

RULES SCHEDULED TO BE HEARD FOR ADOPTION AT THE November 9, 2010 REGULATORY HEARING:

PROPOSAL TO ADD:

The proposed amendment would add Rule 1581.2 Suspended Trainer May Enter Horses. The proposed regulation provides that a trainer whose license has been suspended may enter horses to race, provided the race(s) will start after the final day of the trainer's term of suspension, unless the Board or the stewards deny the privilege.

PROPOSAL TO AMEND:

Rule 1876, Financial Responsibility. The proposed amendment will require that all financial responsibility complaints, except those submitted as horse racing related wage disputes, include a California civil court judgment. The proposed amendment would also provide that financial responsibility complaints from equine medical hospitals, horse farms and Board authorized thoroughbred horse auctions will be considered if the debts are directly related to the California horse racing operations of a person licensed by the Board. The proposed amendment to Rule 1876 provides for the acceptance of financial responsibility complaints that are horse racing related wage disputes originating between persons licensed by the Board.
