include a data security policy, as well as a policy for the notification of the Board and account holders of any unauthorized access that may compromise account holders' personal information.

(d) Financial information that demonstrates the financial resources to operate an exchange and a detailed budget that shows anticipated revenue, expenditures and cash flows by month projected for the term of the license.

(e) Document retention policies including those related to account holder personal information and wagering information.

(f) A customer complaint and conflict resolution process.

(g) Programs for responsible wagering.

(h) The requirements for exchange wagering accounts established and operated for persons whose principal residence is outside of the state.

(i) The operating plan submitted pursuant to this regulation, and any subsequent updates or changes to such operating plan, shall be exempt from disclosure pursuant to Government Code section 6254(k) and non-disclosable to the public.

(a) An exchange provider may suspend a market at any time, including after the race is declared official but before winning wagers are credited, if the provider has reason to suspect that fraud or any other action or inaction by any person connected with the race raises questions about the integrity and fairness of the market.

(b) The provider shall immediately notify the Board by means of electronic mail any time a market is so suspended. Upon settlement of the market the provider shall submit to the Board a written account of the suspension that at a minimum provides the following information:

(1) The market suspended;

(2) The date and time of the suspension;

(3) The reason for suspending the market;

(4) The results of the investigation;

(5) How the market was settled.

(c) Upon the completion of an investigation, the exchange provider shall settle the market as appropriate.

(1) there is a technological failure and the market must be voided; or

(2) there is good cause to suspect that a person placing a wager through the exchange has breached any term of the person's agreement with the exchange provider;

(3) it is in the interest of maintaining integrity and fairness in a particular market; or

(4) human error by the exchange wagering provider in recording an exchange wager.

(b) If a matched wager is canceled or voided due to situations described in subparagraphs (a)(2) and (a)(3) of this regulation, the exchange provider shall notify the Board in writing of its actions and the circumstances that resulted in such action.

RULE 2089. ERRORS IN PAYMENTS OF EXCHANGE WAGERS

2089. Errors in Payments of Exchange Wagers.

If an error occurs in the payment of amounts for exchange wagers, the following shall apply:

(a) In the event the error results in an over-payment to the individuals wagering, the exchange provider shall be responsible for such payment.

(b) In the event the error results in an under-payment:

(1) An account holder must submit a claim for the underpayment within 30 calendar days inclusive of the date on which the alleged underpayment occurred. The exchange provider shall investigate such claims and shall pay each claim, or a part thereof, which it determines to be valid, and shall notify the claimant in writing if his claim is rejected as invalid.

(2) Any claim not filed with the exchange provider within 30 calendar days inclusive of the date on which the alleged under-payment occurred shall be deemed waived and the exchange provider shall have no further liability therefore.

(3) Any person whose claim is rejected by the exchange provider may, within 15 calendar days from the date he received the notice of rejection, request in writing that the Board determine the validity of the claim. Failure to file such request with the Board within the said time shall constitute a waiver of the claim.

(4) A hearing shall be held on each such rejected claim timely filed with the Board. The Board shall give notice of such hearing to the claimant and the exchange provider. The Board may determine a claim to be valid, in whole or in part, and thereafter order the exchange provider to pay to the claimant the amount of the claim determined to be valid, or may deny the claim in whole or in part. ARTICLE 27. EXCHANGE WAGERING  
PROPOSED ADDITION OF  
RULE 2089.5. REQUIREMENTS TO ESTABLISH AN EXCHANGE WAGERING ACCOUNT

2089.5. Requirements to Establish an Exchange Wagering Account.

(a) An exchange wagering account is necessary to place exchange wagers. Exchange wagering accounts may be established by residents of California. Residents of another jurisdiction may establish exchange wagering accounts provided it is not unlawful under United States federal law or the law of that jurisdiction to place an exchange wager. An account may be established in person, by mail, telephone, or other electronic media including but not limited to the Internet. An account shall not be assignable or otherwise transferable.

(b) The information required to establish an account shall include:

(1) The prospective account holder's full legal name.

(2) The principal residence address of the prospective account holder. Such address shall be deemed the address of record for mailing checks, withdrawals, statements, if any, of the account, notices, or other correspondence or materials. It is the responsibility of the account holder to notify the exchange provider of any address change.

(3) Telephone number.

(4) Social Security Number or Individual Tax Identification Number.

(5) Certification or other proof that the applicant is at least 18 years of age.

(c) An exchange provider shall employ electronic verification with respect to each prospective account holder's name, principal residence address, date of birth and social security number at the time of the account establishment by a Board-approved national, independent, individual reference company or another independent technology approved by the Board which meets or exceeds the reliability, security, accuracy, privacy and timeliness provided by individual reference service companies.

(d) An exchange provider may refuse to establish an account, or may cancel or suspend a previously established account, without notice, if it is found that any information supplied by the prospective account holder is untrue or incomplete.

(1) If the exchange provider cancels a previously established account, within five business days it shall return to the account holder at the address of record any funds held in the account.

(e) If an exchange provider or an affiliate of such provider is also licensed by the Board to conduct advance deposit wagering, the exchange provider may offer holders of existing advance deposit wagering accounts held with such exchange provider or such affiliate a convenient method of establishing an exchange wagering account by verifying information on file for the existing advance deposit wagering account.

(f) The exchange provider shall have the right to suspend or close any account at its discretion.

(g) The account applicant shall supply the exchange provider with a means of personal identification to be used by the account holder to access his account. Exchange wagering accounts are for the use only of the account holder and the account holder is responsible to maintain the secrecy of the account number and means of personal identification. The account holder must immediately notify the exchange provider of any breach of security for the account.

(h) Each account shall have a unique identifying account number. The exchange provider shall inform the account holder of the assigned account number and provide a copy of the exchange provider's exchange wagering procedures, terms, and conditions, as well as any information that pertains to the operation of the account.

(i) Each exchange provider shall, at all times, comply with Internal Revenue Service (IRS) requirements for reporting and withholding proceeds from exchange wagers by account holders and shall, following the credit to an account for a winning exchange wager, send to any account holder who is subject to IRS reporting or withholding a Form W2-G summarizing the information for tax purposes. Upon written request by an account holder, the exchange provider shall provide the account holder with summarized tax information on exchange wagering activities.

(j) All wagering conversations, transactions or other wagering communications through the exchange wagering system, verbal or electronic, shall be recorded by means of electronic media, and the tapes or other records of such communications shall be kept by the entity for at least 180 days, unless otherwise directed by the Board. These tapes and other records shall be made available to the Board upon request or order by the Executive Director.

(k) Upon request of the account holder the exchange provider shall provide a statement detailing account activity for the immediate 30 days prior to the request. Unless the exchange provider receives written notice disputing the statement within 14 calendar days of the date a statement is forwarded, it shall be deemed to be correct.

(l) No employee or agent of the exchange provider shall divulge any confidential information related to the placing of any exchange wager or any confidential information related to the operation of the exchange wagering system without the consent of the account holder, except to the account holder as required by this article, the Board, and as otherwise required by state or federal law.

(a) The account holder's deposits to the account shall be submitted by the account holder to the exchange provider and shall be in the form of one of the following:

(1) cash given to the exchange provider;

(2) check, money order, negotiable order of withdrawal, or wire or electronic transfer, payable and remitted to the exchange provider; or

(3) charges made to an account holder's debit or credit card upon the account holder's direct and personal instruction, which instruction may be given by telephone communication or other electronic media to the exchange provider or its agent by the account holder if the use of the card has been approved by the exchange provider.

(4) the name and billing address for any credit card, debit card, bank account, or other method of payment through which an account holder funds or transfers from an account shall be the same as the account holder's registered name and address.

(b) Funds in an account shall bear no interest to the account holder.

(c) The account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer, and such charges may be deducted from the account holder's account.

(a) Upon receipt by the exchange provider of an exchange wager properly placed, the provider shall determine whether there are sufficient funds in the account holder's wagering account to cover the maximum amount the account holder could be liable for based on the wager. If so, the wager shall be accepted. The exchange provider will debit the account holder's account the total maximum amount which the account holder could be liable for based on all exchange wagers placed by the account holder on races which have not yet been declared official.

(b) Wagers shall be accepted only during days and times designated as operating by the exchange provider.

(c) The exchange provider may at any time declare the system closed for receiving any wagers on any race or closed for all exchange wagering.

In the case of any withdrawal requested by mail, by telephone, or by other electronic media:

(1) If sufficient funds are available in the account, the exchange provider shall send a check payable to the account holder in the amount of the requested withdrawal to the address of record.

(2) If sufficient funds are not available in the account, the exchange provider shall, within five business days of receipt, provide notification to the account holder of insufficient funds and send a check payable to the account holder in the amount of the funds available to the address of record.

(3) A wire or electronic funds transfer, including but not limited through the automated clearing house system, may be used in lieu of a check, at the discretion of the account holder and the exchange provider, to deliver funds withdrawn from an exchange wagering account to a monetary account controlled by the account holder. The account holder may be liable for any charges imposed by the transmitting or receiving entity involved in a wire or electronic transfer, and such charges may be deducted from the account holder's account.

PROPOSED ADDITION OF  
RULE 2092.5. PROHIBITIONS ON WAGERS TO LAY A HORSE TO LOSE

2092.5. Prohibitions on Wagers to Lay a Horse to Lose.

(a) No exchange wager that lays a horse to lose may be made by a person who owns such horse in whole or in part, nor shall an exchange wager to lay the horse to lose be made by:

- (1) The trainer or assistant trainer who trains the horse;
- (2) The authorized agent who represents the owner of the horse;
- (3) The jockey or driver who rides or drives the horse;
- (4) The jockey agent who represents the jockey who rides the horse;
- (5) The valet who attends the jockey; or
- (6) Any stable employee of the trainer who trains the horse.

(b) Nor shall any of the persons named in subsection (a) of this regulation instruct another person to lay a horse to lose on their behalf, or receive the whole or any part of any proceeds of such a lay.

(c) No exchange wagering account shall be used to lay a horse to lose, except by the account holder. All wagers that lay a horse to lose will be presumed to be effected by, and for the benefit of, the account holder.
