AUTHORITY AND REFERENCE

Authority cited: Sections 19440, 19501 and 19562, Business and Professions Code. Reference: Sections 19401 (a), 19401 (d), 19420, 19440, 19501, and 19502, Business and Professions Code. Business and Professions Code sections 19420 and 19440 give the Board jurisdiction and supervision over meetings in California where horse races with wagering on their results are held, and authorize the Board to adopt, amend or repeal regulations.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 19401(a) and (d) provides that the intent of Chapter 4 is to allow pari-mutuel wagering on horse races, while assuring protection of the public and providing uniformity of regulation for each type of horse racing. Business and Professions Code section 19420 states jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings, is vested in the California Horse Racing Board. Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19562

provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in California. Assembly Bill (AB) 649, Chapter 605, Statutes of 2007, added section 19501 to the Business and Professions Code. Subsection 19501(b)(1) states that the scale of minimum jockey riding fees for losing mounts shall be increased whenever the State minimum wage is increased by the percentage of that increase.

Business and Professions Code section 19501(b)(1) requires an increase in the scale of minimum jockey riding fees for losing mounts whenever the State minimum wage is increased by a percentage of that increase. As of January 1, 2016, the California minimum wage rate will increase 11.1 percent per hour for all hours worked. This necessitates the amendment of Board Rule 1632, which provides jockey riding fees in the absence of a contract or special agreement between the trainer/owner and jockey. The Board proposes to amend subsection 1632(b) by increasing the minimum jockey riding fee for losing mounts by 11.1 percent to comply with Business and Professions Code section 19501(b)(1). However, the 11.1 percent increase to the losing mount fees causes the losing mount to earn more than the third place mount finishing with a gross purse of less than \$9,999. Due to Business and Professions Code section 19501(b)(1), the minimum wage increase of January 2016 results in a losing mount earning more than a mount coming in second or third place. This creates a disparity between the non-winning jockey riding fees making it more advantageous for a jockey to intentionally lose a race rather than to put forth his best effort, thereby compromising the honesty and integrity of a race. Therefore, the Board also proposes to amend the 2nd and 3rd place mount fees to reflect the 11.1 percent minimum wage increase for all mounts not sharing in purse monies to ensure these riders receive more than losing mounts.

The proposed amendment to Rule 1632 modifies subsection 1632(b) by adjusting the scale of jockey riding fees for losing mounts and for all 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less by 11.1 percent.

POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

The proposed amendment to Rule 1632(b) increases the scale of minimum jockey riding fees for losing mounts by 11.1 percent based on the California minimum wage rate increase that becomes effective January 1, 2016. In addition, the amendment to Rule 1632(b) applies the 11.1 percent increase for all 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less in order to balance the Non-Winning Jockey Riding Fee scale. This will eliminate any disparity between the non-winning jockey riding fees and will deter jockeys from intentionally losing a race rather than put forth his best effort in order to earn more money. This will increase the public's confidence in California horse racing, which may result in increased wagering. An increase in wagering will have a positive economic impact on the industry by increasing handle, which in turn may increase purses and commissions. The specific benefits anticipated from the regulation are compliance with current law and a balanced fee scale which will result in a fair and honest race product.

CONSISTENCY EVALUATION

During the process of developing these regulations and amendments, the CHRB has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

DISCLOSURE REGARDING THE PROPOSED ACTION/RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Section 17500 through 17630: none.

Other non-discretionary cost or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed amendment to Rule 1632 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The adoption of the proposed amendment to Rule 1632 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California. The proposed amendment to Rule 1632 is a benefit to the health and welfare of California residents because it promotes fairness and compliance with current law. The proposed regulation will increase the losing mounts fee scale to reflect the new California minimum wage increase of 11.1 percent that becomes effective January 1, 2016, as required by Business and Professions Code section 19501(b)(1). In addition, by applying the 11.1 percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This will promote the public's interest in a fair and honest race product by eliminating the possibility of a jockey intentionally losing a race rather than put forth his best effort in order to earn more money. Furthermore, by adjusting the Non-Winning Jockey Riding Fee scale based on the minimum wage increase there may be an increase to consumer spending that in turn may help the overall economy in California.

Effect on small businesses: none. The proposal to amend Rule 1632 does not affect small businesses because horse racing associations in California are not classified as small businesses under Government Code Section 11342.610.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

INITIAL STATEMENT OF REASONS

RULE 1632. JOCKEY'S RIDING FEE.

SPECIFIC PURPOSE OF THE REGULATION

The Board proposes to amend Rule 1632, Jockey's Riding Fee, to adjust the Non-Winning Jockey Riding Fee scale for losing mounts to reflect the new California minimum wage increase of 11.1 percent that becomes effective January 1, 2016. Business and Professions Code section 19501(b)(1) requires the scale of minimum jockey riding fees for losing mounts to be increased whenever the State minimum wage is increased by the percentage of that increase. In addition, the Board proposes to amend the Non-Winning Jockey Riding Fee scale to reflect an increase of 11.1 percent for the 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less.

PROBLEM

Assembly Bill (AB) 649, Chapter 605, Statutes of 2007, added section 19501 to the Business and Professions Code to require the scale of minimum jockey riding fees for losing mounts to be increased whenever the State minimum wage is increased. Effective January 1, 2016, California's minimum wage rate will increase by 11.1 percent. However, the 11.1 percent increase to the losing mount fees causes the losing mount to earn more than the third place mount finishing with a gross purse of \$9,999 or less. This creates a disparity between the non-winning jockey riding fees and may remove any incentive for a jockey to put forth his best effort.

NECESSITY

Business and Professions Code section 19501(b)(1) requires an increase in the scale of minimum jockey riding fees for losing mounts whenever the State minimum wage is increased by a percentage of that increase. As of January 1, 2016, the California minimum wage rate will increase by 11.1 percent per hour for all hours worked. This necessitates the amendment of

Board Rule 1632, which provides jockey riding fees in the absence of a contract or special agreement between the trainer/owner and jockey. The Board proposes to amend subsection 1632(b) by increasing the minimum jockey riding fee for losing mounts by 11.1 percent to comply with Business and Professions Code section 19501(b)(1). However, the 11.1 percent increase to the losing mount fees causes the losing mount to earn more than the third place mount finishing with a gross purse of less than \$9,999. Due to Business and Professions Code section 19501(b)(1), the minimum wage increase of January 2016 results in a losing mount earning more than a mount coming in second or third place. This creates a disparity between the non-winning jockey riding fees making it more advantageous for a jockey to intentionally lose a race rather than to put forth his best effort, thereby compromising the honesty and integrity of a race. Therefore, the Board also proposes to amend the 2nd and 3rd place mount fees to reflect the 11.1 percent minimum wage increase for all mounts not sharing in purse monies to ensure these riders receive more than losing mounts.

The proposed amendment to Rule 1632 modifies subsection 1632(b) by adjusting the scale of jockey riding fees for losing mounts and for all 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less by 11.1 percent.

BENEFITS ANTICIPATED FROM THE REGULATORY ACTION

The proposed amendment to Rule 1632(b) increases the scale of minimum jockey riding fees for losing mounts by 11.1 percent based on the California minimum wage rate increase that will be effective January 1, 2016. In addition, the amendment to Rule 1632(b) applies the 11.1 percent increase for all 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less in order to balance the Non-Winning Jockey Riding Fee scale. This will eliminate any disparity between the non-winning jockey riding fees and will deter jockeys from intentionally losing a race rather than put forth his best effort in order to earn more money. This will increase the public's confidence in California horse racing, which may result in increased wagering. An increase in wagering will have a positive economic impact on the industry by increasing handle, which in turn may increase purses and commissions. The specific benefits anticipated from the regulation are compliance with current law and a balanced fee scale which will result in a fair and honest race product.

TECHNICAL, THEORETICAL, AND/OR EMPIRICAL STUDY, REPORTS OR DOCUMENTS

The Board did not rely on any technical, theoretical, and/or empirical study, reports or documents in proposing the amendment of the regulation.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The results of the Board's Economic Impact Assessment as required by Government Code Section 11346.3(b) are as follows:

- The proposed regulation will not impact the creation or elimination of jobs within the State of California.
- The proposed regulation will not have an impact on the creation of new businesses or the elimination of existing businesses in the State of California.

- The proposed regulation will not have an impact on the expansion of existing businesses in the State of California.
- The proposed regulation will benefit California by promoting the safety and welfare of horse and rider and will not benefit the State's environment.

The Board has made the initial determination that the proposed amendment to Rule 1632 will not have a significant statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states. The proposed amendment to Rule 1632 will bring the California Horse Racing Board (CHRB) in compliance with Business and Professions Code section 19501 by adjusting the fee scale to reflect the upcoming State minimum wage rate increase of 11.1 percent for losing mounts. In addition, by applying the 11.1 percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This regulation will only affect jockeys and owners, and only when said parties have not agreed on a fee to be paid to the jockey as specified in a contract or written agreement and submitted before the running of a race. Absent a contract or written agreement, the jockey will be paid based on the Non-Winning Jockey Riding Fee scale. The proposed amendment to the regulation may encourage out-of-state horsemen to compete in California by assuring they will receive proper compensation for losing mounts.

Purpose:

The proposed amendment to Rule 1632, Jockey's Riding Fee, will adjust the Non-Winning Jockey Riding Fee scale for losing mounts to reflect the new California minimum wage increase of 11.1 percent that will become effective January 1, 2016. The purpose of the proposed amendment to Rule 1632, subsection (b) is to comply with Business and Professions Code section 19501(b)(1) which requires an increase in the scale of minimum jockey riding fees for losing mounts whenever the State minimum wage is increased by a percentage of that increase. In addition, the proposed amendment to Rule 1632, subsection (b) applies the 11.1 percent increase for all 2nd and 3rd place mounts in races with a gross purse of \$9,999 or less in order to balance the Non-Winning Jockey Riding Fee scale. This will eliminate any disparity between the non-winning jockey riding fees.

The Creation or Elimination of Jobs Within the State of California

The proposed amendment to Rule 1632 will bring CHRB in compliance with Business and Professions Code section 19501 by adjusting the fee scale to reflect the upcoming State minimum wage rate increase of 11.1 for losing mounts. In addition, by applying the 11.1 percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This regulation will only affect jockeys and owners and as such only has an effect on horseracing and not any other type of California business. Therefore, CHRB has determined that this regulatory proposal will not have a significant impact on the creation or elimination of jobs in the State of California.

The Creation of New Businesses or the Elimination of Existing Businesses within the State of California

The proposed amendment to Rule 1632 will bring CHRB in compliance with Business and Professions Code section 19501 by adjusting the fee scale to reflect the upcoming State minimum wage rate increase of 11.1 percent for losing mounts. In addition, by applying the 11.1

percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This regulation will only affect jockeys and owners and as such only has an effect on horseracing and not any other type of California business. Therefore, CHRB has determined this regulatory proposal will not have an impact on the creation of new businesses or the elimination of existing businesses in the State of California.

The Expansion of Businesses Currently Doing Business Within the State of California

The proposed amendment to Rule 1632 will bring CHRB in compliance with Business and Professions Code section 19501 by adjusting the fee scale to reflect the upcoming State minimum wage rate increase of 11.1 percent for losing mounts. In addition, by applying the 11.1 percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This regulation will only affect jockeys and owners, and only when said parties have not agreed on a fee to be paid to the jockey as specified in a contract or written agreement and submitted before the running of a race. Absent a contract or written agreement, the jockey will be paid based on the Non-Winning Jockey Riding Fee scale. Therefore, CHRB has determined that the proposed regulatory action is not relevant to the expansion of businesses currently doing business in the State of California.

Benefits of the Regulations to the Health and Welfare of California Residents, Worker Safety, and the State's Environment

The proposed amendment to Rule 1632 is a benefit to the health and welfare of California residents because it promotes fairness and compliance with current law. The proposed regulation will increase the losing mounts fee scale to reflect the new California minimum wage increase of 11.1 percent that will become effective January 1, 2016, as required by Business and Professions Code section 19501(b)(1). In addition, by applying the 11.1 percent to the 2nd and 3rd place mount fees; CHRB will create a balanced fee scale and eliminate any inequality. This will promote the public's interest in a fair and honest race product by eliminating the possibility of a jockey intentionally losing a race rather than put forth his best effort in order to earn more money. Furthermore, by adjusting the Non-Winning Jockey Riding Fee scale based on the minimum wage increase there may be an increase to consumer spending that in turn may help the overall economy in California. These regulations do not benefit the state's environment.

ALTERNATIVE TO THE PROPOSED REGULATORY ACTION THAT WOULD LESSEN ANY ADVERSE IMPACT ON AFFECTED PRIVATE PERSONS OR BUSINESSES

The Board has determined that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

REASONABLE ALTERNATIVES TO THE PROPOSED REGULATORY ACTION

The proposed amendment to Rule 1632 was discussed at the June 25, 2015, Regular Board Meeting. No alternatives to the recommendation were proposed by the Board or by any other individual or entity at the meeting. No subsequent alternative recommendations were made prior to the notice. The Board invites any interested party to submit comments which offer any alternative proposal.
