DISCUSSION AND ACTION BY THE BOARD REGARDING THE PROPOSED AMENDMENTS OF CHRB RULE 1481, OCCUPATIONAL LICENSES AND FEES, CHRB RULE 1483, APPLICATION FOR LICENSE, CHRB RULE 1486, TERM OF LICENSE, AND CHRB RULE 1487, ADDRESS OF LICENSEES, TO AMEND CHRB OCCUPATIONAL LICENSE TYPES, FEES, AND REQUIREMENTS

Board Meeting
March 11, 2026

ISSUE:

California Assembly Bill 1974 (Chapter 251, Statutes of 2020) established the Horse and Jockey Safety and Welfare Account (Account) to fund equine safety measures. This change requires that money from license fees be appropriated for measures that include, but are not limited to, contracting for additional state veterinarians, stewards, and infrastructure to support related to the safety and welfare of racehorses and jockeys. To maintain the Account and sustain the current level of safety enhancements, the Board proposes a modest increase in license fees, which the CHRB has not adjusted since 1989. The proposed amendments clarify that fees are non-refundable and are intended to offset the administrative and operational costs associated with reviewing applications, including those from unsuccessful applicants.

In addition, California Assembly Bill 179 (Chapter 997, Statutes of 2024), recategorized the occupational license types that the CHRB may issue in order to meet Federal Bureau of Investigation requirements relating to access to criminal history information. The statutory change to license categories requires corresponding updates to CHRB Rule 1481, Occupational Licenses and Fees. Relatedly, amendments proposed for CHRB Rule 1483 will incorporate by reference, a single, consolidated license application and address the use of electronic fingerprinting through Live Scan and specify the conditions to obtain an exception.

The CHRB also seeks to simplify its irregular and unnecessarily complicated license-expiration system by amending CHRB Rule 1486 to create a uniform term based on the month of issuance and establishing that short-term or temporary licenses expire 30 days after issuance. Currently, most licenses expire in the third year on the last day of the birth month of the licensee, which results in variability in the length of license terms. Certain short-term licenses expire on the last day of the calendar year of issuance and automatically extend to expire on the last day of the birth month of the licensee.

Finally, amendments to CHRB Rule 1487 will clarify that what licensees must provide as an address of record for purposes of background history information. The Board already requires a physical address, but the existing rule lacks clarity.

ANALYSIS:

Amendments to Rule 1481:

- Would replace the current license categories with the license categories set forth in BPC section 19520 for consistency with the law.
- Would revise license fee amounts to maintain the Horse and Jockey Safety and Welfare Account, which is funded by license fees, penalties and fines. The CHRB has not increased license fees in nearly forty years.
 - The proposed fee increase on personal license categories is 10%. The proposed 10% adjustment is based on the average Consumer Price Index (CPI) increase over the past three years, which is approximately 3.23% annually. This results in a cumulative increase of about 9.7%, rounded up to the nearest whole percentage. When applied to the current fee schedule, each fee is then rounded to the nearest \$5 increment for consistency and ease of administration.
 - The CHRB seeks to responsibly meet its fiscal responsibility by providing a sound funding mechanism by balancing modest fee increases with a responsible draw down of reserves. In addition to meeting its fiscal responsibilities, the Board seeks to maintain the current level of funding to maintain the current level of safety measures that are in place. The proposed amendment will also specify that the fees to obtain licenses are application and registration fees and are non-refundable. Processing of individual applications utilizes not only staff time, but state resources, that cannot readily be recovered.

Amendments to Rule 1483:

- Would incorporate by a reference a consolidated application for licensure or registration, which will provide for uniformity and ensure that the necessary information is obtained from each licensee.
- Would clarify existing practice that fingerprints be submitted electronically through the California Department of Justice's Live Scan Service.
- Would clarify conditions for which the fingerprint requirement may be waived for an owner's license. Among other existing requirements, the applicant must hold an owner's license from a racing jurisdiction that conducts a criminal history

inquiry as part of its license application process and participates in reciprocity with the Board.

- Would update the reference to the Fingerprint Affidavit, CHRB-118, to reflect the latest version of the form, which is incorporated by reference and has been revised to allow for electronic submission of the form and ensure any necessary disclosures are included.

Amendments to Rule 1486:

- Would provide that a license expires in its third year on the last day of the month of issuance, rather than birth month, creating consistency in the length of license terms and helping to prevent any administrative errors.
 - For instance, two licensees with different birth months could have their license approved on the same day, but their license would expire on different dates.
- Would provide that certain temporary licenses expire 30 days after issuance, instead of expiring on the last day of the licensee's birth month.

Amendments to Rule 1487:

- Would clarify that each licensee must provide a physical address, which is necessary for obtaining crucial background information on the licensee.
