CAPESTRO HEARING

We held a formal hearing into cases 14SA258 and 14SA265 this morning which were complaints filed by the CHRB against trainer PAULA CAPESTRO alleging bute overages discovered in two of her runners. Apparently, Ms. Capestro changed her bute program and began using powder. She theorized that the dosage scoop, which was included with the container of medication, was too big, thereby causing the overages. Taking the positives into account, as well as the fact that it has been over 365 days since her last bute overage, the fact that both positives occurred in a seven day period, and that both were under 5 ug/ml, the penalty guidelines required the following ruling:

DMTD #012

Trainer PAULA CAPESTRO is fined TWO HUNDRED AND FIFTY DOLLARS (\$250.00)* pursuant to California Horse Racing Board rule #1887 (Trainer to Insure Condition of Horse), for violation of California Horse Racing Board rules #1843 (Medication, Drugs and Other Substances), and #1844 (Authorized Medication – phenylbutazone in excess of the permitted level – 4.39 ug/ml in the post- race blood sample of her runner QUEEN MAD which finished second in the first race at Santa Anita Park on October 18, 2014 and 3.65 ug/ml in the post- race blood sample of horse BLONDYS REWARD which finished third in the seventh race at Santa Anita Park on October 11, 2014).
